The Company thereafter vacated the premises. Subsequently, the Company filed a

suit for recovery of the rent advanced and the landlord, i.e., Selvin Jayakumar set ex-party. The case has been listed to January 4, 2020 for trial proceedings.

Since the mediation did not result in a settlement, the matter was sent back to the court and an order has been passed against the Company to evict the premises. The Company has filed an appeal against the order along with an interim application to stay the order of the lower court in RCOP NO.5/2012 until the disposal of the appeal, which has been admitted by the court and issued notice to the opposite party. The ordering of the risk factors is intended to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another.

The Prospectus contains forward looking statements that involve risk and uncertainties. Our Company's actual results could differ materially from those anticipated in these forward looking statements as a result of several factors, including the considerations described below and elsewhere in the Prospectus.

Unless otherwise stated, financial information used in this section is derived from the Reformatted Financial Statements as of and for the years ended March 31, 2015, 2016 and 2017 prepared under the Indian GAAP and as of and for the years ended March 31, 2018 and 2019 prepared under IND AS.

INTERNAL RISK FACTORS

Risks relating to our Business and our Company

1. *We and certain of our Directors are involved in certain legal and other proceedings (including criminal proceedings) that if determined against us, could have a material adverse effect on our business, financial condition and results of operations.*
2. *The "Muthoot" logo and other combination marks are proposed to be registered in the name of our Promoters. If we are unable to use the trademarks and logos, our results of operations may be adversely affected. Further, any loss of rights to use the trademarks may adversely affect our reputation, goodwill, business and our results of operations.*
3. *Our business requires substantial capital, and any disruption in funding sources would have a material adverse effect on our liquidity and financial condition.*
4. *Our financial performance is particularly vulnerable to interest rate risk. If we fail to adequately manage our interest rate risk in the future it could have an adverse effect on our net interest margin, thereby adversely affecting our business and financial condition.*
5. *We may not be able to recover the full loan amount, and the value of the collateral may not be sufficient to cover the outstanding amounts due under defaulted loans. Failure to recover the value of the collateral could expose us to a potential loss, thereby adversely affect our financial condition and results of operations.*

6. *We face increasing competition in our business which may result in declining margins if we are unable to compete effectively. Increasing competition may have an adverse effect on our net interest margin, and, if we are unable to compete successfully, our market share may decline.*
7. *We have certain contingent liabilities; in the event any of these contingent liabilities materialise, our financial condition may be adversely affected.*
8. *We may not be able to successfully sustain our growth strategy. Inability to effectively manage our growth and related issues could materially and adversely affect our business and impact our future financial performance.*
9. *We cannot assure you that the new products that we introduce will be profitable in the future.*
10. *We may not be in compliance with relevant state money lending laws, which could adversely affect our business. In the event that any state government requires us to comply with the provisions of their respective state money lending laws, or imposes any penalty, including for prior non-compliance, our business, results of operations and financial condition may be adversely affected.*
11. *A major part of our branch network is concentrated in southern India and any disruption or downturn in the economy of the region would adversely affect our operations.*
12. *Our indebtedness and the conditions and restrictions imposed by our financing agreements could restrict our ability to conduct our business and operations in the manner we desire.*
13. *We may face asset-liability mismatches due to inability to obtain additional credit facilities or renew existing credit facilities in a timely manner which could affect our liquidity and consequently may adversely affect our operations, profitability and cash flows.*
14. *Our financing arrangements contain restrictive covenants that may adversely affect our business and operations, some of which we are currently in breach of or have breached in the past.*
15. *Our Gold Loans are due within one year of disbursement, and a failure to disburse new loans may result in a reduction of our loan portfolio and a corresponding decrease in our interest income.*
16. *If we are not able to control or reduce the level of non-performing assets / Stage 3 Loans Assets in our portfolio, the overall quality of our loan portfolio may deteriorate and our results of operations may be adversely affected.*
17. *We face difficulties in carrying out credit risk analyses on our customers, most of whom are individual borrowers, which could have a material and adverse effect on our results of operations and financial condition.*
18. *Our customer base comprises entirely of individual borrowers, who generally are more likely to be affected by declining economic conditions than large corporate borrowers. Any decline in the repayment capabilities of our borrowers, may result in increase in defaults, thereby adversely affecting our business and financial condition.*
19. *Because we handle high volume of cash and gold jewelry in a dispersed network of branches, we are exposed to operational risks, including employee negligence, fraud, petty theft, burglary and embezzlement, which could harm our results of operations and financial position.*
20. *A decline in our capital adequacy ratio could restrict our future business growth.*
21. *If we fail to maintain effective internal control over financial reporting in the future, the accuracy and timing of our financial reporting may be adversely affected.*
22. *We may experience difficulties in expanding our business into additional geographical markets in India, which may adversely affect our business prospects, financial conditions and results of operations.*
23. *System failures or inadequacy and security breaches in computer systems may adversely affect our operations and result in financial loss, disruption of our businesses, regulatory intervention or damage to our reputation.*
24. *We may not be able to maintain our current levels of profitability due to increased costs or reduced spreads.*
25. *Our ability to access capital also depends on our credit ratings. Any downgrade in our credit ratings would increase borrowing costs and constrain our access to capital and lending markets and, as a result, would negatively affect our net interest margin and our business.*
26. *Our ability to raise foreign currency borrowings may be constrained by Indian law.*
27. *If Expected Credit Loss provisions on Stage 3 loan assets made are not sufficient to provide adequate cover for loan losses that may occur, this could have an adverse effect on our financial condition, liquidity and results of operations.*
28. *We are subject to supervision and regulation by the RBI as a non-deposit-taking systemically important NBFC. In case of any adverse change in the regulations, we may have to comply with stricter regulations and guidelines issued by regulatory authorities in India which may adversely affect our business, results of operation and financial condition.*
29. *RBI regulations have made our Gold Loans ineligible for securitization, making our cost of funds higher.*
30. *Our ability to assess, monitor and manage risks inherent in our business differs from the standards of some of our counterparts in India and in some developed countries. Inability to effectively manage our risk management systems can adversely affect our business, financial condition and results of operation.*
31. *Any failure by us to identify, manage, complete and integrate acquisitions, divestitures and other significant transactions successfully could adversely affect our results of operations, business and prospects.*
32. *In order to be successful, we must attract, retain and motivate key employees, and failure to do so could adversely affect our business. Failure to hire key executives or employees could have a significant impact on our operations.*
33. *Our insurance coverage may not be adequate to protect us against all potential losses to which we may be subject. Any liability in excess of our insurance claim could have a material adverse effect on our results of operations and financial position.*
34. *Our results of operations could be adversely affected by any disputes with our employees.*
35. *Our inability to obtain, renew or maintain our statutory and regulatory permits and approvals required to operate our business may have a material adverse effect on our business, financial condition and results of operations.*
36. *Major lapses of control, system failures or calamities could adversely impact our business.*
37. *Our ability to borrow from various banks may be restricted on account of guidelines issued by the RBI imposing restrictions on banks in relation to their exposure to NBFCs. Any limitation on our ability to borrow from such banks may increase our cost of borrowing, which could adversely impact our growth, business and financial condition.*

38. *We have entered into certain transactions with related parties. Any transaction with related parties may involve conflicts of interest.*
39. *We have not entered into any definitive agreements to utilise a substantial portion of the net proceeds of the Issue.*
40. *We continue to be controlled by our Promoters and they will continue to have the ability to exercise significant control over us. We cannot assure you that exercise of control by our Promoters will always favour our best interest.*
41. *Our business strategy may change in the future and may be different from that which is contained herein. Any failure to successfully diversify into other businesses can adversely affect our financial condition.*
42. *Our Promoters, Directors and related entities have interests in a number of entities, which are in businesses similar to ours and this may result in potential conflicts of interest with us.*
43. *We are significantly dependent on our management team and our ability to attract and retain talent. Loss of any member from our management team can adversely affect our business and results of operation.*
44. *Our employees may be the target of theft, burglary and other crimes which may adversely affect our business, operations, and ability to recruit and retain employees.*
45. *Our internal procedures, on which we rely for obtaining information on our customers and loan collateral, may be deficient and result in business losses.*
46. *We do not own a majority of our branches of operation. Any termination of arrangements for lease of our branches or our failure to renew the same in a favourable, timely manner, or at all, could adversely affect our business and results of operations. Most of the lease agreements entered into by our Company may not be duly registered or adequately stamped.*
47. *Our Company is exposed to fluctuations in the market values of its investment and other asset portfolio.*
48. *Our financial statements prepared in accordance with Ind AS may not be comparable to our financial statements prepared in accordance with Indian GAAP and may not offer sufficient basis for investors to analyse the Company's financial condition and financial performance.*
49. *Our inability to detect money-laundering and other illegal activities fully and on a timely basis may expose us to additional liability and adversely affect our business and reputation.*
50. *The new bankruptcy code in India may affect our rights to recover loans from borrowers.*
51. *Our business and activities may be regulated by the Competition Act, 2002.*
52. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws and regulations, may adversely affect our business and financial performance.*
