#### **Management's and Board of Directors' Responsibilities for the Standalone Financial Results**

These quarterly financial results as well as the year to date standalone financial results have been prepared on the basis of the interim financial statements. The Company's Management and Board of Directors are responsible for the preparation of these financial results that give a true and fair view of the net profit/loss and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, 'Interim Financial Reporting' prescribed under Section 133 of the Act and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial results, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Standalone Financial Results**

Our objectives are to obtain reasonable assurance about whether the standalone financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial results made by the Management and Board of Directors.

## Independent Auditors' Report (*Continued*)

### ICICI Securities Limited

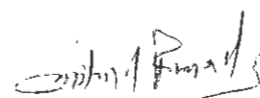

#### Auditor's Responsibilities for the Audit of the Standalone Financial Results (*Continued*)

- Conclude on the appropriateness of the Management and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial results, including the disclosures, and whether the financial results represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The company reported consolidated revenue of ` 418 crore in Q2FY20, against ` 458 crore in Q2FY19, a decline of 9% due to decline in retail broking revenues and regulatory changes in Mutual Funds distribution business. The dividend payout ratio (excluding dividend distribution tax of 20%) stands at 55%. Our Return on Equity (RoE) continues to remain robust at ~ 48% (annualized for Q2FY20).

The company remains committed to pursue cost efficiency and has reduced cost by 7% YoY by undertaking a number of initiatives like rationalizing branch network (Q2FY20 branch

count at 187, vs 202 in Q2FY19), centralizing certain verticals to optimize infra and manpower cost, process re-engineering, harnessing group synergies, and migrating to digital/low touch coverage model.

### **Business Highlights**

In **Broking**, I-Sec has over 4.6 million operational accounts, of which about 92,000 were added during the quarter. The company has 1.3 million active clients (those who have traded in the last 12 months across any product category) and 0.9 million NSE active clients (those who have traded on the NSE in the last 12 months), accounting for **10.07% NSE market share**, a 21-month high figure.

During the quarter, I-Sec's blended equity market share grew by 90 basis points on-year to 8.7%.

The ICICI Bank-led customer acquisition arrangement is ramping up well and is helping the company target affluent and investment oriented clients. The company continues to receive encouraging response to its annual subscription plan 'ICICI direct Prime' that provides a package of privilege pricing, exclusive research and higher eATM (payout with 30 mins on selling stocks) limits per day. Prime is an attractive

product proposition to source higher quality clients, a tool to activate dormant customers, and adds an annuity revenue stream to the equity business. Prime subscription fees have grown by over 90% sequentially and **currently we have over 1.6 lakh Prime subscribers.**

**Distribution** revenue stood at ` 106 crore in Q2FY20 down 17% against Q2FY19 due to the anticipated reduction arising due to changes in regulations pertaining to Mutual Fund distribution. **Sequentially, distribution revenue is up 8%.**

Average AUM of the mutual funds distributed by the company increased by 2% on-year to ` 35,800 crore in Q2FY20. The company has strong offline presence through a network of 187 ICICIdirect branches, a nationwide network of 8,000+ sub-brokers, authorized persons, IFAs & IAs.

With increased focus on other products like fixed income products, corporate bonds and deposits, life, medical and general insurance, PMS, SGBs, NPS, etc., **non-MF distribution revenue rose 7%** during the quarter against the corresponding quarter last year.

During the quarter, the company expanded its distribution business by **launching digital distribution of retail loans.** Besides building a new non-cyclical revenue stream, it also marks the company's presence in the entire financial planning journey of a customer's lifecycle - from investment to protection to assets. It also launched **One Click Investment**, a curated and customized baskets of Mutual Fund schemes. In protection products distribution, the company is digitally integrating its recently added partners like Religare and Star Health to the idirect platform.
