For the entire list of selling shareholders, see “The Offer” and “Other Regulatory and Statutory Disclosures” on pages 108 and 599, respectively.

<sup>#</sup>All or a certain portion of the Offered Shares of the Selling Shareholders includes Equity Shares that will be acquired upon conversion of Preference Shares into Equity Shares. For further details, relation to the conversion of the Preference Shares, see “**Capital Structure — Share capital history of our Company - History of preference share capital of our Company - Terms of conversion of Preference Shares**” on page 141.

<sup>&</sup> On a fully diluted basis.

<sup>\*</sup>As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/ W100962), by way of their certificate dated January 28, 2026.

## RISKS IN RELATION TO THE FIRST OFFER

The face value of the Equity Shares is ₹1 per Equity Share. This being the first public issue of our Company, there has been no formal market for the Equity Shares of our Company. The Floor Price, the Cap Price and the Offer Price, each as determined by our Company, in consultation with the book running lead managers (“**BRLMs**” or “**Book Running Lead Managers**”), on the basis of the assessment of market demand for the Equity Shares by way of the Book Building Process, in accordance with the SEBI ICDR Regulations, and as stated in “**Basis for Offer Price**” beginning on page 177, should not be considered to be indicative of the market price of the Equity Shares after the listing. No assurance can be given regarding an active or sustained trading in the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.

## GENERAL RISK

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares offered in the Offer have not been recommended or approved by the Securities and Exchange Board of India (“**SEBI**”), nor does SEBI guarantee the accuracy or adequacy of the contents of this Updated Draft Red Herring Prospectus-I. Specific attention of the investors is invited to “**Risk Factors**” beginning on page 42.

## ISSUER'S AND SELLING SHAREHOLDERS' ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Updated Draft Red Herring Prospectus-I contains all information with regard to our Company and the Offer, which is material in the context of the Offer, that the information contained in this Updated Draft Red Herring Prospectus-I is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Updated Draft Red Herring Prospectus-I as a whole or any of such information or the expression of any such opinions or intentions, misleading in any material respect. Further, each of the Selling Shareholders, severally and not jointly, accepts responsibility for and confirms only the statements specifically made by such Selling Shareholders in this Updated Draft Red Herring Prospectus-I to the extent of information specifically pertaining to it and/or its respective portion of the Offered Shares and assumes responsibility that such statements are true and correct in all material respects and not misleading in any material respect. No Selling Shareholder, severally and jointly assumes responsibility for any other statement, disclosure or undertaking in this Updated Draft Red Herring Prospectus-I, including, *inter alia*, any of the statements, disclosures or undertakings made by or relating to our Company or our Company's business or any other person(s) or any other Selling Shareholders.

## LISTING

The Equity Shares offered through the Red Herring Prospectus (“**RHP**”) are proposed to be listed on the Stock Exchanges being BSE Limited (“**BSE**”) and National Stock Exchange of India Limited (“**NSE**”, and together with the BSE, the “**Stock Exchanges**”). For the purposes of the Offer, the Designated Stock Exchange shall be [●].

## BID/ OFFER PERIOD

| ANCHOR INVESTOR BIDDING DATE <sup>(1)</sup> | [●] | BID/ OFFER OPENS ON | [●] | BID/ OFFER CLOSES ON <sup>(2)(3)</sup> | [●] |
|---------------------------------------------|-----|---------------------|-----|----------------------------------------|-----|
|---------------------------------------------|-----|---------------------|-----|----------------------------------------|-----|

(1) Our Company, in consultation with the Book Running Lead Managers, may consider participation by Anchor Investors, in accordance with the SEBI ICDR Regulations. The Anchor Investor Bidding Date shall be one Working Day prior to the Bid/Offer Opening Date.

(2) Our Company in consultation with the Book Running Lead Managers, may decide to close the Bid/Offer Period for QIBs one Working Day prior to the Bid/Offer Closing Date, in accordance with the SEBI ICDR Regulations.

(3) The UPI mandate end time and date shall be at 5:00 pm on the Bid/Offer Closing Date.

\* Our Company, in consultation with the BRLMs, may consider a Pre-IPO Placement aggregating up to ₹1,321.44 million, as may be permitted under applicable law, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. Prior to the completion of the Offer, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Offer or the Offer may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the Red Herring Prospectus and the Prospectus and intimate the Stock Exchanges, in accordance with SEBI ICDR Regulations.

**TURTLEMINT FINTECH SOLUTIONS LIMITED**

(formerly known as Turtlemint Fintech Solutions Private Limited, prior to which it was known as Fintech Blue Solutions Private Limited)

Our Company was incorporated as “Fintech Blue Solutions Private Limited” on April 7, 2015, as a private limited company under the provisions of the Companies Act, 2013, pursuant to a certificate of incorporation issued by the Registrar of Companies, Maharashtra at Mumbai (“**RoC**”). Subsequently, pursuant to a resolution passed by our Board on April 23, 2025, and a special resolution passed by our Shareholders on April 29, 2025, the name of our Company was changed to “Turtlemint Fintech Solutions Private Limited” and a fresh certificate of incorporation dated May 13, 2025, was issued by the Central Processing Centre, Manesar (“**CPC**”). Our Company was subsequently converted into a public limited company pursuant to a resolution passed by our Board on May 17, 2025 and a special resolution passed by our Shareholders on May 23, 2025 and accordingly, the name of our Company was changed to “Turtlemint Fintech Solutions Limited”, and a fresh certificate of incorporation dated June 5, 2025 was issued by the CPC. For details in relation to the changes in the registered office of our Company, see “**History and Certain Corporate Matters - Changes in the registered office of our Company**” on page 279.

FURTHER, RELEVANT DISCLOSURES IN RELATION TO SUCH INTIMATION TO THE SUBSCRIBERS TO THE PRE-IPO PLACEMENT (IF UNDERTAKEN) SHALL BE APPROPRIATELY MADE IN THE RELEVANT SECTIONS OF THE RED HERRING PROSPECTUS AND THE PROSPECTUS AND INTIMATE THE STOCK EXCHANGES, IN ACCORDANCE WITH SEBI ICDR REGULATIONS.

THE FACE VALUE OF THE EQUITY SHARES IS ₹1 EACH AND THE OFFER PRICE IS [●] TIMES THE FACE VALUE OF THE EQUITY SHARES. THE PRICE BAND AND THE MINIMUM BID LOT SHALL BE DECIDED BY OUR COMPANY, IN CONSULTATION WITH THE BOOK RUNNING LEAD MANAGERS AND WILL BE ADVERTISED IN ALL EDITIONS OF FINANCIAL EXPRESS (A WIDELY CIRCULATED ENGLISH NATIONAL DAILY NEWSPAPER) AND ALL EDITIONS OF JANSATTA (A WIDELY CIRCULATED HINDI NATIONAL DAILY NEWSPAPER) AND MUMBAI EDITION OF NAVSHAKTI (A WIDELY CIRCULATED MARATHI NATIONAL DAILY NEWSPAPER, MARATHI BEING THE REGIONAL LANGUAGE OF MAHARASHTRA, INDIA, WHERE OUR REGISTERED AND CORPORATE OFFICE IS LOCATED) AT LEAST TWO WORKING DAYS PRIOR TO THE BID/OFFER OPENING DATE IN ACCORDANCE WITH THE SEBI ICDR REGULATIONS AND SHALL BE MADE AVAILABLE TO THE STOCK EXCHANGES FOR UPLOADING ON THEIR RESPECTIVE WEBSITES IN ACCORDANCE WITH THE SEBI ICDR REGULATIONS.

In case of any revision in the Price Band, the Bid/Offer Period will be extended for at least three additional Working Days after such revision of the Price Band subject to the Bid/Offer Period not exceeding 10 Working Days. In cases of *force majeure*, banking strike or similar unforeseen circumstances, our Company may, in consultation with the Book Running Lead Managers, for reasons to be recorded in writing, extend the Bid/Offer Period for a minimum of one Working Day, subject to the Bid/Offer Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Offer Period, if applicable, will be widely disseminated by notification to the Stock Exchanges, by issuing a public notice, and also by indicating the change on the respective websites of the Book Running Lead Managers and at the terminals of the other members of the Syndicate and by intimation to the Designated Intermediaries and the Sponsor Bank(s), as applicable.

The Offer is being made in terms of Rule 19(2)(b) of the SCRR read with Regulation 31 of the SEBI ICDR Regulations. The Offer is being made through the Book Building Process, in compliance with Regulation 6(2) of the SEBI ICDR Regulations, wherein in terms of Regulation 32(2) of the SEBI ICDR Regulations, at least 75% of the Offer shall be available for allocation on a proportionate basis to Qualified Institutional Buyers (“QIBs”) and such portion the “QIB Portion”, provided that our Company in consultation with the Book Running Lead Managers, may allocate up to 60% of the QIB Portion to Anchor Investors, on a discretionary basis in accordance with the SEBI ICDR Regulations (the “Anchor Investor Portion”), and 40% of such Anchor Investor Portion shall be reserved as under: (i) 33.33% for domestic Mutual Funds, and (ii) 6.67% for Life Insurance Companies and Pension Funds, subject to valid Bids being received from the domestic Mutual Funds, Life Insurance Companies and Pension Funds at or above the price at which allocation is made to Anchor Investors. In the event of under-subscription or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion (excluding the Anchor Investor Portion) (“Net QIB Portion”). Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only and the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. If at least 75% of the Offer cannot be Allotted to QIBs, then the entire application money will be refunded forthwith. Further, not more than 15% of the Offer shall be available for allocation to non-institutional investors (“Non-Institutional Investors” or “NIIs”) (the “Non-Institutional Portion”) of which one-third of the Non-Institutional Portion shall be available for allocation to Bidders with an application size of more than ₹0.2 million and up to ₹1 million and two-thirds of the Non-Institutional Portion shall be available for allocation to Bidders with an application size of more than ₹1 million and under-subscription in either of these two sub-categories of Non-Institutional Portion may be allocated to Bidders in the other sub-category of Non-Institutional Portion in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Offer Price. The allocation to each Non-Institutional Investor shall not be less than the minimum application size, subject to availability of Equity Shares in the Non-Institutional Portion and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis in accordance with the conditions specified in this regard in Schedule XIII of the SEBI ICDR Regulations. Further, not more than 10% of the Offer shall be available for allocation to retail individual investors (“Retail Individual Investors” or “RIIs”) (the “Retail Portion”) in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Offer Price. All Bidders (other than Anchor Investors) shall mandatorily participate in this Offer through the Application Supported by Block Amount (“ASBA”) process and shall provide details of their respective bank account (including UPI ID for UPI Bidders (defined hereinafter)) in which the Bid Amount will be blocked by the SCBs or the Sponsor Bank(s), as the case may be. Anchor Investors are not permitted to participate in the Offer through the ASBA process. For details, specific attention is invited to “Offer Procedure” on page 629.

**RISKS IN RELATION TO FIRST OFFER**

This being the first public offer of our Company, there has been no formal market for the Equity Shares. The face value of the Equity Shares is ₹1 each. The Offer Price, Floor Price, and the Cap Price, as determined and justified by our Company, in consultation with the Book Running Lead Managers in accordance with the SEBI ICDR Regulations, and on the basis of the assessment of market demand for the Equity Shares by way of the Book Building Process, and as stated in “**Basis for Offer Price**”, beginning on page 177, should not be taken to be indicative of the market price of the Equity Shares after such Equity Shares are listed. No assurance can be given regarding an active and/ or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

**GENERAL RISK**

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares have not been recommended or approved by the SEBI, nor does SEBI guarantee the accuracy or adequacy of the contents of this Updated Draft Red Herring Prospectus-I. Specific attention of the investors is invited to “**Risk Factors**” beginning on page 42.

**COMPANY’S AND SELLING SHAREHOLDERS’ ABSOLUTE RESPONSIBILITY**

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Updated Draft Red Herring Prospectus-I contains all information with regard to our Company and the Offer, which is material in the context of the Offer, that the information contained in this Updated Draft Red Herring Prospectus-I is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Updated Draft Red Herring Prospectus-I as a whole or any of such information or the expression of any such opinions or intentions, misleading in any material respect. Each of the Selling Shareholders, severally and not jointly, accepts responsibility for and confirms only the statements specifically made by such Selling Shareholders in this Updated Draft Red Herring Prospectus-I to the extent of information specifically pertaining to it and/or its respective portion of the Offered Shares and assumes responsibility that such statements are true and correct in all material respects and not misleading in any material respect. No Selling Shareholder, severally and jointly assumes responsibility for any other statement, disclosure or undertaking in this Updated Draft Red Herring Prospectus-I, including, *inter alia*, any of the statements made by or relating to our Company or our Company’s business or any other person(s) or any other Selling Shareholders.

**LISTING**

The Equity Shares offered through the Red Herring Prospectus are proposed to be listed on the Stock Exchanges. Our Company has received in-principle approvals from BSE and NSE for listing of the Equity Shares pursuant to their letters each dated November 24, 2025. For the purposes of the Offer, [●] shall be the Designated Stock Exchange. A signed copy of the Red Herring Prospectus and the Prospectus shall be filed with the RoC in accordance with Section 32 and Section 26(4) of the Companies Act, 2013. For details of the material contracts and documents available for inspection from the date of the Red Herring Prospectus up to the Bid/Offer Closing Date, see “**Material Contracts and Documents for Inspection**” beginning on page 674.

## SECTION I – GENERAL

### DEFINITIONS AND ABBREVIATIONS

*This Updated Draft Red Herring Prospectus-I uses certain definitions and abbreviations which, unless the context otherwise indicates or implies, shall have the meaning as provided below. The words and expressions used in this Updated Draft Red Herring Prospectus-I but not defined herein, shall have, to the extent applicable, the meanings ascribed to such terms under the Companies Act, 2013, the Securities and Exchange Board of India Act, 1992, the SEBI ICDR Regulations, the Securities Contracts (Regulation) Act, 1956, the Contracts (Regulation) Rules, 1957, the Depositories Act, 1996, each as amended or the rules and regulations made thereunder.*

*References to any legislation, act, regulation, rule, guideline, policy, circular, notification or clarification shall be to such legislation, act, regulation, rule, guideline, policy, circular, notification or clarification as amended, supplemented or re-enacted from time to time, and any reference to a statutory provision shall include any subordinate legislation made from time to time under that provision. This Updated Draft Red Herring Prospectus-I contains information based on the extant provisions of Indian law and the judicial, regulatory and administrative interpretations thereof. Further, the Offer related terms used but not defined in this Updated Draft Red Herring Prospectus-I shall have the meaning ascribed to such terms under the General Information Document. In case of any inconsistency between the definitions given below and the definitions contained in the General Information Document, the definitions given below shall prevail.*

*Notwithstanding the foregoing, terms used in “Basis for Offer Price”, “Statement of Special Tax Benefits”, “Industry Overview”, “Key Regulations and Policies”, “History and Certain Corporate Matters”, “Financial Information”, “Outstanding Litigation and Material Developments”, “Other Regulatory and Statutory Disclosures”, “Offer Procedure” and “Main Provisions of the Articles of Association”, beginning on pages 177, 190, 196, 273, 279, 310, 587, 599, 629 and 653, respectively, will have the meaning ascribed to such terms in those respective sections.*

#### General Terms

| Term                                           | Description                                                                                                                                                                                                                                                                                                                                                                                                              |
|------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| “Our Company” or “the Company” or “the Issuer” | Turtlemint Fintech Solutions Limited (formerly known as Turtlemint Fintech Solutions Private Limited, prior to which it was known as Fintech Blue Solutions Private Limited), a public limited company, incorporated under the Companies Act, 2013, having its Registered and Corporate Office at The ORB Sahar 4 and 4A, 1 <sup>st</sup> Floor, A wing, Marol Village, Andheri East, Mumbai 400 099, Maharashtra, India |

| Collecting Registrar and Share Transfer Agents/ RTAs | Registrar and share transfer agents registered with SEBI and eligible to procure Bids at the Designated RTA Locations in terms of circular no. (CIR/CFD/POLICYCELL/11/2015) dated November 10, 2015 issued by SEBI as per the list available on the respective websites of the Stock Exchanges ( <a href="http://www.bseindia.com">www.bseindia.com</a> and <a href="http://www.nseindia.com">www.nseindia.com</a> ), as updated from time to time and the UPI Circulars                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| Term                                 | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|--------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Confirmation of Allocation Note/ CAN | Notice or intimation of allocation of the Equity Shares to be sent to Anchor Investors, who have been allocated the Equity Shares, on or after the Anchor Investor Bidding Date                                                                                                                                                                                                                                                                                                                                                                |
| Cut-off Price                        | The Offer Price, finalised by our Company in consultation with the Book Running Lead Managers, which shall be any price within the Price Band. Only Retail Individual Investors Bidding under the Retail Portion are entitled to Bid at the Cut-off Price. QIBs (including Anchor Investors) and Non-Institutional Investors are not entitled to Bid at the Cut-off Price                                                                                                                                                                      |
| Cut-Off Time                         | For all pending UPI Mandate Requests, the Sponsor Bank(s) shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 5.00 p.m. on after the Bid/Offer Closing Date                                                                                                                                                                                                                                                                                                             |
| Demographic Details                  | The details of the Bidders including the Bidder's address, name of the Bidder's father/husband, investor status, occupation, bank account details and UPI ID, as applicable                                                                                                                                                                                                                                                                                                                                                                    |
| Designated CDP Locations             | Such centres of the Collecting Depository Participants where ASBA Bidders can submit the ASBA Forms (in case of UPI Bidders only ASBA Forms under UPI). The details of such Designated CDP Locations, along with the names and contact details of the CDPs eligible to accept ASBA Forms are available on the respective websites of the Stock Exchanges (www.bseindia.com and www.nseindia.com) and updated from time to time                                                                                                                 |
| Designated Date                      | The date on which the funds from the Escrow Account are transferred to the Public Offer Account or the Refund Account, as appropriate, and the relevant amounts blocked in the ASBA Accounts are transferred to the Public Offer Account(s) and/or are unblocked, as applicable, in terms of the Red Herring Prospectus and the Prospectus, after finalization of the Basis of Allotment in consultation with the Designated Stock Exchange, following which the Board of Directors may Allot Equity Shares to successful Bidders in the Offer |
| Designated Intermediaries            | SCSBs, Syndicate, sub-Syndicate, Registered Brokers, CDPs and RTAs who are authorised to collect ASBA Forms from the ASBA Bidders, in relation to the Offer                                                                                                                                                                                                                                                                                                                                                                                    |
| Designated RTA Locations             | Such centres of the RTAs where ASBA Bidders can submit the ASBA Forms (in case of UPI Bidders, only ASBA Forms under UPI) to RTAs. The details of such Designated RTA Locations, along with the names and contact details of the RTAs eligible to accept ASBA Forms are available on the respective websites of the Stock Exchanges (www.bseindia.com and www.nseindia.com) and updated from time to time                                                                                                                                      |
| Designated SCSB Branches             | Such branches of the SCSBs which shall collect the ASBA Forms used by the Bidders, a list of which is available on the website of SEBI at <a href="http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&amp;intmId=35">http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&amp;intmId=35</a> , updated from time to time, or at such other website as may be prescribed by SEBI from time to time                                                                                                       |
| Designated Stock Exchange            | ●                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Eligible FPI(s)                      | FPIs that are eligible to participate in this Offer in terms of applicable laws, other than individuals, corporate bodies and family offices                                                                                                                                                                                                                                                                                                                                                                                                   |
| Eligible NRI(s)                      | A non-resident Indian, resident in a jurisdiction outside India where it is not unlawful to make an offer or invitation under the Offer and in relation to whom the Red Herring Prospectus and the Bid Cum Application Form constitutes an invitation to subscribe or purchase for the Equity Shares                                                                                                                                                                                                                                           |
| Escrow Account(s)                    | Account(s) opened with the Escrow Collection Bank for the Offer and in whose favour the Anchor Investors will transfer money through direct credit or NEFT or RTGS or NACH in respect of the Bid Amount when submitting a Bid                                                                                                                                                                                                                                                                                                                  |
| Escrow Collection Bank(s)            | A bank, which is a clearing member and registered with SEBI as a banker to an issue under the SEBI BTI Regulations and with whom the Escrow Account will be opened, in this case being ●                                                                                                                                                                                                                                                                                                                                                       |
| First Bidder                         | The Bidder whose name appears first in the Bid cum Application Form or the Revision Form and in case of joint Bids, whose name appears as the first holder of the beneficiary account held in joint names                                                                                                                                                                                                                                                                                                                                      |
| Floor Price                          | The lower end of the Price Band, subject to any revisions thereof, at or above which the Offer Price and the Anchor Investor Offer Price will be finalised and below which no Bids will be accepted and which shall not be less than the face value of the Equity Shares                                                                                                                                                                                                                                                                       |
| Fresh Issue                          | Fresh issue of ● Equity Shares bearing face value of ₹1 each aggregating up to ₹ 6,607.22 million* by our Company                                                                                                                                                                                                                                                                                                                                                                                                                              |

*\*Our Company, in consultation with the BRLMs, may consider a Pre-IPO Placement aggregating up to ₹1,321.44 million, as may be permitted under applicable law, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. Prior to the completion of the Offer, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Offer or the Offer may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in*

| Term                                                          | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

| Profit/ (Loss) before exceptional items and tax                      | Loss before exceptional items and tax refers to Total Income less total expenses before adjusting for exceptional items and total tax expenses for the period / year                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Profit/ (Loss) for the period/ year                                  | Loss for the period/ year refers to total Income and less total expenses less exceptional items total tax expenses for the period/ year                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| Proforma Adjusted EBITDA                                             | Proforma Adjusted EBITDA for the relevant year equals proforma loss for the year plus proforma total tax expense, proforma finance costs, proforma depreciation & amortisation expense, proforma share based payment expense and proforma exceptional items less proforma other income                                                                                                                                                                                                                                                                                                                                                |
| Proforma Loss for the year                                           | Proforma loss for the year refers to Proforma total Income and less Proforma total expenses less Proforma total tax expenses for the year                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Proforma revenue from operations                                     | Revenue from operations on proforma basis                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Increase/(Decrease) in Proforma revenue from operations YoY          | Increase/(Decrease) in Proforma Revenue from operations YoY represents the increase/(decrease) percentage in Proforma Revenue from Operations of the financial year over Proforma Revenue from Operations of the previous financial year                                                                                                                                                                                                                                                                                                                                                                                              |
| Revenue from operations                                              | Revenue recognized in accordance with Ind AS                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| Increase/(Decrease) in Revenue from operations period on period/ YoY | Increase/(Decrease) in Revenue from operations period on period/YoY represents the increase/(decrease) percentage in Revenue from Operations of the relevant period/ financial year over Revenue from Operations of the previous financial period/ year                                                                                                                                                                                                                                                                                                                                                                               |
| Service EBITDA                                                       | Service EBITDA equals revenue from operations less Customer Acquisition Cost (i.e., total expenses directly attributable to operational activities in generating revenue from operations which includes commission paid), Direct Employee Cost (i.e., employee benefit expenses related to the sales personnel who are the primary contact for digital partners for their pre and post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims)                                              |
| Service EBITDA Margin                                                | Service EBITDA Margin for the relevant period/year equals Service EBITDA for the relevant period/year as a percentage of revenue from operations for the relevant period/year                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Proforma Service EBITDA                                              | Proforma Service EBITDA equals proforma revenue from operations less Customer Acquisition Cost (i.e., proforma total expenses directly attributable to operational activities in generating proforma revenue from operations which includes commission paid), Direct Employee Cost (i.e., proforma employee benefit expenses related to the sales personnel who are the primary contact for digital partners for their pre and post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims) |
| Proforma Service EBITDA Margin                                       | Proforma Service EBITDA Margin for the relevant period/year equals Proforma Service EBITDA for the relevant period/year as a percentage of proforma revenue from operations for the relevant period/year                                                                                                                                                                                                                                                                                                                                                                                                                              |

## SUMMARY OF THE OFFER DOCUMENT

*This section is a general summary of certain disclosures included in this Updated Draft Red Herring Prospectus-I and is not exhaustive, nor does it purport to contain a summary of all the disclosures in this Updated Draft Red Herring Prospectus-I or all details relevant to prospective investors. This summary should be read in conjunction with, and is qualified in its entirety by, the more detailed information appearing elsewhere in this Updated Draft Red Herring Prospectus-I, including the sections “Risk Factors”, “The Offer”, “Capital Structure”, “Objects of the Offer”, “Industry Overview”, “Our Business”, “Financial Information”, “Our Promoters and Promoter Group”, “Outstanding Litigation and Material Developments”, “Offer Procedure” and “Main Provisions of the Articles of Association” beginning on pages 42, 108, 127, 159, 196, 228, 310, 306, 587, 629 and 653, respectively.*

### Summary of our primary business

Turtlemint is a tech-enabled insurance distribution platform that connects customers, insurance advisors and insurers. We primarily operate in the insurance distribution industry in India. In 2015, Turtlemint became the first to adopt the point-of-sale person (“PoSP”) distribution model and also has the largest certified PoSP network among the Peer Group as of September 30, 2025 as well as March 31, 2025 (*Source: Redseer Report*). We have onboarded a diversified base of 603,302 Digital Partners, including 484,832 PoSPs, as of September 30, 2025. Our primary offerings in the insurance sector include retail products across health, life, and motor insurance. From April 1, 2022 to September 30, 2025, we have facilitated distribution of 19.68 million insurance policies. In addition to the distribution of insurance policies, we facilitate other financial products on our platform, including mutual funds, loans (personal and business) and credit cards. For further details, see “**Our Business**” on page 228.

**Business model:** We develop proprietary technology platforms that empower Digital Partners, Insurer Partners and other financial service providers to engage with customers and facilitate the sale of insurance and financial products. TIB, one of our wholly owned Subsidiary, is a composite insurance broker registered with IRDAI. Turtlemint Mutual Funds Distributors Private Limited (“TMF”), one of our wholly owned Subsidiary, is registered with the Association of Mutual Funds in India (“AMFI”) and is engaged in the distribution of mutual fund products. TIB and TMF leverage our technology platforms to collaborate with Insurer Partners and other partners such as asset management companies, and our network of Digital Partner who in turn reach out to customers to distribute insurance and other financial products. We operate an asset-light business model. We act solely as distributors of insurance and other financial products and do not assume any product liability. For further details, see “**Management’s Discussion and Analysis of Financial Condition and Results of Operations – Our Business Model**” on page 534.

**Revenue model:** Our revenue from operations, on a consolidated basis, currently comprises:

- **Income from distribution of financial products:** Income from distribution of financial products refers to the revenue generated from: (i) commissions and rewards received from Insurer Partners from the sale and renewal of insurance policies by TIB, our Subsidiary, through our platform; (ii) commission income received from asset management companies (through TMF, our Subsidiary) from the sale and distribution of mutual funds, which are based on the assets under management facilitated by us for the respective asset management companies; and (iii) commission and fee income received from other financial service providers from the sale and distribution of other financial products, such as loans and credit cards, which is based on distribution service agreements negotiated with such other financial service providers. Accordingly, we do not generate revenues directly from the customers.
- **Income from technical and support services:** Income from technical and support services refers to the revenue generated from providing technology and other support services, including through our Turtlefin platform, to Insurer Partners and enterprise clients, including banks, financial institutions, ecommerce players, and fintech companies. These services are aimed at enhancing their capabilities in distributing insurance and other financial products to their customers and/or employees. Income from technical and support services is earned through service agreements

For further details, see “**Management’s Discussion and Analysis of Financial Condition and Results of Operations – Our Business Model – Income – Revenue from operations**” on page 534 and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations – Key Developments – Regulatory changes affecting the results of operations**” on page 533.

### Summary of industry in which we operate

According to the Redseer Report, the total addressable market for digital distribution of retail insurance in India, primarily across motor, retail health and retail life insurance (new business), is estimated at approximately ₹3.1 trillion in Fiscal 2025 and is projected to grow at 11%-13% CAGR, reaching ₹5.3-5.8 trillion by Fiscal 2030. Broker-led distribution, enabled by digital platforms and POSP models, is expected to drive ₹3.1-3.3 trillion (US\$36-39 billion) by Fiscal 2030. As consumers increasingly seek guidance in selecting insurance products, the digital insurance distribution model is well positioned to address this need by improving access, particularly in B30+ markets. For further details, see “**Industry Overview**” on page 196.

## Promoters

As on the date of this Updated Draft Red Herring Prospectus-I, the Promoters of our Company are Anand Rohidas Prabhudesai and Dharendra Nalin Mahyavanshi.

For further details, see “**Our Promoters and Promoter Group**” on page 306.

## Offer Size

The following table summarizes the details of the Offer:

|                               |                                                                                                                         |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| Offer <sup>(1)</sup>          | Up to [●] Equity Shares bearing face value of ₹1 each aggregating up to ₹[●] million                                    |
| Of which:                     |                                                                                                                         |
| Fresh Issue <sup>(1)(2)</sup> | Up to [●] Equity Shares bearing face value of ₹1 each aggregating up to ₹6,607.22 million                               |
| Offer for Sale <sup>(3)</sup> | Up to 28,608,992 Equity Shares bearing face value of ₹1 each aggregating up to ₹[●] million by the Selling Shareholders |

<sup>(1)</sup> The Offer has been authorised by our Board pursuant to its resolution dated September 2, 2025, and the Fresh Issue has been authorized by our Shareholders pursuant to a special resolution dated September 3, 2025. For details of the consent each of the Selling Shareholders in relation to the Offer for Sale, see “**The Offer**” beginning on page 108. Our Board has taken on record such consent of the Selling Shareholders by a resolution dated September 4, 2025.

<sup>(2)</sup> Our Company, in consultation with the BRLMs, may consider a Pre-IPO Placement aggregating up to ₹1,321.44 million, as may be permitted under applicable law, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. Prior to the completion of the Offer, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Offer or the Offer may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the Red Herring Prospectus and the Prospectus and intimate the Stock Exchanges, in accordance with SEBI ICDR Regulations.

<sup>(3)</sup> Each of the Selling Shareholders, severally and not jointly, confirm that their respective portion of the Offered Shares are eligible for being offered for sale in terms of Regulation 8 and Regulation 8A of the SEBI ICDR Regulations. Each Selling Shareholder has, severally and not jointly, consented for the sale of their respective portion of the Offered Shares in the Offer for Sale. For details of authorisation received from the Selling Shareholders for the Offer for Sale, see “**Other Regulatory and Statutory Disclosures – Authority for the Offer – Corporate Approvals – Approvals from the Selling Shareholders**” on page 599.

The Offer would constitute [●]% of the post-Offer paid-up Equity Share capital of our Company. For further details, see “**The Offer**” and “**Offer Structure**” on pages 108 and 625.

## Objects of the Offer

We propose to utilize the Net Proceeds in the manner set forth in the table below:

| S. No. | Particulars                                                                                                                                     | Total Estimated Amount (in ₹ million) <sup>(3)</sup> |
|--------|-------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------|
| 1.     | Expenditure towards cloud and server related infrastructure of our Company                                                                      | 256.43                                               |
| 2.     | Salary expenditure towards the technology and product development teams of our Company                                                          | 1,930.36                                             |
| 3.     | Expenditure towards marketing initiatives by our Company                                                                                        | 390.73                                               |
| 4.     | Expenditure towards lease payments for existing properties of our Company and our wholly owned Subsidiary, TIB, breakup of which is as follows: | 430.76                                               |
|        | - Expense by our Company                                                                                                                        | 222.06                                               |
|        | - Expense by our wholly owned Subsidiary, TIB                                                                                                   | 208.70                                               |
| 5.     | Investment in our wholly owned Subsidiary, TIB, for funding its working capital requirements                                                    | 1,286.42                                             |

| S. No.                               | Particulars                                                                                                                           | Total Estimated Amount (in ₹ million) <sup>(3)</sup> |
|--------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------|
| 6.                                   | Funding inorganic growth through unidentified acquisitions and strategic initiatives and general corporate purposes <sup>(1)(2)</sup> | [●]                                                  |
| <b>Net Proceeds<sup>(1)(3)</sup></b> |                                                                                                                                       | <b>[●]</b>                                           |

Notes:

<sup>(1)</sup> To be finalized upon determination of the Offer Price and updated in the Prospectus prior to filing with the RoC.

<sup>(2)</sup> The cumulative amount to be utilized towards inorganic growth through unidentified acquisition and other strategic initiatives and general corporate purposes shall not exceed 35% of the Gross Proceeds. The amount to be utilized for general corporate purposes shall not exceed 25% of Gross Proceeds. Further, the amount utilized for the Object of funding inorganic growth through unidentified acquisitions and other strategic initiatives shall not exceed 25% of the Gross Proceeds.

<sup>(3)</sup> Includes the proceeds, if any, received pursuant to the Pre-IPO Placement. Our Company, in consultation with the BRLMs, may consider a Pre-IPO Placement aggregating up to ₹1,321.44 million, as may be permitted under applicable law, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. Prior to the completion of the Offer, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Offer or the Offer may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the Red Herring Prospectus and the Prospectus and intimate the Stock Exchanges, in accordance with SEBI ICDR Regulations.

For further details, see “*Objects of the Offer*” on page 159.

#### Aggregate pre-Offer Shareholding of our Promoters, members of our Promoter Group and Selling Shareholders

The aggregate pre-Offer shareholding and percentage of the pre-Offer paid-up Equity Share capital, of each of our Promoters, members of our Promoter Group and Selling Shareholders as on the date of this Updated Draft Red Herring Prospectus-I is set forth below:

| S. No                       | Category and name of Shareholder                                                 | Number of Equity Shares of face value of ₹1 each | Number of Preference Shares | Number of Equity Shares of face value of ₹1 each, on a fully diluted basis* | Percentage of pre-Offer Equity Share capital, on a fully diluted basis (%) |
|-----------------------------|----------------------------------------------------------------------------------|--------------------------------------------------|-----------------------------|-----------------------------------------------------------------------------|----------------------------------------------------------------------------|

(1) To be updated upon finalisation of Price Band.

(2) To be updated at pre-issue and price band advertisement stage and in the Prospectus, assuming full subscription in the Offer. The post-Offer shareholding details as at Allotment will be based on the actual subscription and the Offer Price and updated in the Prospectus, based on the Offer Price of ₹[●] and subject to finalization of the Basis of Allotment. Further, assuming that there is no transfer of shares by the Shareholders between the date of the Price Band advertisement and Allotment, and if any such transfers occur prior to the date of the Prospectus, it will be updated in the shareholding pattern in the Prospectus.

As on the date of this Updated Draft Red Herring Prospectus-I, none of the members of the Promoter Group hold any Equity Shares in our Company.

#### Notes:

(1) Net Worth means the aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account and debit or credit balance of profit and loss account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation in accordance with Regulation 2(1)(hh) of the SEBI ICDR Regulations. We have calculated net worth by aggregate value of equity share capital, instruments entirely equity in nature and other equity. For details of reconciliation, please see “Other Financial Information -Reconciliation of Non-GAAP measures” on page 526.

(2) Return on Net Worth is calculated by dividing Loss for the period/ year by Net Worth. For details of reconciliation, please see “Other Financial Information -Reconciliation of Non-GAAP measures” on page 526.

(3) Basic Earnings per Equity Share (INR) = Loss for the period/ year, divided by Weighted average number of Equity Shares outstanding during the period/year. Basic Earnings per Equity Share calculations are in accordance with the notified Indian Accounting Standard 33 ‘Earnings per share’.

(4) Diluted Earnings per Equity Share (INR) = Loss for the period/ year divided by weighted average number of Equity Shares, outstanding during the period/year and adjusted for the effects of all dilutive potential Equity Shares. Diluted Earnings per Equity Share calculations are in accordance with the notified Indian Accounting Standard 33 ‘Earnings per share’.

- (5) Net Asset Value (NAV) per share (INR) is calculated by dividing Net Worth by the outstanding number of Shares as at the end of period/year. For details of reconciliation details, please see “Other Financial Information -Reconciliation of Non-GAAP measures” on page 526.
- (6) Total Borrowings is calculated as the sum of current and non-current borrowing.
- (7) Earnings per Equity Shares (face value of INR 1 each)- Basic EPS (in INR) and Diluted EPS (in INR) are not annualised for six months period ended September 30, 2025 and September 30, 2024.

For Further details, see “Financial Information – Restated Consolidated Financial Information” on page 310.

### Summary of Unaudited Proforma Financial Information

The summary of Unaudited Proforma Financial Information is set forth below:

| Particulars                                       | (₹ in million, unless otherwise specified)  |                                             |                                             |
|---------------------------------------------------|---------------------------------------------|---------------------------------------------|---------------------------------------------|
|                                                   | As at and for the year ended March 31, 2025 | As at and for the year ended March 31, 2024 | As at and for the year ended March 31, 2023 |
| Proforma Revenue from operations                  | 7,002.65                                    | 5,641.68                                    | 5,379.75                                    |
| Proforma Loss for the year                        | (2,025.62)                                  | (1,869.90)                                  | (2,837.56)                                  |
| Earnings per Equity Share (face value of ₹1 each) |                                             |                                             |                                             |
| - Proforma Basic EPS (in ₹)                       | (7.65)                                      | (7.06)                                      | (10.99)                                     |
| - Proforma Diluted EPS (in ₹)                     | (7.65)                                      | (7.06)                                      | (10.99)                                     |

**Notes:**

- (1) Proforma Basic Earnings per Equity Share (₹) = Proforma Loss for the year, divided by Weighted average number of Equity Shares outstanding during the year. Basic Earnings per Equity Share calculations are in accordance with the notified Indian Accounting Standard 33 ‘Earnings per share’.
- (2) Proforma Diluted Earnings per Equity Share (₹) = Proforma Loss for the year, divided by weighted average number of equity shares, outstanding during the year and adjusted for the effects of all dilutive potential Equity Shares. Diluted Earnings per Equity Share calculations are in accordance with the notified Indian Accounting Standard 33 ‘Earnings per share’.

For further details, see “Financial Information – Unaudited Proforma Financial Information”, “Risk Factor - Our Company acquired Turtlemint Insurance Broking Services Private Limited with effect from May 8, 2024 from one of our Promoters, Dharendra Nalin Mahyavanshi, and accordingly, we do not have a long consolidated operating history through which our overall performance may be evaluated. Further, the Unaudited Proforma Financial Information prepared for this UDRHP-I is presented for illustrative purposes only to illustrate the impact of the TIB Acquisition on our results of operations as if the acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022 and may not accurately reflect our future results of operations” on pages 380 and 48, respectively.

## Risk Factors

Specific attention of the investors is invited to the section “*Risk Factors*” beginning on page 42. Investors are advised to read the risk factors carefully before making an investment decision in the Offer. Important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

| S. No. | Description of Risk                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
|--------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.     | We have incurred loss for the period/ year of (₹1,251.48) million, (₹989.13) million, (₹1,941.05) million, (₹1,933.48) million and (₹2,881.83) million on a restated basis in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025, 2024 and 2023, respectively, and proforma loss for the year of (₹2,025.62) million, (₹1,869.90) million and (₹2,837.56) million on a proforma basis, in Fiscals 2025, 2024 and 2023, respectively. We have also witnessed negative cash flows from operations (net cash flow (used) in operating activities was (₹1,274.80) million, (₹1,202.84) million, (₹2,158.08) million, (₹2,416.66) million and (₹2,859.16) million on a restated basis in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025, 2024 and 2023, respectively). Our Net Worth has decreased from as of March 31, 2023 to September 30, 2025 and we had negative Return on Net Worth and negative EPS in the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025, 2024 and 2023. If we are unable to generate adequate revenue growth and manage our expenses and cash flows, we may continue to incur losses and our business, financial condition, results of operations and cash flows may be adversely affected |
| 2.     | We derive majority of revenue from general insurance companies (contributing 92.46% and 84.38% of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and 88.21%, 79.35% and 71.07% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively), primarily from the sale of motor insurance products. Any loss of relationships with general insurance companies, constraint on sale of general insurance products, particularly motor insurance, offered by them or any inability to diversify our portfolio mix, could have a material adverse effect on our business, prospects, financial condition, results of operations and cash flows                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| 3.     | We derived almost all our revenues from commissions, rewards and fees received from Insurer Partners and other                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

| S. |        | financial service providers in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025 and 2024 (income from distribution of financial products accounted for 98.91% and 95.81% of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and proforma income from distribution of financial products accounted for 97.99%, 90.75% and 29.56% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively). Any reduction in these fee rates may have an adverse effect on our business, financial condition, results of operations and cash flows                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| 4.     | Our Company acquired Turtlemint Insurance Broking Services Private Limited with effect from May 8, 2024 from one of our Promoters, Dharendra Nalin Mahyavanshi, and accordingly, we do not have a long consolidated operating history through which our overall performance may be evaluated. Further, the Unaudited Proforma Financial Information prepared for this UDRHP-I is presented for illustrative purposes only to illustrate the impact of the TIB Acquisition on our results of operations as if the acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022 and may not accurately reflect our future results of operations                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| 5.     | We depend heavily on our Digital Partners and incur significant costs in recruiting, activating, managing and retaining them. Cost of acquiring and retaining Digital Partners accounted for 76.58% and 62.51% of our total expenses in the six months period ended September 30, 2025 and September 30, 2024, respectively, and 69.98%, 66.61% and 69.59% of our proforma total expenses in Fiscals 2025, 2024 and 2023, respectively. Attracting, managing and retaining Digital Partners is critical to our business, and failure to do so in a cost-effective way may have an adverse effect on our business, prospects, financial condition, results of operations and cash flows                                                                                                                                                                                                                                                                                                                                                                                                                      |
| 6.     | Our revenue from operations have experienced significant changes due to certain regulatory developments and the acquisition of TIB, which has and may continue to affect the comparability of our past and future financial performance. Income from marketing fees constituted 53.62% and 88.05% of our revenue from operations in Fiscals 2024 and 2023, respectively, however, it ceased to be a major source of revenue in Fiscal 2025 and the six months period ended September 30, 2025 and September 30, 2024 following certain regulatory developments in Fiscal 2024, which resulted in changes in terms of engagement with Insurer Partners. Conversely, following the TIB Acquisition in Fiscal 2025 (after which it became our Subsidiary), income from distribution of financial products, which constituted 8.83% and 0.58% of our revenue from operations in Fiscals 2024 and 2023, respectively, increased significantly to 97.63%, 98.91% and 95.81% of our revenue from operations in Fiscal 2025 and the six months period ended September 30, 2025 and September 30, 2024, respectively |
| 7.     | We earned nil/minimal income from marketing fees in the six months period ended September 30, 2025 and September 30, 2024 and Fiscal 2025, and income from marketing fees as a percentage of proforma revenue from operations declined from 66.41% in Fiscal 2023 to 7.13% in Fiscal 2024, which led to an adverse affect on our business, financial condition, results of operations and cash flows. Further, we experienced a significant decrease in our revenue from operations by 81.27% from ₹4,199.17 million in Fiscal 2023 to ₹786.42 million in Fiscal 2024 primarily due to the decrease in income from marketing fees                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| 8.     | We have in the past entered into related party transactions and will continue to do so in the future and we cannot assure you that we could not have achieved more favorable terms if such transactions had not been entered into with related parties                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| 9.     | Our success depends significantly upon our Promoters, Key Managerial Personnel, Senior Management and certain other employees and our inability to attract, train and retain such persons could harm our ability to maintain and grow our business and given our employee benefits expense accounted for 26.45% and 47.67%, of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and proforma employee benefits expense accounted for 33.63%, 49.67%, and 48.99% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively, any significant increase in our employee benefits expense could adverse our financial condition, results of operations and cash flows                                                                                                                                                                                                                                                                                                                                              |
| 10.    | Our growth depends on broader adoption of internet and mobile applications as an effective platform for disseminating insurance products and content                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

### Summary of Contingent Liabilities

The following is a summary table of our contingent liabilities as per Ind AS 37 on - Provisions, Contingent Liabilities and Contingent Assets as at September 30, 2025 derived from the Restated Consolidated Financial Information:

| Particulars                       | (₹in million)<br>As at September 30, 2025 |
|-----------------------------------|-------------------------------------------|
| Claims not acknowledged as debts: |                                           |
| -Income tax                       | 62.25                                     |
| -Goods and services tax           | 511.96                                    |

Notes:

- (1) The Income Tax Department ('IT Department') had initiated the assessment/reassessment proceedings against the Company u/s 143/147 of the Income Tax Act, 1961 ('the Act') for FY 2017-18, 2019-20, 2020-21, 2021-22 and 2022-23. The Company has duly responded against the said notices by filing its responses to the notices received by it for each of the corresponding years. Subsequently, the Department requested for the various documents/information/explanations by issuing notices u/s 142 of the Act, which too were duly

responded to by the Company with all the required details. Consequently, the IT Department passed assessment order u/s 143(3)/143(3) r.w.s. 147 for the corresponding financial years by making ad-hoc disallowances u/s 37 of the Act of certain expenses debited to the profit and loss account. The aggregate amount of disallowance made by the IT Department for all the years amounts to INR 62.25 million. However, the aggregate tax demand consequent to such assessment/reassessment was Nil since the Company had certain brought forward tax losses against which the aforementioned disallowances were set off. During the course of the assessment/re-assessment proceedings, the IT Department has also issued notices initiating proceedings for imposition of penalty u/s 270A and 271AAD of the IT Act. The proceedings have been kept in abeyance till the disposal of the appeal filed by the Company against the assessment orders pursuant to which the penalty proceedings were initiated. (September 30, 2024: INR 62.25 million; March 31, 2025: INR 62.25 million; March 31, 2024: Nil; March 31, 2023: Nil).

- (2) During the year ended March 31, 2025, the Company has received the orders from the GST Adjudicating Authority confirming the levy of penalty aggregating to ₹ 511.96 million for the years 2017 to 2023 under the provisions of Central Goods and Services Tax Act, 2017. These penalties arise from the show cause notices issued by the Directorate General of GST Intelligence (DGGI) on account of the Company having allegedly raised invoices on insurance companies without actual supply of services. The Company has filed appeals before the GST Appellate Authorities contesting the penalty confirmed in the orders. Accordingly, the Company has disclosed the aforesaid penalty demanded aggregating ₹ 511.96 million (September 30, 2024: INR 511.96 million; March 31, 2025: INR 511.96 million; March 31, 2024: INR 426.03 million; March 31, 2023: INR 166.20 million) as a contingent liability as at the period-end.

For further details in relation to contingent liability as per Ind AS 37 as on September 30, 2025, please see **“Financial Information - Restated Consolidated Financial Information– Note 49- Contingent liabilities”**, **“Management’s Discussion and Analysis of Financial Condition and Results of Operations”** and **“Outstanding Litigation and Material Developments”** beginning on pages 379, 530 and 587, respectively.

### **Summary of Related Party Transactions**

The following is the summary of transactions with related parties for the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025, 2024 and 2023 as per the requirements under ‘Ind AS 24-Related Party Disclosures’ read with the SEBI ICDR Regulations and as derived from the Restated Consolidated Financial Information.

| Related parties with whom transactions have taken place                    | Nature of transaction                            | Nature of relationship                                                                                                                       | Six months period ended September 30, 2025 | Six months period ended September 30, 2024 | As a percentage of total income |      | Fiscal 2025 | Fiscal 2024 | Fiscal 2023 | As a percentage of total income |       |      |

<sup>^</sup> Amount below rounding off convention followed by the Group

*\*The amounts disclosed in the table are the amounts recognised as an expense during the financial year related to KMP. The amounts do not include expense, if any, recognised toward post-employment benefits and other long-term benefits of KMP. Such expenses are measured based on an actuarial valuation done for the Group. Hence, amounts attributable to KMPs are not separately determinable. Generally, directors do not receive any gratuity or post-employment benefits from the Group*

The following are details of the transactions with the Company and Subsidiaries eliminated during the six months period ended September 30, 2025 and September 30, 2024 and years ended March 31, 2025, March 31, 2024, March 31, 2023 (disclosed as per Schedule VI (Para 11(I)(A)(i)(g)) of the SEBI ICDR Regulations):

\* As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN:112723W/W100962), by way of their certificate dated January 28, 2026.

\*\* The Promoters are also Selling Shareholders.

\*\*\*The amount paid on the acquisition of Series 1 CCPS has been considered as the basis for arriving at the acquisition price of Equity Shares on conversion, 1,044 Equity Shares have been allotted pursuant to the conversion of Series 1 CCPS in the ratio of 1:1, i.e., one Equity Share for each Series 1 CCPS held, which has been subsequently adjusted for bonus issuance in the ratio of 1:500, i.e., five hundred Equity Shares for every one Equity Share held in our Company.

Notes:

- (1) The number of Equity Shares acquired during the year includes the issuance of bonus shares pursuant to the Shareholders' resolution dated on July 21, 2025, in the ratio of 1:500, i.e., five hundred Equity Shares for every one Equity Share held in our Company.
- (2) For the purpose of computation of the weighted average price of acquisition per equity share, the Equity Shares issued by way of bonus shares have not been considered.

<sup>\*</sup>Pursuant to the SHA as on the date of filing of this Updated Draft Red Herring Prospectus-I the conversion ratio is 1:477 for Seed Round CCPS, Series A CCPS, Series B CCPS, Series C CCPS, Series D CCPS, Series D1 CCPS, Series D2 CCPS and Series E CCPS and the conversion ratio was 1:641.3679 for Series C1 CCPS and 1:527.0179 for Series C2 CCPS. However, on the date that our Board of Directors takes on record the updated Draft Red Herring Prospectus-II, the conversion ratio will be reduced to 1:463 for Seed Round CCPS, Series A CCPS, Series B CCPS, Series C CCPS, Series D CCPS, Series D1 CCPS, Series D2 CCPS and Series E CCPS and 1:622.5437 for Series C1 CCPS and 1:511.5499 for Series C2 CCPS.

<sup>#</sup>The number of Equity Share capital is calculated on a fully diluted basis, assuming conversion of Preference Shares and vested options under the ESOS 2025 into Equity Shares. For details in relation to the conversion of the Preference Shares, see “**Capital Structure — Share capital history of our Company - History of preference share capital of our Company - Terms of conversion of Preference Shares**” on page 141.

## Weighted average cost of acquisition of all Equity Shares transacted in last one year, 18 months and three years preceding the date of this Updated Draft Red Herring Prospectus-I

The weighted average cost of acquisition for all equity shares acquired in the one year, 18 months and three years preceding the date of this Updated Draft Red Herring Prospectus-I is mentioned below:

| Period                                                                             | Weighted average cost of acquisition (in ₹) <sup>#</sup> | Cap Price is 'x' times the weighted average cost of acquisition <sup>*</sup> | Range of acquisition price: lowest price – highest price (in ₹) <sup>***</sup> |
|------------------------------------------------------------------------------------|----------------------------------------------------------|------------------------------------------------------------------------------|--------------------------------------------------------------------------------|
| Last one year preceding the date of this Updated Draft Red Herring Prospectus-I    | 48.34                                                    | [●]                                                                          | 0.00-159.68                                                                    |
| Last 18 months preceding the date of this Updated Draft Red Herring Prospectus-I   | 48.34                                                    | [●]                                                                          | 0.00-159.68                                                                    |
| Last three years preceding the date of this Updated Draft Red Herring Prospectus-I | 43.44                                                    | [●]                                                                          | 0.00-159.68                                                                    |

<sup>#</sup> As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN:112723W/W100962), by way of their certificate dated January 28, 2026.

<sup>\*</sup> To be updated upon finalization of the Price Band.

<sup>\*\*</sup> The range of acquisition price has been provided after giving impact of bonus issuance.

## Details of Pre-IPO Placement

Our Company, in consultation with the BRLMs, may consider a Pre-IPO Placement aggregating up to ₹1,321.44 million, as may be permitted under applicable law, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. Prior to the completion of the Offer, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Offer or the Offer may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the Red Herring Prospectus and the Prospectus and intimate the Stock Exchanges, in accordance with SEBI ICDR Regulations.

## Issue of Equity Shares for consideration other than cash in the last one year

Except as disclosed in “*Capital Structure - Shares issued for consideration other than cash or out of revaluation reserves*” on page 142, our Company has not issued Equity Shares for consideration other than cash in the one year preceding the date of this Updated Draft Red Herring Prospectus-I.

## Split / Consolidation of Equity Shares in the last one year

Our Company has not undertaken any split or consolidation of Equity Shares in one year preceding the date of this Updated Draft Red Herring Prospectus-I.

## Exemption from complying with any provisions of securities laws, if any, granted by the Securities and Exchange Board of India

As on the date of this Updated Draft Red Herring Prospectus-I, our Company has not sought any exemption from complying with any provisions of securities laws from SEBI.

## CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF PRESENTATION

### Certain Conventions

All references in this Updated Draft Red Herring Prospectus-I to “India” are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable. All references to “US” or the “U.S.” or the “United States” are to the United States of America and its territories and possessions.

Unless otherwise specified, any time mentioned in this Updated Draft Red Herring Prospectus-I is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Updated Draft Red Herring Prospectus-I are to a calendar year.

Unless otherwise stated, all references to page numbers in this Updated Draft Red Herring Prospectus-I are to page numbers of this Updated Draft Red Herring Prospectus-I.

### Currency and Units of Presentation

All references to “Rupee(s)”, “Rs.” or “₹” or “INR” are to Indian Rupees, the official currency of the Republic of India. All references to “U.S. Dollar(s)” or “USD” or “US Dollar” or “US\$” are to United States Dollars, the official currency of the United States of America.

Our Company has presented certain numerical information in this Updated Draft Red Herring Prospectus-I in ‘million’ units or in whole numbers where the numbers have been too small to represent in such units. One million represents 1,000,000, one billion represents 1,000,000,000 and one trillion represents 1,000,000,000,000.

Figures sourced from third-party industry sources may be expressed in denominations other than million or may be rounded off other than to two decimal points in the respective sources, and such figures have been expressed in this Updated Draft Red Herring Prospectus-I in such denominations or rounded-off to such number of decimal points as provided in such respective sources.

### Exchange Rates

This Updated Draft Red Herring Prospectus-I contains conversion of U.S. Dollar into Rupees that have been presented solely to comply with the requirements of the SEBI ICDR Regulations. These conversions should not be considered as a representation that such U.S. Dollar amounts have been, could have been or can be converted into Rupees at any particular rate, the rates stated below or at all. Unless otherwise stated, the exchange rates referred to for the purpose of conversion of U.S. Dollar amounts into Rupee amounts, are as follows:

| Currency | Exchange rate as on |                    |                |                |                |
|----------|---------------------|--------------------|----------------|----------------|----------------|
|          | September 30, 2025  | September 30, 2024 | March 31, 2025 | March 31, 2024 | March 31, 2023 |
| 1 USD    | 88.79               | 83.79              | 85.58          | 83.37          | 82.22          |

Source: [www.fbiil.org.in](http://www.fbiil.org.in)

**Note:** If the reference rate is not available on a particular date due to a public holiday, exchange rates of the previous Working Day has been disclosed. The reference rates are rounded off to two decimal places.

### Financial and Other Data

Unless stated or the context requires otherwise, the financial information and the financial ratios in this Updated Draft Red Herring Prospectus-I is derived from our Restated Consolidated Financial Information

The restated consolidated summary statements of our Company for the six months period ended September 30, 2025 and September 30, 2024 and financial years ended March 31, 2025, 2024 and 2023 comprising of restated consolidated summary statements of assets and liabilities as at September 30, 2025 and September 30, 2024 and March 31, 2025, 2024 and 2023, restated consolidated summary statement of profits and losses (including other comprehensive income), restated consolidated summary statement of cash flows and changes in equity for each of the six months period ended September 30, 2025 and September 30, 2024 and years ended March 31, 2025, 2024 and 2023, summary statement of material accounting policies and other explanatory information (collectively, the “**Restated Consolidated Summary Statements**”) derived from audited financial statements as

at and for the six months period ended September 30, 2025 and September 30, 2024 prepared in accordance with Ind AS 34, Interim Financial Reporting and consolidated financial statements as at and for the years ended March 31, 2025, March 31, 2024 and March 31, 2023 prepared in accordance with Ind AS and restated in accordance with the requirements of:

- (a) Section 26 of Part I of Chapter III of the Companies Act 2013;
- (b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended; and
- (c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) (as amended) issued by the Institute of Chartered Accountants of India

The financial statements of our Company as at and for the six months period ended September 30, 2025 and September 30, 2024 and years ended March 31, 2025 and 2024, were audited by the Statutory Auditors, being S.R. Batliboi & Co. LLP, Chartered Accountants. The financial statements of our Company as at and for the year ended March 31, 2023 were audited by the Previous Statutory Auditor.

Financial information for the six months period ended September 30, 2025 and September 30, 2024 may not be indicative of the financial results for the full year and are not comparable with financial information for the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023. Further, financial information for the six months period ended September 30, 2025 and September 30, 2024 has not been annualised.

We have also included in this Updated Draft Red Herring Prospectus-I, the unaudited proforma financial information consists of the unaudited proforma statements of profit and loss for the years ended March 31, 2025, March 31, 2024 and March 31, 2023 and related notes to the unaudited proforma financial information.

The Unaudited Proforma Financial Information has been compiled by the management of our Company and Subsidiaries on a voluntary basis to illustrate the impact of the acquisition of TIB as set out in the Unaudited Proforma Financial Information on our Company and Subsidiaries' financial performance for the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023 as if the aforesaid acquisition had been consummated on April 1, 2024, April 1, 2023, and April 1, 2022, respectively. The Unaudited Proforma Financial Information has been compiled from the Restated Consolidated Financial information, special purpose Ind AS financial statements of TIB for the financial years ended March 31, 2024 and March 31, 2023 and interim condensed Ind AS Financial Statement of TIB for the period April 01, 2024, to May 07, 2024. TIB had prepared financial statements as per IGAAP till March 31, 2024. For the purpose of preparation of Unaudited Proforma Financial Information, TIB prepared its special purpose IND AS financial statements for the years ended March 31, 2024, and March 31, 2023. For further information of our Company's financial information, please see "**Financial Information**" on page 310 and for information with respect to the acquisition of TIB, please see "**Risk Factor - Our Company acquired Turtlemint Insurance Broking Services Private Limited with effect from May 8, 2024 from one of our Promoters, Dharendra Nalin Mahyavanshi, and accordingly, we do not have a long consolidated operating history through which our overall performance may be evaluated. Further, the Unaudited Proforma Financial Information prepared for this UDRHP-I is presented for illustrative purposes only to illustrate the impact of the TIB Acquisition on our results of operations as if the acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022 and may not accurately reflect our future results of operations**" and "**History and certain corporate matters - Details regarding material acquisitions or divestments of business/ undertakings, mergers, amalgamation, any revaluation of assets, etc. in the last 10 years - Acquisition of Turtlemint Insurance Broking Services Private Limited**" on pages 48 and 283, respectively.

Our Company's fiscal year commences on April 1 of each year and ends on March 31 of the next year. Accordingly, all references to a particular fiscal year (referred to herein as "**Fiscal**", "**Fiscal Year**", "**Financial Year**") are to the 12 months ended March 31 of that particular year, unless otherwise specified.

The degree to which the financial information included in this Updated Draft Red Herring Prospectus-I will provide meaningful information is entirely dependent on the reader's level of familiarity with I-GAAP, Ind AS, the Companies Act, 2013, and the SEBI ICDR Regulations. Any reliance by persons not familiar with the above practices on the financial disclosures presented in this Updated Draft Red Herring Prospectus-I should, accordingly, be limited. There are significant differences between Ind AS, I-GAAP, U.S. GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Updated Draft Red Herring Prospectus-I and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. For details, see "**Risk Factors – Significant differences exist between Ind**

***AS and other accounting principles, such as IFRS and US GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows"*** on page 101.

In this Updated Draft Red Herring Prospectus-I, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures, including financial information, in decimals have been rounded off to the second decimal place and all percentage figures have been rounded off to two decimal places. However, where any figures that may have been sourced from third-party industry sources are rounded off to other than two decimal points in their respective sources, such figures appear in this Updated Draft Red Herring Prospectus-I as rounded-off to such number of decimal points as provided in such respective sources.

Unless the context otherwise indicates, any percentage amounts, as set forth in ***"Risk Factors"***, ***"Our Business"*** and ***"Management's Discussion and Analysis of Financial Condition and Results of Operations"*** on pages 42, 228 and 530, respectively, and elsewhere in this Updated Draft Red Herring Prospectus-I have been calculated on the basis of amounts derived from the Restated Consolidated Financial Information. Our Statutory Auditors have provided no assurance or services related to any prospective financial information.

### ***Non-Generally Accepted Accounting Principles Financial Measures***

This Updated Draft Red Herring Prospectus-I contains certain non-GAAP financial measures and certain other statistical information relating to our operations and financial performance like Proforma EBIT, Proforma EBITDA, Proforma Adjusted EBITDA, Proforma Service EBITDA, Proforma Service EBITDA Margin, EBIT, EBITDA, EBITDA margin, Adjusted EBITDA, Capital Employed, Return on Capital Employed, Net Worth, Net Asset Value per Equity Share and Return on Net Worth and certain other supplemental statistical information relating to our operations and financial performance (together, ***"Non-GAAP Measures"***) are supplemental measures of our performance and liquidity that are not required by, or presented in accordance with, Ind AS, I-GAAP, or IFRS. Further, these non-GAAP measures are not a measurement of our financial performance or liquidity under Ind AS, I-GAAP, IFRS or U.S. GAAP and should not be considered in isolation or construed as an alternative to profit/ (loss) for the years, cash flows, liquidity or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, I-GAAP, IFRS or U.S. GAAP. We compute and disclose such Non-GAAP Measures and such other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance. These Non-GAAP Measures and other statistical and other information relating to our operations and financial performance may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other companies who may calculate these Non-GAAP Measures differently from us, limiting its usefulness as a comparative measure and are not measures of operating performance or liquidity defined by Ind AS and may not be comparable to similarly titled measures presented by other companies. For the risks relating to our Non-GAAP Measures, see ***"Risk Factors –We have in this UDRHP-I included certain operational and non-GAAP financial measures that may vary from any standard methodology that is applicable across the industry we operate. Some of our operational measures face inherent measurement challenges, and any inaccuracies in these metrics could impact our business and reputation."*** on page 92.

### ***Industry and Market Data***

Industry publications generally state that the information contained in such publications has been obtained from publicly available documents from various sources. The data used in these sources may have been re-classified by us for the purposes of presentation. Data from these sources may also not be comparable. Accordingly, no investment decision should be made solely on the basis of such information. Further, industry sources and publications are also prepared based on information as of a specific date and may no longer be current or reflect current trends.

Unless stated otherwise, industry and market data used in this Updated Draft Red Herring Prospectus-I is derived from the report titled, ***"Industry Report on the Indian Insurance Distribution Market"*** dated January, 2026 (***"RedSeer Report"***) prepared by Redseer Strategy Consultants Private Limited (***"RedSeer"***) appointed by our Company pursuant to an engagement letter dated April 1, 2025, and such RedSeer Report has been commissioned by and paid for by our Company, exclusively in connection with the Offer. Further, RedSeer pursuant to their consent letter dated January 14, 2026 has accorded its no objection and consent to use the RedSeer Report in connection with the Offer and has also confirmed that it is an independent agency, and that it is not related to our Company, our Subsidiaries, our Directors, our Promoters, our Key Managerial Personnel or our Senior

Management or the Book Running Lead Managers. The RedSeer Report is available on the website of our Company at [www.turtlemint.com/investor-relations](http://www.turtlemint.com/investor-relations) upon filing of this Updated Draft Red Herring Prospectus-I.

The extent to which industry and market data set forth in this Updated Draft Red Herring Prospectus-I is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources. Accordingly, no investment decision should be made solely on the basis of such information. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those disclosed in ***“Risk Factors – Certain sections of this UDRHP-I disclose information from the Redseer Report which has been prepared exclusively for the Offer and commissioned and paid for by us exclusively in connection with the Offer and any reliance on such information for making an investment decision in the Offer is subject to inherent risks.”*** on page 92.

In accordance with the SEBI ICDR Regulations, the section ***“Basis for Offer Price”*** on page 177, includes information relating to our peer group companies and industry averages. Such information has been derived from publicly available sources. Such industry sources and publications are also prepared based on information as at specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base this information on estimates and assumptions that may prove to be incorrect.

#### **Notice to Prospective Investors in the United States**

The Equity Shares have not been recommended by any U.S. federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this Updated Draft Red Herring Prospectus-I or approved or disapproved the Equity Shares. In making an investment decision, investors must rely on their own examination of our Company and the terms of the Issue, including the merits and risks involved. The offer and sale of the Equity Shares in the Offer have not been and will not be registered under the U.S. Securities Act or any other applicable law of the United States and, unless so registered, may not be offered or sold within the U.S. except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold (a) within the U.S. only to persons reasonably believed to be “qualified institutional buyers” (as defined in Rule 144A under the U.S. Securities Act and referred to in this Updated Draft Red Herring Prospectus-I as ***“U.S. QIBs”***); for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Updated Draft Red Herring Prospectus-I as ***“QIBs”***) in transactions exempt from or not subject to the registration requirements of the U.S. Securities Act; and (b) outside of the U.S. in offshore transactions as defined in and in compliance with Regulation S and the applicable laws of the jurisdiction where those offers and sales are made. See ***“Other Regulatory and Statutory Disclosures – Eligibility and Transfer Restrictions”*** on page 604.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made, by persons in any such jurisdiction except in compliance with the applicable laws of such jurisdiction.

## FORWARD-LOOKING STATEMENTS

This Updated Draft Red Herring Prospectus-I contains certain “forward-looking statements”. All statements regarding our expected financial condition, cash flows and results of operations, business, plans and prospects are forward looking statements, which may include statements with respect to our business strategy, our revenue and profitability, our goals and other such matters discussed in this Updated Draft Red Herring Prospectus-I regarding matters that are not historical facts. These forward-looking statements generally can be identified by words or phrases such as “*aim*”, “*anticipate*”, “*believe*”, “*goal*”, “*expect*”, “*estimate*”, “*intend*”, “*likely to*”, “*objective*”, “*plan*”, “*projected*”, “*should*”, “*will*”, “*will continue*”, “*seek to*”, “*will pursue*” or other words or phrases of similar import. Similarly, statements that describe our expected financial conditions, results of operations, strategies, objectives, prospects, plans or goals are also forward-looking statements. However, these are not the exclusive means of identifying forward-looking statements. All forward-looking statements whether made by us or any third parties in this Updated Draft Red Herring Prospectus-I are based on our current plans, estimates, presumptions and expectations and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Actual results may differ materially from those suggested by such forward-looking statements due to risks or uncertainties associated with the expectations with respect to, but not limited to, regulatory changes pertaining to the industry in which our Company has businesses and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and globally which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, incidence of any natural calamities and/or acts of violence, changes in laws, regulations and taxes and changes in competition in our industry.

Important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- We have incurred loss for the period/ year of (₹1,251.48) million, (₹989.13) million, (₹1,941.05) million, (₹1,933.48) million and (₹2,881.83) million on a restated basis in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025, 2024 and 2023, respectively, and proforma loss for the year of (₹2,025.62) million, (₹1,869.90) million and (₹2,837.56) million on a proforma basis, in Fiscals 2025, 2024 and 2023, respectively. We have also witnessed negative cash flows from operations (net cash flow (used) in operating activities was (₹1,274.80) million, (₹1,202.84) million, (₹2,158.08) million, (₹2,416.66) million and (₹2,859.16) million on a restated basis in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025, 2024 and 2023, respectively). Our Net Worth has decreased from as of March 31, 2023 to September 30, 2025 and we had negative Return on Net Worth and negative EPS in the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025, 2024 and 2023. If we are unable to generate adequate revenue growth and manage our expenses and cash flows, we may continue to incur losses and our business, financial condition, results of operations and cash flows may be adversely affected;
- We derive majority of revenue from general insurance companies (contributing 92.46% and 84.38% of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and 88.21%, 79.35% and 71.07% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively), primarily from the sale of motor insurance products. Any loss of relationships with general insurance companies, constraint on sale of general insurance products, particularly motor insurance, offered by them or any inability to diversify our portfolio mix, could have a material adverse effect on our business, prospects, financial condition, results of operations and cash flows;
- We derived almost all our revenues from commissions, rewards and fees received from Insurer Partners and other financial service providers in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025 and 2024 (income from distribution of financial products accounted for 98.91% and 95.81% of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and proforma income from distribution of financial products accounted for 97.99%, 90.75% and 29.56% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively). Any reduction in these fee rates may have an adverse effect on our business, financial condition, results of operations and cash flows;

- Our Company acquired Turtlemint Insurance Broking Services Private Limited with effect from May 8, 2024 from one of our Promoters, Dharendra Nalin Mahyavanshi, and accordingly, we do not have a long consolidated operating history through which our overall performance may be evaluated. Further, the Unaudited Proforma Financial Information prepared for this UDRHP-I is presented for illustrative purposes only to illustrate the impact of the TIB Acquisition on our results of operations as if the acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022 and may not accurately reflect our future results of operations; and
- We depend heavily on our Digital Partners and incur significant costs in recruiting, activating, managing and retaining them. Cost of acquiring and retaining Digital Partners accounted for 76.58% and 62.51% of our total expenses in the six months period ended September 30, 2025 and September 30, 2024, respectively, and 69.98%, 66.61% and 69.59% of our proforma total expenses in Fiscals 2025, 2024 and 2023, respectively. Attracting, managing and retaining Digital Partners is critical to our business, and failure to do so in a cost-effective way may have an adverse effect on our business, prospects, financial condition, results of operations and cash flows.

For a further discussion on factors that could cause our actual results to differ from our expectations, see “**Risk Factors**”, “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” on pages 42, 228 and 530, respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

Forward-looking statements reflect our views as of the date of this Updated Draft Red Herring Prospectus-I and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on the currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. None of our Company, Directors, any of our Selling Shareholders, and the Book Running Lead Managers or their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. There can be no assurance to Bidders that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, Bidders are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

In accordance with regulatory requirements of SEBI ICDR Regulations and as prescribed under applicable law, our Company will ensure that investors in India are informed of material developments from the date of filing of the Red Herring Prospectus until the date of Allotment. In accordance with the requirements of SEBI ICDR Regulations, each of the Selling Shareholders, shall, severally and not jointly, ensure that our Company is informed of material developments in relation to the statements and undertakings specifically made or confirmed by it in relation to its respective portion of Offered Shares in the Red Herring Prospectus until the date of Allotment. Only statements and undertakings which are specifically confirmed or undertaken, severally and not jointly, by each Selling Shareholders to the extent of information pertaining to it and/or its respective portion of the Offered Shares, as the case may be, in this Updated Draft Red Herring Prospectus-I shall be deemed to be statements and undertakings made by such Selling Shareholder, as of the date of this Updated Draft Red Herring Prospectus-I.

## SECTION II – RISK FACTORS

*An investment in our Equity Shares involves a high degree of risk. You should carefully consider the risks described below as well as other information as may be disclosed in this UDRHP-I before making an investment in our Equity Shares. The risks described in this section are those that we consider to be the most significant to our business, results of operations, cash flows and financial condition as of the date of this UDRHP-I. The risks set out in this section may not be exhaustive and are not the only ones relevant to us or Equity shares, additional risks and uncertainties not presently known to us, or which we currently deem to be immaterial, may arise or may become material in the future and may also impair our business. If any or a combination of the following risks or other risks that are not currently known or are now deemed immaterial actually occur, our business, prospects, results of operations and financial condition, cash flows, could suffer, the trading price and the value of your investment in our Equity Shares could decline and you may lose all or part of your investment. Furthermore, some events may be material collectively rather than individually. In order to obtain a complete understanding of our Company and our business, prospective investors should read this section in conjunction with “**Industry Overview**”, “**Our Business**”, “**Key Regulations and Policies**”, “**Financial Information**”, “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” and “**Outstanding Litigation and Material Developments**” on pages 196, 228, 273, 310, 530 and 587, respectively, as well as the other financial and statistical information contained in this UDRHP-I. Unless specified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks mentioned below. Any potential investor in the Equity Shares should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment, which may differ significantly from that in other jurisdictions. In making an investment decision, prospective investors must rely on their own examinations of us and the terms of the Offer, including the merits and the risks involved. You should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.*

*Unless otherwise stated or unless context requires otherwise, the financial information in this section is presented on a restated basis and has been derived from our Restated Consolidated Financial Information. Our Company acquired Turtlemint Insurance Broking Services Private Limited (“**TIB**”) on May 8, 2024 (“**TIB Acquisition**”) and thus as on the date of this UDRHP-I, TIB is directly held by our Company. We present our Unaudited Proforma Financial Information to illustrate the impact of the acquisition of TIB as set out in the Unaudited Proforma Financial Information on our financial performance for each of the years ended March 31, 2025, March 31, 2024 and March 31, 2023 as if the aforesaid acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022, respectively. Therefore, the following discussion should be read together with our Restated Consolidated Financial Information and Unaudited Proforma Financial Information and the schedules and notes thereto, which appear elsewhere in this UDRHP-I. See “– **Internal Risk Factors – Our Company acquired Turtlemint Insurance Broking Services Private Limited with effect from May 8, 2024 from one of our Promoters, Dharendra Nalin Mahyavanshi, and accordingly, we do not have a long consolidated operating history through which our overall performance may be evaluated. Further, the Unaudited Proforma Financial Information prepared for this UDRHP-I is presented for illustrative purposes only to illustrate the impact of the TIB Acquisition on our results of operations as if the acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022 and may not accurately reflect our future results of operations**” on page 48.*

*Unless otherwise indicated, or if the context otherwise requires, in this section, references to “the Company” or “our Company” are to Turtlemint Fintech Solutions Limited on a standalone basis, and references to “the Group”, “we”, “us”, “Turtlemint”, “our”, are to Turtlemint Fintech Solutions Limited and its Subsidiaries, on a consolidated basis. Unless otherwise stated or unless context requires otherwise, all operational data for each of the years ended March 31, 2025, March 31, 2024 and March 31, 2023 presented in this section on a proforma basis illustrating the impact of the TIB Acquisition on our business and operations as if the aforesaid acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022, respectively. This UDRHP-I contains forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this UDRHP-I. See “**Forward-Looking Statements**” on page 40. Unless otherwise indicated, industry and market data used in this section have been derived from the report titled “**Industry Report on the Indian Insurance Distribution Market**” dated January 2026 (the “**Redseer Report**”), prepared and released by Redseer Strategy Consultants Private Limited and exclusively commissioned and paid for by us in connection with the Offer, pursuant to an engagement letter dated April 1, 2025. Any reference to the Redseer Report must be read in conjunction with the full Redseer Report, shall be made available on our website upon filing of this UDRHP-I until the Bid/Offer Closing Date and has also been included in “**Material Contracts and Documents for Inspection – Material Documents**” on page 674. The data included herein includes excerpts from the Redseer Report and may have been re-ordered by us for the purposes of presentation. There are no parts, data or information (which may be relevant for the proposed Offer) that have been left out or changed in any*

manner. Unless otherwise indicated, financial, operational, industry and other related information derived from the Redseer Report and included herein with respect to any particular year refers to such information for the relevant calendar year or financial year, if so stated. For more information, see “– Internal Risk Factors – Certain sections of this UDRHP-I disclose information from the Redseer Report which has been prepared exclusively for the Offer and commissioned and paid for by us exclusively in connection with the Offer and any reliance on such information for making an investment decision in the Offer is subject to inherent risks” on page 92. For definitions of technical and industry related terms used in this section, please see “Definitions and Abbreviations – Technical/ Industry and Business-Related Terms or Abbreviations” on page 13.

## INTERNAL RISKS

1. *We have incurred loss for the period/ year of (₹1,251.48) million, (₹989.13) million, (₹1,941.05) million, (₹1,933.48) million and (₹2,881.83) million on a restated basis in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025, 2024 and 2023, respectively, and proforma loss for the year of (₹2,025.62) million, (₹1,869.90) million and (₹2,837.56) million on a proforma basis, in Fiscals 2025, 2024 and 2023, respectively. We have also witnessed negative cash flows from operations (net cash flow (used) in operating activities was (₹1,274.80) million, (₹1,202.84) million, (₹2,158.08) million, (₹2,416.66) million and (₹2,859.16) million on a restated basis in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025, 2024 and 2023, respectively). Our Net Worth has decreased from as of March 31, 2023 to September 30, 2025 and we had negative Return on Net Worth and negative EPS in the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025, 2024 and 2023. If we are unable to generate adequate revenue growth and manage our expenses and cash flows, we may continue to incur losses and our business, financial condition, results of operations and cash flows may be adversely affected.*

The following table sets forth select financial information on a restated basis as at and for the periods/ years indicated:

| Particulars                                                         | As at and for the six months period ended<br>September 30, |                     | As at and for the year ended March<br>31, |                     |                     |

| Net Worth <sup>(2)</sup>                                            | 3,299.53                                                   | 4,894.47            | 4,104.63                                  | 5,638.00            | 7,434.54            |
| Return on Net Worth (RONW) <sup>(3)(4)</sup> (%)                    | (37.93)                                                    | (20.21)             | (47.29)                                   | (34.29)             | (38.76)             |
| Earnings per Equity Share <sup>(4)</sup> (face value of INR 1 each) |                                                            |                     |                                           |                     |                     |
| - Basic EPS (in INR)                                                | (4.75)                                                     | (3.73)              | (7.33)                                    | (7.30)              | (11.16)             |
| - Diluted EPS (in INR)                                              | (4.75)                                                     | (3.73)              | (7.33)                                    | (7.30)              | (11.16)             |

Notes:

<sup>(1)</sup> Fiscals 2024 and 2023 do not include the operations of TIB, which was acquired only with effect from May 8, 2024. Fiscal 2025 and the six months period ended September 30, 2024 include operations of TIB only from May 8, 2024.

<sup>(2)</sup> Net Worth means the aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account and debit or credit balance of profit and loss account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation in accordance with Regulation 2(1)(hh) of the SEBI ICDR Regulations. We have calculated net worth by aggregate value of equity share capital, instruments entirely equity in nature and other equity. For details of reconciliation, please see “Other Financial Information -Reconciliation of Non-GAAP measures” on page 526.

<sup>(3)</sup> Return on Net Worth is calculated by dividing loss for the period/ year by Net Worth. For details of reconciliation, please see “Other Financial Information -Reconciliation of Non-GAAP measures” on page 526.

<sup>(4)</sup> Earnings per Equity Share (face value of INR 1 each) – Basic EPS (in INR) and Diluted EPS (in INR) are not annualised for six months period ended September 30, 2025 and September 30, 2024.

Our revenue from operations significantly: (i) increased in the six months period ended September 30, 2025 compared to the six months period ended September 30, 2024 primarily due to an increase in income from distribution of financial products on account of higher insurance commissions from our Insurer Partners as a result of an increase in our network of Digital Partners resulting in increase in the number of insurance policies sold and Platform Premium and consolidation of TIB’s results of operations for the entire period during six months period ended September 30, 2025; (ii) increased in Fiscal 2025 compared to Fiscal 2024 primarily due to the consolidation of TIB’s results of operations following the TIB acquisition with effect from May 8, 2024. For further information, see “Management’s Discussion and Analysis of Financial Condition and Results of Operations – Results of

**Operations on a restated basis – Six months period ended September 30, 2025 compared to six months period ended September 30, 2024**” and **“Management’s Discussion and Analysis of Financial Condition and Results of Operations – Results of Operations on a restated basis - Fiscal 2025 compared to Fiscal 2024”** on pages 560 and 563, respectively; and (iii) decreased in Fiscal 2024 compared to Fiscal 2023 primarily on account of a significant decrease in income from marketing fees in Fiscal 2024 compared to Fiscal 2023 as a result of insurance companies significantly reducing their marketing spend on account of the certain regulatory changes implemented by the IRDAI on account of certain regulatory changes. For details on the regulatory changes and impact on commissions and marketing fees, see **“Management’s Discussion and Analysis of Financial Condition and Results of Operations - Key Developments - Regulatory changes affecting the results of operations”** on page 533. Also, see **“- We earned nil/minimal income from marketing fees in the six months period ended September 30, 2025 and September 30, 2024 and Fiscal 2025, and income from marketing fees as a percentage of proforma revenue from operations declined from 66.41% in Fiscal 2023 to 7.13% in Fiscal 2024, which led to an adverse affect on our business, financial condition, results of operations and cash flows. Further, we experienced a significant decrease in our revenue from operations by 81.27% from ₹4,199.17 million in Fiscal 2023 to ₹786.42 million in Fiscal 2024 primarily due to the decrease in income from marketing fees”** on page 53.

Further, our Net Worth decreased from as of March 31, 2023 to September 30, 2025 primarily due to losses incurred in these years/ periods. These losses reduced retained earnings and consequently, total equity. In particular, losses were primarily driven by: (i) commission expense on distribution of financial products, which refers to commissions paid to Digital Partners for the sale and distribution of insurance and other financial services products through our platform and employee benefits expense in the six months period ended September 30, 2025 and Fiscal 2025; (ii) a significant decrease in revenue from operations primarily due to a decrease in income from marketing fees as a result of insurance companies significantly reducing their marketing spend on account of the certain regulatory changes implemented by the IRDAI, employee benefits expense and advertisement and marketing expenses (including acquisition marketing), representing activities undertaken by us for recruitment of new Digital Partners in Fiscal 2024; and (iii) advertisement and marketing expenses (including acquisition marketing), representing activities undertaken by us for the recruitment of new Digital Partners as well as costs for a brand marketing campaign with a brand ambassador and employee benefit expenses in Fiscal 2023. We incur a substantial portion of our expenses in connection with technology and product development. These functions support innovation, help maintain and enhance product performance, and enable continuous improvement of our technological capabilities. Accordingly, we continue to invest in attracting and retaining qualified personnel to develop and maintain our platform. In addition, our Return on Net Worth was negative in the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025, 2024 and 2023 due to losses incurred in these years/ periods, which increased accumulated losses in other equity and resulting in reduction in our Net Worth. Moreover, we had a negative basic and diluted EPS in the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025, 2024 and 2023 on account of the losses incurred and the weighted average number of equity shares not changing substantially, and as a result, negative EPS reflects operating losses rather than changes in capitalization.

The following table sets forth select financial information on a proforma basis for the years indicated:

| Particulars                                                   | Fiscal      |            |            |
|---------------------------------------------------------------|-------------|------------|------------|
|                                                               | 2025        | 2024       | 2023       |
|                                                               | (₹ million) |            |            |
| Proforma revenue from operations                              | 7,002.65    | 5,641.68   | 5,379.75   |
| Proforma loss for the year                                    | (2,025.62)  | (1,869.90) | (2,837.56) |
| Proforma Earnings per Equity Share (face value of INR 1 each) |             |            |            |
| - Proforma Basic EPS (in INR)                                 | (7.65)      | (7.06)     | (10.99)    |
| - Proforma Diluted EPS (in INR)                               | (7.65)      | (7.06)     | (10.99)    |

While our proforma revenue from operations has increased from Fiscals 2023 to 2025, we have incurred losses and negative cash flows primarily due to significant commission expenses on distribution of financial products, which refer to the commissions paid to Digital Partners by us for the sale and distribution of insurance and financial service products through our platform, as well as employee benefit expenses, primarily towards our operations and sales team who are involved in supporting our Digital Partners and technology team who are involved in building our platform. For further information, see **“Management’s Discussion and Analysis of Financial Position and Results of Operations – Results of Operations on proforma basis”** and **“Management’s Discussion and Analysis of Financial Position and Results of Operations – Liquidity and Capital Resources – Cash Flows on restated basis”** on pages 572 and 567, respectively.

Further, we believe our existing cash and cash equivalents, together with the proceeds from the Offer, will be sufficient to fund our operating and capital expenditure requirements for at least the next 12 months based on the following factors: (i) as of September 30, 2025, we had current assets – financial assets - cash and cash equivalents of ₹1,014.69 million, current assets – financial assets - bank balances other than cash and cash equivalents of ₹800.12 million and current assets – financial assets - other financial assets of ₹56.43 million; (ii) in Fiscal 2025 and the six months period ended September 30, 2025, additions to property, plant and equipment (PPE) was ₹20.12 million and ₹17.08 million, respectively, and additions due to acquisition to other intangible assets on a restated basis was ₹50.00 million and nil, respectively; (iii) our outstanding debt obligations are minimal, and we do not anticipate any significant debt repayments in the next 12 months. As of September 30, 2025, our Company did not have any outstanding borrowings excluding lease liabilities. Our Company has only provided certain performance bank guarantees which are secured against fixed deposits of our Company. In addition, our Subsidiary, TIB, has availed a facility for a working capital demand loan; and (iv) the estimated amount of Gross Proceeds from the Fresh Issue is ₹6,607.22 million. We propose to utilize the Net Proceeds towards: (i) expenditure towards cloud and server related infrastructure of our Company; (ii) salary expenditure towards the technology and product development teams of our Company; (iii) expenditure towards marketing initiatives by our Company; (iv) expenditure towards lease payments for existing properties of our Company and our wholly owned Subsidiary, TIB; (v) investment in our wholly owned Subsidiary, TIB, for funding its working capital requirements; and (vi) funding inorganic growth through unidentified acquisitions and strategic initiatives and general corporate purposes.

Further, while we believe that our existing cash, cash equivalents, and proceeds from the Offer, will be sufficient to meet our working capital and capital expenditures needs for at least the next 12 months, we expect our expenses to increase as our business continues to grow. Therefore, we may not be able to increase our revenue enough to offset the increase in operating expenses. Our ability to achieve profitability will depend on a mix of factors, such as our ability to attract or retain existing ecosystem partners such as Digital Partners, Insurer Partners, customers and other financial service providers, competitive landscape and regulatory changes. We have and expect to continue to expend substantial resources on, among others, developing our technology and distribution platform as well as recruitment of talent and increasing our team of relationship managers that operate in our physical branch offices. These efforts may be more costly than we expect and may not result in increased revenue or growth in our business. Any failure to increase our revenue sufficiently to keep pace with our investments and other expenses could prevent us from achieving or increasing profitability or positive cash flow on a consistent basis. If we are unable to successfully address these risks and challenges or if we are unable to generate adequate revenue growth and manage our expenses and cash flows, we may continue to incur significant losses and negative cash flows in the future and our business, cash flows, financial condition and results of operations could be adversely affected.

2. ***We derive majority of revenue from general insurance companies (contributing 92.46% and 84.38% of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and 88.21%, 79.35% and 71.07% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively), primarily from the sale of motor insurance products. Any loss of relationships with general insurance companies, constraint on sale of general insurance products, particularly motor insurance, offered by them or any inability to diversify our portfolio mix, could have a material adverse effect on our business, prospects, financial condition, results of operations and cash flows.***

We derive a significant portion of our revenue from general insurance companies, primarily arising from the sale of motor insurance products. As of September 30, 2025, we worked with 44 Insurer Partners, including 28 general insurers and 16 life insurers, enabling us to offer a wide selection of retail insurance products to our Digital Partners and their customers. For further information on our Insurer Partners, see “***Our Business – Overview – Our Ecosystem and Offerings - Insurer Partners***” on page 238. Our business is therefore highly dependent on the continued sale and distribution of general insurance products, particularly motor insurance, through our platform. Set out below are details of our revenue contribution by general insurance companies (including motor and health insurance) and life insurance companies on a restated basis for the periods indicated:

| Particulars                 | Six months period ended September 30, |                                 |                       |                                 |
|-----------------------------|---------------------------------------|---------------------------------|-----------------------|---------------------------------|
|                             | 2025                                  |                                 | 2024 <sup>(1)</sup>   |                                 |
|                             | Amount<br>(₹ million)                 | % of revenue from<br>operations | Amount<br>(₹ million) | % of revenue from<br>operations |
| General insurance companies | 4,283.98                              | 92.46%                          | 1,868.56              | 84.38%                          |

The growth in sales of general insurance products, particularly motor insurance, has historically been driven by increasing customer demand for motor vehicles in India. However, there can be no assurance that this trend will continue. Any slowdown in the growth of the motor vehicle market, changes in customer preferences, or adverse changes in government policies could negatively impact the demand for motor insurance products. For example, amendments to the Motor Vehicles Act, 1988, or changes in the regulatory framework governing compulsory third-party liability insurance could reduce the requirement for such insurance or otherwise limit the sale or marketing of these products. Additionally, the premiums for motor third-party insurance are set annually by the Ministry of Road Transport and Highways, Government of India (“**MoRTH**”), based on actual claim payout data, and there is no maximum liability cap for such claims. If the premiums set by MoRTH are insufficient to cover actual claim payouts, or if our Insurer Partners experience significant claims for which they have not adequately reserved, their ability to continue offering motor insurance products on our platform may be adversely affected.

Our reliance on general insurers and motor insurance exposes us to concentration risk. Any regulatory changes, market developments, or operational challenges affecting general insurers could have a disproportionate impact on our business. Furthermore, our current portfolio mix is heavily weighted towards general insurance products, and our ability to diversify our revenue streams by increasing our reliance on life insurance products or other lines of business is subject to various risks and uncertainties, including our ability to attract and retain life insurance partners, develop competitive product offerings, and respond to evolving customer needs.

In Fiscal 2022, one of the general insurance companies with which we conducted business ceased engaging with insurance brokers, including us. Subsequently, in Fiscal 2024, this general insurance company resumed a limited level of business with us. The cessation and subsequent resumption of our relationship with the general insurance company did not have a material impact on our business, operations or results of operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023. Further, we have not faced instances of slowdown in the demand for general insurance products that had an adverse effect on our business and operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023. However, there can be no assurance that such instances will not occur in the future. Any loss of relationships or adverse developments affecting the general insurance sector, including regulatory changes, shifts in customer demand, or unfavorable government policies, could result in lower than expected revenues from these products. This, in turn, could have a material adverse effect on our business, financial condition, results of operations, cash flows, and growth prospects. There can be no assurance that we will be able to successfully diversify our portfolio or reduce our reliance on general insurance companies in a timely manner, if at all. Also, see “- **Our platform depends on our Insurer Partners’ insurance products. We generate majority of our revenues from our top Insurer Partners (our top 10 Insurer Partners in the six months period ended September 30, 2025 contributed to 74.51% and 60.99%, of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and our top 10 Insurer Partners in Fiscal 2025 contributed to 68.98%, 58.57% and 60.21% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively). If we fail to sustain**

*relationships with our Insurer Partners, our business, prospects, financial condition, results of operations and cash flows could be adversely affected” on page 56.*

3. *We derived almost all our revenues from commissions, rewards and fees received from Insurer Partners and other financial service providers in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025 and 2024 (income from distribution of financial products accounted for 98.91% and 95.81% of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and proforma income from distribution of financial products accounted for 97.99%, 90.75% and 29.56% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively). Any reduction in these fee rates may have an adverse effect on our business, financial condition, results of operations and cash flows.*

We generate revenue primarily from commissions, rewards and fees received from our Insurer Partners and other financial service providers. The commission rates and fees are established through mutual agreement between us and our Insurer Partners as well as other financial service providers. Income from distribution of financial products refers to the revenue generated from: (i) commissions and rewards received from Insurer Partners from the sale and renewal of insurance policies by TIB, our Subsidiary, through our platform; (ii) commission income received from asset management companies (through Turtlemint Mutual Funds Distributors Private Limited (“TMF”), our Subsidiary) from the sale and distribution of mutual funds; and (iii) commission and fee income received from other financial service providers from the sale and distribution of other financial products. Set out below are details of our income from distribution of financial products and its percentage of revenue from operations on a restated basis for the periods indicated:

| Particulars                                                                                           | Six months period ended September 30, |                     |
|-------------------------------------------------------------------------------------------------------|---------------------------------------|---------------------|
|                                                                                                       | 2025                                  | 2024 <sup>(1)</sup> |
| Income from distribution of financial products (₹ million) (A)                                        | 4,582.67                              | 2,121.77            |
| Revenue from operations (₹ million) (B)                                                               | 4,633.28                              | 2,214.47            |
| Income from distribution of financial products as a percentage of revenue from operations (%) (C=A/B) | 98.91%                                | 95.81%              |

Note:

<sup>(1)</sup> Six months period ended September 30, 2024 include operations of TIB only from May 8, 2024 to September 30, 2024.

Our income from distribution of financial products significantly increased by 115.98% from ₹2,121.77 million in the six months period ended September 30, 2024 to ₹4,582.67 million in the six months period ended September 30, 2025 primarily on account of consolidation of TIB’s result of operations for the entire period during the six months period ended September 30, 2025 and higher insurance commissions from our Insurer Partners as a result of an increase in our network of Digital Partners.

Set out below are details of our proforma income from distribution of financial products on a proforma basis for the years indicated:

| Particulars                                                                                                                                       | Fiscal   |          |          |
|---------------------------------------------------------------------------------------------------------------------------------------------------|----------|----------|----------|
|                                                                                                                                                   | 2025     | 2024*    | 2023     |
| Proforma revenue from operations – income from distribution of financial products (₹ million) (A)                                                 | 6,861.58 | 5,120.00 | 1,590.09 |
| Proforma revenue from operations (₹ million) (B)                                                                                                  | 7,002.65 | 5,641.68 | 5,379.75 |
| Proforma revenue from operations – income from distribution of financial products as a percentage of proforma revenue from operations (%) (C=A/B) | 97.99%   | 90.75%   | 29.56%   |

Note:

\* We experienced an increase in proforma revenue from income from distribution of financial products in Fiscal 2024 compared to Fiscal 2023 on account of certain regulatory changes resulting in an increase in commissions. For details on the regulatory changes and impact on commissions and marketing fees, see below and “Management’s Discussion and Analysis of Financial Condition and Results of Operations - Key Developments - Regulatory changes affecting the results of operations” on page 533.

According to the Redseer Report, effective Fiscal 2024, IRDAI revised the erstwhile Payment of Commission Regulation from the Payment of Commission or Remuneration or Reward to Insurance Agents and Insurance Intermediaries, 2016 to Insurance Regulatory and Development Authority of India (Payment of Commission) Regulations, 2023. The new regulations, while removing the commission caps, put in place overall limits on expense of management (“EOM”) of the general insurance, health and life insurers. These EOM caps were at 30% of gross written premium (“GWP”) for general insurance, 35% of GWP for standalone health insurers. The revised regulations provide insurers with significantly greater flexibility in expense allocation and have materially altered how they manage their cost structures. Notably, the definition of “commission” has also been expanded to

include any form of compensation - whether termed remuneration, reward, or otherwise - paid by an insurer to an insurance agent or intermediary for soliciting, procuring, or transacting insurance business. According to the IRDAI Annual Report for Fiscal 2024, this shift has led to an approximate 97% increase in commission payouts by general insurers – from ₹201.4 billion in Fiscal 2023 to ₹396.0 billion in Fiscal 2024. Further, as a result, commissions as a share of total expenses (commission plus operating) increased from 26.8% in Fiscal 2023 to 50.6% in Fiscal 2024, indicating a fundamental pivot toward distribution-led growth. (Source: Redseer Report)

As a result of these regulatory changes, our proforma income from distribution of financial products increased by 221.99% from ₹1,590.09 million in Fiscal 2023 to ₹5,120.00 million in Fiscal 2024 and further by 34.02% to ₹6,861.58 million in Fiscal 2025. For details on the regulatory changes and impact on commissions and marketing fees, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations - Key Developments - Regulatory changes affecting the results of operations*” on page 533.

Additionally, insurers are required to adhere to various regulations regarding EOM including robust governance frameworks (Source: Redseer Report). As insurers seek to comply with these EOM regulations, they may reduce commission rates or impose additional restrictions on compensation and allowances paid to distribution partners (Source: Redseer Report). Any such reduction in commission rates or imposition of additional restrictions could adversely affect our business, results of operations, cash flows and financial condition. In particular, these changes may impair our ability to attract and retain Digital Partners and customers, limit our distribution capabilities, and negatively impact our growth prospects.

In the ordinary course of our business, we are subject to periodic adjustments and revisions to the commissions and fees paid to us by our Insurer Partners. These changes may be made unilaterally by our Insurer Partners and can materially impact our revenues. For example, a general insurer reduced their commission rates on select motor insurance product from 32.50% as on August 1, 2023 to 30.00% as on August 1, 2024. Such instances resulted in a reduction in commission payouts to our PoSPs. These adjustments are typically made in response to changes in regulatory requirements, economic and competitive factors, or the Insurer Partners’ own business strategies. There can be no assurance that our Insurer Partners will not further reduce commission rates or alter fee structures in the future.

More recently, the GST Council’s decision, effective September 2025, to exempt individual life and health insurance premiums from the earlier 18% Goods and Services Tax represents a significant structural shift for the sector (Source: Redseer Report). The said amendment has an impact on the availment of GST input tax credit for an insurer resulting in additional cost of doing business. To compensate the losses of benefit of input tax credit, insurers have and may continue to proportionately reduce the commission payouts to be made to the insurance brokers/corporate agents (Source: Redseer Report). As a result, commissions received from our Insurer Partners for life and health insurance products may decline going forward, which could adversely affect our business, financial condition, results of operations, cash flows, margins and growth from these products. Any sustained reduction in commission structures or further pass-through of incremental costs by Insurer Partners could materially and adversely affect our business, financial condition, cash flows and results of operations.

4. ***Our Company acquired Turtlemint Insurance Broking Services Private Limited with effect from May 8, 2024 from one of our Promoters, Dharendra Nalin Mahyavanshi, and accordingly, we do not have a long consolidated operating history through which our overall performance may be evaluated. Further, the Unaudited Proforma Financial Information prepared for this UDRHP-I is presented for illustrative purposes only to illustrate the impact of the TIB Acquisition on our results of operations as if the acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022 and may not accurately reflect our future results of operations.***

Until May 7, 2024, our Company, on a consolidated basis, was only engaged in the business of providing technical support, information technology and business support services, mutual fund distributions, advertising and marketing services. Subsequently, pursuant to the TIB Acquisition with effect from May 8, 2024 and subsequent to the buyback transaction dated September 21, 2024, TIB became a wholly owned subsidiary of our Company, which is engaged in business of direct broking of insurance policies. Accordingly, our Group does not have a long consolidated operating history through which our overall performance may be evaluated given TIB was acquired only in Fiscal 2025. Further, we currently conduct a substantial portion of our operations through TIB, which generates a significant portion of our consolidated revenue from operations. See “- *We rely on our Subsidiary, Turtlemint Insurance Broking Services Private Limited (“TIB”), for our insurance broking business. TIB contributed 97.36% and 111.36%, of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and 96.32%, 89.52% and 29.10% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively. If TIB’s operations do not generate the expected*

*returns or face adverse developments, our business, financial condition, results of operations and cash flows could be negatively impacted*” page 59. For further information in relation to TIB Acquisition, see “*History and Certain Corporate Matters – Details regarding material acquisitions of divestments of business/undertakings, mergers, amalgamation, any revaluation of assets, etc. in 10 years*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Key Developments - Acquisition of our Subsidiary, Turtlemint Insurance Broking Services Private Limited (“TIB Acquisition”)*” pages 283 and 532, respectively.

This UDRHP-I contains the unaudited proforma financial information that consists of the unaudited proforma statements of profit and loss for each of the years ended March 31, 2025, March 31, 2024 and March 31, 2023 and related notes to the unaudited proforma financial information (“**Unaudited Proforma Financial Information**”). The Unaudited Proforma Financial Information has been compiled by the management of the Group to illustrate the impact of the acquisition of Turtlemint Insurance Broking Services Private Limited on proforma basis on the Group’s financial performance for each of the years ended March 31, 2025, March 31, 2024 and March 31, 2023, respectively, as if the aforesaid acquisition had been consummated on April 1, 2024, April 1, 2023 and April 01, 2022, respectively. The Restated Consolidated Financial Information for the six months period ended September 30, 2024 reflect the operations of TIB only from May 8, 2024 to September 30, 2024, while the six months period ended September 30, 2025 reflect the operations of TIB for the entire period.

The Unaudited Proforma Financial Information addresses a hypothetical situation and does not represent our actual financial results of operations and is not indicative of our future financial condition and results of our operations. The adjustments set forth in the Unaudited Proforma Financial Information are based upon available information and assumptions that our management believes to be reasonable. Accordingly, the Unaudited Proforma Financial Information may not be an accurate representation of what our actual results of operations would have been for such periods as they are assumed to have been effected, nor are these intended to be indicative of expected results or operations in the future periods. As the Unaudited Proforma Financial Information has been prepared for illustrative purposes only, by its nature, it may not give an accurate picture of the actual results of operations that would have occurred had such transactions by us been effected on the date they are assumed to have been effected and is not intended to be indicative of our future financial performance. Further, the Unaudited Proforma Financial Information may not reflect any adjustments to results of operations of our Company as a result of any corporate restructuring undertaken or proposed to be initiated following March 31, 2025. Moreover, there can be no assurance that our future performance will be consistent with the past financial performance included elsewhere in this UDRHP-I, and the degree of reliance placed by investors on our Unaudited Proforma Financial Information should be limited. If the various assumptions underlying the preparation of the Unaudited Proforma Financial Information do not come to pass, our actual results could be materially different from those indicated in the Unaudited Proforma Financial Information. For further details, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Basis of Preparation*” on page 570.

The Unaudited Proforma Financial Information has not been prepared in accordance with generally accepted accounting principles including accounting standards and accordingly should not be relied upon as if it had been prepared in accordance with those principles and standards. Accordingly, the degree of reliance placed by anyone on such Unaudited Proforma Financial Information should be limited. Further, the Unaudited Proforma Financial Information has not been prepared in accordance with accounting or other standards and practices generally accepted in jurisdictions other than India, such as Regulation S-X in connection with an offering under the U.S. Securities Act of 1933, as amended, and consequently do not comply with the United States Securities and Exchange Commission’s rules or requirements of other jurisdictions on presentation of the proforma financial information, and accordingly should not be relied upon as if they had been prepared in accordance with those standards and practices of any other jurisdiction. Further, the rules and regulations related to the preparation of proforma financial information in other jurisdictions may vary significantly from the basis of preparation as set out in the Unaudited Proforma Financial Information included in this document. Therefore, the Unaudited Proforma Financial Information should not be relied upon as if it has been prepared in accordance with those standards and practices. If the various assumptions underlying the preparation of the Unaudited Proforma Financial Information do not come to pass, our actual results could be materially different from those indicated in the Unaudited Proforma Financial Information.

Accordingly, the Unaudited Proforma Financial Information included in this UDRHP-I is not intended to be indicative of expected results or operations in the future periods or the future financial position of our Company or a substitute for our past results, and the degree of reliance placed by investors on our Unaudited Proforma Financial Information should be limited. Also, see “- *Our Statutory Auditor’s examination report on Restated Consolidated Financial Information discloses modifications included in audit report and annexures to auditors report on our financial statements as at and for the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023 which do not require any corrective adjustments in our Restated Consolidated Financial Information. Further, the compilation report on our Unaudited Proforma Financial Information discloses certain emphasis on matters*” on page 76.

5. *We depend heavily on our Digital Partners and incur significant costs in recruiting, activating, managing and retaining them. Cost of acquiring and retaining Digital Partners accounted for 76.58% and 62.51% of our total expenses in the six months period ended September 30, 2025 and September 30, 2024, respectively, and 69.98%, 66.61% and 69.59% of our proforma total expenses in Fiscals 2025, 2024 and 2023, respectively. Attracting, managing and retaining Digital Partners is critical to our business, and failure to do so in a cost-effective way may have an adverse effect on our business, prospects, financial condition, results of operations and cash flows.*

Our success significantly depends on our ability to maintain and increase our network of Digital Partners, which includes point of sale person (“PoSP”), on our platform. Digital Partners are central to our business model, acting as trusted advisors who bridge the gap between customers, Insurer Partners and other financial service providers. For further information, see “*Our Business – Overview – Our Ecosystem and Offerings - Digital Partners*” on page 233. We depend on our Digital Partners for distributing various financial products and undertaking marketing services, for which we remunerate them in the form of commission payouts and marketing services fees. The commission rates are determined through commercial negotiations with Digital Partners and may include base rates as well as campaign-based incentives. We incur substantial costs associated with the recruitment, activation, management and retention of Digital Partners. These costs primarily include commission payments, marketing service fees, referral fees paid to Digital Partners, and salaries for our frontline employees who are responsible for recruiting, onboarding and enhancing the productivity of our Digital Partners. The following table sets forth the number of Digital Partners and Cost of acquiring and retaining Digital Partners as of and for the periods indicated:

| Particulars                                                                                          | As of and for the six months period ended September 30, |                     |
|------------------------------------------------------------------------------------------------------|---------------------------------------------------------|---------------------|
|                                                                                                      | 2025                                                    | 2024 <sup>(3)</sup> |

Notes:

- (1) Number of Digital Partners refers to any user who has registered on our TurtlemintPro platform to distribute insurance and other financial products and completed KYC having provided us with their phone number, name and permanent account number. Digital Partners also include PoSPs who have completed the mandatory training, enabling them to obtain the requisite certification to distribute insurance products in accordance with applicable IRDAI regulations, including the PoSP Regulations.
- (2) Cost of acquiring and retaining Digital Partners refer to commission payments, marketing service fees, referral fees paid to Digital Partners, and salaries for our frontline employees (including contracted staff) who are involved in recruiting and managing our Digital Partners.
- (3) Six months period ended September 30, 2024 include operations of TIB only from May 8, 2024 to September 30, 2024.

The following table sets forth the number of Digital Partners and Cost of acquiring and retaining Digital Partners as of and for the years indicated:

| Particulars                                                                                                   | As of and for the financial year ended March 31, |          |          |
|---------------------------------------------------------------------------------------------------------------|--------------------------------------------------|----------|----------|
|                                                                                                               | 2025                                             | 2024     | 2023     |
| Number of Digital Partners <sup>(1)</sup>                                                                     | 543,972                                          | 444,794  | 376,618  |
| Cost of acquiring and retaining Digital Partners <sup>(2)</sup> (₹ million) (A)                               | 6,512.98                                         | 5,265.97 | 5,988.91 |
| Proforma total expenses (₹ million) (B)                                                                       | 9,307.50                                         | 7,906.15 | 8,606.60 |
| Cost of acquiring and retaining Digital Partners as a percentage of proforma total expenses (%) (C = A/B*100) | 69.98%                                           | 66.61%   | 69.59%   |

Note:

- (1) Number of Digital Partners refers to any user who has registered on our TurtlemintPro platform to distribute insurance and other financial products and completed KYC having provided us with their phone number, name and permanent account number. Digital Partners also include PoSPs who have completed the mandatory training, enabling them to obtain the requisite certification to distribute insurance products in accordance with applicable IRDAI regulations, including the PoSP Regulations.
- (2) Cost of acquiring and retaining Digital Partners refer to commission payments, marketing service fees, referral fees paid to Digital Partners, and salaries for our frontline employees (including contracted staff) who are involved in recruiting and managing our Digital Partners.

While our PoSPs are contractually required to work exclusively with us and are registered through regular regulatory reporting by TIB to the IRDAI, there are regulatory mechanisms that allow PoSPs to disengage from us. Pursuant to the IRDAI Circular on PoS Database dated April 13, 2017, and as further clarified by Circular No: IRDAI/INT/MISC/CIR/113/6/2022 dated June 6, 2022, PoSPs have the ability to initiate self-deactivation from their current principal through the IIB's ENVOY portal. This process involves OTP-based verification on the PoSP's registered mobile number and allows for self-deactivation in compliance with applicable regulations, either after a thirty-day waiting period or upon receiving consent from the insurer or intermediary, whichever is earlier. As a result, there is a risk that PoSPs may choose to disengage from us, either to join other competitors or for other reasons. Set out below are details of the number of deactivated PoSPs for the periods/ years indicated:

| Particulars                 | Six months period ended<br>September 30, |       | Fiscal |       |       |
|-----------------------------|------------------------------------------|-------|--------|-------|-------|
|                             | 2025                                     | 2024  | 2025   | 2024  | 2023  |
| Number of deactivated PoSPs | 2,319                                    | 1,878 | 3,845  | 7,754 | 7,813 |

However, none of these instances of PoSPs deactivation in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, individually or collectively, adversely affected our business and operations. If a significant number of PoSPs were to disengage, or if we are unable to retain or replace PoSPs in a timely manner, our ability to distribute insurance products and maintain our market position could be adversely affected. Additionally, any changes in the regulatory framework that further facilitate PoSP mobility could increase this risk. For further information, see “- ***We operate in an emerging and dynamic industry, which makes it difficult to predict our future prospects and there can be no guarantee that our current or future strategies will be successfully implemented or that we will continue to grow or generate profits, which could adversely affect our business, reputation, financial condition, results of operations and cash flows***” on page 80.

Our ability to attract and retain Digital Partners depends on a number of factors, which, among other things, include: (i) the timely and competitive payment of commissions and other incentives; (ii) diverse selection of insurance and other financial products; (iii) our ability to provide comprehensive training and assistance and equip with tools to serve customers; and (iv) our capacity to increase wallet share by deepening relationships with Digital Partners and encouraging them to offer a broader range of our products and services to their customers. While, in the ordinary course of business, certain Digital Partners may become less active on our platform over time, these instances have not had a material and adverse impact on our business, results of operations and financial conditions in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023. For further information on retention rate of Digital Partners, see “***Our Business – Our Strengths - Consistently strong earnings and high Digital Partner retention drive favourable unit economics and operating leverage***” on page 252.

We may not be able to hire or retain our Digital Partners at compensation levels consistent with our existing commission payout structure. Moreover, Digital Partners' payout structures are highly competitive, which may adversely impact our business performance and our inability to offer higher payouts could hinder our ability to attract and retain Digital Partners, affecting growth and market share. While we have not experienced any shortage of Digital Partners that adversely affected our business, results of operations or financial condition in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there is no assurance that we will not face any such supply shortages, or we will be able to find alternatives, which could have an adverse effect on our business, results of operations and financial condition. Further, we do not have exclusive arrangements with Digital Partners other than PoSPs. We also compete with other similar online platforms to attract and retain such Digital Partners. Moreover, our Digital Partners may be associated with competitors where they may be soliciting using other codes, through their family members, potentially impacting our market position. If we fail to attract or retain such Digital Partners or our relationship with such Digital Partners deteriorate, we may be unable to distribute our Insurer Partners' products in a timely manner, in desired markets or to our target consumers or at all, which could have an adverse effect on our business, financial condition, results of operations, cash flows and prospects. Moreover, while we have not faced any instances of protests, strikes, unrest or complaints by our Digital Partners in the six months period ended September 30, 2025 and none Fiscals 2025, 2024 and 2023 that led to an adverse affect on our business and operations, there can be no assurance that such instances will not arise in the future.

6. *Our revenue from operations have experienced significant changes due to certain regulatory developments and the acquisition of TIB, which has and may continue to affect the comparability of our past and future financial performance. Income from marketing fees constituted 53.62% and 88.05% of our revenue from operations in Fiscals 2024 and 2023, respectively, however, it ceased to be a major source of revenue in Fiscal 2025 and the six months period ended September 30, 2025 and September 30, 2024 following certain regulatory developments in Fiscal 2024, which resulted in changes in terms of engagement with Insurer Partners. Conversely, following the TIB Acquisition in Fiscal 2025 (after which it became our Subsidiary), income from distribution of financial products, which constituted 8.83% and 0.58% of our revenue from operations in Fiscals 2024 and 2023, respectively, increased significantly to 97.63%, 98.91% and 95.81% of our revenue from operations in Fiscal 2025 and the six months period ended September 30, 2025 and September 30, 2024, respectively.*

Our revenue from operations has experienced significant changes due to: (a) changes in terms of engagement with Insurer Partners following certain regulatory developments, such as the IRDAI revising the erstwhile Payment of Commission Regulation from the Payment of Commission or Renumeration or Reward to Insurance Agents and Insurance Intermediaries, 2016 to Insurance Regulatory and Development Authority of India (Payment of Commission) Regulations, 2023, with effect from Fiscal 2024, which, amongst others, resulted in a significant reduction in marketing spend by insurance companies. For details on the regulatory changes and impact on commissions and marketing fees, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations - Key Developments - Regulatory changes affecting the results of operations*” on page 533; and (b) our acquisition of TIB on May 8, 2024, after which TIB became our Subsidiary and the subsequent buyback transaction by way of an offer letter dated September 21, 2024, which resulted in TIB becoming a wholly owned subsidiary of our Company. For further details, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations - Key Developments - Acquisition of our Subsidiary, Turtlemint Insurance Broking Services Private Limited (“TIB Acquisition”)*” on page 532. Both of these instances have materially affected, and may continue to affect, the comparability of our financial performance across periods.

*Regulatory changes resulting in income from marketing fees ceasing to be a major source of our revenue from operations:* Prior to the TIB Acquisition in Fiscal 2025, until May 7, 2024, our Company, on a consolidated basis, was engaged in the business of providing technical support, information technology and business support services, mutual fund distributions, advertising and marketing services. Income from marketing fees (which refers to the revenue generated from online marketing, advertising and other related services we provided to our Insurer Partners) constituted majority of our revenue from operations in Fiscals 2024 and 2023. Subsequently, on account of certain regulatory changes, which resulted in changes in terms of engagement with Insurer Partners, the marketing spend by Insurer Partners significantly decreased, and as a result, our income from marketing fees decreased by 88.60% from ₹3,697.49 million in Fiscal 2023 to ₹421.66 million in Fiscal 2024 and further to ₹0.00 million in Fiscal 2025, and from ₹0.00 million in the six months period ended September 30, 2024 to nil in the six months period ended September 30, 2025. As a result, income from marketing fees ceased to be a significant source of our revenue from operations in Fiscal 2025 and the six months period ended September 30, 2025 and September 30, 2024. Also, see “- *We earned nil/minimal income from marketing fees in the six months period ended September 30, 2025 and September 30, 2024 and Fiscal 2025, and income from marketing fees as a percentage of proforma revenue from operations declined from 66.41% in Fiscal 2023 to 7.13% in Fiscal 2024, which led to an adverse affect on our business, financial condition, results of operations and cash flows. Further, we experienced a significant decrease in our revenue from operations by 81.27% from ₹4,199.17 million in Fiscal 2023 to ₹786.42 million in Fiscal 2024 primarily due to the decrease in income from marketing fees*” on page 53.

*TIB Acquisition resulting in income from distribution of financial products becoming a major source of our revenue from operations:* Conversely, prior to the acquisition of TIB, income from distribution of financial products was not a major source of revenue in Fiscals 2023 and 2024. However, following the TIB Acquisition effective May 8, 2024 and subsequent to the buyback transaction dated September 21, 2024, TIB became a wholly owned subsidiary of our Company. Income from distribution of financial products refers to the revenue generated from: (i) commissions and rewards received from Insurer Partners from the sale and renewal of insurance policies by TIB, our Subsidiary, through our platform; (ii) commission income received from asset management companies (through Turtlemint Mutual Funds Distributors Private Limited (“TMF”), our Subsidiary) from the sale and distribution of mutual funds; and (iii) commission and fee income received from other financial service providers from the sale and distribution of other financial products. Accordingly, our future financial performance will increasingly depend on our ability to sustain and grow income from distribution of financial products, which is driven by the commissions, rewards and fees received from our Insurer Partners and other financial service providers. For further information, see “- *We derived almost all our revenues from commissions, rewards and fees received from Insurer Partners and other financial service providers in the six months period ended*

**September 30, 2025 and September 30, 2024, and Fiscals 2025 and 2024 (income from distribution of financial products accounted for 98.91% and 95.81% of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and proforma income from distribution of financial products accounted for 97.99%, 90.75% and 29.56% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively). Any reduction in these fee rates may have an adverse effect on our business, financial condition, results of operations and cash flows” on page 47.**

Set out below are details of our income from marketing fees and revenue from operations on a restated basis for the periods/ years indicated:

| Particulars                                                                                    | Six months period ended<br>September 30, |                     | Fiscal              |                     |                     |
|------------------------------------------------------------------------------------------------|------------------------------------------|---------------------|---------------------|---------------------|---------------------|
|                                                                                                | 2025                                     | 2024 <sup>(1)</sup> | 2025 <sup>(1)</sup> | 2024 <sup>(1)</sup> | 2023 <sup>(1)</sup> |
| Income from marketing fees (₹ million) (A)                                                     | -                                        | ^                   | ^                   | 421.66              | 3,697.49            |
| Income from distribution of financial products (₹ million) (B)                                 | 4,582.67                                 | 2,121.77            | 6,469.75            | 69.46               | 24.45               |
| Revenue from operations (₹ million) (C)                                                        | 4,633.28                                 | 2,214.47            | 6,627.12            | 786.42              | 4,199.17            |
| Income from marketing fees as a % of revenue from operations (%) (D = A/C)                     | -                                        | NA                  | NA                  | 53.62%              | 88.05%              |
| Income from distribution of financial products as a % of revenue from operations (%) (E = B/C) | 98.91%                                   | 95.81%              | 97.63%              | 8.83%               | 0.58%               |

Note:

(1) Fiscals 2024 and 2023 do not include the operations of TIB, which was acquired only with effect from May 8, 2024. Fiscal 2025 and the six months period ended September 30, 2024 include operations of TIB only from May 8, 2024.

^ Amount below rounding off convention.

These changes in our revenue mix, driven by both external regulatory factors and the acquisition of TIB, affect the comparability of our historical financial information. As a result, our results of operations and financial condition as of and for the financial year ended March 31, 2025 on a restated basis are not comparable to our results of operations and financial condition as of and for the financial years ended March 31, 2024 and March 31, 2023 on a restated basis. Similarly, our results of operations and financial condition as of and for the six months period ended September 30, 2025 on a restated basis are not comparable to our results of operations and financial condition as of and for the six months period ended September 30, 2024 on a restated basis.

7. ***We earned nil/minimal income from marketing fees in the six months period ended September 30, 2025 and September 30, 2024 and Fiscal 2025, and income from marketing fees as a percentage of proforma revenue from operations declined from 66.41% in Fiscal 2023 to 7.13% in Fiscal 2024, which led to an adverse affect on our business, financial condition, results of operations and cash flows. Further, we experienced a significant decrease in our revenue from operations by 81.27% from ₹4,199.17 million in Fiscal 2023 to ₹786.42 million in Fiscal 2024 primarily due to the decrease in income from marketing fees.***

According to the Redseer Report, effective Fiscal 2024, IRDAI revised the erstwhile Payment of Commission Regulation from the Payment of Commission or Remuneration or Reward to Insurance Agents and Insurance Intermediaries, 2016 to Insurance Regulatory and Development Authority of India (Payment of Commission) Regulations, 2023. The new regulations, while removing the commission caps, put in place overall limits on EOM of the general insurance, health and life insurers. The revised regulations provide insurers with significantly greater flexibility in expense allocation and have materially altered how they manage their cost structures. This also resulted in insurers scaling back their spends on marketing spends. Insurers have scaled back their operating expenses, which declined by approximately 30% during the same period. As a consequence of such a change, the extent of marketing services that insurtech firms could provide to the insurance companies also underwent material changes. (Source: Redseer Report). As a result of these regulatory changes implemented by the IRDAI, our income from marketing fees significantly declined in Fiscals 2024 and 2025 and in the six months period ended September 30, 2024 and September 30, 2025. Set out below are details of our proforma income from marketing fees on a proforma basis for the years indicated:

| Particulars                                                                                  | Fiscal   |          |          |
|----------------------------------------------------------------------------------------------|----------|----------|----------|
|                                                                                              | 2025     | 2024     | 2023     |
| Proforma income from marketing fees (₹ million) (A)                                          | ^        | 402.32   | 3,572.67 |
| Proforma revenue from operations (₹ million) (B)                                             | 7,002.65 | 5,641.68 | 5,379.75 |
| Proforma income from marketing fees as a % of proforma revenue from operations (%) (C = A/B) | NA       | 7.13%    | 66.41%   |

Note:

^ Amount below rounding off convention. For details on the regulatory changes and impact on commissions and marketing fees, see “Management’s Discussion and Analysis of Financial Condition and Results of Operations - Key Developments - Regulatory changes affecting the results of operations” on page 533.

Moreover, as a result of these regulatory changes and significant reduction in marketing spend by insurance companies, our income from marketing fees decreased by 88.60% from ₹3,697.49 million in Fiscal 2023 to ₹421.66 million in Fiscal 2024. This, in turn, significantly decreased our revenue from operations by 81.27% from ₹4,199.17 million in Fiscal 2023 to ₹786.42 million in Fiscal 2024. Subsequently, income from marketing fees decreased to ₹0.00^ million in Fiscal 2025 and nil in the six months period ended September 30, 2025. As a result, income from marketing fees ceased to be a significant source of our revenue from operations in Fiscal 2025 and the six months period ended September 30, 2025. Set out below are details of our income from marketing fees and revenue from operations on a restated basis for the periods/ years indicated:

| Particulars                                                                | Six months period ended<br>September 30, |                     |                     | Fiscal              |                     |
|----------------------------------------------------------------------------|------------------------------------------|---------------------|---------------------|---------------------|---------------------|
|                                                                            | 2025                                     | 2024 <sup>(1)</sup> | 2025 <sup>(1)</sup> | 2024 <sup>(1)</sup> | 2023 <sup>(1)</sup> |

| Revenue from operations (₹ million) (B)                                    | 4,633.28                                 | 2,214.47            | 6,627.12            | 786.42              | 4,199.17            |
| Income from marketing fees as a % of revenue from operations (%) (C = A/B) | -                                        | NA                  | NA                  | 53.62%              | 88.05%              |

Note:

^ Amount below rounding off convention. For details on the regulatory changes and impact on commissions and marketing fees, see “Management’s Discussion and Analysis of Financial Condition and Results of Operations - Key Developments - Regulatory changes affecting the results of operations” on page 533.

<sup>(1)</sup> Fiscals 2024 and 2023 do not include the operations of TIB, which was acquired only with effect from May 8, 2024. Fiscal 2025 and the six months period ended September 30, 2024 include operations of TIB only from May 8, 2024.

Also, see “- Our revenue from operations have experienced significant changes due to certain regulatory developments and the acquisition of TIB, which has and may continue to affect the comparability of our past and future financial performance. Income from marketing fees constituted 53.62% and 88.05% of our revenue from operations in Fiscals 2024 and 2023, respectively, however, it ceased to be a major source of revenue in Fiscal 2025 and the six months period ended September 30, 2025 and September 30, 2024 following certain regulatory developments in Fiscal 2024, which resulted in changes in terms of engagement with Insurer Partners. Conversely, following the TIB Acquisition in Fiscal 2025 (after which it became our Subsidiary), income from distribution of financial products, which constituted 8.83% and 0.58% of our revenue from operations in Fiscals 2024 and 2023, respectively, increased significantly to 97.63%, 98.91% and 95.81% of our revenue from operations in Fiscal 2025 and the six months period ended September 30, 2025 and September 30, 2024, respectively.” on page 52.

8. ***We have in the past entered into related party transactions and will continue to do so in the future and we cannot assure you that we could not have achieved more favorable terms if such transactions had not been entered into with related parties.***

We have in the past entered into, and will continue to enter into, transactions with related parties in the future. The related party transactions have been conducted on an arm’s length basis in compliance with applicable laws and accounting standards, including the Companies Act and other applicable regulations pertaining to the evaluation and approval of such transactions, and we cannot assure you that we could not have achieved more favourable terms had such transactions been entered into with unrelated parties. While all related party transactions that we may enter into post-listing will be subject to Board or Shareholder approval, as necessary under the Companies Act and the SEBI Listing Regulations, we cannot assure you that such future transactions, individually or in the aggregate, will not have an adverse effect on our business, financial condition, cash flows and results of operations or that we could not have achieved more favourable terms if such future transactions had not been entered into with related parties. Further, any future transactions with our related parties could potentially involve conflicts of interest which may be detrimental to our Company. There can be no assurance that our Directors and executive officers will be able to address such conflicts of interests or others in the future. For further details of our related party transactions, see “**Summary of the Offer Document – Summary of Related Party Transactions**” and “**Financial Information - Related Party Transactions**” on page 24 and 367, respectively.

9. ***Our success depends significantly upon our Promoters, Key Managerial Personnel, Senior Management and certain other employees and our inability to attract, train and retain such persons could harm our ability to maintain and grow our business and given our employee benefits expense accounted for 26.45% and 47.67%, of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and proforma employee benefits expense accounted for 33.63%, 49.67%, and 48.99% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively, any significant increase in our employee benefits expense could adverse our financial condition, results of operations and cash flows.***

Our ability to sustain our rate of growth depends upon our ability to select and retain as well as the continued services of our management team, particularly our Promoters, KMPs, Senior Management and other members of senior management. Hiring and retaining qualified and skilled employees is critical to the future of our business. Our inability to attract and retain talented professionals, or the resignation or loss of our KMPs, Senior Management and other key personnel may have an adverse impact on our business, reputation and future financial performance. For example, in Fiscal 2025, Shanil Verma, our former chief human resources officer resigned from our Company and concluded his employment effective September 20, 2024. There can be no assurance that such instances will not occur in the future which may cause adverse effect on business and operations.

Set out below are details of our attrition for KMPs, Senior Management and permanent employees for the periods/ years indicated:

| Particulars                                                                         | Six months period ended<br>September 30, |        | Fiscal |        |        |
|-------------------------------------------------------------------------------------|------------------------------------------|--------|--------|--------|--------|
|                                                                                     | 2025                                     | 2024   | 2025   | 2024   | 2023   |
| Total number of KMPs                                                                | 4                                        | 3      | 3      | 3      | 3      |
| Attrition rate <sup>(1)</sup> of KMPs (%)                                           | Nil                                      | Nil    | Nil    | Nil    | Nil    |
| Total number of members of Senior Management (other than KMPs)                      | 4                                        | 4      | 4      | 4      | 4      |
| Attrition rate <sup>(1)</sup> of members of Senior Management (other than KMPs) (%) | Nil                                      | Nil    | Nil    | Nil    | Nil    |
| Total number of permanent employees                                                 | 2,331                                    | 2,211  | 2,338  | 2,359  | 2,759  |
| Attrition rate <sup>(1)</sup> of permanent employees (%)                            | 17.86%                                   | 26.70% | 38.54% | 48.50% | 41.67% |

Note:

1. Attrition rate is calculated as the number of employees that resigned during the Fiscal/ period divided by the average number of employees during the Fiscal/ period. The average number of employees is computed as the average number of employees at the beginning and end of the Fiscal/ period.

The attrition rate for our permanent employees during Fiscals 2023, 2024 and 2025, and the six months period ended September 30, 2025 and September 30, 2024 was primarily due to the competition for experienced talent in the technology sector, higher turnover within our sales organization and increased demand for specialized digital skills. To attract and retain employees, we have implemented market-competitive compensation, awards and incentive schemes (including ESOPs), variable pay, sales incentives, career development programs and flexible work arrangements. We have also implemented a range of policies covering leave, employee referral, and other employee benefits. In addition, we invest in the continuous learning and development of our employees through training programs designed to enhance both technical and soft skills, tailored to the functions and responsibilities of each role. Moreover, we continuously monitor attrition and adjust our human capital strategies to support growth and drive productivity.

We face intense competition for qualified personnel with relevant expertise in insurance, mutual fund, sales and marketing and information technology in India and no assurance can be given that we will be successful in hiring or retaining appropriately qualified people. If we cannot hire or retain appropriately qualified people, our ability to expand our business could be impaired and our revenue could decline. Further, recruiting new employees who require training tailored to our business and business operations, as well as providing training to our existing employees on our internal policies, procedures, controls and risk management frameworks, could be costly, in terms of time, money and resources. Further, certain personnel of our Subsidiary, TIB are required to have undergone requisite training and passed certain examinations as specified by the IRDAI under the Insurance Brokers Regulations. In addition, we may be required to increase our levels of employee compensation more rapidly than in the past in order to remain competitive in retaining existing employees or attracting new employees that our business requires. Set out below are details of our employee benefits expenses and employee benefits expenses as a percentage of revenue from operations on a restated basis for the periods indicated:

| Particulars                                                                   | Six months period ended September 30, |                     |
|-------------------------------------------------------------------------------|---------------------------------------|---------------------|
|                                                                               | 2025                                  | 2024 <sup>(1)</sup> |
| Employee benefits expense (₹ million) (A)                                     | 1,225.48                              | 1,055.72            |
| Revenue from operations (₹ million) (B)                                       | 4,633.28                              | 2,214.47            |
| Employee benefits expense as a % of revenue from operations (%) (C = A/B*100) | 26.45%                                | 47.67%              |

Note:

(1) Six months period ended September 30, 2024 include operations of TIB only from May 8, 2024 to September 30, 2024.

Set out below are details of our employee benefits expenses on a proforma basis for the years indicated:

| Particulars                                                                                     | Fiscal   |          |          |
|-------------------------------------------------------------------------------------------------|----------|----------|----------|
|                                                                                                 | 2025     | 2024     | 2023     |
| Proforma employee benefits expense (₹ million) (A)                                              | 2,354.69 | 2,802.22 | 2,635.72 |
| Proforma revenue from operations (₹ million) (B)                                                | 7,002.65 | 5,641.68 | 5,379.75 |
| Proforma employee benefits expense as a % of proforma revenue from operations (%) (C = A/B*100) | 33.63%   | 49.67%   | 48.99%   |

If we fail to retain our employees, we could incur significant expenses in hiring and training new employees, and our ability to serve customers and Insurer Partners could diminish, resulting in an adverse effect to our business.

**10. Our growth depends on broader adoption of internet and mobile applications as an effective platform for disseminating insurance products and content.**

According to the Redseer Report, India's insurance sector is undergoing a major transformation, driven by digital innovation, broader distribution channels, and strategic partnerships across industries. These changes are helping insurers reach new customer segments, improve conversions, and fundamentally reshape how insurance products are marketed, sold, and serviced. India's insurance sector has undergone a significant digital transformation, steadily evolving from foundational IT systems with limited services in the early 2000s to fully integrated digital ecosystems today with the help of government backed initiatives such as Aadhaar-based e-KYC, e-signatures, and UPI-powered payments increasing accessibility. These digital tools have not only simplified customer onboarding but have also made policy issuance almost entirely paperless – greatly improving accessibility and streamlining both acquisition and servicing processes across the insurance value chain. (Source: Redseer Report)

However, certain market participants and a significant number of Digital Partners and customers remain relatively new to engaging with insurance products and content online, and some may be reluctant about using online platforms. For instance, Digital Partners and customers may question the reliability of online sources of insurance information, while certain insurers may have concerns about the security, accuracy or suitability of online platforms for risk assessment and risk management. Others may view digital channels as less effective for marketing or delivering products and services, particularly to targeted customers in lower-tier cities or rural areas. If we are unsuccessful in demonstrating to customers, Digital Partners and insurers the value of our platform and our Insurer Partners' offerings, our ability to grow could be constrained, and our business, financial condition, prospects and cash flows could be materially and adversely affected. In addition, the pace at which online and mobile channels gain acceptance for insurance distribution and content is influenced by factors outside our control, including negative media coverage and restrictive regulatory actions. If internet and mobile networks fail to achieve sufficient market acceptance for these purposes, our growth prospects, business results of operations, financial condition and cash flows could be adversely affected.

**11. Our platform depends on our Insurer Partners' insurance products. We generate majority of our revenues from our top Insurer Partners (our top 10 Insurer Partners in the six months period ended September 30, 2025 contributed to 74.51% and 60.99%, of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and our top 10 Insurer Partners in Fiscal 2025 contributed to 68.98%, 58.57% and 60.21% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively). If we fail to sustain relationships with our Insurer Partners, our business, prospects, financial condition, results of operations and cash flows could be adversely affected.**

The ability to continue to maintain and grow our business with existing Insurer Partners and attract new Insurer Partners on terms that are commercially reasonable and cost-effective is critical to our continued growth and competitiveness. If we are unable to attract new Insurer Partners, or if the costs associated with acquiring and onboarding such partners increase significantly, our ability to expand our product offerings and reach new

customer segments may be adversely affected. Set out below is the contribution of Platform Premium from our top 3, top 5 and top 10 Insurer Partners in terms of premium underwritten for the periods/ years indicated:

| Particulars*            | Six months period ended September 30, |                                    |                       |                                    | Fiscal                |                                    |                       |                                    |                       |                                    |

Notes:

\*The names of few Insurer Partners are not being disclosed due to non-receipt of consent from them.

\*\*The top 10 Insurer Partners refers to the top 10 Insurer Partners in terms of proforma revenue from operations in Fiscal 2025.

Although we continue to seek to diversify our partners, there is no guarantee that the concentration of premium and revenues from our top 10 Insurer Partners will decrease or increase in the future. We do not have exclusive arrangements with our Insurer Partners, and they may have similar or more favourable arrangements with our competitors. Our agreements with Insurer Partners typically range from three to 10 years. These agreements can be terminated by either parties, subject to providing notice as specified under such agreements, for various reasons such as material breach of terms of the agreement and failure to cure the same within the cure period, breach of representations and warranties, default in performance of agreement, or cancellation of registration granted by regulatory authorities, amongst others. If our Insurer Partners become dissatisfied with our services or find us ineffective in enhancing their profitability, they may choose to terminate their relationships with us and collaborate with our competitors instead. In each of our key product categories, i.e., health, life and motor insurance, we depend to a certain extent on a few Insurer Partners to offer their respective insurance products on our platform. Given that we are dependent on a few Insurer Partners and do not have exclusive agreements with such Insurer Partners, any market volatility and decrease in the premium generated with respect to their insurance products could have a material adverse effect on our costs and our ability to effectively manage our margins.

Further, our Insurer Partners may develop their own online technology capabilities, which could pose a challenge to maintaining our relationship with them on commercially favourable terms. Additionally, we and our Insurer Partners must adhere to various covenants outlined in the agreements entered between us and them. For instance, our agreements with Insurer Partners typically require us to, amongst others, assist the insurers by collaborating with designated payment gateway service providers to ensure timely remission of premium for customer payments. Our agreements with insurance partners are also governed with various regulations such as the Insurance Brokers Regulations and Insurance Web Aggregators Regulation 2017. These regulations establish broad requirements regarding product display, accuracy of information, and comparability on the website. The product information we display is based solely on data from Insurer Partners as specified in our contracts, which are governed by the aforementioned regulations. Failure to comply with these terms could result in the termination of these agreements, adversely affecting our business, revenue, and operational results. Further, if our Insurer Partners fail to meet their obligations or become insolvent, it could harm our reputation and operational outcomes, as our Digital Partners and customers may lose trust in our platform. While we have not faced any instances of termination of agreements or loss of relationships with our top 10 Insurer Partners in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that these instances will not occur in the future.

In addition, our Insurer Partners may also become our competitors in the distribution of insurance products. Some insurers currently do not offer their products through our platform, and there is no assurance that our existing insurance partners will continue to make their products available to us in the future. If insurers choose to withhold products, limit our access, or terminate their relationships with us, our ability to offer a comprehensive suite of insurance solutions could be adversely affected, which could adversely affect our business and operations.

12. ***We rely on our Subsidiary, Turtlemint Insurance Broking Services Private Limited (“TIB”), for our insurance broking business. TIB contributed 97.36% and 111.36%, of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and 96.32%, 89.52% and 29.10% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively. If TIB’s operations do not generate the expected returns or face adverse developments, our business, financial condition, results of operations and cash flows could be negatively impacted.***

We conduct the business of direct broking of insurance policies through our Subsidiary, TIB, which we acquired with effect from May 8, 2024, and accordingly, majority of our revenue in the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025 and 2024 consisted of revenue generated from TIB in the form of commissions and rewards received from Insurer Partners from the sale and renewal of insurance policies by TIB through our platform. See “- ***Our Subsidiaries, Turtlemint Insurance Broking Services Private Limited (“TIB”) and Turtlemint Mutual Funds Distributors Private Limited (“TMF”) have incurred losses in the past. These losses may continue in future, which could adversely affect our financial condition and results of operations***” page 60. The following table sets forth certain financial information related to TIB and its percentage of revenue from operations on a restated basis for the periods indicated:

| Particulars                                                                                                                                  | Six months period ended<br>September 30, |          |
|----------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------|----------|
|                                                                                                                                              | 2025                                     | 2024     |
| Turtlemint Insurance Broking Services Private Limited - Revenue from operations (₹ million) (A)                                              | 4,510.99                                 | 2,465.99 |
| Revenue from operations <sup>(1)</sup> (₹ million) (B)                                                                                       | 4,633.28                                 | 2,214.47 |
| Turtlemint Insurance Broking Services Private Limited - Revenue from operations as a percentage of revenue from operations (%) (C = A/B*100) | 97.36%                                   | 111.36%  |
| Turtlemint Insurance Broking Services Private Limited - Profit/ (loss) before tax (₹ million)                                                | (86.21)                                  | (322.25) |

Notes:

<sup>(1)</sup> Revenue from operations for the six months period ended September 30, 2024 include operations of TIB only from May 8, 2024 to September 30, 2024.

The following table sets forth certain financial information related to TIB for the years indicated:

| Particulars                                                                                                                                           | Fiscal   |          |          |
|-------------------------------------------------------------------------------------------------------------------------------------------------------|----------|----------|----------|
|                                                                                                                                                       | 2025     | 2024     | 2023     |
| Turtlemint Insurance Broking Services Private Limited - Revenue from operations (₹ million) (A)                                                       | 6,745.24 | 5,050.54 | 1,565.64 |
| Proforma revenue from operations (₹ million) (B)                                                                                                      | 7,002.65 | 5,641.68 | 5,379.75 |
| Turtlemint Insurance Broking Services Private Limited - Revenue from operations as a percentage of proforma revenue from operations (%) (C = A/B*100) | 96.32%   | 89.52%   | 29.10%   |
| Turtlemint Insurance Broking Services Private Limited - Profit/ (loss) before tax (₹ million)                                                         | (444.86) | 101.49   | 80.98    |

We generated income from marketing fees through our Company and income from marketing fees refers to the revenue generated from online marketing, advertising and other related services we provided to our Insurer Partners. According to the Redseer Report, effective Fiscal 2024, IRDAI revised the erstwhile Payment of Commission Regulation from the Payment of Commission or Remuneration or Reward to Insurance Agents and Insurance Intermediaries, 2016 to Insurance Regulatory and Development Authority of India (Payment of Commission) Regulations, 2023. The new regulations, while removing the commission caps, put in place overall limits on EOM of the general insurance, health and life insurers (*Source: Redseer Report*). The revised regulations provide insurers with significantly greater flexibility in expense allocation and have materially altered how they manage their cost structures (*Source: Redseer Report*). This also resulted in insurers scaling back their spends on marketing spends (*Source: Redseer Report*). As a result of these regulatory changes implemented by the IRDAI, our income from marketing fees significantly declined in Fiscals 2024 and 2025, and in the six months period ended September 30, 2025 and September 30, 2024. Consequently, revenue from operations from TIB increased significantly in Fiscal 2024 compared to Fiscal 2023 on account of higher insurance commissions due to the changes in IRDAI Commission and EOM Regulations 2023, resulting in the contribution of revenue from operations from TIB increasing in our revenues in Fiscals 2024 and 2025 and in the six months period ended September 30, 2025 and September 30, 2024. For further information, see “***Management’s Discussion and Analysis of Financial Condition and Results of Operations – Key Developments - Regulatory changes affecting the results of operations***” page 533. Also, see “- ***We earned nil/minimal income from marketing fees in the six months period ended September 30, 2025 and September 30, 2024 and Fiscal 2025, and income from marketing fees as a percentage of proforma revenue from operations declined from 66.41% in Fiscal 2023 to 7.13% in Fiscal 2024, which led to an adverse affect on our business, financial condition, results of operations and cash flows. Further, we experienced a significant decrease in our revenue from operations by 81.27% from ₹4,199.17 million in Fiscal 2023 to ₹786.42 million in Fiscal 2024 primarily due to the decrease in income from marketing fees***” on page 53 and “- ***We derived almost all our revenues from commissions, rewards and fees received from Insurer Partners and other financial service providers in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025 and 2024 (income from distribution of financial products accounted for***

**98.91% and 95.81% of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and proforma income from distribution of financial products accounted for 97.99%, 90.75% and 29.56% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively). Any reduction in these fee rates may have an adverse effect on our business, financial condition, results of operations and cash flows” on page 47.**

Further, TIB incurred losses in Fiscal 2025 and the six months period ended September 30, 2025 and September 30, 2024 primarily on account of increase in commission payouts to our Digital Partners for distribution of insurance products in line with the increase in business volumes and premium. During this period, we strategically focused on expanding our Digital Partners network, which resulted in increased commissions paid to Digital Partners by us for the sale and distribution of insurance products through our platform, and higher recruitment and incentives for new Digital Partners. While this expansion of Digital Partners increased growth in business volumes and premiums, the associated increase in cost of acquiring and retaining Digital Partners outpaced revenue growth, resulting in a loss for TIB in Fiscal 2025 and the six months period ended September 30, 2025.

We have made and may continue to make capital commitments to our Subsidiary, TIB. For instance, our Company has invested funds of ₹750.00 million acquiring 4,23,200 equity shares in our Subsidiary TIB, having face value of ₹10 each, at a premium of ₹1,762.21 per share pursuant to the board resolution passed on May 6, 2025. While we have not faced any instances of deterioration in the operations of TIB in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, the inability of TIB to generate profits could have an adverse impact on our consolidated results of operations, cash flows and financial condition. Also, see “- **Our Company acquired Turtlemint Insurance Broking Services Private Limited with effect from May 8, 2024 from one of our Promoters, Dhirendra Nalin Mahyavanshi, and accordingly, we do not have a long consolidated operating history through which our overall performance may be evaluated. Further, the Unaudited Proforma Financial Information prepared for this UDRHP-I is presented for illustrative purposes only to illustrate the impact of the TIB Acquisition on our results of operations as if the acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022 and may not accurately reflect our future results of operations.**” page 48.

- 13. We may be unable to successfully identify, complete, integrate and realize the benefits of acquisitions or strategic investments in the future or manage the associated risks, all of which could have a material adverse effect on our business, financial condition, results of operations and cash flows.**

We may in the future seek to grow our business by making acquisitions or investments, or by entering into strategic alliances that are complementary to our business and operations and there can be no assurance that we will be successful in doing so. There can be no assurance that we will successfully identify suitable candidates in the future for strategic transactions at acceptable prices or at all, have sufficient capital resources to finance potential acquisitions or be able to consummate any desired transactions. Acquisitions and strategic investments may involve significant challenges, including difficulties in execution, integration, or underperformance relative to expectations. Post-acquisition integration activities, such as aligning employee cultures, policies, and information systems, as well as optimizing product offerings, may not be conducted efficiently or effectively. If we are unable to successfully integrate acquired businesses or maintain our standards and controls, our customer experience, product quality, and operational oversight could be negatively impacted. There is no assurance that any acquisition or strategic transaction will result in the anticipated benefits or synergies, or that we will be able to further develop acquired businesses as planned. For instance, in Fiscal 2023, our Company entered into an asset transfer agreement on November 9, 2022 to purchase the identifiable assets and liabilities from Last Decimal Private Limited (“**Last Decimal**”). We have accounted for accelerated depreciation during Fiscals 2024 and 2025 in customer relationships and assets due to lower realisation of revenue as expected from the customers contracts, which were acquired at a fair value of ₹70.25 million during the acquisition of the Last Decimal. In Fiscal 2024, we carried out impairment assessment on goodwill on account of lower realisation of revenue with customers and accordingly an amount of ₹7.39 million has been accounted as impairment provision under impairment of non-financial instruments in the statement of profit and loss for Fiscal 2024. Any setbacks or failures in these efforts could have a material adverse effect on our business, financial condition, results of operations, and cash flows.

- 14. Our Subsidiaries, Turtlemint Insurance Broking Services Private Limited (“TIB”) and Turtlemint Mutual Funds Distributors Private Limited (“TMF”) have incurred losses in the past. These losses may continue in future, which could adversely affect our financial condition and results of operations.**

Our Subsidiaries, TIB and TMF have incurred losses in the past, details of which are set out below for the periods/ years indicated:

| Particulars                                           | Six months period ended September 30, |          | Fiscal   |        |         |
|-------------------------------------------------------|---------------------------------------|----------|----------|--------|---------|
|                                                       | 2025                                  | 2024     | 2025     | 2024   | 2023    |
|                                                       | Profit/ (loss) before tax (₹ million) |          |          |        |         |
| Turtlemint Insurance Broking Services Private Limited | (86.21)                               | (349.30) | (444.86) | 101.49 | 80.98   |
| Turtlemint Mutual Funds Distributors Private Limited  | 1.92                                  | 0.29     | 0.66     | (7.41) | (26.31) |

TIB incurred losses in Fiscal 2025 and in the six months period ended September 30, 2025 and September 30, 2024 primarily on account of increase in commission payouts to our Digital Partners for distribution of insurance products in line with the increase in business volumes and premium. For further details, see “- *We rely on our Subsidiary, Turtlemint Insurance Broking Services Private Limited (“TIB”), for our insurance broking business. TIB contributed 97.36% and 111.36%, of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and 96.32%, 89.52% and 29.10% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively. If TIB’s operations do not generate the expected returns or face adverse developments, our business, financial condition, results of operations and cash flows could be negatively impacted*” on page 59. In the event these Subsidiaries continue to incur losses, our consolidated results of operations, cash flows and financial condition will continue to be adversely affected. We may be required to fund the operations of these Subsidiaries in the future. For instance, our Company has invested funds of ₹750.00 million acquiring 4,23,200 equity shares in our Subsidiary TIB, having face value of ₹10 each, at a premium of ₹1,762.21 per share pursuant to the board resolution passed on May 6, 2025. We may similarly be required to continue to fund to secure the financial obligations of these Subsidiaries.

There is no assurance that these Subsidiaries will be able to generate sufficient revenue to cover their operating expenses in the near future. Our inability to generate profits through these Subsidiaries may adversely affect our results of operations and financial condition.

**15. *We have limited experience in offering financial products, which may affect our ability to successfully market, sell and manage these products. Failure to innovate and improve our platform could harm our competitiveness and negatively impact our business, prospects, financial condition, operations, and cash flows.***

We recently commenced offering loans and credit cards in Fiscal 2025, while in Fiscal 2021, we had expanded our offerings to include mutual funds. For further details, see “*Our Business - Description of products on our platform - financial products*” on page 263. Accordingly, these products have a short operating history and their past performance may not be indicative of their future performance. Our limited experience in a rapidly changing market may affect our ability to market, sell, and manage loans and deposits on our platform. This could lead to lower customer acquisition and retention rates. We may fail to meet the diverse needs of customers whose expectations and requirement may differ from our traditional customers. Additionally, our limited experience may increase the risk of non-compliance, which could result in legal penalties, fines, regulatory action and reputational damage. Moreover, our financial products are subject to credit cycles and may be severely affected in a credit or financial crisis or prolonged downturn in the credit or financial markets. We enter into service agreements with lenders to offer loans and deposit products. If we fail to abide by the terms of such agreements, these agreements may be terminated and such termination may have an adverse impact on our business, revenue, prospects and results of operations.

We cannot assure you that our new business initiatives will be successful. Our limited experience in offering these products may also result in lower-than-expected revenue generation, impacting our overall financial performance and ability to achieve our growth objectives. Established competitors with more experience in offering these products may have a competitive advantage over us, resulting in a loss of market share and hindering our ability to establish a strong presence in these products. While we have not faced any difficulties or non-compliance in offering loans and deposits in the past, there can be no assurance that such instances will not occur in the future. Failure to offer these products effectively could harm our reputation and reduce customer trust, which may negatively impact our business, prospects, financial condition, operations, and cash flow.

Further, if we do not continue to innovate and further develop our platform and offerings, we may not remain competitive, which could adversely affect our business, prospects, financial condition, results of operations, and cash flows. Developing new offerings involves significant technical risks and upfront investments that may not yield expected returns, and delays or underperformance in new features could lead to customer and partner attrition. Additionally, if competitors introduce superior technologies or industry standards evolve and we fail to

adapt, our platform could become obsolete. While we have not faced any such instances of failure to innovate or develop our platform or offerings that led to an adverse effect on our business and operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that these instances will not occur in the future.

**16. *We are subject to a stringent regulatory framework governed by various laws and regulations that affect the flexibility of our operations and business practices and increase compliance costs. Any tightening of regulatory limits or non-compliance may result in penalties or sanctions that could have an adverse effect on our business, prospects, financial condition, results of operations and cash flows.***

We are governed by a comprehensive and evolving regulatory framework, including oversight by the Insurance Regulatory and Development Authority (“**IRDAI**”) and Association of Mutual Funds in India (“**AMFI**”), the Financial Intelligence Unit and other statutory and regulatory authorities. Our Subsidiary, TIB, holds a certificate of registration to act as a composite broker under the IRDAI. As a result, we are required to comply with a broad range of laws, regulations and licensing requirements, such as the Insurance Act, 1938 read with Insurance Amendment Act, 2021 and the Insurance Regulatory and Development Authority Act, 1999; Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Act, 2025; IRDAI (Insurance Brokers) Regulations, 2018; IRDAI (Protection of Policyholders’ Interests, Operations and Allied Matters of Insurers) Regulations, 2024; IRDAI (Maintenance of Information by the Regulated Entities and Sharing of Information by the Authority), Regulations 2025; IRDAI’s Insurance Fraud Monitoring Framework Guidelines, 2025; IRDAI (Bima Sugam — Insurance Electronic Marketplace) Regulations, 2024; Guidelines on Insurance e- Commerce dated March 9, 2017; IRDAI Information and Cyber Security Guidelines, 2023 dated April 24, 2023; Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, AMFI Guidelines; Minimum Information Required for Investigation and Inspection Regulations, 2020; Indian Insurance Companies (Foreign Investment) Amendment Rules, 2019; Circular on Filing Returns for Foreign to Foreign Reinsurance Transactions; IRDAI Information and Cyber Security Guidelines, 2023; Master Circular on Protection of Policyholders’ Interests, 2024; Master Guidelines on AML/CFT, 2022; Consumer Protection (E-Commerce) Rules, 2020; Guidelines on Point of Sales Person - Nonlife and Health; and the Master Circular on POS No. 2015, amongst others. For further information, see “**Key Regulations and Policies**” on page 273.

Under the Insurance Brokers Regulations, a composite broker is required to have a minimum paid-up capital of ₹50.00 million, not pledge its shares in any form or manner to secure credit or any other facility and have a net worth that is not below 50% of the minimum capital requirements or contribution or equivalent specified under Regulation 19(1) of the Insurance Brokers Regulations. The IRDAI may undertake inspection of the premises of the insurance broker to ascertain how activities are carried on, and inspect their books of accounts, records and documents. The Insurance Brokers Regulations specify certain approval and intimation requirements to be adhered to by the insurance brokers from time to time, as applicable. Failure to comply with the Insurance Brokers Regulations may result in action from IRDAI including the imposition of fines and penalties. For instance, our Subsidiary, TIB, has in the past received an advisory on account and a show cause notice in 2020 from the enforcement department of IRDAI alleging *inter alia* violation of certain provisions of the IRDAI (Insurance Brokers) Regulations, 2018 and delays in submission of returns and accordingly, an advisory and caution was issued to TIB directing TIB to ensure timely submission of returns and compliance with the IRDAI (Insurance Brokers) Regulations, 2018. While no penalties were levied on us, there can be no assurance that such delays and non-compliances will not happen in future and that we will not be subject to any actions by statutory and regulatory authorities or imposition of penalties in this respect, which may adversely affect our business, reputation, results of operations and financial position. In order to avoid such instances in future, TIB has introduced automated and manual solutions for KYC of the PoSPs, placed internal control systems, set up a dedicated compliance team to ensure that internal controls are framed and it functions in accordance with the guidelines issued by IRDAI and in compliance of applicable law.

The regulatory environment is subject to frequent changes, which may further restrict our business practices, increase compliance costs, and limit our flexibility in product offerings. For example, IRDAI Guidelines on Point of Sales Person include product-specific limits, restricting the range and value of health and life insurance products that can be sold by PoSPs, such as cap for the sum assured for health indemnity products is ₹0.50 million, which constrains our ability to offer higher-value products and limits our growth potential in these product offerings. Any continuation or further tightening of such regulatory limits may adversely affect our business operations, reduce our flexibility in product offerings, and increase compliance costs. Also, see “- *We operate in an emerging and dynamic industry, which makes it difficult to predict our future prospects and there can be no guarantee that our current or future strategies will be successfully implemented or that we will continue to grow or generate profits, which could adversely affect our business, reputation, financial condition, results of operations and cash flows*” on page 80.

We are also exposed to risks arising from improper business and sales practices, or misconduct by employees, Digital Partners, or other intermediaries, which could result in regulatory scrutiny, legal liabilities, or reputational harm. Regulatory actions against our distribution partners could further impact our ability to distribute products and adversely affect our business. Also, see “- *We are exposed to losses due to fraud, misappropriation, unauthorized conduct, negligence, theft or similar incidents by our employees, customers or Digital Partners, which may have an adverse impact on our business, prospects, financial condition, results of operations and cash flows*” on page 81.

We undergo periodic examination and due diligence by regulatory authorities such as IRDAI, AMFI and various labour authorities. For further information, see “- *We are subject to supervision and periodic regulatory inspections by the Insurance Regulatory and Development Authority (“IRDAI”) and Association of Mutual Funds in India (“AMFI”). Failure to comply with the observations made by IRDAI during inspections and AMFI during due diligence could adversely affect our business, reputation, financial condition, results of operations and cash flows*” on page 67.

There can be no assurance that we will not be subject to adverse regulatory actions in the future. The costs associated with compliance may be substantial, and any tightening of regulatory limits or adverse regulatory developments could materially and adversely impact our business operations, growth prospects, financial condition, and cash flows.

**17. *Our business operations are heavily reliant on the seamless functioning of our online platform and technology infrastructure. Any failure to maintain the satisfactory performance of, or any disruption to, our online platform and technology infrastructure or inability to keep pace with technological developments could materially and adversely affect our business, reputation, financial condition, results of operations and cash flows.***

We use technology in every aspect of our business, including sales, risk management, surveying, fraud detection, customer service, processing claims and settlement, and expect this to continue or increase. For further information on our technology, see “*Our Business – Our Tech Platform*” and “*Our Business – Technology Infrastructure*” on pages 242 and 264. Accordingly, the proper functioning of our online platform and technology infrastructure and uninterrupted access to the platform by our customers, Digital Partners, Insurer Partners and other ecosystem partners at all times is critical for our operations. Set out below are details of our employee cost of technology and product and its percentage of total expenses on a restated basis for the periods indicated:

| Particulars                                                                                 | Six months period ended September 30, |                     |
|---------------------------------------------------------------------------------------------|---------------------------------------|---------------------|
|                                                                                             | 2025                                  | 2024 <sup>(1)</sup> |
| Employee cost of technology and product (₹ million) (A)                                     | 295.12                                | 334.89              |
| Total expenses (₹ million) (B)                                                              | 5,605.32                              | 3,328.36            |
| Employee cost of technology and product as a percentage of total expenses (%) (C = A/B*100) | 5.26%                                 | 10.06%              |

Notes:

- (1) Six months period ended September 30, 2024 include operations of TIB only from May 8, 2024 to September 30, 2024.

Set out below are details of our proforma employee cost of technology and product for the years indicated:

| Particulars                                                                                                   | Fiscal   |          |          |
|---------------------------------------------------------------------------------------------------------------|----------|----------|----------|
|                                                                                                               | 2025     | 2024     | 2023     |
| Proforma employee cost of technology and product (₹ million) (A)                                              | 651.48   | 787.12   | 443.59   |
| Proforma total expenses (₹ million) (B)                                                                       | 9,307.50 | 7,906.15 | 8,606.60 |
| Proforma employee cost of technology and product as a percentage of proforma total expenses (%) (C = A/B*100) | 7.00%    | 9.96%    | 5.15%    |

We design our own products supported by our in-house technology teams and infrastructure to offer digital partners and end customers an easy-to-use app and website and our platform is hosted on external cloud servers and we propose to utilize a portion of the Net Proceeds towards funding the expenditure towards cloud and server related infrastructure of our Company. For more details, see “*Objects of the Offer - Details of the Objects - Expenditure towards cloud and server related infrastructure of our Company*” on page 162. The insurance distribution industry is rapidly evolving, driven by changing customer preferences, technological advancements, and new industry standards. To remain competitive, our technology systems must be reliable, accessible, and high performing. However, our systems are exposed to risks such as hardware or software failures, cyberattacks, natural disasters, power outages, and unauthorized access. While we have experienced in the ordinary course of business

certain instances of disruption, downtime or interruption in our online platform and technology infrastructure in the past, none of these have had any material adverse effect on our business and operations. However, there can be no assurance that such instances in the future will not result in an adverse effect on our operations and business.

We continuously invest significant resources to update and enhance our platform, infrastructure and integrations with insurer partners and other financial service providers as well as to keep pace with technological developments. These efforts are necessary to meet evolving customer needs, requirements of Insurer Partners and emerging industry trends, but they may not always yield the expected benefits and can result in temporary service interruptions or integration challenges. If our efforts to invest in the development of new technologies or the upgrade of existing technologies are unsuccessful, our business, financial condition, cash flows and results of operations may be materially and adversely affected. There can be no assurance that we will be able to keep up with technological improvements or that the technology developed by others will not render our services less competitive or attractive. Additionally, as we rely on third-party hosting services and mobile operating systems, any changes or disruptions in their services or policies could affect the accessibility and performance of our platform and app, potentially impacting our customer and Digital Partner base.

We are also subject to regulatory requirements, including the IRDAI Guidelines on Information and Cyber Security and under IRDAI Guidelines on Insurance Ecommerce (ISNP Framework) and Information Technology law (including rules) including its amendments are applicable to TIB. Under the ISNP Framework, TIB conducts annual audit for its information security systems by a CERT-In empanelled auditor. For more information, see “**Key Regulations and Policies**” on page 273. We hold SOC 2 Type II certification, which is subject to renewal on a yearly basis. Despite these measures, any failure to maintain or improve our technology infrastructure, or to adapt to new industry standards, could result in system disruptions, diminished user experience and delays in reporting, all of which could materially and adversely affect our business, reputation, and financial performance.

**18. *We have incurred indebtedness and are required to comply with certain restrictive covenants under our financing agreements. Any non-compliance may lead to, amongst others, termination of facilities, enforcement of security and suspension of further drawdowns, which may adversely affect our business, financial condition, results of operations and cash flows.***

Our Company has only provided certain performance bank guarantees which are secured against fixed deposits of our Company. In addition, our Subsidiary, TIB, has availed a facility for a working capital demand loan. As of December 15, 2025, our Company did not have any outstanding borrowings excluding lease liabilities. Our financing agreements include conditions and restrictive covenants, including the requirement that we obtain consent from or notify our respective lenders prior to carrying out certain activities and entering into certain transactions including, among others, effecting any change in our Company’s capital structure, amending our Company’s memorandum of association or articles of association. These restrictions may limit our flexibility in responding to business opportunities, competitive developments and adverse economic or industry conditions. Further, a breach of any of the covenants, or a failure to pay interest or indebtedness when due, under this or any of our other financing arrangements, could result in a variety of adverse consequences, including the termination of one or more of our credit facilities and/or declaration of any or all outstanding amounts to be immediately due and payable, suspension of future withdrawals, and enforcement of security, any of which may adversely affect our business, results of operations, financial condition and cash flows.

Our financing agreements also generally contain certain financial covenants which vary depending on the requirements of the financial institution extending the loan and the conditions negotiated under each financing document. Such covenants may restrict or delay certain actions or initiatives that we may propose to take from time to time. While we have not faced any instances of non-compliance with terms of our financing agreements in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future. We cannot assure you that we will comply with the covenants with respect to our financing arrangements in the future or that we will be able to secure waivers for any such non-compliance in a timely manner or at all. If the obligations under any of our financing agreements are accelerated, we may have to dedicate a substantial portion of our cash flow from operations to make payments under such financing documents, thereby reducing the availability of cash for our working capital requirements and other general corporate purposes.

**19. *We do not own our Registered and Corporate Office and all the other premises from which we operate.***

We do not own our Registered and Corporate Office premises situated at The ORB Sahar, 4 and 4A, 1<sup>st</sup> Floor, A wing, Marol Village, Andheri East, Mumbai 400 099, Maharashtra, India, and all our branch offices are occupied by us on a leasehold basis, see “**Our Business – Properties**” on page 272. The lease tenure of these premises

ranges from 11 months to 7 years. The lease periods and rental amounts for these properties vary on the basis of their locations. We cannot assure you that we will be able to renew our leases on commercially acceptable terms or at all. In the event that we are required to vacate our current premises, we would be required to make alternative arrangements for new offices and other infrastructure and we cannot assure that the new arrangements will be on commercially acceptable terms. If we are required to relocate our business operations or shut down our offices during this period, we may suffer a disruption in our operations or have to pay increased charges, which could have an adverse effect on our business, prospects, results of operations and financial condition. While we have not faced any such instances where our leases were not renewed or any undue difficulties in finding any alternate premises at acceptable cost in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, we cannot assure you that it will not happen in the future.

We may also encounter operational and maintenance challenges at our leased branches, such as landlord-imposed restrictions on property modifications or enhancements, delays in securing necessary operational approvals and potential disagreements regarding maintenance obligations and associated costs as well as compliance issues arising from lease restrictions, or increased operational costs due to maintenance limitations. While we have not faced any such material operational and maintenance challenges at our leased branches in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, we cannot assure you that it will not happen in the future.

Further, while we believe that adequate stamp duty has been paid on our existing leased properties and we endeavor to register our lease agreements within the permissible period under law, in the ordinary course of our business, there can be no assurance that all our agreements have been registered in accordance with the requirements of the Registration Act, 1908 and that appropriate stamp duty has been paid in respect of all such agreements. In case a dispute arises under these documents, they may not be admissible in court and we may face difficulties in enforcing the same. Any failure to register and appropriately pay stamp duty may affect our ability to enforce such agreements which may cause disruptions in our operations.

**20. *We are subject to customer complaints, which, if left unaddressed or inefficiently handled, may have a material adverse impact on our business, prospects, financial condition, results of operations and cash flows.***

We are routinely subject to customers' grievances and may continue to face complaints about our Insurer Partners' products, employees, Digital Partners and the way in which we do business or address customers' claims. As a composite broker, TIB is also subject to complaints relating to customers' claims and our role in facilitating the claims process. While we have implemented and continue to maintain a grievance redressal procedure and a grievance redressal policy in accordance with IRDAI regulations, there is no guarantee that our systems will be able to respond to our customers' grievances and complaints in a manner satisfactory to our customers or within a reasonable period of time. Our grievance redressal procedure enables customers to submit complaints through various channels, which are managed through a tiered escalation process and systematically tracked from receipt to closure, with reporting to the IRDAI as required. For further information, see "**Our Business – Customer Service**" on page 266. Delays in the handling of customer grievances and complaints may lead to customer frustration and further complaints, which may, in turn, cause backlogs in our grievance handling system. In addition, while we endeavour to resolve all customer grievances and complaints diligently, certain customer complaints may be complex and may require more detailed consideration and additional time which could lead to delays in the resolution of such customer complaints.

As a regulated entity, our Subsidiary, TIB, is subject to the requirements of the IRDAI (Insurance Brokers) Regulations, 2018. Specifically, Schedule I – Form H (Code of Conduct) requires insurance brokers to acknowledge a complaint within fourteen days of receipt. Further, as a condition of registration, insurance brokers are required to take adequate steps through effective liaising with insurers for the redressal of client grievances within fourteen days of receipt and to keep the IRDAI informed about the number, nature, and other particulars of complaints received, in the format and manner specified by the IRDAI. In addition, clause 7 of Schedule I – Form H (Code of Conduct) of the IRDAI (Insurance Brokers) Regulations, 2018 requires an insurance broker to forward to the insurer, without delay and in any event within three working days, any query or information received from a client regarding a claim or an incident that may give rise to a claim. As a broker, our responsibilities include timely intimation of claims and continuous liaison with the relevant insurer to assist customers until resolution; we are dependent on insurers for the latest status and outcome of claims, and any delay or failure by insurers to provide timely updates may adversely affect our service levels and customer satisfaction. We are also required to report claims-related information to the IRDAI on an annual basis. While we have not faced any instances of non-compliance with applicable regulatory requirements related redressal of customer complaints by the IRDAI or any other regulatory authority in the past, any failure to comply with these regulatory

requirements may result in regulatory actions against us, including fines, penalties, or restrictions on our ability to conduct business. Any such regulatory action, or a perception that we do not adequately address customer grievances, could have a material adverse effect on our business, reputation, financial condition, and results of operations.

In the ordinary course of business, we receive customer complaints, most of which are service requests related to non-receipt of soft copies of policy documents, or requests for minor modifications to policy documents, such as changes to address, vehicle details, or other policy disclosures associated with policy issuance. During Fiscals 2023 and 2025, and the six months period ended September 30, 2025 and September 30, 2024 such customer complaints were generally resolved within an average turnaround time of less than three days. Set out below are details of our customer complaints as of and for the periods/ years indicated:

| Particulars                                            | As of and for the six months period ended September 30, |       | As of and for the year ended March 31, |       |       |
|--------------------------------------------------------|---------------------------------------------------------|-------|----------------------------------------|-------|-------|
|                                                        | 2025                                                    | 2024  | 2025                                   | 2024  | 2023  |
| Number of complaints resolved/ settled during the year | 3,641                                                   | 3,950 | 8,242                                  | 9,792 | 7,181 |
| Number of complaints opened at the end of the year     | 45                                                      | -     | -                                      | 31    | 21    |

Any grievance or complaint that we determine in a manner that is detrimental to a complainant's interest may expose us to negative publicity or reviews, which may in turn customer loss or deter prospective customers from purchasing insurance and financial products through our platform. Further, any complaint or claim, with or without merit, can be time-consuming and costly to investigate or defend, and may divert our management's and employees' time and attention, draw scrutiny, penalties or other disciplinary actions from regulatory bodies and materially harm our reputation. If we are unable to appropriately listen to our customers and deal with their grievances and complaints, as and when they arise, and in a timely manner, we may attract adverse publicity, lose customers or incur financial losses, all of which may have a material adverse impact on our business operations, competitive positions, financial condition, prospects, cash flows and reputation. Also, see “- *We are exposed to losses due to fraud, misappropriation, unauthorized conduct, negligence, theft or similar incidents by our employees, customers or Digital Partners, which may have an adverse impact on our business, prospects, financial condition, results of operations and cash flows*” on page 81.

**21. *Our inability to compete effectively in the highly competitive insurance distribution industry could reduce demand for our services, decrease operating margins, and result in loss of market share, employee departures, and increased capital expenditures, adversely affecting our business, financial condition, results of operations and cash flows.***

We operate as an insurance advisory distribution platform which is highly competitive. In Fiscal 2025, the insurance industry had approximately 2.7 million PoSPs, of which we accounted for approximately 15.97% (Source: Redseer Report). According to the Redseer Report, the digital insurance distribution model, operating through POSPs, has witnessed the emergence of multiple players and showcased a competitive environment in recent years. For further details, see “*Our Business - Competition*” on page 272. Our primary competition comes from both established offline players and emerging online platforms. This includes (i) other digital insurance marketplaces, aggregators and intermediaries, (ii) traditional insurance intermediaries with a strong offline presence, (iii) direct-to-consumer online sales channels, and (iv) large internet and fintech companies that have entered the insurance and other financial products distribution space. Moreover, insurance companies also compete with us through their agency channels. Additionally, banks and non-banking financial companies with extensive customer bases and distribution networks also pose significant competition through their cross-selling initiatives. The competitive environment is further intensified by the entry of technology-driven players who are leveraging data analytics, artificial intelligence and digital marketing to enhance customer experience and streamline the insurance purchase process.

Our competitors may be better capitalized than we are, larger than us or develop alliances to compete against us, have more financial, technology and other resources, have longer operating histories, have a better reputation than we do, have greater marketing, research and distribution networks or have greater brand recognition than ours. They may introduce platforms with more attractive products, content, features, or services with competitive pricing or enhanced performance that we may not be able to match. Competitors may also form strategic relationships, consolidate, merge or make acquisitions to strengthen their market position. In addition, our target customers, i.e. Indian residents with potential insurance needs, may seek insurance products and services or may switch to other providers who offer more attractive products or offer products at lower costs. If we fail to compete

effectively, we risk losing market share, reducing demand for our services, and experiencing a decline in operating margins and the departure of skilled employees. To remain competitive, we may need to incur additional costs for marketing campaigns, market research, and investments in new technologies and infrastructure. Increased competition could lead to a slowdown in the growth of our operations, a loss of market share, and reductions in the revenue which we generate from the use of our platform, the number of participants on our platform, the frequency of use of our platform, and our operating margins. We cannot assure you that we will be able to compete successfully in the future against our existing or potential competitors or that our business and results of operations will not be adversely affected by increased competition.

**22. *We are subject to supervision and periodic regulatory inspections by the Insurance Regulatory and Development Authority (“IRDAI”) and Association of Mutual Funds in India (“AMFI”). Failure to comply with the observations made by IRDAI during inspections and AMFI during due diligence could adversely affect our business, reputation, financial condition, results of operations and cash flows.***

Our Subsidiary, TIB, is subject to periodic inspections by the IRDAI. We have in the past, received requests for information and clarification by IRDAI with respect to TIB, relating to, among others, compliance with various insurance regulations. An inability to satisfactorily address such queries in a timely manner or at all may result in us being subject to regulatory action by the IRDAI, including penalties.

The IRDAI carried out an inspection at TIB from December 16, 2019 to December 20, 2019, pursuant to which it issued certain observations by way of an e-mail dated July 8, 2020, TIB responded to these observations on the same day. Subsequently, IRDAI by way of an email dated July August 24, 2020 issued an advisory and a show cause notice dated August 6, 2020 alleging *inter alia* violation with respect to timely submission of BAP returns of revised quarterly returns, appointment of designated compliance officer, violation of certain provisions of the IRDAI (Insurance Brokers) Regulations, 2018 and observance of the guidelines related to POS. TIB has provided its response to this show cause notice through its letters dated September 5, 2020 and September 14, 2020. Further, pursuant to an IRDAI order dated June 7, 2021 our Company was issued a directive and caution to ensure compliance with the certain provisions of the IRDAI (Insurance Brokers) Regulations, 2018, and accordingly no penalties were levied on us. Further, the IRDAI with respect to a remote inspection of a life insurance company, shared an e-mail with observations, relating to regulations governing the insurance web aggregators and outsourcing in relation to outsourcing services that our Company rendered to that life insurance companies on January 25, 2021, to which TIB responded on February 22, 2021. While we have provided our responses to these observations and no further action or correspondence was received, the IRDAI may issue further show cause notices or impose penalties or take other actions in relation to current or future notices, if we are adjudged to be non-compliant, and we cannot estimate the quantum or impact of any such penalties or actions.

We will continue to be subject to periodic inspections by IRDAI as an insurance broker. While we have addressed/ responded to IRDAI for instances of non-compliance in the past without incurring any penalties, there can be no assurance that future observations may not result in penalties. Further, TIB has in the past received a show cause notice from the enforcement department of IRDAI. For further details, see “- *We are subject to a stringent regulatory framework governed by various laws and regulations that affect the flexibility of our operations and business practices and increase compliance costs. Any tightening of regulatory limits or non-compliance may result in penalties or sanctions that could have an adverse effect on our business, prospects, financial condition, results of operations and cash flows.*” on page 62. In order to avoid such instances in future, TIB has introduced automated and manual solutions for KYC of the PoSPs, placed internal control systems, expanded its the compliance team to ensure that internal controls are framed and it functions in accordance with the guidelines issued by IRDAI and in compliance of applicable law.

Further, TMF, one of our Subsidiaries, is registered with the AMFI and is engaged in the distribution of mutual fund products. AMFI recently conducted due diligence on TMF and issued its report dated May 23, 2025, in which no observations were noted or penalties were imposed.

In the event that we are unable to comply with the observations made by the IRDAI, AMFI or other regulatory/ statutory authorities in the past or comply with IRDAI, AMFI or other regulatory/ statutory authorities’ directions at any time in the future, we could be subject to penalties and restrictions which may be imposed by the IRDAI, AMFI or other regulatory/ statutory authorities. Imposition of any penalty or adverse finding by the IRDAI, AMFI or other regulatory/ statutory authorities during any future inspection may have a material adverse effect on our reputation, business, financial condition, results of operations and cash flows.

23. ***There have been certain instances of delays in payment of statutory dues by us in the past. Any delay in payment of statutory dues by us in the future, may result in the imposition of penalties and in turn may have an adverse effect on our business, financial condition, cash flows and results of operations.***

We are required to pay certain statutory dues including provident fund contributions and employee state insurance contributions under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 and the Employees' State Insurance Act, 1948, respectively, professional taxes, gratuity and tax deducted at source. The table below sets forth the details of number of employees for which the employee state insurance, provident fund and income tax is applicable along with the details of the paid and unpaid dues, as at September 30, 2025:

| Particulars*                           | Number of employees covered (as at September 30, 2025) | Total dues paid (₹ million) | Unpaid dues, if any (₹ million) |
|----------------------------------------|--------------------------------------------------------|-----------------------------|---------------------------------|
| Employees' State Insurance Corporation | 198                                                    | 0.74                        | NIL                             |
| Provident fund                         | 2,386                                                  | 60.36                       | NIL                             |
| TDS under Income-tax Act, 1961         | 280                                                    | 62.83                       | NIL                             |
| Labour Welfare Fund                    | 1,480                                                  | 0.13                        | NIL                             |
| Professional tax                       | 1,961                                                  | 2.38                        | NIL                             |

\* As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN:112723W/W100962), by way of their certificate dated January 28, 2026.

Further, the table below sets out details of the delays in statutory dues payable by us in relation to the employees:

| Particulars*                           | Six months period ended September 30, |                               |                              |                               | Fiscal                       |                               |                              |                               |                              |                               |

\* As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN:112723W/W100962), by way of their certificate dated January 28, 2026.

We are generally regular in depositing statutory dues except for a delay in few cases which were not material. While we have subsequently made payments with respect to the pending statutory dues, we cannot assure you that there will be no similar delays in the future or that penalties or fines will not be levied by regulators, which could have a material impact on our financial condition and cash flows. Further, while no penalty or fine has been levied by the appropriate authorities against us for the aforementioned delays, we cannot assure you that we will not be subject to such future penalties and fines for similar delays in the future which may have an adverse impact on our financial condition and cash flows. In order to prevent the delay in payment of statutory dues, our Company has appointed a new third party vendor to dedicatedly focus on compliance herein and our Company intend to remit the statutory dues before the applicable due dates.

24. ***Our success depends on retaining and expanding our customer base. If our Digital Partners are unable to efficiently facilitate the sale and distribution of insurance and other financial products or if our Insurer Partners fail to offer products that meet our customers' evolving needs, we may not be able to retain or attract new customers, which may adversely affect our business, prospects, financial condition, results of operations and cash flows.***

An increase in the number of transacting customers on our platforms leads to a higher volume of policies sold, which subsequently results in increased premiums and an increase in our revenue. Accordingly, we depend on retaining and expanding our customer base. To retain and attract new customers, we will also depend on our ability to continue to stay updated with evolving customer preferences and product trends that will appeal both to current and potential customers, to provide simple and transparent insurance-buying, renewals and claims-filing customer experiences, competitive pricing and adequate insurance coverage. Set out below are details of the number of our insurance policies sold through the Turtlemint and Turtlefin platforms for the periods/ years indicated:

| Particulars                                    | Six months period ended September 30, |      | Fiscal |       |      |
|------------------------------------------------|---------------------------------------|------|--------|-------|------|
|                                                | 2025                                  | 2024 | 2025   | 2024* | 2023 |
| Number of insurance policies sold (in million) | 3.34                                  | 2.70 | 6.11   | 4.75  | 5.48 |

Note:

\* The number of insurance policies sold in Fiscal 2024 decreased compared to Fiscal 2023, primarily as a result of muted growth in our retail business and a reduction in the volume of insurance policies sold through one of our enterprise customers utilizing our Turtlefin platform.

Our future growth depends on our ability to continue to attract new customers and to generate new policy purchases and renewal purchases from customers. This will largely depend on the ability of our Digital Partners and enterprise customers to efficiently facilitate the sale and distribution of our insurance and other financial products through our platform. Any disruptions in our relationship with, or challenges faced by, our Digital Partners may negatively impact our business and operations. For further information, see “- ***We depend heavily on our Digital Partners and incur significant costs in recruiting, activating, managing and retaining them. Cost of acquiring and retaining Digital Partners accounted for 76.58% and 62.51% of our total expenses in the six months period ended September 30, 2025 and September 30, 2024, respectively, and 69.98%, 66.61% and 69.59% of our proforma total expenses in Fiscals 2025, 2024 and 2023, respectively. Attracting, managing and retaining Digital Partners is critical to our business, and failure to do so in a cost-effective way may have an adverse effect on our business, prospects, financial condition, results of operations and cash flows.***” on page 50.

Further, there can be no assurance that the products offered on our platform will meet customer needs, sustain for a period of time that we expect them to, or be accepted by the market. In addition, our Insurer Partners may discontinue their products on our platform due to regulatory or commercial reasons, or for the purpose of updating these products. In the six months period ended September 30, 2025, one general insurer discontinued its specific healthcare insurance policy from the market and one life insurer replaced a life insurance policy with a new one. In Fiscal 2025, one general insurer discontinued its specific healthcare insurance policy from the market. In Fiscals 2024 and 2023, two general insurers in each Fiscal discontinued their respective specific healthcare insurance policies. As a result, such policies were no longer available for distribution through our platform during the respective periods/ Fiscals. While none of these instances of discontinuation of insurance products had an adverse affect our business and operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, we cannot guarantee that similar occurrences in the future will not result in an adverse impact on our business, prospects, financial condition, results of operations and cash flows.

**25. Our business handles and processes significant volumes of data. Any failure to safeguard confidential information, prevent cybersecurity breaches, or misuse data and any inability to analyse the data effectively or accumulate or access sufficient data in the future could adversely affect our business, reputation, financial condition, results of operations and cash flows.**

As a technology-driven company, we highly rely on usage of our data in all our operations. Our platform handles, stores and processes certain personal, transactional, financial and other sensitive data provided by customers (including end-customers of our enterprise customers) and pursuant to applicable laws and regulations, we make certain personal information provided by customers and Digital Partners available to our Insurer Partners as part of our business operations. Handling large volumes of data poses inherent security risks, making us and our third-party server hosts targets for cyber-attacks, viruses, and break-ins. This also involves risks of complying with evolving privacy and data protection laws in India and safeguarding data from unauthorized access. Our platform and back-end infrastructure may be vulnerable to cyberattacks and security breaches including social engineering, denial of service, credential stuffing, ransomware and other malware, employee error and malfeasance and other sources of disruption, and third parties may be able to access data.

In Fiscal 2020, our Subsidiary, TIB, experienced a cyberattack that resulted in the compromise and subsequent unauthorized disclosure of sensitive data on the dark web. Subsequently, in Fiscal 2023, the data (comprising records of hashed data and plain text data) compromised in the earlier cyberattack resurfaced on the dark web for sale. Following the incident, we implemented a number of remedial measures to enhance our cybersecurity posture and also obtained a cyber insurance policy. These measures included enabling cloud based web security services to monitor and protect against misconfigurations, implementing accidental termination policies on database machines, reviewing and restricting user roles and permissions to ensure the principle of least privilege, and engaging cybersecurity experts to conduct forensic analysis and review our systems. In addition, we have achieved SOC 2 Type II compliance. While this incident did not result in any regulatory action or penalty by any regulatory authority, nor did it lead to any negative impact on our business and financial condition or reputation, there can be no assurance that similar instances in the future will not have a material adverse effect on our reputation, business, operations, cash flows or financial condition.

Our ability to protect data is further challenged by the rapidly evolving nature of cyber threats and the increasing sophistication of cybercriminals. Despite our security measures, we cannot guarantee that our systems, or those of our partners and service providers, will be immune to breaches or other security incidents. Employee error, malfeasance, or design flaws in our technology infrastructure could also result in unauthorized access, theft, or misuse of confidential information. Additionally, vulnerabilities in the devices or systems of our users, customers, or business partners could be exploited in ways that negatively impact us, even if our own systems remain secure.

Non-compliance with applicable privacy and data protection laws, regulations, or standards in India, or any failure to adequately address privacy concerns, whether actual or perceived, could result in significant costs, liability, litigation, regulatory penalties, and reputational harm. See “– **Data collection and storage in India are increasingly governed by strict laws and regulations, as governments work to protect the privacy and security of personal information. Non-compliance with data protection regulations could lead to fines, license revocation, or criminal liabilities, adversely affecting our business, reputation, financial condition, results of operations and cash flows**” on page 85. Security breaches or data misuse could also disrupt our operations, damage our relationships with customers, Digital Partners, Insurer Partners and other financial service providers, and require us to incur substantial expenses to remediate the breach, enhance security measures, and address any resulting claims or investigations. The occurrence or threat of such incidents may also lead to negative publicity, loss of customer trust and a decline in the use of our platform, all of which could materially and adversely affect our business, financial condition, and results of operations. Additionally, security breaches or cyberattacks experienced by our Insurer Partners may disrupt our operations and impact the services provided to customers.

26. ***We are dependent on the “Turtlemint” brand. Any damage to our brand, inability to maintain and enhance our brand recognition or reputation, or failure to achieve this in a cost-effective manner may affect our ability to acquire new customers, Digital Partners and Insurer Partners, which could adversely affect our business, prospects, financial condition, results of operations and cash flows.***

Maintaining and enhancing our brand, “Turtlemint”, reputation and quality standards and reliability of our platform is crucial for our competitiveness. This involves, amongst others, offering innovative and relevant insurance and financial products to our Digital Partners to offer their customers, ensuring customer satisfaction, increasing brand awareness through marketing and maintaining reliable platform and technology infrastructure. If we are unable to maintain our reputation, enhance our brand recognition or increase positive awareness of our platform, products and services, it may be difficult to retain or grow our market base, and our business and growth prospects may be materially and adversely affected.

Moreover, the online insurance market in India is continuously evolving, necessitating the enhancement of our marketing strategies and experimentation with new methods to stay aligned with industry developments and customer preferences. This evolution may not always be cost-effective compared to our past marketing activities and could result in significantly higher marketing expenses. If we fail to refine our current marketing strategies or introduce new, effective approaches in a cost-efficient manner, it could adversely affect our revenues and profitability. Any instance of negative publicity, whether justified or not, can have a disproportionately large impact on our brand perception, customers loyalty, network of Digital Partners and Insurer Partners. This negative publicity could arise from various sources, including but not limited to, unsatisfactory customer outcomes, adverse media coverage, regulatory actions, or unfavourable reviews. Also, see “– **Adverse media coverage concerning us, our Digital and Insurer Partners, and other industry participants in the insurance sector may detrimentally impact our brand and reputation. Any such negative publicity could have a material adverse effect on our business, reputation, financial condition, results of operations and cash flows**” on page 77. While we have not faced any instances of damage to our brand or failure to maintain the “Turtlemint” brand by us in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023 that led to an adverse effect on our business and operations, there can be no assurance that these instances will not occur in the future.

Further, while we have received registration of our corporate logo and word mark ‘Turtlemint’, “Turtlemint Academy”, “Turtlemint Insurance”, “Turtlemint Money”, “TurtleAhead”, “Turtlefin”, “TurtleOne” “policyturtle”, “Turtlemint PRO” and some additional marks in certain classes, we have received oppositions for our applications for registrations of certain brand related intellectual property under various classes of the Trademarks Act, 1999. For further details see, “**Our Business – Brand and Intellectual Property**” on page 270. Our failure to obtain these registrations or protect our intellectual property rights may also undermine our brand and result in harm to the growth of our business.

Additionally, our advertising and marketing campaigns must comply with IRDAI (Protection of Policyholders’ Interests, Operations and Allied Matters of Insurers) Regulations, 2024 which among other things, limits third-party involvement. Further, the additional Advertisement and PPHI guidelines on co-branding with insurers

require prior approval of insurers which restricts our marketing. While we have not faced any instances of non-compliance of such regulations in the past, any penalties in this regard or further regulatory changes could impair our brand recognition and loyalty, adversely affecting our business.

**27. We generate a portion of our revenues from renewal premium from customers (renewal commission revenue contributed to 19.29% and 24.65% of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and 21.24%, 22.71% and 5.92% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively). If customers choose not to renew their policies through our platform, our renewal commission revenues could decline, which may adversely affect our business, prospects, financial condition, results of operations and cash flows.**

Our engagement with customers extends beyond the initial sale of new policies to include ongoing support at the time of policy renewals, which are facilitated by our Digital Partners. Accordingly, our financial condition and results of operations depend upon our continued ability to drive revenues from renewal premium from customers. If customers choose not to renew their policies through our platform, or if they opt to renew directly with insurers or through competing platforms, our renewal revenues could decline, adversely impacting our profitability and growth prospects. In order to drive our existing customers to renew their insurance policies through our platform, we employ targeted renewal outreach and utilize various tools to facilitate and encourage online renewals. Renewal reminders are sent to customers through WhatsApp and text messages beginning prior to policy expiration. Upcoming renewals are also displayed to Digital Partners through the TurtlemintPro app and to relationship managers through the Ninja SalesPro app, enabling timely follow-ups and support. In certain cases, outbound calls are made to customers to provide assistance and help them complete renewals through our platform.

The following table sets forth details of the renewal commission revenue we have generated through our platform and its percentage of revenue from operations for the periods indicated:

| Particulars                                                                             | Six months period ended September 30, |                     |
|-----------------------------------------------------------------------------------------|---------------------------------------|---------------------|
|                                                                                         | 2025                                  | 2024 <sup>(2)</sup> |
| Renewal commission revenue (₹ million) <sup>(1)</sup> (A)                               | 893.96                                | 545.95              |
| Revenue from operations (B) (₹ million)                                                 | 4,633.28                              | 2,214.47            |
| Renewal commission revenue as a percentage of revenue from operations (%) (C = A/B*100) | 19.29%                                | 24.65%              |

Note:

(1) Renewal commission revenue refers to the commission earned on renewal policies. Renewal policies refers to policies which are renewed either with the same insurer partner or a different insurer partner in a given Fiscal.

(2) Six months period ended September 30, 2024 include operations of TIB only from May 8, 2024 to September 30, 2024.

The following table sets forth details of the renewal commission revenue we have generated through our platform for the years indicated:

| Particulars                                                                                      | Fiscal   |          |          |
|--------------------------------------------------------------------------------------------------|----------|----------|----------|
|                                                                                                  | 2025     | 2024     | 2023     |
| Renewal commission revenue (₹ million) <sup>(1)*</sup> (A)                                       | 1,487.40 | 1,281.44 | 318.48   |
| Proforma revenue from operations (B) (₹ million)                                                 | 7,002.65 | 5,641.68 | 5,379.75 |
| Renewal commission revenue as a percentage of proforma revenue from operations (%) (C = A/B*100) | 21.24%   | 22.71%   | 5.92%    |

Notes:

\* We experienced an increase in renewal commission revenue in Fiscal 2024 compared to Fiscal 2023 on account of certain regulatory changes resulting in an increase in commissions (including renewal commission). According to the Redseer Report, effective Fiscal 2024, IRDAI revised the erstwhile Payment of Commission Regulation from the Payment of Commission or Remuneration or Reward to Insurance Agents and Insurance Intermediaries, 2016 to Insurance Regulatory and Development Authority of India (Payment of Commission) Regulations, 2023. Notably, the definition of "commission" has also been expanded to include any form of compensation - whether termed remuneration, reward, or otherwise - paid by an insurer to an insurance agent or intermediary for soliciting, procuring, or transacting insurance business (Source: Redseer Report). For further details on the regulatory changes and impact on commissions and marketing fees, see "Management's Discussion and Analysis of Financial Condition and Results of Operations - Key Developments - Regulatory changes affecting the results of operations" on page 533.

1. Renewal commission revenue refers to the commission earned on renewal policies. Renewal policies refers to policies which are renewed either with the same insurer partner or a different insurer partner in a given Fiscal.

While we have implemented technology-enabled processes and provide advanced CRM tools to our Digital Partners to facilitate a seamless renewal experience, there can be no assurance that these measures will be sufficient to retain customers at the time of renewal. Customers may be influenced by factors such as changes in

their insurance needs, dissatisfaction with our platform or services, more attractive offerings from competitors, or direct outreach by insurers. Additionally, as the renewal process typically requires fewer resources than new policy acquisition, any significant decline in renewal rates could disproportionately affect our operating leverage and overall efficiency.

Furthermore, our reliance on Digital Partners and Insurer Partners to support the renewal process introduces additional risks. If these partners do not effectively engage with customers or if their priorities shift, our ability to secure renewals may be compromised. Any significant decline in renewal rates could result in reduced revenues, lower margins and diminished customer lifetime value, which could have a material adverse effect on our business, financial condition, results of operations, cash flows and reputation.

**28. *There are outstanding litigation against our Company, Subsidiary, Directors Promoter and Key Managerial Personnel. An adverse outcome in any of these proceedings may affect our reputation and standing and impact our future business and could have a material adverse effect on our business, prospects, financial condition, results of operations and cash flows.***

As of the date of this UDRHP-I, we are involved in certain tax, regulatory and criminal legal proceedings which are pending at different levels of adjudication before various courts, tribunals, commission and appellate authorities. Decisions in proceedings adverse to our interests may have a significant adverse effect on our business, financial condition, cash flows, results of operations and prospects. In relation to tax proceedings, in the event of any adverse outcome, we may be required to pay the disputed amounts along with applicable interest and penalty and may also incur additional tax incidence going forward.

A summary of pending material civil, tax and criminal proceedings involving our Company, Subsidiaries, Directors, Promoters, Key Managerial Personnel and Senior Management, as identified by our Company pursuant to the Materiality Policy adopted by our Board is provided below:

| Category of individuals/ entities                     | Criminal proceedings | Tax matters | Statutory or regulatory actions | Disciplinary actions by the SEBI or Stock Exchanges against our Promoters in the last five years, including outstanding action | Material civil litigations as per the Materiality Policy | Aggregate amount involved* (in ₹ million) |
|-------------------------------------------------------|----------------------|-------------|---------------------------------|--------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------|-------------------------------------------|
| <b>Company</b>                                        |                      |             |                                 |                                                                                                                                |                                                          |                                           |

\*Amount to the extent ascertainable and quantifiable

Our Company is in the process of litigating certain tax matters and based on the assessment in accordance with applicable accounting standards, our Company has presently not made provision for any of the pending legal and tax matters. For details of our contingent liabilities, see “*Summary of the Offer Document – Summary of Contingent Liabilities*”, and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Contingent Liabilities*” on pages 23, and 577, respectively.

Our Subsidiary, TIB has been named as a party in civil suits and consumer cases filed by customers before various courts and consumer commissions alleging rejection of insurance claim by insurance companies. TIB has been impleaded in these proceedings in its capacity as an intermediary and is not directly involved in the underlying disputes relating to the insurance claims. Additionally, our Company (including our Executive Directors, in an instance) and our subsidiary, TIB, have also been made party to few litigations filed by ex-employees alleging wrongful termination from employment before various courts. We cannot assure you that similar cases will not be initiated against us in the future and any adverse outcome in such cases might have an adverse effect on our business and operations.

We cannot assure you that the outcome of any of these matters will be in favour of our Company or our Subsidiaries, Directors, respectively, or that no additional liability will arise out of these proceedings/ matters. An adverse outcome in any of these proceedings/ matters could have an adverse effect on our business, financial position, prospects, results of operations and our reputation. The amounts claimed in these proceedings have been disclosed to the extent ascertainable. For details, see “*Outstanding Litigation and Material Developments*” on page 587.

**29. A significant portion of our Platform Premium is attributable to the states of Maharashtra and Gujarat (collectively, accounting for 27.63%, 31.20%, 30.12%, 33.34% and 31.39% of our Platform Premium (excluding enterprise premium) in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025, 2024 and 2023, respectively). Any adverse development in these states or regions may adversely affect our business, financial condition, cash flows and results of operations.**

A significant portion of our Platform Premium is attributable to the states of Maharashtra and Gujarat. Set out below is a breakdown of our Platform Premium (excluding enterprise premium) by states for the periods indicated:

Notes:

\*The top 10 states have been identified based on the top 10 states in terms of Platform Premium in the six months period ended September 30, 2025. The geographical distribution has been determined based on the policyholder's PIN code/ city/ state.

1. Platform Premium refers to total premium (i.e., payment and consideration) received on the insurance policies (net of Goods and Service Tax) that were issued or re-issued by an insurance company through our platform. The Platform Premium included in this table above excludes enterprise premium due to the policyholder location information being unavailable in accordance with the technology services agreements that we enter with our enterprise clients.

2. Other states and union territories includes Andaman and Nicobar Islands, Arunachal Pradesh, Assam, Bihar; Chandigarh, Chhattisgarh, Delhi, Goa, Haryana, Himachal Pradesh, Jammu and Kashmir, Jharkhand, Kerala, Ladakh, Lakshadweep, Manipur, Meghalaya, Mizoram, Nagaland, Odisha, Puducherry, Sikkim, The Dadra and Nagar Haveli and Daman and Diu, Tripura, Uttarakhand and West Bengal.

Set out below is a breakdown of our Platform Premium (excluding enterprise premium) by states for the years indicated:

| Name of State*                                          | 2025                  |                                                                                 | Fiscal 2024           |                                                                                 | 2023                  |                                                                                 |

Notes:

\*The top 10 states have been identified based on the top 10 states in terms of Platform Premium in Fiscal 2025. The geographical distribution has been determined based on the policyholder's PIN code/ city/ state.

1. Platform Premium refers to total premium (i.e., payment and consideration) received on the insurance policies (net of Goods and Service Tax) that were issued or re-issued by an insurance company through our platform. The Platform Premium included in this table above excludes enterprise premium due to the policyholder location information being unavailable in accordance with the technology services agreements that we enter with our enterprise clients.

2. Other states and union territories includes Andaman and Nicobar Islands, Arunachal Pradesh, Assam, Bihar, Chandigarh, Chhattisgarh, Goa, Haryana, Himachal Pradesh, Jammu and Kashmir, Jharkhand, Kerala, Ladakh, Lakshadweep, Manipur, Meghalaya, Mizoram, Nagaland, Odisha, Puducherry, Sikkim, Tamil Nadu, The Dadra and Nagar Haveli and Daman and Diu, Tripura, Uttarakhand and West Bengal.

Such geographic concentration in terms of Platform Premium exposes us to localized risks. Any adverse developments in these states, including social, political, economic or regulatory changes; changes in state-level taxes or enforcement; natural disasters (such as floods, cyclones or earthquakes); public health emergencies; civil unrest, strikes or protests; infrastructure outages; or other disruptions, could impair our ability to acquire and service customers and Digital Partners, maintain relationships with insurers, process transactions and otherwise operate our platform in a timely and efficient manner. A decline in Platform Premium contribution from these states, or our inability to diversify our geographic mix, could adversely affect our business, financial condition, cash flows and results of operations. While we have not experienced interruptions or losses from adverse developments in Maharashtra or Gujarat that resulted in a material adverse impact on our business and operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, we cannot assure you that such events will not occur in the future.

**30. Some aspects of our platform include open-source software, and our use of open-source software could adversely affect our business, prospects, financial condition, results of operations and cash flows.**

Our platform and technology infrastructure rely on various third-party software, including open source software. The licensing terms for such open-source software are subject to change by the licensors, and in some instances, functionalities that were previously available under open-source licenses have been migrated to paid or more restrictive licensing models. For example, we have experienced situations where the license terms for certain open-source software were upgraded or modified, resulting in previously free functionalities becoming subject to commercial terms. As a result, we have had to transition from one open-source solution to another to maintain the required functionality for our platform. These transitions can be complex, time-consuming, and costly. The need to migrate to alternative software solutions may require re-engineering of our technology infrastructure, retraining of personnel, and increased IT personnel costs. Additionally, there is a risk that such migrations could result in temporary disruptions to our platform, loss of data, or reduced performance, which could adversely affect our business operations and reputation. There can be no assurance that future changes in open source software licenses or the need to migrate to alternative solutions will not have a material adverse effect on our business, financial condition, or results of operations.

Further, the evolving nature of open-source licenses and the lack of definitive interpretation by Indian courts create uncertainty regarding our ongoing compliance obligations. If we are unable to comply with the new or modified license terms, or if we inadvertently use open-source software in a manner inconsistent with its license, we could be subject to legal claims, including claims for breach of contract or intellectual property infringement.

This could result in significant legal expenses, damages, or injunctions that could prevent us from offering certain products or services.

**31. Our wholly owned Subsidiary, TIB's net working capital requirements increases to the extent of the unbilled revenues in the financial statements at the end of each reporting period and requires working capital funding to meet this gap in the cash flows, which may adversely affect our business, financial condition, liquidity, cash flows and results of operations.**

Our insurance distribution model gives rise to timing differences between when our wholly owned subsidiary, TIB, recognizes commission revenue for policies it sources and when related commissions are billed to and collected from Insurer Partners. Set forth below are details of the working capital requirements and funding pattern of our wholly owned Subsidiary, TIB, based on its audited standalone financial statements, for the six months period ended September 30, 2025 and September 30, 2024 and financial years ended March 31, 2025, and based on audited standalone Ind AS special purpose financial statements for the financial year ended March 31, 2024 and March 31, 2023.

| Particulars                                     | As at              |                    |                 |                 |                |

Note: As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/W100962), by way of their certificate dated January 28, 2026.

The working capital requirement of TIB has increased primarily on account of higher trade receivables, which consist of unbilled revenue for the month of March/ September (i.e., the end of each reporting period), which is scheduled to be billed in the following months and revenue from long-term policies which are billed and collected over a future periods driven by changes in regulatory requirements affecting the payment structure of commissions to TIB, as detailed below. As at September 30, 2025, TIB's receivables from long-term policies was ₹388.56 million and other receivables was ₹987.01 million.

As per the Redseer Report, commission structures in the insurance broking industry are generally established in advance through mutual agreement between brokers and their Insurer Partners, in accordance with regulatory guidelines. Revenue earned from insurance distribution typically includes commissions and rewards for both new policy issuances and renewals, with payouts linked to the gross written premium ("GWP") recognized by the insurer. Additionally, as outlined in the IRDAI's Master Circular on Actuarial, Finance and Investment Functions of Insurers dated May 17, 2024 ("IRDAI Master Circular"), premiums for long-term policies, where collections or the entire policy term spans beyond 12 months, GWP must be recognized annually. Accordingly, GWP for such policies is recognized by the insurers on a '1/n' basis, wherein the total premium is spread evenly across the policy tenure, and commission expenses incurred by the insurers on the sale of such policies are paid only on the recognized GWP for each financial year. As a result, brokers may experience timing-related delays in billing the commission to the insurer partners (Source: Redseer Report). For the broker and in our case, for our wholly owned Subsidiary, TIB, the commission income in such policies is recorded in the year in which the policy is sold as TIB has fulfilled all its obligations in sourcing the said policy. However, the broker is required to bill for each year's commission on such third-party premium in the respective year and collect from the insurer. Hence, the revenue that pertains to the future years gets recognised as unbilled revenues and shown under trade receivables in the financial statements of our wholly owned Subsidiary, TIB, in the year in which the policy is sold. However, our wholly owned Subsidiary, TIB, is required to account for and pay the commission to the digital partner upfront on the entire premium in line with the commercial arrangement between the broker and the digital partner agent

which in turn is influenced by market and competitor practices.

Accordingly, our wholly owned Subsidiary, TIB's net working capital increases to the extent of such unbilled revenues (including unbilled revenue for the month of March (i.e., the end of each reporting period) and revenue from long-term policies) in the financial statements at the end of each reporting period and requires working capital funding to meet this gap in the cash flows. For further information, see "**Objects of the Offer - V. Investment in our wholly owned Subsidiary, TIB, for funding its working capital requirements**" on page 168.

**32. *Our technology systems are integrated with our Insurer Partners' platforms. Unauthorised data changes or failure to maintain data integrity by third parties, or their inadequate performance or termination of relationships, may severely impact our customer service and adversely affect our business, financial condition, results of operations and cash flows.***

Our business necessitates the efficient processing of large quantities of data and information. To efficiently manage the high volume of transactions on our platform, we use APIs to integrate our information technology systems with those of our Insurer Partners. We also have built certain manual workflow processes to continue to serve requests to our Digital Partners in case of any unavailability of APIs. This integration reduces labour costs by automating proposal forms, real-time quotes, issuance of policy and payments. As a result, our success partly relies on these third parties. If any of our Insurer Partners fails to maintain data integrity, or if any third party of our Insurer Partners are able to penetrate our network to damage data and security or otherwise impede the normal operation of the database against our interest, the operation of our business may be materially and adversely affected or even be interrupted. Additionally, changes to our Insurer Partners' API architecture or our integrations with cloud service providers could also materially and adversely affect our business operations. Additionally, if we are unable or unwilling to integrate APIs for our Insurer Partners' products in a timely manner, which enable our platform to perform digital issuances, it may negatively impact our business and operations. While we have not faced any such instances in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future.

We also depend on third-party verification technologies and services to maintain a high level of automation on our platform. If any third party terminates its relationship with us or refuses to renew its agreement on commercially reasonable terms, we would need to find an alternate provider. This may not be achievable within an acceptable timeframe or on similar terms. Additionally, there is no guarantee that the third-party technology employed in our platform does not infringe upon the intellectual property rights of others. We also rely on software and services from vendors for functions such as payroll and human resources management. While we have not faced any such instances with the third party technologies which we have utilized in our operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future or experience outages, as a result of which our business could be adversely affected. These risks could increase our costs and adversely impact our business, financial condition, and results of operations. Furthermore, any negative publicity related to our third-party partners, including concerns about quality standards or safety, could harm our reputation and brand, potentially leading to increased regulatory or litigation exposure.

**33. *Our Statutory Auditor's examination report on Restated Consolidated Financial Information discloses modifications included in audit report and annexures to auditors report on our financial statements as at and for the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023 which do not require any corrective adjustments in our Restated Consolidated Financial Information. Further, the compilation report on our Unaudited Proforma Financial Information discloses certain emphasis on matters.***

The audit report issued by our Statutory Auditor for the year ended March 31, 2025 and audit report for the year ended March 31, 2024 includes observation under 'Report on Other Legal and Regulatory Requirements' paragraph relating to the maintenance of books of account and other matters connected therewith. These modifications indicated that our Company and subsidiaries have in case of one of the software not preserved audit trail in accordance with statutory requirements for record retention until September 06, 2024. However, no instance of audit trail feature being tampered with were noted.

Further, the audit report issued by our Statutory Auditor and Previous Statutory Auditor also includes modifications in the annexure to the auditors' reports issued under Companies (Auditor's Report) Order, 2020 on the financial statements for the years ended March 31, 2025, March 31, 2024 issued by our Statutory Auditor and March 31, 2023 issued by our Previous Statutory Auditor. These matters relate to slight delays in deposit of statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-

tax, service tax, duty of custom, duty of excise, value added tax, cess and other statutory dues which have not been deposited on account of any dispute. These modifications do not require any corrective adjustments in our Restated Consolidated Financial Information.

The compilation report on our Unaudited Proforma Financial Information includes an emphasis of matter in respect of preparation and inclusion of Special Purpose Ind AS Financial Information of the TIB as at and for the years ended March 31, 2024 and March 31, 2023 and Special Purpose Interim Ind AS Financial Information for the period from April 1, 2024 to May 7, 2024 for the purpose of inclusion in the Unaudited Proforma Financial Information prepared on a voluntary basis and not required to be included as part of the mandatory Unaudited Proforma Financial Information as per Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended. For further details, see “**Unaudited Proforma Financial Information**” on page 380.

We cannot assure you that our Statutory Auditors’ reports for any future financial years will not contain modifications, observations, qualifications, emphasis of matter or other matters, including any matters required to be reported under the Companies (Auditor’s Report) Order, 2020, and that such matters will not otherwise affect our results or adversely affect our business, results of operations, cash flows and financial condition. These modifications do not require any corrective adjustments in our Restated Consolidated Financial Information.

**34. *Adverse media coverage concerning us, our Digital and Insurer Partners, and other industry participants in the insurance sector may detrimentally impact our brand and reputation. Any such negative publicity could have a material adverse effect on our business, reputation, financial condition, results of operations and cash flows.***

Negative publicity with respect to us, our platform, Digital and Insurer Partners or the Indian insurance industry generally could adversely impact our reputation, brand and competitive standing. Such adverse publicity, whether with merit or not, even if factually incorrect or based on isolated incidents or based on the aggregate effect of individually insignificant incidents could severely compromise our reputation, diminish the value of our brands, undermine the trust and credibility we have established, have a negative impact on our ability to attract and retain customers or cause our Digital Partners, Insurer Partners and other third parties to cease their relationship with us, and harm our business and operations. Additionally, it can affect our ability to deliver a seamless and effective purchasing experience, our risk assessment and modelling capabilities, continuously improve our services, manage and resolve complaints in a timely and effective manner, and safeguard the privacy and security of personal data of our customers.

In Fiscal 2020, our subsidiary, TIB, experienced a cyberattack that resulted in the compromise and subsequent unauthorized disclosure of sensitive data. Subsequently, in Fiscal 2023, the data compromised in the earlier cyberattack resurfaced. For further information, see “- **Our business handles and processes significant volumes of data. Any failure to safeguard confidential information, prevent cybersecurity breaches, or misuse data and any inability to analyse the data effectively or accumulate or access sufficient data in the future could adversely affect our business, reputation, financial condition, results of operations and cash flows**” on page 69. As a result of this incident, we faced certain negative publicity and in response, heightened scrutiny of our data security practices. There can be no assurance that we will not face such negative publicity in the future.

Further, negative reviews or unfavorable publicity regarding our app can have adverse effects on our business and operations. If our app receives negative feedback from users or is subject to unfavorable media coverage, it may lead to a decline in the number of downloads.

This, in turn, could reduce our user base and limit our ability to attract new customers. Moreover, negative publicity may result in increased regulatory supervision and legislative scrutiny as well as increased litigation risks, which may further increase our cost of doing business and adversely affect our profitability. Any resulting damage to our brand or reputation could materially and adversely affect our business, financial condition, results of operations, cash flows and prospects.

**35. *We rely on our partnerships with financial institutions and other third parties for payment processing infrastructure and for the provision of services through our platform. Our business may be disrupted if these financial institutions and third parties become unwilling or unable to provide these services to us on acceptable terms or at all.***

We provide various payment mechanisms on our platform, including online payments through, amongst others, the unified payment interface, credit and debit card and digital wallets. We rely on partnerships with financial

institutions and third parties for elements of our payment-processing infrastructure to process and remit payments from customers using our platform and payments to our Digital Partners. If these financial institutions and third parties become unwilling or unable to provide these services to us on acceptable terms or at all, our business may be disrupted.

For example, in Fiscal 2024, we encountered integration challenges with an Indian financial solutions provider offering online payment processing services to facilitate payouts to our Digital Partners. While this instance did not negatively impact our business or operations and we transitioned to an alternative online payment processor, there can be no assurance that similar issues will not affect our operations in the future or that we may be able to find suitable alternatives in a timely manner. Additionally, such integration difficulties or disruptions could undermine the confidence of our customers, Digital Partners, and Insurer Partners in our payment operations, potentially leading them to consider competitor platforms.

In the event that online payment providers are required to pay increased fees to banks to process funds, there is no assurance that such online payment providers will not pass any increased costs to us. If these fees increase over time, our operating costs will increase, which could negatively affect our business, financial condition and results of operations. Further, these third-party providers are subject to regulations imposed by the RBI due to the nature of the payment systems involved. Any regulatory changes affecting these providers or the payment systems they operate could directly impact the availability, reliability, or cost of the services they offer to us, which in turn could adversely affect our business and operations.

The payment methods we offer expose us to potential fraud and theft by sophisticated criminals. In addition, we are subject to IRDAI regulations and various other rules, regulations, and requirements, regulatory or otherwise, governing payment processing, which could change or be reinterpreted to make it difficult or impossible for us to comply. If we or our third-party payment gateway operators fail to comply with these rules or requirements, we may be subject to fines and higher transaction fees and lose our ability to accept electronic payments from our customers, process electronic funds transfers or facilitate other types of online payments, and our business, cash flows, financial condition and results of operations could be materially and adversely affected. While we have not faced any instances of payment failures, security breaches or non-compliance with IRDAI and other applicable regulations of the payment methods on our platform which has had an adverse impact on our business in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there is no assurance that we will not face such instances in the future. Failure to control fraudulent transactions could lead to civil liability, a damaged reputation, and higher transaction costs, adversely affecting our reputation, business, financial condition, cash flows and results of operations. Also, see “- *We are exposed to losses due to fraud, misappropriation, unauthorized conduct, negligence, theft or similar incidents by our employees, customers or Digital Partners, which may have an adverse impact on our business, prospects, financial condition, results of operations and cash flows*” on page 81.

**36. *Our listed industry peer is not comparable with us in terms of size and selected KPIs under the section “Basis for Offer Price”. Any reliance on such comparisons may have limited usefulness and could adversely influence investor perception and the market price of our Equity Shares.***

Our only listed comparable industry peer is PB Fintech Limited. Investors should consider that comparisons between us and PB Fintech Limited may not be directly comparable since our companies differ in size, scale, operating history, business model, capital resources, customer acquisition channels and stage of growth. PB Fintech Limited was incorporated in 2008 whereas our Company was incorporated in 2015 and we only acquired our Subsidiary, Turtlemint Insurance Broking Services Private Limited on May 8, 2024. These differences can affect operating leverage, unit economics, customer acquisition costs, brand awareness and other drivers of financial and operating performance. As a result, any comparison of our performance or prospects with PB Fintech Limited may have limited usefulness and could lead to incomplete assessments of our business, results of operations or growth trajectory.

Set forth below is a comparison of select KPIs under the section “*Basis for Offer Price - Comparison with listed industry peers*” on page 185 with PB Fintech Limited for the periods/ years indicated:

| KPI              | Units     | Company*                                   |                                            |             |             |             |                                            | PB Fintech Ltd.                            |             |             |             |

Notes: All financial information for Company's listed peer mentioned in the above table is on a consolidated basis.

37. ***We incur significant commission expense on distribution of financial products (commission expense on distribution of financial products accounted for 64.68% and 47.30% of our total expenses in the six months period ended September 30, 2025 and September 30, 2024, respectively, and proforma commission expense on distribution of financial products accounted for 56.42%, 38.84% and 3.32% of our proforma total expenses in the Fiscals 2025, 2024 and 2023, respectively). These expenses are variable and subject to commercial and regulatory changes, and any increase or volatility in these expenses could adversely affect our business, prospects, margins, financial condition, results of operations and cash flows.***

Commission expense on distribution of financial products, which account for significant portion of operating expenses, refers to the commissions paid to Digital Partners for the sale and distribution of insurance and financial service products. Commission expenses are incurred for payouts to Digital Partners for distributing insurance and other financial products to customers. The commission rates are determined through commercial negotiations with Digital Partners and may include base rates as well as campaign-based incentives. These rates may increase in response to heightened competition for distribution channels or as Digital Partners seek improved economic terms.

Set out below are details of our commission expense on distribution of financial products and its percentage of total expenses on a restated basis for the periods indicated:

| Particulars                                                                                                  | Six months period ended September 30, |                     |
|--------------------------------------------------------------------------------------------------------------|---------------------------------------|---------------------|
|                                                                                                              | 2025                                  | 2024 <sup>(1)</sup> |
| Commission expense on distribution of financial products (₹ million) (A)                                     | 3,625.66                              | 1,574.29            |
| Total expenses (₹ million) (B)                                                                               | 5,605.32                              | 3328.36             |
| Commission expense on distribution of financial products as a percentage of total expenses (%) (C = A/B*100) | 64.68%                                | 47.30%              |

Note:

(1) Six months period ended September 30, 2024 include operations of TIB only from May 8, 2024 to September 30, 2024.

Commission expense on distribution of financial products increased in the six months period ended September 30, 2025 compared to the six months period ended September 30, 2024 on account of increase in commission payouts to our Digital Partners for distribution of insurance products in line with the increase in business volumes and premium as well as consolidation of TIB's result of operations for the entire period during the six months period ended September 30, 2025.

Set out below are details of our proforma commission expense on distribution of financial products on a proforma basis for the years indicated:

| Particulars                                                                                                                    | Fiscal   |          |          |
|--------------------------------------------------------------------------------------------------------------------------------|----------|----------|----------|
|                                                                                                                                | 2025     | 2024     | 2023     |
| Proforma commission expense on distribution of financial products (₹ million) (A)                                              | 5,251.37 | 3,070.59 | 286.02   |
| Proforma total expenses (₹ million) (B)                                                                                        | 9,307.50 | 7,906.15 | 8,606.60 |
| Proforma commission expense on distribution of financial products as a percentage of proforma total expenses (%) (C = A/B*100) | 56.42%   | 38.84%   | 3.32%    |

Our proforma commission expense on distribution of financial products significantly increased in Fiscal 2024 compared to Fiscal 2023 in line with the increase in our business volumes resulting in increase in payouts to our Digital Partners as a result of certain regulatory changes implemented by the IRDAI. For details on the regulatory changes and impact on commissions and marketing fees, see “*Management's Discussion and Analysis of*

***Financial Condition and Results of Operations - Key Developments - Regulatory changes affecting the results of operations***” on page 533. Further, proforma commission expense on distribution of financial products increased in Fiscal 2025 compared to Fiscal 2024 on account of increase in commission payouts to our Digital Partners for distribution of insurance products in line with the increase in business volumes and premium.

As our volumes scale or our product mix shifts, as a result of commercial negotiations with Digital Partners or in response to heightened competition, our commission expense may rise disproportionately. We may be unable to obtain higher commission rates from financial service providers to offset increased payouts to Digital Partners. Further, changes in the regulatory environment governing commission could require us to modify our commission structures, cap or defer certain payments or reduce or eliminate certain commission, any of which could increase costs. Any of these developments could materially and adversely affect our business, prospects, margins, financial condition, results of operations and cash flows.

**38. *We operate in an emerging and dynamic industry, which makes it difficult to predict our future prospects and there can be no guarantee that our current or future strategies will be successfully implemented or that we will continue to grow or generate profits, which could adversely affect our business, reputation, financial condition, results of operations and cash flows.***

We operate in a dynamic and emerging industry, providing digital insurance advisory and distribution services in India. The evolving nature of our business model, coupled with a developing regulatory framework, makes it challenging to accurately predict our future prospects or guarantee the success of our current or future strategies. As the industry continues to innovate and competition intensifies, we face risks related to maintaining and expanding relationships with Digital Partners, Insurer Partners and other financial service providers, adapting to regulatory changes, scaling our technology infrastructure and effectively executing our growth strategies. Any significant changes to our business model or failure to adapt to market developments could adversely affect our business, reputation, financial condition, and operational results.

Recent regulatory developments, including the introduction of the Bima Sugam platform, Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Act, 2025 could impact our business model and operations. IRDAI introduced the Bima Sugam platform, a not-for-profit, open online insurance marketplace designed to aggregate all insurers, intermediaries, and products, aiming to democratise and universalise insurance access across India by 2047. Bima Sugam’s open architecture will enable seamless interoperability among insurers, agents and digital platforms. Further, the Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Act, 2025 proposes sweeping changes, including removing cap for the foreign direct investment (FDI) in insurance companies from 74% to 100%, enabling one-time perpetual registration for intermediaries and providing IRDAI with explicit authority to regulate or cap commissions, which could significantly alter market dynamics and competition. The shift as seen in Bima Sugam and Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Act, 2025, is expected to boost innovation and ease of doing business and promises greater transparency and efficiency but may also require significant technological adaptation by industry stakeholders and even carry risks of operational disruption, potential exclusion of less digitally literate populations, and the need for careful implementation to balance innovation with consumer safeguards and market stability. Moreover, the EOM Regulations have put in place overall limits on EOM of the general insurance, health and life insurers. For further information, see “***Key Regulations and Policies***” on page 273. Also, see “- ***We are subject to a stringent regulatory framework governed by various laws and regulations that affect the flexibility of our operations and business practices and increase compliance costs. Any tightening of regulatory limits or non-compliance may result in penalties or sanctions that could have an adverse effect on our business, prospects, financial condition, results of operations and cash flows***”, “- ***We earned nil/minimal income from marketing fees in the six months period ended September 30, 2025 and September 30, 2024 and Fiscal 2025, and income from marketing fees as a percentage of proforma revenue from operations declined from 66.41% in Fiscal 2023 to 7.13% in Fiscal 2024, which led to an adverse affect on our business, financial condition, results of operations and cash flows. Further, we experienced a significant decrease in our revenue from operations by 81.27% from ₹4,199.17 million in Fiscal 2023 to ₹786.42 million in Fiscal 2024 primarily due to the decrease in income from marketing fees***” and “- ***We derived almost all our revenues from commissions, rewards and fees received from Insurer Partners and other financial service providers in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025 and 2024 (income from distribution of financial products accounted for 98.91% and 95.81% of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and proforma income from distribution of financial products accounted for 97.99%, 90.75% and 29.56% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively). Any reduction in these fee rates may have an adverse effect on our business, financial condition, results of operations and cash flows***” on pages 62, 53 and 47, respectively.

We have also experienced growth in revenue from operations in the six months period ended September 2025 compared to the six months period ended September 30, 2024, on a restated basis, as indicated below:

| Particulars                                              | Six months period ended September 30, |                     |
|----------------------------------------------------------|---------------------------------------|---------------------|
|                                                          | 2025                                  | 2024 <sup>(1)</sup> |
| Revenue from operations (₹ million)                      | 4,633.28                              | 2,214.47            |
| - Period-on-period growth in revenue from operations (%) | 109.23%                               | NA                  |

Note:

(1) Six months period ended September 30, 2024 include operations of TIB only from May 8, 2024 to September 30, 2024.

Further, we have experienced growth in proforma revenue from operations in Fiscal 2024 and 2025 as indicated below:

| Particulars                                                   | Fiscal   |          |          |
|---------------------------------------------------------------|----------|----------|----------|
|                                                               | 2025     | 2024     | 2023     |
| Proforma revenue from operations (₹ million)                  | 7,002.65 | 5,641.68 | 5,379.75 |
| - Year-on-year growth in proforma revenue from operations (%) | 24.12%   | 4.87%    | NA       |

As we continue to expand our operations, invest in technology, and enter new markets, we may encounter challenges in maintaining the quality and reliability of our platform, managing increased expenses, and complying with new regulations. Further, we may be exposed to additional challenges in new markets such as limited infrastructure, obtaining necessary governmental approvals, successfully marketing our brand and offerings in markets in which we have no familiarity, attracting Digital Partners and customers in a market in which we do not have significant experience or visibility, being subject to additional local taxes, attracting and retaining new employees and Digital Partners, expanding our technological infrastructure, maintaining standardized systems and procedures, and adapting our marketing strategy and operations to new markets in India. To address these challenges, we may have to make significant investments that may not yield desired results or incur costs that we may not be able to recover, which may adversely affect our business, financial condition, cash flows, results of operations and prospects. Further, there is no assurance that we will be able to sustain our historical growth rates or successfully implement our business strategies. If our expenses outpace our revenues or if we are unable to efficiently manage our expanding organization, our financial performance and business prospects could be materially and adversely affected.

**39. *We are exposed to losses due to fraud, misappropriation, unauthorized conduct, negligence, theft or similar incidents by our employees, customers or Digital Partners, which may have an adverse impact on our business, prospects, financial condition, results of operations and cash flows.***

We must rely on information furnished to us by or on behalf of our customers or Digital Partners for submission of proposal forms to insurers. Our business and operations may be adversely affected by our inability to verify or ensure accuracy of such information or by relying on any potentially incorrect, misleading or incomplete information sourced from customers or Digital Partners. There can be no assurance that we will be able to timely detect or prevent such misconduct by customers or Digital Partners, which could harm our business reputation and lead to regulatory action, resulting in a material adverse effect on our business, financial condition and results of operations. Such incorrect information by Digital Partners or employees in the proposal form, which may lead to non-disclosure of material information to our Insurer Partners for underwriting purposes. This can also result in the denial of insurance claims, regulatory scrutiny and reputational harm, all of which could have a material adverse effect on our business, financial condition, results of operations, and prospects. In addition, Digital Partners contractually agree to only provide services within the scope of their applicable profession and certification, and that they only hold themselves out as having the qualifications and designations applicable to them. While we have not faced any such instances that led to an adverse impact on our business or operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that all personnel will comply with the restrictions and limitations applicable to their scope of practice or our policies and procedures.

Our business is exposed to the risk of misconduct or failure to abide by our internal processes and procedures followed by our employees and Digital Partners. We are also exposed to risks related to fraudulent activities on our platform. Although we closely monitor our employees, customers and Digital Partners, misconduct, fraud, misappropriation, unauthorized acts (including acts of theft) or fraud by employees, Digital Partners, customers or other representatives may in the future go unnoticed for certain periods of time before corrective action is taken and potentially bind us to transactions that exceed the scope of authorisation and present risks to us. As a result, we may be subject to regulatory sanctions, brand and reputational damage or financial harm. It is also not always

possible to deter employee, Digital Partners, customers or other representatives' misconduct and the precautions taken and systems put in place to prevent and detect such activities may not be effective in all cases.

We have been, and may in the future be, subject to consumer complaints, legal claims, or regulatory actions arising from alleged improper, harmful, or otherwise inappropriate activities by our employees, Digital Partners or customers, which could materially and adversely affect our reputation, business, and results of operations. There have been instances in which we have faced consumer complaints and legal proceedings, including cases brought before consumer commissions in India, alleging improper conduct or other forms of misconduct by our Digital Partners. For instance, our subsidiary, TIB, has been named as a party to a litigation before consumer commissions wherein the complaint has been alleged against the Digital Partner. The matter is currently pending; there can be no assurance of a favorable outcome in the matter. Additionally, our Company and our subsidiary, TIB have also been made party to few litigation filed by ex-employees alleging wrongful termination from employment before various courts. While none of these instances led to an adverse effect on our business and operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future. Any instances of such misconduct or fraud could adversely affect our reputation, business and financial condition. Any failure to adequately address such incidents could result in additional consumer complaints, legal claims, or regulatory investigations, which may lead to fines, penalties, or other sanctions and could have a material adverse effect on our business, financial condition, cash flows, and results of operations.

Additionally, although we have implemented controls to monitor customer queries and complaints by tracking and ensuring timely closure, there remains a risk of delayed identification of possible grievances arising from the above issues. Such delays may lead to adverse impacts on our business and reputation. For details of customer complaints, see “- *We are subject to customer complaints, which, if left unaddressed or inefficiently handled, may have a material adverse impact on our business, prospects, financial condition, results of operations and cash flows*” on page 65.

**40. *Any failure or disruption to our training to our employees and Digital Partners could disincentivize Digital Partners and inability to provide support services to Digital Partners, customers and Insurer Partners, could adversely impact our business, operations, financial condition, results of operations and cash flows.***

Our ability to provide high-quality training to our employees and Digital Partners and support services to customers, Digital Partners and Insurer Partners affects, in part, our ability to attract them. We provide comprehensive training to our employees and Digital Partners by leveraging Turtlemint Academy. For further details, see “*Our Business – Our Tech Platform - Turtlemint Academy: Personalized learning and engagement*” on page 242. We invest resources in training our employees and Digital Partners, which increases their value to competitors who may seek to recruit them. We rely on relationship managers and other third parties to provide support services and our ability to provide effective support depends on our ability to attract, train and retain such personnel who are not only qualified to support but also well versed with our platform. Although we have not experienced any difficulties in providing training to our employees and Digital Partners and support services to our customers, Digital Partners and Insurer Partners that had an adverse effect on our business and operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future. Further, if any of the personnel indulge in unprofessional or illegal behaviour while interacting with our customers, Digital Partners and Insurer Partners, our reputation and brand will be adversely affected. Any failure to maintain high-quality training and support, or a market perception that we do not maintain high-quality training and support, could harm our reputation and adversely affect our ability to scale our platform and business, our business, operations, financial condition, results of operations and cash flows.

**41. *We may not be able to prevent others from unauthorised use of our intellectual property, which could harm our business and competitive position and adversely affect our financial condition, results of operations and cash flows.***

We regard our trademarks, domain names, trade secrets, proprietary technologies, brand and similar intellectual property as critical to our success. We rely on a combination of intellectual property laws and contractual arrangements, including confidentiality provisions and non-compete clauses in our employment contracts with employees, to protect our proprietary rights. However, confidentiality and non-compete agreements may be breached by counterparties or our employees under our standard employment contracts, and there may not be adequate remedies available to us for any such breach. Accordingly, we may not be able to effectively protect our intellectual property rights or to enforce our contractual rights. In addition, despite having policies and measures

in place to prevent unauthorised use of our intellectual property, any of our intellectual property rights could be challenged, invalidated, circumvented or misappropriated. Such claims and our failure to renew applicable registrations or any other cause, may require us to operate under a new domain name, which could cause us substantial harm and we may need to expend significant resources to purchase rights to the domain name in question. Further, unauthorised parties may copy aspects of our platform or obtain and use information that we consider proprietary. Moreover, due to rapid technological changes, our business depends on third-party technologies like software for enterprise resource planning. We may face challenges in acquiring or maintaining these licenses on reasonable terms or at all.

Our Company has entered into a License Agreement and IP License Agreement with our Subsidiaries, Turtlemint Insurance Broking Services Limited and Turtlemint Mutual Funds Distributors Private Limited, pursuant to which, our Company has granted them a limited, non-assignable license and permission to use our Company's registered trademarks or those trademarks for which our Company has made applications, amongst other, slogan, artwork, trade names, service names, logos, domain names, etc. ("**Trademarks**") within India and other countries as may be agreed between the parties, in connection with the conduct of the business activities of TIB and TMF. The agreement also grants TIB and TMF to sub license or grant to any other person rights to use the Trademarks. The third parties may misuse such rights which could lead to negative publicity, entailing heavy costs and/ or penalties for misuse, time and resources spent on litigation if we intend to sue the individual or corporation for such misuse. While such an instance having material adverse effect on us has not occurred in the six months period ended September 30, 2025 and the last three Fiscals, there can be no assurance such an instance will not occur in the future. For more details, please see "**History and Certain Corporate Matters - Summary of other agreements**" on page 284.

As on the date of this UDRHP-I, our Company has obtained various trademark registrations in India, including for the names and logos include, "Turtlemint", "Turtlemint Academy", "Turtlemint Insurance", Turtlemint Money", "TurtleAhead", "Turtlefin", "TurtleOne", "policyturtle" and "turtlemint PRO" and some additional trademarks under various classes such as 35, 36, 38, 41, 42 and 44. Further, TIB has registered certain domain names, including "turtlemintinsurance.com and our Company has registered the domain name "turtlemint.com". We have also filed trademark applications under various classes in India of which some are opposed and pending. There can be no assurance that pending or opposed trademarks will get registered. For further details, see "**Our Business – Brand and Intellectual Property**" on page 270. It is often difficult to register, maintain and enforce intellectual property rights in India. Statutory laws and regulations are also subject to judicial interpretation and enforcement and may not be applied consistently due to the lack of clear guidance on statutory interpretation. In addition, despite our efforts to comply with the intellectual property rights of others, we cannot determine with certainty whether we are infringing any existing third-party intellectual property rights which may force us to alter our technology infrastructure, brand name or cease parts of our operations.

Preventing any unauthorised use of our intellectual property is difficult and costly and the steps we take may be inadequate to prevent the misappropriation of our intellectual property. In the event that we resort to litigation to enforce our intellectual property rights, such litigation could result in substantial costs and a diversion of our managerial and financial resources. We can provide no assurance that favourable orders will be passed in such litigation.

Additionally, the content posted on our platform may expose us and our partners to allegations by third parties of infringement of intellectual property rights, unfair competition, invasion of privacy, defamation and other violations of third-party rights. We may be required to pay substantial damages, royalties or other fees in connection with a claimant securing a judgment against us, be subject to an injunction or other restrictions that prevent us from using or distributing our intellectual property, or from operating under our brand, or we may agree to a settlement that prevents us from distributing our offerings or a portion thereof, which could adversely affect our business, financial condition, results of operations, cash flows and prospects. Also, see "**- We are dependent on the "Turtlemint" brand. Any damage to our brand, inability to maintain and enhance our brand recognition or reputation, or failure to achieve this in a cost-effective manner may affect our ability to acquire new customers, Digital Partners and Insurer Partners, which could adversely affect our business, prospects, financial condition, results of operations and cash flows**" on page 70.

While none of these instances led to an adverse effect on our business and operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future. Such incidents, whether substantiated or not, expose us to the risk of reputational harm, negative publicity, and potential liability. While we have implemented procedures and controls designed to detect and prevent improper activities, including monitoring and compliance measures, these safeguards may not always be effective or sufficient. As a result, we may not be able to prevent all instances of misconduct or inappropriate

behavior on our platform. Any failure to adequately address such incidents could result in additional consumer complaints, legal claims, or regulatory investigations, which may lead to fines, penalties, or other sanctions and could have a material adverse effect on our business, financial condition, cash flows, and results of operations. Also, see “- *We are subject to customer complaints, which, if left unaddressed or inefficiently handled, may have a material adverse impact on our business, prospects, financial condition, results of operations and cash flows*” on page 65.

**42. *Non-availability of contract workers at reasonable cost or increased wage demands could lead to disruption in our operations and/or increased personnel costs, which could adversely impact our business, financial condition, cash flows and results of operations.***

We utilize contract workers, primarily for relationship managers that operate in our physical branch offices and provide support services as well as for entry-level positions in our operations teams covering finance, tech, housekeeping and security through independent contractors. As of September 30, 2025, we had 259 contract workers across our offices. Although we do not engage these personnel directly, under applicable Indian labor laws, we may be deemed a principal employer and held liable for wages and certain statutory payments (including provident fund, employee state insurance, bonus, gratuity and other benefits), together with interest and penalties, if a contractor defaults. We could also face orders from courts or regulators directing absorption of some contract personnel as our permanent employees. Any requirement to fund defaulted wages or statutory dues, pay penalties, or absorb contract personnel could increase our costs and adversely affect our business, financial condition, cash flows and results of operations. Additionally, non-availability of qualified contract personnel on reasonable terms, higher wage demands, or inability to renew contractor arrangements on commercially acceptable terms could disrupt our operations and increase our personnel costs. While we have not faced any instances of non-availability of contract workers that led to any adverse effect on our business or operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can, however, be no assurance that such instances will not occur in the future. Also, see “- *Changing laws, rules and regulations and legal uncertainties, including adverse application or interpretation of corporate laws, may adversely affect our business, financial condition, cash flows, results of operations and prospects*” on page 96.

**43. *Failure to meet the strict contractual obligations, scopes of work and service levels required by our enterprise clients for Turtlefin may result in delayed payments, penalties, or indemnity claims, adversely affecting our business, financial condition, results of operations, and reputation.***

Our enterprise-focused digital insurance distribution platform, Turtlefin, serves enterprise clients such as banks, insurance companies, ecommerce companies and fintech firms, and streamlines the insurance distribution process. For further details, see “*Our Business – Our Tech Platform - Turtlefin: Digital insurance distribution for enterprises*” on page 243.

Our contracts for our Turtlefin platform with public sector undertakings, banks and other enterprise clients are typically for period of five years and contain detailed and stringent scopes of work, service level agreements, and performance thresholds that we are contractually obligated to meet. Further, the complexity and degree of customization inherent in our enterprise contracts, along with enhanced requirements for security and privacy compliance, including, the collection and handling of KYC information in policy proposal forms and credit information pertaining to customers who obtain loan products through our platform, expose us to an increased risk of inadvertent non-compliance with contractual obligations and applicable legal and regulatory requirements. Any failure to meet the contractual obligations, whether due to operational challenges, administrative errors, or inadvertent non-compliance, may lead to the termination or non-renewal of existing contracts by our enterprise clients. For example, in Fiscal 2025, two of our enterprise clients did not renew their contracts for Turtlefin upon the expiration of their respective terms, which were four years and five years, ending in October 2024 and December 2024, respectively. While none of these instances led to an adverse effect on our business, operations and financial condition in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future. The loss or non-renewal of one or more contracts in the future for our Turtlefin platform with our enterprise clients may have an adverse effect on our business, operations and reputation.

Further, if we are unable to deliver our services in accordance with the agreed-upon specifications, timelines, or performance standards, we may be subject to significant contractual penalties or indemnity obligations. Such penalties or indemnity claims could be substantial and may adversely affect our financial condition, results of operations, and reputation. Further, any disputes or claims arising from our inability to meet contractual obligations could also lead to protracted negotiations or litigation, inadvertent delays in invoicing and collections

of our revenues or non-renewal of contracts, further increasing our costs and diverting management attention from our core business operations.

**44. *Data collection and storage in India are increasingly governed by strict laws and regulations, as governments work to protect the privacy and security of personal information. Non-compliance with data protection regulations could lead to fines, license revocation, or criminal liabilities, adversely affecting our business, reputation, financial condition, results of operations and cash flows.***

We manage and store sensitive data from customers, Digital Partners and end-customers of our enterprise customers as part of our business operations. In line with applicable regulations, we share certain personal information of customers (including end-customers of our enterprise customers) and Digital Partners with our Insurer Partners. Further, as we continue to grow, we will collect, store and process the personal data of more individuals and enterprises. The more personal data we hold, the greater the likelihood that a significant failure in our internal controls or data security measures could result in a data breach affecting more individuals and enterprises, which could expose us to greater potential liability through fines and compensation claims, significant reputational harm and a loss of trust that could deter users from using our platform. This also involves risks of complying with changing privacy laws in India and protecting data from unauthorized access.

There are numerous laws regarding privacy and the storing, sharing, use, disclosure and protection of personally identifiable information and data. Data collection and storage are increasingly subject to legislation and regulations in various jurisdictions and governments are increasingly acting to protect the privacy and security of personal information. As part of our operations, we are required to comply with the Information Technology Act, 2000 and the rules thereof, which provides for civil and criminal liability and the Digital Personal Data Protection Act, 2023 (“**DPDP Act**”), certain provisions of which have become enforceable from November 14, 2025. The DPDP Act provides for protection of personal data and privacy of individuals, regulates cross border data transfer, and provides several exemptions for personal data processing by the Government. The DPDP Act requires companies that collect and deal with high volumes of personal data to fulfil certain additional obligations such as appointment of a data protection officer for grievance redressal and a data auditor to evaluate compliance with the DPDP Act. It provides for and imposes restrictions and obligations on data fiduciaries, resulting from dealing with digital personal data regardless of whether data was collected digitally or offline, and further, provides for levy of monetary penalties for breach of obligations prescribed under the DPDP Act. Further, the Digital Personal Data Protection Rules, 2025 (“**DPDP Rules**”) regulate the processing of personal data in India, ensuring individuals privacy rights are protected. The DPDP Rules applies to all entities that process digital personal data, both within India and abroad. It mandates the conduct of data protection impact assessments for high-risk processing activities and requires the notification of data breaches within a stipulated timeframe. For further details, see “**Key Regulations and Policies**” on page 273. While we are not classified as a significant data fiduciary as at the date of this UDRHP-I, we collect personal data from our customers and Digital Partners on our platform and we may be classified as a significant data fiduciary in the future, in which case we would need to comply with the additional relevant provisions of the DPDP Act, once enforced, which would increase our expenses, and could, in turn, have an adverse effect on our business, results of operations and financial condition. In particular, as we expand our ecosystem of distributors, including our Digital Partners, we will be required to implement additional restrictions with respect to the sharing of personal data with our distributors and partners to comply with the Data Protection Act.

Our attempts to comply with applicable legal requirements including the Data Protection Act and the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021, among other rules and regulations applicable to us, may not be successful, and may also lead to increased costs for compliance. There can be no assurance that our existing privacy and personal protection systems and technical measures, such as web application firewalls, anti-bot software, automated throttling and IP reputation checks, will be considered sufficient under applicable laws and regulations. Except for the cyberattack incident disclosed above, involving TIB our Subsidiary, we have not faced any instances of non-compliance with applicable data privacy and protection laws in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future. For further details, please see “- **Our business handles and processes significant volumes of data. Any failure to safeguard confidential information, prevent cybersecurity breaches, or misuse data and any inability to analyse the data effectively or accumulate or access sufficient data in the future could adversely affect our business, reputation, financial condition, results of operations and cash flows**” on page 69. If we were found to be non-compliant with relevant data protection and privacy regulations by the regulatory authorities, we would be subject to warnings, fines, confiscation of illegal gains, revocation of licenses, suspension of our platform or even criminal liabilities and our business, reputation, financial condition, cash flows and results of operations would be adversely affected.

**45. *Our business model may be replicated by other technology companies as well as traditional insurance companies and other financial institutions aiming to engage in insurance distribution business, which could adversely affect our business, prospects, financial condition, results of operations and cash flows.***

We are operating in an emerging industry, and we may be exposed to unprecedented uncertainties and risks. As such, companies intending to enter the market may be able to learn from the lessons and experiences we have accumulated from our operations. These companies also may have more resources to enter into the insurance distribution industry. Given the large amount of data and strong capacity of technological development the Indian internet and fintech companies have, we believe that these companies can develop their insurance services business to compete with us in a short period of time.

Further, the advancements in artificial intelligence (“AI”) technology have lowered barriers to entry in our industry, enabling new market participants to develop and launch products or services at a lower cost and with greater speed than was previously possible. These AI-first companies may require significantly less capital than we have raised to establish and scale their operations, allowing them to compete effectively with us. As a result, we may face increased competition from such entrants, which could adversely affect our market share, business prospects, financial condition, and results of operations. There can be no assurance that we will be able to effectively compete with these new entrants or that our business will not be materially and adversely impacted by the rapid adoption of advanced AI technologies by existing or future competitors.

Additionally, we have observed that certain traditional insurance companies and other financial institutions are entering the insurance distribution market in order to capitalize on the growing opportunities within online ecosystems. These internet companies have strong promotional abilities through their extensive online channels. Traditional insurance and financial companies, as well as other insurance and credit service providers, also have the potential to transition their offline resources and customer bases to online platforms. As a result, we may face significant competition from these potential competitors in the future. In addition, if such traditional participants enter our industry, the commercial terms, including commission structures, currently extended to us by our Insurer Partners may no longer be available to us, or our Company may be offered less favourable terms or we may not be permitted to offer their products on our platform at all. Further, the terms of insurance products are relatively transparent, allowing our competitors to replicate the insurance products we help our Insurer Partners develop shortly after their launch, potentially at lower prices. If we do not continuously upgrade our insurance product offerings to meet market demand promptly, we risk losing our competitive edge, which could negatively impact our business, financial condition and results of operations.

**46. *We may require additional capital through financing to support the growth of our business and this capital might not be available on acceptable terms, if at all, which could adversely affect our business, financial condition, results of operations and cash flows.***

We have incurred losses in the six months period ended September 30, 2025 and September 30, 2024, and Fiscals 2025, 2024 and 2023. If we are unable to generate adequate revenue, growth and manage our expenses and cash flow, we may continue to incur losses and may continue to seek financing to fund our operating losses. We have funded our operations since inception primarily through equity infusions from shareholders and borrowings. We intend to continue to make investments to support the development and growth, and will require additional funds to support our growth. We may need additional funding for marketing expenses, innovate new services and offerings, enhance our existing services and offerings, improve our operating infrastructure, expanding our Digital Partners network, among others. Some of the other factors that may require us to raise additional capital include (i) business growth beyond what the current balance sheet can sustain; (ii) unforeseen events beyond our control; and (iii) significant depletion in our existing capital due to unusual operating losses. Accordingly, we might need or may want to engage in future equity or debt financing to secure additional funds. Additional financing may not be available to us on favourable terms, or at all. If we raise additional funds through the issuance of equity, equity-linked or debt securities, those securities may have rights, preferences, or privileges senior to those of our Equity Shares and our existing shareholders may experience dilution. The terms of any additional debt we may incur in the future could restrict our ability to effectively conduct our operations. Further, because our decision to raise additional capital will depend on numerous considerations, including factors beyond our control, we cannot predict or estimate the amount, timing or nature of any future debt or equity financing or terms on which any such financing may be completed. If we are unable to obtain adequate financing or financing on terms satisfactory to us, our ability to support our business growth and respond to business challenges could be significantly impaired and our business, financial condition, results of operations and cash flows may be adversely affected.

**47. Our business is subject to seasonal fluctuations, which makes our results of operations difficult to predict and may cause our quarterly results of operations to fall short of expectations.**

Our quarterly revenues and other operating results have fluctuated in the past and may continue to fluctuate depending upon a number of factors, many of which are beyond our control. Each of our products may have different seasonality factors and the mix of our revenue sources may shift from time to time. For instance, the premium from our motor insurance products tends to be higher during the festive season in India, which usually occurs in the third quarter of the fiscal year. Further, the life and health insurance products are typically more popular in the fourth quarter of our fiscal year based on the premiums earned and to take advantage of income tax benefits available to customers. If the insurance product mix on our platform changes, the fluctuation trend of our results of operations will change accordingly based on the demand for the new products. We may also introduce promotional activities or enhance our marketing and branding efforts in ways that further cause our quarterly results to fluctuate and differ from historical patterns. In addition, our quarterly and annual revenues and costs and expenses as a percentage of our revenues may be significantly different from our historical figures. For these reasons, comparing our operating results on a period-to-period basis may not be meaningful, and you should not rely on our historical results as an indication of our future performance because our growth in the past may have masked the seasonality that might otherwise be apparent in our results of operations. Our results of operations in future quarters may fall below expectations, which could cause the price of our Equity Shares to fall.

**48. Our inability to effectively collect receivables and default in payment from our Insurer Partners and enterprise clients could result in the reduction of our profits and adversely affect our business, financial condition, cash flows, results of operations and prospects.**

Our trade receivables consist of receivables from Insurer Partners and enterprise customers which are in the regular course of business. Our trade receivables are non-interest bearing. Outstanding customer receivables are regularly and closely monitored based on the historical trend. We create an allowance for any outstanding receivables as credit impaired based on the credit risk matrix, which takes into account the historical credit losses as well as the current economic conditions and is adjusted for forward looking information. Set out below are details of our trade receivables, trade receivable – credit impaired and allowance for credit loss on trade receivables on a restated basis as of and for the periods/ years indicated:

| Particulars                                    | As of and for the six months period ended |                     | As of and for the year ended |                     |                     |
|------------------------------------------------|-------------------------------------------|---------------------|------------------------------|---------------------|---------------------|
|                                                | September 30,                             |                     | March 31,                    |                     |                     |
|                                                | 2025                                      | 2024 <sup>(1)</sup> | 2025 <sup>(1)</sup>          | 2024 <sup>(1)</sup> | 2023 <sup>(1)</sup> |
|                                                | (₹ million)                               |                     |                              |                     |                     |
| Trade receivables                              | 1,418.68                                  | 815.77              | 1,603.47                     | 372.63              | 1,047.87            |
| Trade receivables - credit impaired            | 83.45                                     | 65.63               | 73.86                        | 18.70               | 12.42               |
| Allowance for credit loss on trade receivables | 9.59                                      | 25.31               | 33.54                        | 6.28                | 11.62               |

Note:

(1) Fiscals 2024 and 2023 do not include the operations of TIB, which was acquired only with effect from May 8, 2024. Fiscal 2025 and the six months period ended September 30, 2024 include operations of TIB only from May 8, 2024.

Our trade receivables on a restated basis have increased in: (i) the six months period ended September 30, 2025 compared to the six months period ended September 30, 2024 primarily due to the overall increase in revenue from operations during this period; and (ii) Fiscal 2025 compared to Fiscal 2024 primarily on account of the TIB Acquisition as well as receivables recognized on long-term insurance policies. This increase in the six months period ended September 30, 2025 and Fiscal 2025 has also led to a corresponding increase in trade receivables – credit impaired on a restated basis during these period/ year, as a substantial portion of this revenue is from public sector undertakings and is unbilled and is expected to be invoiced over the next five years in accordance with the relevant contracts. Additionally, we may also encounter challenges in recognizing and collecting these receivables as they become due from our enterprise clients. Further, our trade receivables on a restated basis decreased in Fiscal 2024 compared to Fiscal 2023 primarily on account of reduction in our revenue from operations in Fiscal 2024 as a result of certain regulatory changes. For further information, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Key Developments - Regulatory changes affecting the results of operations*” page 533.

There can be no assurance that we will be able to recognize or collect all of these amounts as they become due. There is no assurance that our Insurer Partners or enterprise customers will not default on their payments or pay us on time. Our ability to realize this revenue is subject to a number of risks, including potential delays in invoicing, disputes with customers, changes in customer circumstances, or other factors that may affect the timing or collectability of these receivables. Our inability to collect receivables from our Insurer Partners or enterprise

customers on time could adversely affect our working capital and cash flows. While we have faced instances of impairment losses in bad debts for which we have created a provision for doubtful debts in the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025, 2024 and 2023, none of these instances led to an adverse impact on our business and operations. If we are unable to recognize or collect a significant portion of these amounts, our business, financial condition, and results of operations could be adversely affected.

**49. *We are required to obtain, renew or maintain statutory and regulatory permits, licenses and approvals to operate our business, and any delay or inability in obtaining, renewing or maintaining such permits, licenses and approvals could result in an adverse effect on our business, prospects, financial condition, results of operations and cash flows.***

We are required to obtain and maintain a number of statutory and regulatory licenses, permits and approvals in India, generally for carrying out our business, some of which may expire in the ordinary course and for which we would be required to apply to obtain the approval or its renewal. For details of material consents, licenses, permissions, registrations and approvals from various governmental agencies and other statutory and/or regulatory authorities, of our Company and our Subsidiary, see “**Government and Other Approvals**” on page 594. Further, the licenses, permits and approvals required and obtained by us are subject to several conditions and we cannot assure you that we will be able to continuously meet such conditions, which may lead to cancellation, revocation or suspension of the relevant licenses, permits and approvals. If there is any failure by us to comply with the applicable regulations or if the regulations governing our business are amended, we may incur increased compliance costs, be subject to penalties, have our licenses, approvals and permits revoked or suffer a disruption in our operations, any of which may adversely affect our business and results of operations. If we do not receive any permissions in a timely manner or at all, we may incur increased compliance costs, be subject to penalties and inspections, and suffer disruptions in our operations. While we have not faced any such instances of non-compliance of licenses and approvals by us in the past, there can be no assurance that these instances will not occur in the future. While TIB has applied for certain other approvals, among others, including shops and establishment registration and trade license for some of its offices, we cannot assure you that such approvals will be issued or granted to us in a timely manner, or at all. If we do not receive such approvals or are not able to renew the approvals in a timely manner, our business and operations may be materially adversely affected. For details in relation to pending material approvals, see “**Government and Other Approvals - Material Approvals for which applications are pending**” on page 596. Additionally, unfavourable changes in or interpretations of existing laws, or the promulgation of new laws, governing our business and operations, including in the fintech sectors in India could require us to obtain additional licenses and approvals. In addition, regulatory authorities could also impose notices and other orders on us in case of non-possession of licenses.

**50. *We rely on third-party service providers for a number of services, but we cannot guarantee that such contractors and service providers will comply with relevant regulatory requirements or their contractual obligations.***

We routinely outsource some of our operations to third-party service providers, which includes third-party software providers and third-party consultants, support service providers, manpower service providers and hosting providers. Our subsidiary, TIB, is regulated by the IRDAI, and is subject to the outsourcing requirements set forth in the Insurance Regulatory and Development Authority of India (Insurance Brokers) Regulations, 2018, including Schedule II. We cannot guarantee that our third-party contractors and service providers will comply with regulatory requirements or meet their contractual obligations to us in a timely manner, or at all. If our third-party providers fail to operate in compliance with regulations or corporate and societal standards, we could be subject to penalties and suffer reputational harm. For our subsidiary, TIB, IRDAI may also direct us to terminate outsourcing arrangements which are not in compliance with the regulatory framework. While we have not faced any such instances of IRDAI directing any of our outsourcing arrangements as non-compliance or requiring us to terminate or modify our outsourcing arrangements in the past, there can be no assurance that such instances will not occur in the future. Further, third-party providers may breach agreements they have with us or may terminate or refuse to renew their agreements, which could affect our operations. If any of these counterparties do not perform their obligations we could suffer significant losses. We are also subject to the risk that our rights against these counterparties may not be enforceable in all circumstances.

**51. *If we are unable to ensure the accuracy and completeness of insurance and other financial product information and the effectiveness of our recommendations on our platform, it could result in a decline in reliance by Digital Partners and customers, which could materially and adversely affect our business, financial condition, results of operations and cash flows.***

Our Digital Partners and customers rely on the insurance and other financial product information we provide on our platform. The success of our platform relies on the accuracy and completeness of such information. Although we aim to ensure that the information is generally accurate, complete and reliable, there can be no assurance that the accuracy, completeness or reliability of the information can be maintained in the future. Any inaccuracies or incomplete information of insurance and other financial products on our platform, whether due to our own errors or those of our Insurer Partners, could lead to our customers not receiving adequate protection. This could result in receiving regulatory warnings or penalties, damaging our reputation and reducing reliance by Digital Partners on our platform. While we have not faced any such instances of inaccuracies or incomplete information of insurance and other financial products on our platform that led to any regulatory notice, penalties or warnings in the past, there can be no assurance that these instances will not occur in the future. In addition, inaccurate or incomplete product information on our platform may cause challenges for customers, such as increasing the possibility of insurance claims being denied by insurance partners and potentially affecting trust in the platform.

Moreover, our ability to recommend suitable insurance products relies heavily on our search and recommendation engine. If these systems fail or if our team does not fully understand the customers' needs, the recommendations may not be appropriate. Additionally, the data provided by our customers and Insurer Partners may be inaccurate or outdated. If our recommendations do not meet the customers' needs or if the information is perceived as unreliable, trust in our platform could erode and our brand and business could be harmed. Further, customers may leave our platform if they find better content or services, leading to reduced traffic. Insurer Partners may also find our recommendations ineffective. This could lead to a decline in and reluctance from customers, Digital Partners and Insurer Partners to continue using our services, which could materially and adversely affect our business, reputation, results of operations and financial performance.

**52. *Our insurance coverage may not be sufficient or may not adequately protect us against risks and unexpected events, which may adversely affect our business, prospects, financial condition, results of operations and cash flows.***

We maintain insurance policies for our business which are customary for our industry. This includes IRDAI mandated professional indemnity insurance cover as well as directors' and officers' liability, commercial general liability, cyber liability and loss, theft, professional liability, group mediclaim policies, group personal accident policy and group term life insurance policy. For further details, see "**Our Business – Insurance**" on page 272. Our insurance may not be adequate to completely cover any or all of our risks and liabilities. Set out below are details of our insurance coverage on our total insured assets as of the dates indicated:

| Particulars                                                 | As of September 30, |         | As of March 31, |         |         |
|-------------------------------------------------------------|---------------------|---------|-----------------|---------|---------|
|                                                             | 2025                | 2024    | 2025            | 2024    | 2023    |
| Insurance cover (₹ million) (A)                             | 188.34              | 188.34  | 188.34          | 168.83  | 167.17  |
| Net value of tangible assets <sup>(1)</sup> (₹ million) (B) | 65.42               | 80.13   | 67.85           | 89.95   | 149.50  |
| Insurance coverage ratio (%) (C = A/B)                      | 287.89%             | 235.04% | 277.58%         | 187.69% | 111.82% |

Note:

1. Net value of tangible assets includes net book value of property, plant and equipment and does not include value of right-of-use assets, goodwill and other intangible assets of our Company and its subsidiaries as at the end of relevant Fiscal/ period on a restated basis.

We cannot assure you that our insurance coverage is sufficient to prevent us from any loss or that we will be able to successfully claim our losses under our current insurance policy on a timely basis, or at all. If we incur any loss that is not covered by our insurance policies, or the compensated amount is significantly less than our actual loss, our business, financial condition, cash flows, results of operations and prospects could be materially and adversely affected. If our insurance carriers change the terms of our policies in a manner unfavorable to us, our insurance costs could increase. For further information, see "**- Our business handles and processes significant volumes of data. Any failure to safeguard confidential information, prevent cybersecurity breaches, or misuse data and any inability to analyse the data effectively or accumulate or access sufficient data in the future could adversely affect our business, reputation, financial condition, results of operations and cash flows**" on page 69.

While we have not faced any instances of insufficient insurance coverage that led to any adverse effect on our business or operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that such instances will not occur in the future. Our insurance policies may contain exclusions and limitations on coverage, as a result of which, we may not be able to successfully assert our claims for any

liability or loss under the said insurance policies. If our losses significantly exceed or differ from our insurance coverage or cannot be recovered through insurance in the future, our business, financial condition, cash flows, results of operations and prospects could be adversely affected.

Any payments we make to cover any losses, damages or liabilities or any delays we experience in receiving appropriate payments from our insurers could have a material adverse impact on our business, financial condition, cash flows, results of operations and prospects. Further, our insurance coverage expires from time to time and we apply for the renewal of our insurance coverage in the ordinary course of our business. Additionally, uninsured losses or liabilities could negatively impact our business, financial condition, and operations. Even with successful insurance claims, such incidents may harm our reputation and brand, affecting our overall performance.

**53. *Any variation in the utilization of the Net Proceeds as disclosed in this UDRHP-I shall be subject to certain compliance requirements, including prior Shareholders' approval.***

We propose to utilize the Net Proceeds towards: (i) expenditure towards cloud and server related infrastructure of our Company; (ii) salary expenditure towards the technology and product development teams of our Company; (iii) expenditure towards marketing initiatives by our Company; (iv) expenditure towards lease payments for existing properties of our Company and our wholly owned Subsidiary, TIB; (v) investment in our wholly owned Subsidiary, TIB, for funding its working capital requirements; and (vi) funding inorganic growth through unidentified acquisitions and strategic initiatives and general corporate purposes. See “*Objects of the Offer*” on page 159.

In accordance with Sections 13(8) and 27 of the Companies Act 2013, we cannot undertake any variation in the utilization of the Net Proceeds without obtaining the shareholders' approval through a special resolution. In the event of any circumstances that require us to undertake variation in the disclosed utilization of the Net Proceeds, we may not be able to obtain the Shareholders' approval in a timely manner, or at all. Any delay or inability in obtaining such Shareholders' approval may adversely affect our business or operations. Further, our Promoters would be required to provide an exit opportunity to Shareholders who do not agree with our proposal to change the objects of the Offer or vary the terms of such contracts, at a price and manner as prescribed by SEBI. Additionally, the requirement on Promoters to provide an exit opportunity to such dissenting shareholders may deter our Promoters from agreeing to the variation of the proposed utilization of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoters will have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI.

In light of these factors, we may not be able to undertake variation of objects of the Offer to use any unutilized proceeds of the Offer, if any, or vary the terms of any contract, even if such variation is in the interest of our Company. This may restrict our Company's ability to respond to any change in our business or financial condition by re-deploying the unutilized portion of the Net Proceeds, if any, or varying the terms of contract, which may adversely affect our business and results of operations.

**54. *In the event that our Net Proceeds to be utilised towards inorganic growth initiatives are insufficient for the cost of our proposed inorganic acquisition, we may have to seek alternative forms of funding.***

We propose to utilise a portion of the Net Proceeds for funding inorganic growth through unidentified acquisitions and strategic initiatives and general corporate purposes, subject to (a) the cumulative amount to be utilised for general corporate purposes and our object of 'funding inorganic growth through unidentified acquisitions and other strategic initiatives' shall not exceed 35% of the amount raised by our Company, and (b) the amount to be utilised for our object of 'funding inorganic growth through unidentified acquisitions and other strategic initiatives' shall not exceed 25% of the amount raised by our Company, as set forth in the section “*Objects of the Offer*” beginning on page 159. Further, we intend to deploy the Net Proceeds towards acquisitions over the course of Fiscals 2027, 2028 and 2029, and the actual deployment of funds will depend on a number of factors, including the timing, nature, size and number of acquisitions or strategic initiatives proposed, as well as general macro or micro-economic factors affecting our results of operation, financial condition and access to capital. We will from time to time continue to seek attractive inorganic opportunities that will fit well with our strategic business objectives and growth strategies, and the amount of Net Proceeds to be used for acquisitions will be based on our management's decision. The amounts deployed towards such initiatives may not be the total value or the cost of such acquisitions or investments, resulting in a shortfall in raising requisite capital from the Net Proceeds towards such acquisitions or investments. Consequently, we may be required to explore a range of options to raise requisite capital, including utilising our internal accruals or raising additional debt.

**55. *The interests of our shareholders may not be aligned with your or our interests, and we cannot assure you that they will not reduce their support for us in the future.***

Certain of our shareholders may operate in insurance and other financial products and service platforms similar to ours, or may have investments in potential competitors such as insurers, banks and other fintech companies, creating potential conflicts of interest. We cannot assure you that our shareholders will act in the best interest of our Company should any conflict arise. This could limit our ability to influence corporate matters requiring approvals of the shareholders. If they fail to act in our best interests or take other actions that are detrimental to our interests, we may have to renegotiate with them for the cooperation or attempt to approach other business partners as replacements, which may be expensive, time-consuming and disruptive to our operations. If we are unable to resolve any such conflicts, or if we suffer significant delays or other obstacles as a result of such conflicts, our business and operations could be severely disrupted, which could materially and adversely affect our results of operations and financial condition.

**56. *Our funding requirements and deployment of the Net Proceeds of the Offer are based on management estimates and have not been independently appraised.***

We intend to use the net proceeds of the Offer for the purposes described in the section titled “*Objects of the Offer*” on page 159. The objects of the Offer and our funding requirement are based on management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to changes in external circumstances or costs, or in other financial condition, business or strategy, as discussed further below. Our management, in accordance with the policies established by our Board of Directors from time to time, will have flexibility in deploying the Net Proceeds of the Offer. Based on the competitive nature of our industry and various other factors including factors beyond our control such as market conditions, interest or exchange rate fluctuations, we may have to revise our business plan and/ or management estimates from time to time and consequently our funding requirements may also change. Our management estimates may differ from the value that would have been determined by third party appraisals, which may require us to reschedule or reallocate our expenditure, subject to applicable laws, and may have an adverse impact on our business, financial condition, cash flows, results of operations and prospects. Accordingly, investors in Equity Shares will be relying on the judgment of our management regarding the application of the Net Proceeds.

Further, we will appoint a monitoring agency for monitoring the utilization of the Gross Proceeds in accordance with Regulation 41 of the SEBI ICDR Regulations prior to filing of the Red Herring Prospectus with the RoC and the monitoring agency will submit its report to us on a quarterly basis in accordance with the SEBI ICDR Regulations.

The application of the Net Proceeds in our business may not lead to an increase in the value of your investment. Various risks and uncertainties, including those set forth in this section “*Risk Factors*”, may limit or delay our efforts to use the Net Proceeds to achieve profitable growth in our business.

**57. *An inability to establish and maintain effective internal control and risk management systems could lead to an adverse effect on our business, prospects, financial condition, results of operations and cash flows.***

Our success depends on our ability to effectively utilize our resources and maintain internal control and risk management systems. Maintaining such internal controls and risk management systems requires human diligence and compliance and is therefore subject to lapses in judgment and failures that result from human error. Our efforts in improving our internal control and risk management systems may not result in eliminating all risks. If we are not successful in discovering and eliminating weaknesses in our internal control and risk management systems, our ability to manage our business effectively may materially and adversely be affected. While we have not faced any lapses in or internal control and risk management systems that led to any adverse effect on our business or operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, any such lapses in the future may lead to an adverse effect on our business, financial condition, cash flows, results of operations and prospects.

We are also subject to anti-corruption laws and regulations, which generally prohibit us and our employees, our ecosystem partners, such as Digital Partners and Insurer Partners, and other intermediaries from bribing, being bribed or making other prohibited payments to government officials or other persons to obtain or retain business or gain some other business advantage. We participate in collaborations and relationships with third parties whose actions could potentially subject us to liability under these laws or other local anti-corruption laws. While our code of conduct requires our employees, ecosystem partners, such as Digital Partners and Insurer Partners, and

other intermediaries to comply with all applicable laws, these measures may not prevent the breach of such anti-corruption laws. While we have not faced any instances of non-compliance with applicable anti-corruption laws by us, our employees, Digital Partners, Insurer Partners or customers in the past, there can be no assurance that such instances will not occur in the future. If we are not in compliance with applicable anti-corruption laws, we may be subject to criminal and civil penalties, disgorgement and other sanctions and remedial measures, and legal expenses, which could have an adverse impact on our business, financial condition, cash flows, results of operations and prospects. Likewise, any investigation of any potential violations of anti-corruption laws by the relevant authorities could also have an adverse impact on our business and reputation.

**58. *Certain sections of this UDRHP-I disclose information from the Redseer Report which has been prepared exclusively for the Offer and commissioned and paid for by us exclusively in connection with the Offer and any reliance on such information for making an investment decision in the Offer is subject to inherent risks.***

We have commissioned and availed the services of an independent third party research agency, RedSeer Consultants Private Limited pursuant to engagement letter dated April 1, 2025, to prepare the report titled “Industry Report on the Indian Insurance Distribution Market” dated January 2026 (the “**RedSeer Report**”), for purposes of inclusion of such information in this UDRHP-I to understand the industry in which we operate. A copy of the Redseer Report shall be made available on our website, upon filing of the UDRHP-I. The Redseer Report has been exclusively commissioned by our Company and paid for by our Company. Certain information in “**Industry Overview**,” “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**”, on pages 196, 228 and 530, respectively, have been derived from the Redseer Report. The Redseer Report uses certain methodologies for market forecasting. Accordingly, investors should read the industry related disclosures in this UDRHP-I in this context. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. As such, a blanket, generic use of the derived results or the methodology is not encouraged. Further, the Redseer Report is not a recommendation to invest or disinvest in any company covered in the Redseer Report. Accordingly, prospective investors should not base their investment decision solely on the information in the Redseer Report.

The commissioned Redseer Report also highlights certain industry and market data, which may be subject to assumptions. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions vary widely among different industry sources. Further, such assumptions may change based on various factors. We cannot assure you that these assumptions are correct and will not change and, accordingly, our position in the market may differ, favourably or unfavourably, from that presented in this UDRHP-I. Also, see “**Certain Conventions, Presentation of Financial, Industry and Market Data – Industry and market data**” on page 38.

**59. *We have in this UDRHP-I included certain operational and non-GAAP financial measures that may vary from any standard methodology that is applicable across the industry we operate. Some of our operational measures face inherent measurement challenges, and any inaccuracies in these metrics could impact our business and reputation.***

Certain operational and industry measures, such as Platform Premium, and certain non-GAAP financial measures, such as Proforma EBIT, Proforma EBITDA, Proforma Adjusted EBITDA, Proforma Service EBITDA, Proforma Service EBITDA Margin, EBIT, EBITDA, EBITDA Margin, Adjusted EBITDA, Service EBITDA, Service EBITDA Margin, Capital Employed, Return on Capital Employed, Net Worth, Net Asset Value per Share and Return on Net Worth (together, “**Non-GAAP Measures**”) have been included in this UDRHP-I. Such measures are supplemental measures of our performance and liquidity is not required by, or presented in accordance with, Ind AS, IFRS or US GAAP. We compute and disclose such measures and such other industry related statistical and operational information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance, and because such measures are frequently used by securities analysts, investors and others to evaluate the operational performance of similar businesses, many of which provide such non-GAAP measures and other industry related statistical and operational information. Further, these measures are not a measurement of our financial performance or liquidity under Ind AS, IFRS or US GAAP and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the periods/ years or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, IFRS or US GAAP. These measures and such other industry related statistical and operational information relating to our operations and financial performance may not be computed on the basis of any standard

methodology that is applicable across the industry and therefore may not be comparable to financial and operational measures, and industry related statistical information of similar nomenclature that may be computed and presented by other similar companies. In addition, these measures are not standardized terms, hence a direct comparison of these measures between companies may not be possible. Other companies may calculate these measures differently from us, limiting its usefulness as a comparative measure.

Further, we track certain operating metrics with our internal systems and tools. Our methodologies for tracking these metrics may change over time, which could result in changes to our metrics in the future, including to metrics that we publicly disclose. If our internal systems and tools track our metrics inaccurately in the future, the corresponding data may be inaccurate. This may impair our understanding and evaluation of certain aspects of our business, which could affect our operations and long-term strategies.

Such supplemental financial and operational information is therefore of limited utility as an analytical tool, and investors are cautioned against considering such information either in isolation or as a substitute for an analysis of our Restated Consolidated Financial Information disclosed elsewhere in this UDRHP-I. For further information, see “**Other Financial Information – Reconciliation of Non-GAAP measures on a restated basis**” on page 526.

**60. *If we cannot maintain our corporate culture as we grow, our business and operations could be harmed.***

We believe that our corporate culture has been critical to our success and helps us to attract and retain key personnel. If we are not able to maintain our culture, we may have to incur additional costs and find alternative methods to recruit key employees, which in turn could cause our business, results of operations and financial condition to be adversely affected. Our ability to continue to cultivate and maintain this culture is essential to our growth and continued success. We face a number of challenges that may affect our ability to sustain our corporate culture, including: failure to identify, attract, reward and retain people in leadership positions in our organization who share and further our culture, values and mission; the increasing size and geographic diversity of our workforce, and our ability to promote a uniform and consistent culture across all our offices and employees; competitive pressures to move in directions that may divert us from our mission, vision and values; and the continued challenges of a rapidly-evolving industry. For further information, see “**Our Business – Our Strengths - Promoter led company with an experienced management team backed by marquee investors**” on page 257.

**61. *We have a limited operating history as a public limited company under the Companies Act, 2013. Any failure to comply with the requirements applicable to Indian public limited companies could result in penalties or other regulatory actions and adversely affect our business, financial condition, cash flows, results of operations, reputation and the market price of our Equity Shares.***

Our Company was incorporated as “Fintech Blue Solutions Private Limited” on April 7, 2015, as a private limited company under the provisions of the Companies Act, 2013, pursuant to a certificate of incorporation issued by the Registrar of Companies, Maharashtra at Mumbai (“RoC”). Subsequently, pursuant to a resolution passed by our Board on April 23, 2025, and a special resolution passed by our Shareholders on April 29, 2025, the name of our Company was changed to “Turtlemint Fintech Solutions Private Limited” and a fresh certificate of incorporation dated May 13, 2025, was issued by the Central Processing Centre, Manesar (“CPC”). Our Company was subsequently converted into a public limited company pursuant to a resolution passed by our Board on May 17, 2025 and a special resolution passed by our Shareholders on May 23, 2025 and accordingly, the name of our Company was changed to “Turtlemint Fintech Solutions Limited”, and a fresh certificate of incorporation dated June 5, 2025 was issued by the CPC.

As a result, we only have a limited operating history as a public limited company in India under the Companies Act, 2013. Public limited companies in India are subject to more extensive corporate governance, compliance, internal control and disclosure obligations than private limited companies, including requirements relating to board and committee composition and functioning, independent directors, related party transactions, insider trading compliance, disclosure controls and procedures, secretarial and statutory compliances, and periodic and event-based disclosures under the Companies Act, and applicable SEBI and stock exchange requirements. Establishing and maintaining the policies, procedures, systems, and personnel necessary to meet these obligations requires significant management attention and increases costs. While we have not faced any instances of non-compliance with the requirements applicable to Indian public limited companies in the past, there can be no assurances that we will not face such instances in the future. If we fail to comply with the requirements applicable to Indian public companies, or if we are perceived to have failed to comply, our business, financial condition, cash flows, results of operations, reputation, and the market price of our Equity Shares could be materially and adversely affected.

**62. We have contingent liabilities, and our financial condition could be adversely affected if any of these contingent liabilities materialise.**

The following table sets forth our contingent liabilities as per Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets derived from Restated Consolidated Financial Information as at September 30, 2025:

| Particulars                       | As at September 30 ,<br>2025<br>(₹ million) |
|-----------------------------------|---------------------------------------------|
| Claims not acknowledged as debts: |                                             |
| - Income Tax                      | 62.25                                       |
| - Goods and Services Tax          | 511.96                                      |

Notes:

- (1) The Income Tax Department ('IT Department') had initiated the assessment/reassessment proceedings against the Company u/s 143/147 of the Income Tax Act, 1961 ('the Act') for FY 2017-18, 2019-20, 2020-21, 2021-22 and 2022-23. The Company has duly responded against the said notices by filing its responses to the notices received by it for each of the corresponding years. Subsequently, the Department requested for the various documents/information/explanations by issuing notices u/s 142 of the Act, which too were duly responded to by the Company with all the required details. Consequently, the IT Department passed assessment order u/s 143(3)/143(3) r.w.s. 147 for the corresponding financial years by making ad-hoc disallowances u/s 37 of the Act of certain expenses debited to the profit and loss account. The aggregate amount of disallowance made by the IT Department for all the years amounts to INR 62.25 million. However, the aggregate tax demand consequent to such assessment/reassessment was Nil since the Company had certain brought forward tax losses against which the aforementioned disallowances were set off. During the course of the assessment/re-assessment proceedings, the IT Department has also issued notices initiating proceedings for imposition of penalty u/s 270A and 271AAD of the IT Act. The proceedings have been kept in abeyance till the disposal of the appeal filed by the Company against the assessment orders pursuant to which the penalty proceedings were initiated. (September 30, 2024: INR 62.25 million; March 31, 2025: INR 62.25 million; March 31, 2024: Nil; March 31, 2023: Nil).
- (2) During the year ended March 31, 2025, the Company has received the orders from the GST Adjudicating Authority confirming the levy of penalty aggregating to INR. 511.96 million for the years 2017 to 2023 under the provisions of Central Goods and Services Tax Act, 2017. These penalties arise from the show cause notices issued by the Directorate General of GST Intelligence (DGGI) on account of the Company having allegedly raised invoices on insurance companies without actual supply of services. The Company has filed appeals before the GST Appellate Authorities contesting the penalty confirmed in the orders. Accordingly, the Company has disclosed the aforesaid penalty demanded aggregating INR. 511.96 million (September 30, 2024: INR 511.96 million; March 31, 2025: INR 511.96 million; March 31, 2024: INR 426.03 million; March 31, 2023: INR 166.20 million) as a contingent liability as at the period-end.

We cannot assure you that we will not incur similar or increased levels of contingent liabilities in the future. If any of these contingent liabilities materialise, our financial condition and results of operations may be adversely affected.

**63. Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements, capital expenditures and restrictive covenants of our financing arrangements.**

Our Company has not declared dividends on its Equity Shares or preference shares during the current Fiscal and the last three Fiscals. Our ability to pay dividends in the future will depend on our earnings, financial condition, cash flow, working capital requirements, capital expenditure, applicable Indian legal restrictions and restrictive covenants in our financing arrangements. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among others, our future earnings, financial condition, cash requirements, business prospects and any other financing arrangements. We may decide to retain all of our earnings to finance the development and expansion of our business and, therefore, may not declare dividends on our Equity Shares. We cannot assure you that we will be able to pay dividends in the future. Further, our Subsidiaries are separate and distinct legal entities, having no obligation to pay dividends and may be restricted from doing so by law or contract, including applicable laws, charter provisions and the terms of their financing arrangements. We cannot assure you that our Subsidiaries will generate sufficient profits and cash flows or otherwise be able to pay dividends in the future. For details on the dividend policy adopted by our Board, see "**Dividend Policy**" on page 309.

**64. Our Directors, Key Managerial Personnel and members of Senior Management have interest in our Company, in addition to their remuneration and reimbursement of expenses.**

Our Executive Director and Chief Operating Officer, Anand Rohidas Prabhudesai, Chairperson and Managing Director and Chief Executive Officer, Dharendra Nalin Mahyavanshi, our chief technology officer, Prajakta Vijaykumar Deolasee and our senior vice president – retail, Sunny Bhatia are interested in our Company to the extent of their respective shareholding in our Company. For further details see, "**Our Management-Shareholding of our Directors in our Company**" and "**Our Management -Shareholding of Key Managerial Personnel and Senior Management in our Company**" on pages 293 and 304, respectively. Additionally, our Key Managerial Personnel and members of Senior Management is also interested to the extent of options granted to each of them under ESOS 2025. For further details, see "**Capital Structure-Employee Stock Option Scheme**" on page 153.

**65. *Our Company has issued Equity Shares during the preceding one year at a price that may be below the Offer Price.***

In the preceding one year from the date of this UDRHP-I, our Company may have issued Equity Shares, at a price that could be lower than the Offer Price. The price at which Equity Shares have been issued by our Company in the preceding one year is not indicative of the price at which they will be issued or traded after listing. Any issuances of Equity Shares by our Company, including through the grant of stock options, may dilute your shareholding in our Company, thereby adversely affecting the trading price of the Equity Shares and our ability to raise capital through any issuance of new securities. For details, see “*Capital Structure — Notes to Capital Structure – Issue of Equity Shares at a price lower than the Offer Price in the last one year*” on page 142.

**66. *Some of our Directors may have interest in entities in similar line of business, which may result in conflict of interest with us.***

Certain of our Directors may be associated with companies engaged in ventures which are engaged in the same line of activity or business as our Company. While there has been no instance where our Directors have acted against the interest of the Company and our Shareholders, due to such potential conflicts of interest, our Directors may make decisions in the future which may not be in the best interests of our Shareholders and may adversely affect our business, results of operations and financial condition. For details in relation to directorship held by our directors in other entities, please see, “*Our Management- Directorship in other companies*” on page 289.

**67. *Our Company will not receive any proceeds from the Offer for Sale portion.***

The Offer comprises the Fresh Issue and the Offer for Sale. The proceeds of the Offer for Sale, net of their respective share of Offer-related expenses, will be paid to each of the Selling Shareholders, to the extent of its respective portion of Offered Shares, and our Company will not receive any portion of the proceeds from the Offer for Sale.

## **EXTERNAL RISKS**

**68. *We are a “foreign owned and controlled” company in accordance with the Consolidated FDI Policy and FEMA Rules and accordingly are subject to Indian foreign investment laws.***

In accordance with the provisions of the Consolidated FDI Policy and FEMA Rules, our Company is a foreign owned and controlled company. As a foreign owned and controlled company, our Company is subject to various requirements under the Consolidated FDI Policy and other Indian foreign investment laws. Such requirements include restriction on undertaking certain business activities without prior Government approval or at all, and pricing guidelines applicable to issue or transfer of our Equity Shares. While we believe that our business activities have been, and continue to remain, compliant with the requirements under the Consolidated FDI Policy and other Indian foreign investment laws, we cannot assure you that the Government, or a regulatory or judicial authority, will not take a different interpretation. Further, till the time we continue to be a foreign owned and controlled company, we may not be able to undertake certain commercially attractive business activities or investments without prior approval of the Government or at all.

**69. *Macro-economic events, including pandemics, such as COVID-19, economic recessions, and other catastrophic events, could have a significant adverse impact on the demand for our products. Further, pandemics and similar public health emergencies can also lead to a substantial increase in the number and value of insurance claims, which may impact our Insurer Partner’s operations and strain our resources.***

Our business is subject to risks arising from macro-economic events, including pandemics (such as COVID-19), economic recessions and other widespread disruptions. These events can have a significant adverse impact on consumer behavior, economic activity, and the overall demand for insurance and financial products. In particular, during periods of economic uncertainty or downturn, consumers may reduce discretionary spending, delay or forgo the purchase of new insurance policies, or allow existing policies to lapse, resulting in lower growth or renewal rates. This risk is especially pronounced in the vehicle, health and life insurance segments, which are closely tied to consumer confidence and disposable income levels.

Pandemics and similar public health emergencies can also lead to a substantial increase in the number and value of insurance claims, particularly in the health and life insurance segments. A surge in claims may strain the resources of our Insurer Partners, potentially leading to delays in claim processing, increased disputes and higher

loss ratios. These factors may, in turn, affect our relationships with Insurer Partners, impact our commission income, and increase the complexity and volume of customer grievances that we are required to manage.

Furthermore, macro events may disrupt our operations, the operations of our Digital Partners, Insurer Partners, and the broader financial and insurance markets. Such disruptions could include supply chain interruptions, workforce shortages, changes in regulatory requirements, and increased operational costs. While we have not faced any such instances on account of such macro-economic events that had an adverse effect on our business and operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, we cannot assure you that it will not happen in the future. Any of these factors could adversely affect our business, financial condition, results of operations, and prospects. Also, see “- *The locations in which we operate could experience man-made or natural disasters. The occurrence of natural or man-made disasters may adversely affect our business, financial condition, cash flows, results of operations and prospects*” on page 97.

**70. *Changing laws, rules and regulations and legal uncertainties, including adverse application or interpretation of corporate laws, may adversely affect our business, financial condition, cash flows, results of operations and prospects.***

The regulatory and policy environment in which we operate is evolving and subject to change. The government of India (“GoI”) and regulators such as IRDAI, SEBI, AMFI may implement new laws or other regulations and policies that could affect the insurance and fintech industry or capital market regulations which could lead to new compliance requirements, including requiring us to obtain approvals and licenses from relevant regulatory and statutory bodies, or impose onerous requirements. New compliance requirements could increase our costs or otherwise adversely affect our business, financial condition and results of operations. Our business, results of operations and prospects may be adversely impacted, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For further information, see “*Key Regulations and Policies*” on page 273. Also, see “*Internal Risks – We operate in an emerging and dynamic industry, which makes it difficult to predict our future prospects and there can be no guarantee that our current or future strategies will be successfully implemented or that we will continue to grow or generate profits, which could adversely affect our business, reputation, financial condition, results of operations and cash flows*” on page 80.

New laws relating to social security, occupational safety, industrial relations and wages namely, the Code on Social Security, 2020 (“**Social Security Code**”), the Occupational Safety, Health and Working Conditions Code, 2020, the Industrial Relations Code, 2020 and the Code on Wages, 2019, respectively, (collectively, the “**Labour Codes**”) have come into force from November 21, 2025. The Labour Codes consolidate, subsume and replace numerous existing central labour legislations. We have not yet fully assessed the impact that these or similar laws might have on our business operations, which could potentially limit our ability to expand in the future. For instance, the Social Security Code standardizes social security benefits for employees, which were previously divided under various acts with differing scopes and coverage. Additionally, the Wages Code restricts the portion of wages that can be excluded from calculations for employment benefits (such as gratuity and maternity benefits) to a maximum of 50% of the total wages paid to employees. This could result in an increase in the financial burden on our Company, which may adversely impact our profitability. Moreover, according to the Redseer Report, with the introduction of the new labour codes, India’s labour framework is moving toward greater formalisation, expanded social-security coverage, and clearer wage structures, with meaningful benefits for PoSPs operating within intermediary-led insurance distribution models. Standardised definitions of wages, improved timelines for payments, and mandatory digital record-keeping enhance transparency and predictability of earnings for POSPs (Source: Redseer Report). Further, the potential inclusion of gig and platform workers under social-security schemes can extend long-term benefits, strengthening income security and formal recognition (Source: Redseer Report).

Further, our business is a new age business with regulations that are evolving and are unclear on certain fronts. Our offerings operate within a regulatory landscape that presents significant interpretation challenges, potentially leading to conflicting viewpoints from regulators. This ambiguity may hinder our business operations, as well as our Digital Partners’ operations and could also affect our ability to continue offering our services if regulatory compliance cannot be effected. Efforts to seek clarification and compliance from regulatory bodies may be protracted, impacting our operations, business performance and strategic planning. Such risks might not only impact existing businesses but might also extend to any new business ideas that we might look to come up with in the future.

Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy in the jurisdictions in which we operate, including by reason of an absence, or a limited

body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

**71. *Changes in tax laws may materially and adversely affect our business, prospects, financial condition, results of operations and cash flows.***

The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. For instance, the Taxation Laws (Amendment) Act, 2019 prescribed certain changes to the income tax rate applicable to companies in India. According to this legislation, companies can henceforth voluntarily opt in favor of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which reduces the basic rate of income tax payable to 22% subject to compliance with conditions prescribed, from the erstwhile 25% or 30% depending upon the total turnover or gross receipt in the relevant period. Future amendments may affect our other benefits such as loss of minimum alternate tax carry forward, exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us.

Any such future amendments may affect our other benefits such as loss of minimum alternate tax carry forward, exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us. Any adverse orders passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability.

More recently, the GST Council's decision, effective September 2025, to exempt individual life and health insurance premiums from the earlier 18% Goods and Services Tax represents a significant structural shift for the sector (*Source: Redseer Report*). The said amendment has an impact on the availment of GST input tax credit for an insurer resulting in additional cost of doing business. To compensate the losses of benefit of input tax credit, insurers have and may continue to proportionately reduce the commission payouts to be made to the insurance brokers/corporate agents (*Source: Redseer Report*). As a result, commissions received from our Insurer Partners for life and health insurance products may decline going forward, which could adversely affect our business, financial condition, results of operations, cash flows, margins and growth from these products.

Adverse determination by a revenue authority in relation to our tax obligations may have an adverse effect on our business, financial condition and results of operations, and may adversely impact our operations in the relevant jurisdiction and our reputation. If existing tax laws, rules or regulations in our markets are amended, or if new tax laws, rules or regulations are enacted, the results of these changes could increase our effective tax rate, tax liabilities and/or associated costs.

**72. *The locations in which we operate could experience man-made or natural disasters. The occurrence of natural or man-made disasters may adversely affect our business, financial condition, cash flows, results of operations and prospects.***

A natural disaster, severe weather conditions or an accident that damages or otherwise adversely affects any of our business operations, or our ecosystem partners, such as Digital Partners and Insurer Partners, business operations, could have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects. Severe flooding, lightning strikes, earthquakes, extreme wind conditions, severe storms, wildfires, and other unfavorable weather conditions (including those from climate change) or natural disasters could damage our technology infrastructure or significantly impair the distribution of our products. Further, catastrophic events such as explosions, terrorist acts, riots or other similar occurrences could result in similar consequences or in personal injury, loss of life, environmental danger or severe damage to or destruction of our offices or activities of our Digital Partners, or suspension of our business operations. While we have not faced any such instances on account of such man-made or natural disasters that had an adverse effect on our business and operations in the six months period ended September 30, 2025 and Fiscals 2025, 2024 and 2023, we cannot assure you that it will not happen in the future. Any of these events in the future could have an adverse effect on our business, financial condition, cash flows, results of operations and prospects. Also, see “- **Macro-economic events, including pandemics, such as COVID-19, economic recessions, and other catastrophic events, could have a significant adverse impact on the demand for our products. Further, pandemics and similar public health emergencies can also lead to a substantial increase in the number and value of insurance claims, which may impact our Insurer Partner's operations and strain our resources**” on page 95.

**73. *Our Company has not obtained any credit rating. A downgrade in credit ratings of India, may affect the trading price of the Equity Shares.***

Our Company has not obtained any credit rating. India's sovereign debt rating could be adversely affected due to various factors, including changes in tax or fiscal policy or a decline in India's foreign exchange reserves, all which are outside our control. Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing or refinance any existing indebtedness and the interest rates and other commercial terms at which such financing is available, including raising any overseas additional financing or refinance any overseas existing indebtedness. A downgrading of India's credit ratings may occur, for reasons beyond our control such as, upon a change of government tax or fiscal policy. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of the Equity Shares.

**74. *Any downturn in the macroeconomic environment or slowdown in Indian economy, political or any other factors beyond our control may have an adverse impact on our business, financial condition, cash flows, results of operations and prospects.***

Our Company, incorporated in India with all its assets located in India, is subject to various factors that may impact its performance and the market price of its Equity Shares. These factors include interest rates, government policies, taxation, fiscal, social and ethnic instability, geopolitical and other political and economic developments affecting India. Adverse effects on the Indian economy, and consequently on our operations, may arise from several sources: macroeconomic climate changes such as increased interest rates or inflation; exchange rate fluctuations, restriction on the right to convert or repatriate currency or export assets and currency controls; scarcity of credit or other financing; prevailing income conditions among customers and corporations; public health crises such as epidemic, pandemic or any other public health in India or in countries in the region or globally, including in India's various neighbouring countries, such as the highly pathogenic H7N9, H5N1 and H1N1 strains of influenza in birds and swine and more recently, the COVID-19 pandemic; volatility in trading activity on India's stock exchanges; political instability, terrorism, or military conflict; natural or man-made disasters; regional or global economic conditions; significant regulatory or economic developments; international business practices conflicting with local laws; protectionist policies; logistical and communication challenges; downgrading of India's sovereign debt rating; difficulties in forming partnerships with local businesses; being subject to foreign judicial processes; and any liquidity crisis affecting the fintech industry. Any slowdown or perceived slowdown in the Indian economy or specific sectors of the Indian economy or certain regions in India, could adversely affect our business, results of operations, financial condition, and the price of our Equity Shares. Also, see “- *Financial instability in other countries may cause increased volatility in Indian financial markets*” on page 99.

**75. *Subsequent to the listing of the Equity Shares, we may be subject to pre-emptive surveillance measures, such as the Additional Surveillance Measures and the Graded Surveillance Measures by the Stock Exchanges in order to enhance the integrity of the market and safeguard the interest of investors.***

Subsequent to the listing of the Equity Shares, we may be subject to Additional Surveillance Measures (“ASM”) and Graded Surveillance Measures (“GSM”) by the Stock Exchanges. These measures are in place to enhance the integrity of the market and safeguard the interest of investors and advice the investors to be extra cautious while dealing in these securities and advice market participants to carry out necessary due diligence while dealing in these securities. The criteria for shortlisting any security trading on the Stock Exchanges for ASM is based on objective criteria, which includes market-based parameters such as high low price variation, concentration of client accounts, close to close price variation, market capitalization, average daily trading volume and its change, and average delivery percentage, among others. Securities are subject to GSM when its price is not commensurate with the financial health and fundamentals of the issuer. Specific parameters for GSM include net worth, net fixed assets, price to earnings ratio, market capitalization and price to book value, among others. We may be subject to general market conditions which may include significant price and volume fluctuations. The price of our Equity Shares may also fluctuate after the Offer due to several factors such as volatility in the Indian and global securities market, our profitability and performance, performance of our competitors, changes in the estimates of our performance or any other political or economic factor. The occurrence of any of the abovementioned factors may trigger the parameters identified by SEBI and the Stock Exchanges for placing securities under the GSM or ASM framework such as net worth and net fixed assets of securities, high low variation in securities, client concentration and close to close price variation. In the event our Equity Shares are subject to such surveillance measures implemented by any of the Stock Exchanges, we may be subject to certain additional restrictions in connection with trading of our Equity Shares such as limiting trading frequency (for example, trading either allowed once in

a week or a month) or freezing of price on upper side of trading which may have an adverse effect on the market price of our Equity Shares or may in general cause disruptions in the development of an active trading market for our Equity Shares.

**76. *Financial instability in other countries may cause increased volatility in Indian financial markets.***

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe, China and certain emerging economies in Asia. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby negatively affect the Indian economy. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows.

Further, economic developments globally can have a significant impact on India. In particular, the global economy has been negatively impacted by conflicts between Israel and Palestine, India and Pakistan, Israel and Iran, and Russia and Ukraine. Governments in the United States, United Kingdom, and European Union have imposed sanctions on certain products, industry sectors, and parties in Russia. Furthermore, present relations between India and Pakistan continue to be fragile on the issues of terrorism, armaments and Kashmir. Further, there have been continuing border disputes between India and China. Military activity or terrorist attacks in the future could influence the Indian economy. Such political tensions also could create a greater perception that investments in Indian companies involve higher degrees of risk. These conflicts could negatively impact regional and global financial markets and economic conditions, and result in global economic uncertainty and increased costs of various commodities, raw materials, energy and transportation. Further, the Middle East is experiencing heightened tensions and conflict, particularly between Israel and Iran, with significant military actions. In addition, recent increases in inflation and interest rates globally, including in India, could adversely affect the Indian economy. Moreover, the failure or abandonment of proposed or current free trade agreements and pacts by major participants, the introduction of duties and taxes on imported goods, or the implementation of other significant trade barriers can directly or indirectly impede cross-border trade, production, and demand for goods. Changes in international trade policy could lead to retaliatory actions by affected countries, resulting in “trade wars” and increased costs for globally transported goods. These increased costs may reduce customer demand for products if the parties paying the tariffs raise their prices, or trading partners may limit their trade with countries that impose anti-trade measures. Further, in 2025, in the United States, the Trump administration has continued to impose tariffs on Indian businesses as part of its “Fair and Reciprocal Plan”. These tariffs target various sectors, including steel, aluminum, and other goods, aiming to address perceived trade imbalances. The tariffs have created additional pressure on Indian exporters, particularly in the IT sector, with Indian IT companies, which have significant business in the US, facing increased costs and uncertainties. In addition, China is one of India’s major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries. Any significant financial disruption could have an adverse effect on our business, financial condition, cash flows and results of operation.

The global credit and equity markets have from time to time, experienced substantial dislocations, liquidity disruptions and market corrections. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, may implement a number of policy measures designed to add stability to the financial markets. However, the overall impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. In the event that the current difficult conditions in the global credit markets continue or if there is any significant financial disruption, such conditions could have an adverse effect on our business, future financial performance and the trading price of our Equity Shares.

These developments, or the perception that any related developments could occur, have had and may continue to have a material adverse effect on global economic conditions and financial markets, and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a material adverse effect on our business, financial condition, results of operations, cash flows and reduce the price of the Equity Shares.

**77. *If inflation rises in India, we might not be able to increase the prices of our services at a proportionate rate in order to pass the increased costs on to our customers and may result in a decline in profits.***

Inflation rates in India have been volatile in recent years, and such volatility may continue. India has experienced high inflation in the recent past. Increasing inflation in India could cause a rise in the costs of interest rates, rent,

wages, raw materials and other expenses leading to increased cost to our business. High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to adequately pass on to our customers, whether entirely or in part, and may adversely affect our business and financial condition. If we are unable to increase our revenues sufficiently to offset our increased costs due to inflation, it could have an adverse effect on our business, prospects, financial condition, results of operations and cash flows. High inflation leading to higher interest rates may also lead to a slowdown in the economy and adversely impact our credit growth, which in turn will affect our business growth and profitability. Further, the GoI through the RBI has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

**78. *Investors may have difficulty enforcing foreign judgments in India against us or our management.***

Our Company is incorporated under the laws of India, all of our Directors and Key Managerial Personnel and members of Senior Management are residents of India and all of our assets are located in India. As a result, it may not be possible for investors to effect service of process on us or such persons in jurisdictions outside India, or to enforce against them judgments obtained in courts outside of India predicated upon civil liabilities on us or such directors and executive officers under laws other than Indian Law.

Recognition and enforcement of foreign judgments is provided for, under Section 13 and Section 44A of the Code of Civil Procedure, 1908 (“**Civil Code**”). India is not party to any international treaty in relation to the recognition or enforcement of foreign judgments. India has a reciprocal recognition or enforcement of foreign judgments in civil and commercial matters with only a limited number of jurisdictions, such as the United Kingdom, Hong Kong, Republic of Singapore, United Arab Emirates, among others; however, no reciprocity has been established with the United States. In order to be enforceable, a judgment from a jurisdiction with reciprocity must meet certain requirements of the Civil Code. Section 13 of the Civil Code provides that foreign judgments shall be conclusive regarding any matter directly adjudicated on except (i) where the judgment has not been pronounced by a court of competent jurisdiction, (ii) where the judgment has not been given on the merits of the case, (iii) where it appears on the face of the proceedings that the judgment is founded on an incorrect view of international law or refusal to recognize the law of India in cases to which such law is applicable, (iv) where the proceedings in which the judgment was obtained were opposed to natural justice, (v) where the judgment has been obtained by fraud or (vi) where the judgment sustains a claim founded on a breach of any law then in force in India. Under the Civil Code, a court in India shall, on the production of any document purporting to be a certified copy of a foreign judgment, presume that the judgment was pronounced by a court of competent jurisdiction, unless the contrary appears on record; such presumption may be displaced by proving want of jurisdiction. The Civil Code only permits the enforcement and execution of monetary decrees in the reciprocating jurisdiction, not being in the nature of any amounts payable in respect of taxes, other charges, fines or penalties. Judgments or decrees from jurisdictions which do not have reciprocal recognition with India, such as the United States, cannot be enforced through execution proceedings in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether or not predicated solely upon the general laws of the non-reciprocating territory, would not be directly enforceable in India. Even if an investor obtained a judgment in such a jurisdiction against us, our officers or directors, the enforcement process would involve instituting a fresh proceeding in India and obtaining a decree from an Indian court. However, if a final foreign judgment has been obtained in a non-reciprocating territory, the party in whose favor such final foreign judgment is rendered may initiate a fresh suit in a competent court in India within three years of obtaining such final foreign judgment. Generally, there are considerable delays in the disposal of suits by Indian courts.

However, it is unlikely that a court in India would award damages on the same basis as a foreign court if an action were to be brought in India or that an Indian court would enforce foreign judgments if that court was of the view that the amount of damages awarded was excessive or inconsistent with the public policy in India. Further, there can be no assurance that a suit brought in an Indian court in relation to a foreign judgment will be disposed of in a timely manner. In addition, any person seeking to enforce a foreign judgment in India is required to obtain a prior approval from the RBI to repatriate any amount recovered, and we cannot assure that such approval will be forthcoming within a reasonable period of time, or at all, or that conditions of such approval would be acceptable. Such amount may also be subject to income tax in accordance with applicable law. Any judgment in a foreign currency would be converted into Indian Rupees on the date of the judgment and not on the date of the payment. We cannot predict whether a suit brought in an Indian court will be disposed of in a timely manner or be subject to considerable delays.

**79. Significant differences exist between Ind AS and other accounting principles, such as IFRS and US GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows.**

Our Restated Consolidated Financial Information has been compiled by the Group from the Audited consolidated financial statements of the Group as at and for the six months period ended September 30, 2025 and September 30, 2024, and as at and for the years ended March 31, 2025, March 31, 2024 and March 31, 2023 prepared in accordance with Ind AS specified under Section 133 of the Companies Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended, and other accounting principles generally accepted in India. These Restated Consolidated Financial Information have been prepared and restated by the management as required under the SEBI ICDR Regulations.

Further, it should be noted that the Unaudited Proforma Financial Information reflects the hypothetical impact of the acquisition of TIB and have not been prepared in accordance with standards and practices such as IFRS and US GAAP. As such, this information should not be interpreted or relied upon as if it had been prepared under those standards.

Ind AS differs from accounting principles with which prospective investors may be familiar, such as IFRS and U.S. GAAP. We have not attempted to quantify the impact of U.S. GAAP or IFRS on the financial data included in this UDRHP-I, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in significant respects from Ind AS. Accordingly, the degree to which the Ind AS financial statements, which are restated as per the Companies Act, SEBI ICDR Regulations and the Guidance Note on Reports in Company's Prospectuses (Revised 2019) issued by the ICAI, included in this UDRHP-I, will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Prospective investors should review the accounting policies applied in the preparation of our financial statements and consult their own professional advisors for an understanding of the differences between these accounting principles and those with which they have may be more familiar. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this UDRHP-I should be limited accordingly.

**80. Our business and activities may be regulated by the Competition Act, 2002 and any breach thereof may invite sanctions.**

The Competition Act, 2002, as amended ("**Competition Act**"), regulates and was enacted for the purpose of preventing practices that have or are likely to have an appreciable adverse effect on competition ("**AAEC**") in the relevant market in India and mandates the Competition Commission of India (the "**CCI**") to prevent, prohibit and eliminate such practices. Under the Competition Act, any formal or informal arrangement, understanding or action in concert, which causes or is likely to cause an AAEC in India, is considered void and results in the imposition of substantial monetary penalties. Further, any agreement among competitors which directly or indirectly involves the determination of purchase or sale prices, limits or controls production, supply, markets, technical development, investment or provision of services, shares the market or source of production or provision of services, including by way of allocation of geographical area, type of goods or services or number of customers in the relevant market or directly or indirectly results in bid-rigging or collusive bidding is presumed to have an AAEC and is considered void.

The Competition Act also prohibits abuse of a dominant position by any enterprise. If it is proved that the contravention committed by a company took place with the consent or connivance or is attributable to any neglect on the part of any director, manager, secretary or other officer of such company, that person shall also be guilty of the contravention and may be punished. The Competition Act was amended in April 2023 ("**Competition Amendment Act**") to, inter alia, increase the scope of definition of anti-competitive agreements and empower the CCI to impose penalties based on a company's global turnover. The Competition Amendment Act, inter alia, modifies the scope of certain factors used to determine AAEC, reduces the overall time limit for the assessment of combinations by the CCI from 210 days to 150 days and empowers the CCI to impose penalties based on the global turnover of entities, for anti-competitive agreements and abuse of dominant position.

The Competition Act aims to, among other things, prohibit all agreements and transactions which may have an AAEC in India. On March 4, 2011, the Indian central government notified and brought into force the combination regulation (merger control) provisions under the Competition Act with effect from June 1, 2011. This included provisions in relation to combinations which require any acquisition of shares, voting rights, assets or control or mergers or amalgamations, which cross the prescribed asset and turnover based thresholds, to be mandatorily notified to and pre-approved by the CCI. In addition, on May 11, 2011, the CCI issued the Competition

Commission of India (Procedure for Transaction of Business Relating to Combinations) Regulations, 2011, as amended, which sets out the mechanism for implementation of the merger control regime in India. While certain agreements entered into by us could be within the purview of the Competition Act, the impact of the provisions of the Competition Act on the agreements entered into by us cannot be predicted with certainty at this stage. Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside India if such agreement, conduct or combination has an AAEC in India. In the event we pursue an acquisition in the future, we may be affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI, or if any prohibition or substantial penalties are levied under the Competition Act, it would adversely affect our business, financial condition, cash flows, results of operations and prospects. The manner in which the Competition Act and the CCI affect the business environment in India may also adversely affect our business, financial condition, cash flows, results of operations and prospects.

**81. *The rate of growth of the Indian insurance market has been volatile and may not be as high or as sustainable as we anticipate.***

The Indian insurance industry is subject to systemic risks, including, but not limited to, risks related to macroeconomic conditions, customers' attitude to insurance products and regulatory developments. Consequently, there can be no assurance regarding the anticipated growth rates in the Indian insurance industry. Historical growth rates may not be indicative of future growth rates, and any growth rate may be unsustainable. Growth in the Indian insurance market may not be realized at the rate we expect or at all, which would reduce the size of our addressable market and have a material adverse effect on our business, prospects, financial condition, results of operation and cash flows.

**82. *Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have a material adverse effect on the trading price of, and returns on, our Equity Shares, independent of our operating results.***

Any dividends in respect of our Equity Shares will be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time that it takes to undertake such conversion may reduce the net dividend foreign investors receive. In addition, any adverse movement in currency exchange rates during a delay in repatriating outside India the proceeds from a sale of Equity Shares, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by Equity Shareholders. The investors may not be able to convert Rupee proceeds into a foreign currency of their choice, or the rate at which such conversion could occur could fluctuate. In addition, our Company's market valuation could be seriously harmed by a devaluation of the Rupee if investors in jurisdictions outside India analyze its value based on the relevant foreign currency equivalent of our Company's result of operations and financial condition. For example, the exchange rate between the Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may have a material adverse effect on the trading price of our Equity Shares and returns on our Equity Shares, independent of our operating results.

**83. *The determination of the Price Band is based on various factors and assumptions and the Offer Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Offer. Our Company's Equity Shares have never been publicly traded and may experience price and volume fluctuations following the completion of the Offer.***

The determination of the Price Band is based on various factors and assumptions and will be determined by our Company in consultation with the BRLMs. Further, the Offer Price of the Equity Shares will be determined by our Company in consultation with the BRLMs on the pricing date in accordance with the Book Building Process and in terms of the Red Herring Prospectus. These will be based on numerous factors, including factors as described under "**Basis for Offer Price**" beginning on page 177 and may not be indicative of the market price for the Equity Shares after the Offer.

Prior to the Offer, there has been no public market for our Equity Shares, and an active trading market may not develop or be sustained after the Offer. Listing and quotation does not guarantee that a market for our Equity Shares will develop or, if developed, the liquidity of such market for the Equity Shares. If an active trading market does not develop, the investors may not be able to re-sell their Equity Shares at or above the Offer price and may as a result lose all or part of your investment. The factors that could affect the market price of the Equity Shares include, among others, broad market trends specific to the industry we operate in, financial performance and

results of our Company post-listing, and other factors beyond our control such as developments relating to India, volatility in securities markets in jurisdictions other than India, announcements by our Company and our competitors of new products, changes in laws and governmental regulations applicable to our industry. Our Equity Shares are expected to trade on the NSE and BSE after the Offer, but there can be no assurance that active trading in our Equity Shares will develop after the Offer, or if such trading develops that it will continue. Investors may not be able to sell our Equity Shares at the quoted price if there is no active trading in our Equity Shares.

**84. *The Offer Price of our Equity Shares market capitalization to total income and Enterprise Value/ Adjusted EBITDA may not be indicative of the trading price of the Equity Shares upon listing on the Stock Exchanges subsequent to the Offer and, as a result, you may lose a significant part or all of your investment.***

Our market capitalization to proforma total income for Fiscal 2025 is [●] times at the upper end of the Price Band and [●] times at the lower end of the Price Band, and our proforma Enterprise Value/ Adjusted EBITDA ratio for Fiscal 2025 is [●] times at the upper end of the Price Band and [●] times at the lower end of the Price Band. The table below provides the details of our market capitalization to total income and Enterprise Value/ Adjusted EBITDA ratio at the Offer Price on a restated basis:

| Particulars | Enterprise Value/ Adjusted EBITDA (x) | Market Capitalization to total income |
|-------------|---------------------------------------|---------------------------------------|
| Fiscal 2025 | [●]                                   | [●]                                   |

The table below provides the details of our market capitalization to total income and Enterprise Value/ Adjusted EBITDA ratio at the Offer Price on a proforma basis:

| Particulars | Enterprise Value/ Adjusted EBITDA (x) | Market Capitalization to total income |
|-------------|---------------------------------------|---------------------------------------|
| Fiscal 2025 | [●]                                   | [●]                                   |

Our Offer Price, the multiples and ratios specified above may not be comparable to the market price, market capitalization and Enterprise Value/ Adjusted EBITDA ratios of our peers. Accordingly, any valuation exercise undertaken for the purposes of the Offer by our Company in consultation with the BRLMs, would not be based on a benchmark with our industry peers. Further, our Offer Price, the multiples and ratio specified above may not be comparable to the market price, market capitalization and Enterprise Value/ Adjusted EBITDA ratios of our peers, and would be dependent on the various factors.

**85. *The current market price of some securities listed pursuant to certain previous issues managed by the BRLMs is below their respective issue prices.***

The current market price of securities listed pursuant to certain previous initial public offerings managed by the BRLMs is below their respective issue prices. For further information, see “**Other Regulatory and Statutory Disclosures — Price information of past issues handled by the BRLMs**” on page 610. The factors that could affect the market price of our Equity Shares include, among others, broad market trends, financial performance and results of our Company post-listing, and other factors beyond our control. We cannot assure you that an active market will develop or that sustained trading will take place in our Equity Shares, or provide any assurance regarding the price at which our Equity Shares will be traded after listing.

**86. *Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which may adversely affect the trading price of the Equity Shares. Accordingly, our ability to raise foreign capital may be constrained.***

As an Indian company, we are subject to exchange controls that regulate borrowing in foreign currencies. Further, under applicable foreign exchange regulations in India, transfer of shares between non-residents and residents are freely permitted (subject to compliance with sectoral norms and certain other restrictions), if they comply with the pricing guidelines and reporting requirements specified under applicable law. If a transfer of shares is not in compliance with such requirements and does not fall under any of the permissible exceptions, then prior approval of the relevant regulatory authority is required. Further, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries and/or departments are responsible for granting approval for foreign investment. Such regulatory restrictions limit our financing sources and could constrain our ability to obtain financings on competitive terms and refinance existing indebtedness.

Shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. Furthermore, this is subject to the shares having been held on a repatriation basis and, either the security having been sold in compliance with the pricing guidelines or, the relevant regulatory approval having been obtained for the sale of shares and corresponding remittance of the sale proceeds

In addition, pursuant to the Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT as consolidated in the FDI Policy with effect from October 15, 2020, and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which share a land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government of India. Any such approval(s) would be subject to the discretion of the regulatory authorities. Restrictions on foreign investment activities and impact on our ability to attract foreign investors may cause uncertainty and delays in our future investment plans and initiatives. We cannot assure you that any required approval from the relevant governmental agencies can be obtained on any particular terms or at all.

The GoI may impose foreign exchange restrictions in certain emergency situations, including those where there are sudden fluctuations in interest rates or exchange rates, where the GoI experiences extreme difficulty in stabilising the balance of payments or where there are substantial disturbances in the financial and capital markets in India. These restrictions may require foreign investors to obtain the GoI's approval before acquiring Indian securities or repatriating the interest or dividends from those securities or the proceeds from the sale of those securities. There can be no assurance that any approval required from the RBI or any other governmental agency can be obtained on any particular terms or at all.

**87. *A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.***

There are certain provisions in Indian law which may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of our Equity Shares at a premium to the market price or would otherwise be beneficial to the investors. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of our Company. Under the SEBI Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of our Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the SEBI Takeover Regulations. In addition, under the IRDAI (Insurance Brokers) Regulations, 2018, as amended, contain certain provisions which may affect the shareholding or rights of our Company and our Promoters in TIB. Further, any transfer of shares in TIB, including any change in the shareholding pattern crossing a specific threshold or a change in the promoter of TIB, is subject to strict regulatory requirements. Specifically, Form T of the IRDAI (Insurance Brokers) Regulations, 2018, requires TIB to make clear disclosures regarding the identity of the party acquiring shares and any proposed change in the promoter. In addition, TIB is required to obtain the prior approval of the IRDAI before effecting any such transfer or change. Failure to comply with these requirements, or any delay or denial in obtaining the necessary approvals from the IRDAI, could result in regulatory actions, including the imposition of penalties, restrictions on our operations, or even the suspension or cancellation of our broking license. Any such adverse regulatory action could materially and adversely affect our business, financial condition, and results of operations.

**88. *Investors may be subject to Indian taxes arising out of income arising on the sale of the Equity Shares.***

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares held as investments in an Indian company are generally taxable in India. A securities transaction tax ("STT") is levied on equity shares sold on an Indian stock exchange. You may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Further, any capital gain realized on the sale of our Equity Shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. While non-residents may claim tax treaty benefits in relation to such capital gains income, generally, Indian tax treaties do not limit India's right to impose tax on capital gains arising from the sale of shares of an Indian company. While non-residents may claim tax treaty benefits in relation to such

capital gains income, generally, Indian tax treaties do not limit India's right to impose tax on capital gains arising from the sale of shares of an Indian company.

Taxes payable by an assessee on the capital gains arising from transfer of long-term capital assets on or after July 23, 2024, shall be calculated at the rate of 12.50% on such long-term capital gains, where the long-term capital gains exceed ₹125,000 (this exemption shall be available only where the shares are sold on a Stock Exchange), subject to certain exceptions in case of resident individuals and Hindu Undivided Families. Further, the short-term capital gains on transfer of listed shares shall be taxed at 20% where the shares are sold on Stock Exchange and at applicable rates if otherwise (30% in case of foreign institutional investors). Capital gains arising from the sale of the Equity Shares will not be chargeable to tax in India in cases where relief from such taxation in India is provided under a treaty between India and the country of which the seller is resident, if and to the extent applicable, and the seller is entitled to avail benefits thereunder. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain realised upon the sale of the Equity Shares. The stamp duty for transfer of certain securities, other than debentures, on a delivery basis is currently specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount.

Investors are advised to consult their own tax advisors and to carefully consider the potential tax consequences of owning, investing or trading in our Equity Shares. Any dividends paid by an Indian company will be subject to tax in the hands of the shareholders at applicable rates. Such taxes will be withheld by the Indian company paying dividends. We may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source pursuant to any corporate action including dividends. Investors are advised to consult their own tax advisors and to carefully consider the potential tax consequences of owning Equity Shares. Unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals.

**89. *Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Offer.***

Our Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable Indian laws and practice, certain actions in relation to the Offer must be completed before our Equity Shares can be listed and trading of our Equity Shares may commence, including the crediting of the Investors' "demat" accounts within the timeline specified under applicable law. Further, in accordance with Indian law and practice, permission for listing of our Equity Shares will not be granted until after our Equity Shares in this Offer have been Allotted and submission of all other relevant documents authorizing the issuing of our Equity Shares. There could be a failure or delay in listing of our Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval or otherwise to commence trading in our Equity Shares would restrict investors' ability to dispose of their Equity Shares. There can be no assurance that our Equity Shares will be credited to investors' demat accounts, or that trading in our Equity Shares will commence, within the prescribed time periods or at all.

**90. *QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their bids (in terms of quantity of Equity Shares or the bid amount) at any stage after submitting a bid, and Retail Individual Bidders are not permitted to withdraw their bids after Bid/Offer closing date.***

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are required to block the bid amount on submission of the bid and are not permitted to withdraw or lower their bids (in terms of quantity of equity shares or the bid amount) at any stage after submitting a bid. Retail Individual Bidders can revise or withdraw their bids at any time during the bid/offer period and until the bid/offer closing date, but not thereafter. While our Company is required to complete all necessary formalities for listing and commencement of trading of the Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed including Allotment pursuant to the Offer within three Working Days from the Bid/Offer Closing Date or such other timeline as may be prescribed under applicable law, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operation or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders' ability to sell the Equity Shares Allotted pursuant to the Offer or cause the trading price of the Equity Shares to decline on listing. Therefore, QIBs and Non-Institutional Bidders will not be able to withdraw or lower their bids following adverse developments in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows or otherwise at any stage after the submission of their bids.

**91. *Holders of Equity Shares could be restricted in their ability to exercise pre-emptive rights under Indian law and could thereby suffer future dilution of their ownership position.***

Under the Companies Act, a company having share capital and incorporated in India is required to offer holders of its equity shares pre-emptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages prior to the issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the equity shares who have voted on such resolution. However, if the laws of the jurisdiction that the investors are located in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise such pre-emptive rights unless we make such a filing. We may elect not to file a registration statement in relation to pre-emptive rights otherwise available by Indian law to the investors. To the extent that the investors are unable to exercise pre-emptive rights granted in respect of the Equity Shares, the investors may suffer future dilution of their ownership position and their proportional interests in us would be reduced.

**92. *There is no guarantee that our Equity Shares will be listed on the BSE and NSE pursuant to the Offer in a timely manner or at all.***

In accordance with Indian law and practice, permission for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to the Offer and until Allotment of Equity Shares pursuant to the Offer. In accordance with current regulations and circulars issued by SEBI, our Equity Shares are required to be listed on the BSE and NSE within such time as mandated under UPI Circulars, subject to any change in the prescribed timeline in this regard. However, we cannot assure you that the trading in our Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining final listing and trading approvals may restrict your ability to dispose of your Equity Shares.

**93. *Any future issuance of Equity Shares or convertible securities or other equity linked securities by our Company may dilute holder's shareholding and sales of the Equity Shares by our Promoters or any other major shareholders may adversely affect the trading price of the Equity Shares.***

We may be required to raise additional capital and finance our growth through future equity offerings. Any future issuance of the Equity Shares or securities linked to the Equity Shares by our Company, including issuance of Equity Shares to employees or former employees upon exercise of vested options held by them under the ESOS 2025, may dilute your shareholding. Any such future issuance of Equity Shares or future sales of the Equity Shares by our Promoters or any of our significant Shareholders or any other change in our shareholding structure to comply with minimum public shareholding norms applicable to listed companies in India or any public perception regarding such issuance or sales may also adversely affect the trading price of the Equity Shares and impact our ability to raise funds through an offering of our securities or by incurring debt. Any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares. Additionally, the disposal, pledge or encumbrance of the Equity Shares by our Promoters or any of our significant Shareholders, or the perception that such transactions may occur, may affect the trading price of the Equity Shares. There can be no assurance that we will not issue further Equity Shares or that our existing Shareholders including our Promoters will not dispose of further Equity Shares after the completion of the Offer (subject to compliance with the lock-in provisions under applicable law) or pledge or encumber their Equity Shares. Any future issuances could also dilute the value of Shareholder's investment in the Equity Shares and adversely affect the trading price of our Equity Shares. Such securities may also be issued at prices below the Offer Price. We may also issue convertible debt securities to finance our future growth or fund our business activities.

**94. *If our Company does not receive the minimum subscription of 90% of the Fresh Issue, the Offer may fail.***

In the event our Company does not receive (i) a minimum subscription of 90% of the Fresh Issue, and (ii) a subscription in the Offer as specified under Rule 19(2)(b) of the SCRR, including through devolvement of Underwriters, as applicable, within ninety (60) days from the date of Bid Closing Date, or if the subscription level falls below the thresholds mentioned above after the Bid Closing Date, on account of withdrawal of applications or after technical rejections or any other reason, or if the listing or trading permission is not obtained from the Stock Exchanges for the Equity Shares being offered under the Red Herring Prospectus, our Company shall forthwith refund the entire subscription amount received in accordance with applicable law including the SEBI master circular no. SEBI/HO/CFD/PoD-1/P/CIR/2024/0154 dated November 11, 2024. If there is a delay beyond four days, our Company and every Director of our Company who is an officer in default, to the extent applicable, shall pay interest as prescribed under applicable law.

**95. *Rights of shareholders of companies under Indian law may be more limited than under the laws of other jurisdictions.***

Our Articles of Association, composition of our Board, Indian laws governing our corporate affairs, the validity of corporate procedures, directors' fiduciary duties, responsibilities and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights under Indian law may not be as extensive and widespread as shareholders' rights under the laws of other countries or jurisdictions. Investors may face challenges in asserting their rights as shareholder in an Indian company than as a shareholder of an entity in another jurisdiction.

**96. *Your ability to acquire and sell Equity Shares is restricted by the distribution and transfer restrictions set forth in this UDRHP-I.***

No actions have been taken to permit a public offering of the Equity Shares in any jurisdiction, other than India. As such, the Equity Shares have not and will not be registered under the U.S. Securities Act, any state securities laws or the law of any jurisdiction other than India. Further, the Equity Shares are subject to restrictions on transferability and resale. You are required to inform yourself about and observe these restrictions. We, our representatives and our agents will not be obligated to recognize any acquisition, transfer or resale of the Equity Shares made other than in compliance with the restrictions set forth herein.

## SECTION III – INTRODUCTION

### THE OFFER

The following table summarizes details of the Offer:

|                                                                                                                                                                      |                                                                                                                                                                                    |

| Equity Shares outstanding after the Offer                                                                                                                            | [●] Equity Shares of face value of ₹1 each                                                                                                                                         |
| <b>Use of proceeds of the Offer</b>                                                                                                                                  | See “ <i>Objects of the Offer</i> ” on page 159 for details regarding the use of proceeds from the Fresh Issue. Our Company will not receive any proceeds from the Offer for Sale. |

<sup>(1)</sup> The Offer has been authorised by our Board pursuant to its resolution dated September 2, 2025, and the Fresh Issue has been authorized by our Shareholders pursuant to a special resolution dated September 3, 2025. For details of the consent of the Selling Shareholders in relation to the Offer for Sale, see “*The Offer*” beginning on page 108. Our Board has taken on record such consent of the Selling Shareholders by a resolution dated September 4, 2025. Each of the Selling Shareholders, severally and not jointly, have confirmed that their respective portion of the Offered Shares have been held for a period of at least one year prior to the date of filing of the Pre-filed Draft Red Herring Prospectus with SEBI and are eligible for being offered for sale in the Offer, in terms of Regulations 8 and 8A of the SEBI ICDR Regulations to the extent applicable. For further details, see “*Capital Structure — Notes to Capital Structure-Share capital history of our Company -*” on page 129. Each of the Selling Shareholders have severally and not jointly confirmed and authorized their participation in the Offer for Sale, as stated below:

- (2) If at least 75% of the Offer cannot be Allotted to QIBs, the entire application money will be refunded forthwith. In the event aggregate demand in the QIB Portion has been met, subject to valid Bids being received at or above the Offer Price, under-subscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from other categories or a combination of categories at the discretion of our Company in consultation with the BRLMs and the Designated Stock Exchange, in accordance with applicable laws. Under-subscription, if any, in the Net QIB Portion will not be allowed to be met with spill-over from other categories or a combination of categories.
- (3) Our Company may, in consultation with the Book Running Lead Managers, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations. 40 % of the Anchor Investor Portion shall be reserved as under: (i) 33.33% for domestic Mutual Funds; and (ii) 6.67% for life insurance companies and pension funds, subject to valid Bids being received from domestic Mutual Funds, life insurance companies and pension funds at or above the Anchor Investor Allocation Price, in accordance with the SEBI ICDR Regulations. In the event of undersubscription in the Anchor Investor Portion reserved for life insurance companies and pension funds, the unsubscribed portion shall be available for allocation to domestic Mutual Funds. In the event of under-subscription or non-Allotment in the Anchor Investor Portion, the balance Equity Shares in the Anchor Investor Portion shall be added back to the QIB Portion. 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. In the event the aggregate demand from Mutual Funds is less than as specified above, the balance Equity Shares available for Allotment in the Mutual Fund Portion will be added to the Net QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids. For further details, see “Offer Procedure” and “Offer Structure” on pages 629 and 625, respectively.
- (4) Not more than 15% of the Offer shall be available for allocation to Non-Institutional Investors of which one-third of the Non-Institutional Portion will be available for allocation to Bidders with an application size of more than ₹0.20 million and up to ₹1 million and two-thirds of the Non-Institutional Portion will be available for allocation to Bidders with an application size of more than ₹1 million and under-subscription in either of these two sub-categories of Non-Institutional Portion may be allocated to Bidders in the other sub-category of Non-Institutional Portion. The allocation to each Non-Institutional Investor shall not be less than the minimum application size, subject to availability of Equity Shares in the Non-Institutional Portion and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis in accordance with the conditions specified in this regard in Schedule XIII of the SEBI ICDR Regulations.
- (5) Our Company, in consultation with the BRLMs, may consider a Pre-IPO Placement aggregating up to ₹1,321.44 million, as may be permitted under applicable law, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. Prior to the completion of the Offer, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Offer or the Offer may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the Red Herring Prospectus and the Prospectus and intimate the Stock Exchanges, in accordance with SEBI ICDR Regulations.
- (6) Calculated assuming conversion ratio of 1:463 for Seed Round CCPS, Series A CCPS, Series B CCPS, Series C CCPS, Series D CCPS, Series D1 CCPS, Series D2 CCPS and Series E CCPS and 1:622.5437 for Series C1 CCPS and 1:511.5499 for Series C2 CCPS in accordance with the terms of the SHA. For details in relation to the terms of the conversion of Preference Shares into Equity Shares,

*please see “Capital Structure - Notes to Capital Structure – Share capital history of our Company – History of Preference Share capital of our Company – Terms of conversion of Preference Shares” on page 141.*

Allocation to Anchor Investors shall be on a discretionary basis in accordance with the SEBI ICDR Regulations. Allocation to all categories of Bidders, other than Anchor Investors, Retail Individual Investors and Non-Institutional Investors, shall be made on a proportionate basis, subject to valid Bids received at or above the Offer Price, as applicable. The allocation to each Retail Individual Investor and Non-Institutional Investor shall not be less than the minimum Bid Lot, subject to availability of Equity Shares in the Retail Portion and the Non-Institutional Portion and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis. For more information, see “*Offer Structure*”, “*Offer Procedure*” and “*Terms of the Offer*” on pages 625, 629 and 618, respectively.

## SUMMARY OF RESTATED CONSOLIDATED FINANCIAL INFORMATION

The summary financial information presented below should be read in conjunction with “***Financial Information - Restated Consolidated Financial Information***” and “***Management’s Discussion and Analysis of Financial Condition and Results of Operations***” beginning on pages 310 and 530, respectively. The following tables set forth summary financial information derived from our Restated Consolidated Financial Information.

**Designated Intermediaries****Self-Certified Syndicate Banks**

The list of SCSBs notified by SEBI for the ASBA process is available at [www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes](http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes), or at such other website as may be prescribed by SEBI from time to time. A list of the Designated SCSB Branches with which an ASBA Bidder (other than UPI Bidders), not Bidding through Syndicate/Sub Syndicate or through a Registered Broker, RTA or CDP may submit the Bid cum Application Forms, is available at [www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=34](http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=34) or at such other websites as may be prescribed by SEBI from time to time.

**Self-Certified Syndicate Banks and mobile applications enabled for Unified Payment Interface Mechanism**

In accordance with SEBI circular No. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 and SEBI ICDR Master Circular, UPI Bidders may only apply through the SCSBs and mobile applications whose names appear on the website of the SEBI ([www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40](http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40)) and [www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=43](http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=43)) respectively, and updated from time to time.

**Syndicate Self-Certified Syndicate Banks Branches**

In relation to Bids (other than Bids by Anchor Investors and RIIs) submitted under the ASBA process to a member of the Syndicate, the list of branches of the SCSBs at the Specified Locations named by the respective SCSBs to receive deposits of Bid cum Application Forms from the members of the Syndicate is available on the website of the SEBI. ([www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=35](http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=35)) and updated from time to time or any such other website as may be prescribed by SEBI from time to time. For more information on such branches collecting Bid cum Application Forms from the Syndicate at Specified Locations, see the website of the SEBI <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=35> as

updated from time to time or any other website prescribed by SEBI from time to time.

### **Registered Brokers**

Bidders can submit ASBA Forms in the Offer using the stockbroker network of the Stock Exchanges, *i.e.*, through the Registered Brokers at the Broker Centers. The list of Registered Brokers eligible to accept ASBA Forms, including details such as postal address, telephone number and e-mail address, is provided on the websites of the Stock Exchanges at [www.bseindia.com](http://www.bseindia.com) and [www.nseindia.com](http://www.nseindia.com), as updated from time to time.

### **Registrar and Share Transfer Agents**

The list of the RTAs eligible to accept ASBA Forms at the Designated RTA Locations, including details such as address, telephone number and e-mail address, is provided on the websites of the Stock Exchanges [www.bseindia.com/Static/Markets/PublicIssues/Rtadp.aspx?](http://www.bseindia.com/Static/Markets/PublicIssues/Rtadp.aspx?) and [www.nseindia.com/products/content/equities/ipos/asba\\_procedures.htm](http://www.nseindia.com/products/content/equities/ipos/asba_procedures.htm) respectively, as updated from time to time.

### **Collecting Depository Participants**

The list of the CDPs eligible to accept ASBA Forms at the Designated CDP Locations, including details such as their name and contact details, is provided on the websites of the Stock Exchanges at [www.bseindia.com/Static/Markets/PublicIssues/Rtadp.aspx?](http://www.bseindia.com/Static/Markets/PublicIssues/Rtadp.aspx?) and [www.nseindia.com/products/content/equities/ipos/asba\\_procedures.htm](http://www.nseindia.com/products/content/equities/ipos/asba_procedures.htm), respectively, as updated from time to time.

### **Grading of the Offer**

No credit agency registered with SEBI has been appointed for grading of the Offer.

### **Monitoring Agency**

Our Company will appoint a Monitoring Agency prior to the filing of the Red Herring Prospectus in accordance with Regulation 41 of SEBI ICDR Regulations, for monitoring of the utilisation of the Gross Proceeds. See “*Objects of the Offer*” on page 159.

### **Experts to the Offer**

Except as stated below, our Company has not obtained any expert opinions in connection with this Updated Draft Red Herring Prospectus-I:

1. Our Company has received written consent dated January 28, 2026, from M/s. S. R. Batliboi & Co. LLP, Chartered Accountants, to include their name as required under Section 26(1) of the Companies Act, 2013 read with the SEBI ICDR Regulations, in this Updated Draft Red Herring Prospectus-I, to the extent and in their capacity as our Statutory Auditors, and as an “expert” as defined under Section 2(38) of the Companies Act, 2013, and in respect of their (i) examination report dated January 14, 2026 on the Restated Consolidated Financial Information; (ii) their report dated September 4, 2025 on the statement of special tax benefits available to our Company, its Material Subsidiary and its Shareholders included in this Updated Draft Red Herring Prospectus-I and such consent has not been withdrawn as on the date of this Updated Draft Red Herring Prospectus-I. However, the term “expert” shall not be construed to mean an “expert” as defined under the U.S. Securities Act.
2. Our Company has received written consent dated January 28, 2026 from M/s. S K Patodia & Associates LLP, Chartered Accountants, holding a valid peer review certificate from ICAI, to include their name as required under Section 26(5) of the Companies Act, 2013 read with the SEBI ICDR Regulations in this Updated Draft Red Herring Prospectus-I, and as an “expert” as defined under Section 2(38) of the Companies Act, 2013 in respect of the (i) various certifications issued by them in their capacity as an independent chartered accountant to our Company and (ii) Ind AS special purpose financial statements for the financial year ended March 31, 2024 and March 31, 2023 prepared for TIB such consent has not been withdrawn as on the date of this Updated Draft Red Herring Prospectus-I.

The above-mentioned consents have not been withdrawn as on the date of this Updated Draft Red Herring Prospectus-I.

### **Appraising Entity**

A copy of the Pre-filed Draft Red Herring Prospectus and a copy of this Updated Draft Red Herring Prospectus-I have been uploaded on the SEBI intermediary portal at [www.siportal.sebi.gov.in](http://www.siportal.sebi.gov.in), as specified in Regulation 59C(1) of the SEBI ICDR Regulations and pursuant to the SEBI ICDR Master Circular. A copy of this Updated Draft Red Herring Prospectus-I will also be filed with SEBI at:

#### **Securities and Exchange Board of India**

Corporation Finance Department  
Division of Issues and Listing  
SEBI Bhavan, Plot No. C4 A, 'G' Block  
Bandra Kurla Complex, Bandra (East)  
Mumbai 400 051  
Maharashtra, India

### **Filing of the Red Herring Prospectus and the Prospectus**

A copy of the Red Herring Prospectus, along with the material contracts and documents required to be filed under Section 32 of the Companies Act, 2013 would be filed with the RoC at its office and a copy of the Prospectus to be filed under Section 26 of the Companies Act, 2013 with the RoC at its office and through the electronic portal at [www.mca.gov.in/mcafoportal/loginvalidateuser.do](http://www.mca.gov.in/mcafoportal/loginvalidateuser.do). For details of the address, see “- *Address of the Registrar of Companies*” on page 118.

### **Investor Grievances**

**Investors can contact the Company Secretary and Compliance Officer, the Book Running Lead Managers or the Registrar to the Offer in case of any pre-Offer or post-Offer related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares bearing face value of ₹1 in the respective beneficiary account, nonreceipt of refund orders or non-receipt of funds by electronic mode, etc.**

All Offer-related grievances, other than that of Anchor Investors, may be addressed to the Registrar to the Offer with a copy to the relevant Designated Intermediary(ies) with whom the Bid-cum Application Form was submitted, giving full details such as name of the sole or First Bidder, Bid cum Application Form number, Bidder's DP ID, Client ID, PAN, address of Bidder, number of Equity Shares bearing face value of ₹1 applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount through the UPI Mechanism), date of Bid cum Application Form and the name and address of the relevant Designated Intermediary(ies) where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Offer. The Registrar to the Offer shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders.

All Offer-related grievances of the Anchor Investors may be addressed to the Registrar to the Offer, giving full details such as the name of the sole or First Bidder, Anchor Investor Application Form number, Bidders' DP ID, Client ID, PAN, date of the Anchor Investor Application Form, address of the Bidder, number of the Equity Shares

bearing face value of ₹1 each applied for, Bid Amount paid on submission of the Anchor Investor Application Form and the name and address of the BRLMs where the Anchor Investor Application Form was submitted by the Anchor Investor.

The Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned above.

### **Book Building Process**

The Book Building Process, in the context of the Offer, refers to the process of collection of Bids from Bidders on the basis of the Red Herring Prospectus, the Bid cum Application Forms and the Revision Forms within the Price Band which will be decided by our Company, in consultation with the Book Running Lead Managers and will be advertised in all editions of Financial Express (a widely circulated English national daily newspaper), all editions of Jansatta (a widely circulated Hindi national daily newspaper) and Mumbai edition of Navshakti (a widely circulated Marathi daily newspaper, Marathi being the regional language of Maharashtra, where our Registered and Corporate Office is located), at least two Working Days prior to the Bid/Offer Opening Date and shall be made available to the Stock Exchanges for the purposes of uploading on their respective websites. Pursuant to the Book Building Process, the Offer Price shall be determined by our Company, in consultation with the Book Running Lead Managers after the Bid/Offer Closing Date. For details see “*Offer Procedure*” beginning on page 629.

**All Bidders (other than Anchor Investors) can participate in this Offer only through the ASBA process by providing details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by SCSBs or in the case of UPI Bidders, by using the UPI Mechanism. In addition to this, the UPI Bidders may participate through the ASBA process by either (a) providing the details of their respective ASBA Account in which the corresponding Bid Amount was blocked by the SCSBs; or (b) through the UPI Mechanism. Anchor Investors are not permitted to participate in the Offer through the ASBA process.**

**In terms of the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw their Bid(s) or lower the size of their Bid(s) (in terms of quantity of Equity Shares or the Bid Amount) at any stage. Retail Individual Investors can revise their Bid(s) during the Bid/ Offer Period and withdraw their Bid(s) until the Bid/ Offer Closing Date. Anchor Investors are not allowed to revise or withdraw their Bids after the Anchor Investor Bidding Date. Allocation to all categories, other than Anchor Investors, Non-Institutional Investors and Retail Individual Investors, shall be made on a proportionate basis, subject to valid Bids received at or above the Offer Price. Allocation to the Anchor Investors will be on a discretionary basis. For further details on method and process of Bidding, see “*Offer Structure*” and “*Offer Procedure*” on pages 625 and 629, respectively.**

**The Book Building Process under the SEBI ICDR Regulations and Bidding Process is subject to change, from time to time. Bidders are advised to make their own judgment about an investment through this process prior to submitting a Bid in the Offer.**

Each Bidder by submitting a Bid in the Offer, will be deemed to have acknowledged the above restrictions and the terms of the Offer.

Bidders should note that the Offer is also subject to (i) obtaining final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment as per the prescribed timelines in compliance with the SEBI ICDR Regulations; and (ii) filing of the Prospectus with the RoC.

### **Illustration of Book Building and Price Discovery Process**

For an illustration of the Book Building Process and the price discovery process, see “*Offer Procedure*” on page 629.

### **Underwriting Agreement**

After the determination of the Offer Price and allocation of Equity Shares but prior to the filing of the Prospectus with the RoC, our Company will enter into an underwriting agreement with the Underwriters for the Equity Shares proposed to be offered through the Offer. The extent of underwriting obligations and the Bids to be underwritten by each Book Running Lead Manager shall be as per the Underwriting Agreement. Pursuant to the terms of the Underwriting Agreement, the obligations of the Underwriters will be several and will be subject to certain conditions to closing, as specified therein.

The Underwriting Agreement is dated [●]. The Underwriters have indicated their intention to underwrite the following number of Equity Shares:

*The Underwriting Agreement has not been executed as on the date of this Updated Draft Red Herring Prospectus-I. This portion has been intentionally left blank and will be filled in before filing of the Prospectus with the RoC.*

| <b>Name, address, telephone number and e-mail address<br/>of the Underwriters</b> | <b>Indicative number of<br/>Equity Shares of face<br/>value of ₹1 each to be<br/>underwritten</b> | <b>Amount<br/>underwritten<br/>(₹ in million)</b> |
|-----------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------|---------------------------------------------------|
| [●]                                                                               | [●]                                                                                               | [●]                                               |
| <b>Total</b>                                                                      | [●]                                                                                               | [●]                                               |

The abovementioned amounts are provided for indicative purposes only and will be finalised after the pricing and actual allocation and subject to the provisions of Regulation 40(2) of the SEBI ICDR Regulations.

In the opinion of our Board of Directors (including based on representations made to our Company by the Underwriters), the resources of the Underwriters are sufficient to enable them to discharge their respective underwriting obligations in full. The Underwriters are registered with the SEBI under Section 12(1) of the SEBI Act or registered as brokers with the Stock Exchange(s). Our Board of Directors, at its meeting held on [●], has accepted and entered into the Underwriting Agreement mentioned above on behalf of our Company.

Allocation among the Underwriters may not necessarily be in proportion to their underwriting commitments set forth in table above. In the event of any default in payment, the respective Underwriter, in addition to other obligations defined in the Underwriting Agreement, will also be required to procure subscription for or subscribe to the Equity Shares to the extent of the defaulted amount in accordance with the Underwriting Agreement.

## CAPITAL STRUCTURE

The share capital of our Company, as of the date of this Updated Draft Red Herring Prospectus-I, is set forth below.

| (in ₹, except share data) |                                                                                                                               |                               |                                 |

\* To be included upon finalisation of the Offer Price and subject to the Basis of Allotment.

<sup>^</sup> Assuming full subscription in the Offer.

- (1) For details in relation to changes in the authorized share capital of our Company in the last 10 years, see “History and Certain Corporate Matters – Amendments to our Memorandum of Association in the last 10 years” on page 279.
- (2) Prior to filing of the Red Herring Prospectus, the Preference Shares will convert to Equity Shares in terms of Regulation 5(2) of the SEBI ICDR Regulations. For details in relation to the conversion of the Preference Shares, see “Capital Structure — Share capital history of our Company - History of preference share capital of our Company - Terms of conversion of Preference Shares” beginning on page 141.
- (3) The Offer has been authorized by a resolution of our Board dated September 2, 2025 and the Fresh Issue has been approved by a special resolution dated September 3, 2025 passed by our Shareholders.

- (4) *Our Board has taken on record the consent and authorisation of the Selling Shareholders to participate in the Offer for Sale pursuant to its resolution dated September 4, 2025. For details, see “Other Regulatory and Statutory Disclosures – Authority for the Offer” and “The Offer” on pages 599 and 108, respectively.*
- (5) *Our Company, in consultation with the BRLMs, may consider a Pre-IPO Placement aggregating up to ₹1,321.44 million, as may be permitted under applicable law, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. Prior to the completion of the Offer, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Offer or the Offer may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the Red Herring Prospectus and the Prospectus and intimate the Stock Exchanges, in accordance with SEBI ICDR Regulations.*
- (6) *Calculated assuming conversion ratio of 1:463 for Seed Round CCPS, Series A CCPS, Series B CCPS, Series C CCPS, Series D CCPS, Series D1 CCPS, Series D2 CCPS and Series E CCPS and 1:622.5437 for Series C1 CCPS and 1:511.5499 for Series C2 CCPS in accordance with the terms of the SHA. For details in relation to the terms of the conversion of Preference Shares into Equity Shares, please see “- Notes to Capital Structure – Share capital history of our Company – History of Preference Share capital of our Company – Terms of conversion of Preference Shares” on page 141.*

# As on the date of this Updated Draft Red Herring Prospectus-I, the trustee of Blume Ventures (Opportunities) Fund IA is Vistra ITCL (India) Ltd - Trustee.

## 8. Lock-in requirements

### (a) Details of Promoters' Contribution and lock-in

Pursuant to Regulations 14 and 16(1)(a) of the SEBI ICDR Regulations, an aggregate of 20% of the fully diluted post-Offer Equity Share capital of our Company held by our Promoters (assuming full conversion of the outstanding Preference Shares) shall be considered as minimum promoters' contribution and locked-in for a period

of 18 months or any other period as may be prescribed under applicable law, from the date of Allotment (“**Minimum Promoters’ Contribution**”) and the shareholding of the Promoters in excess of 20% of the fully diluted post-Offer Equity Share capital shall be locked in for a period of six months from the date of Allotment.

As on the date of this Updated Draft Red Herring Prospectus-I our Promoters, Anand Rohidas Prabhudesai and Dharendra Nalin Mahyavanshi hold an aggregate of 43,232,178 Equity Shares which constitutes 17.05% of the pre-Offer subscribed and paid-up share capital of our Company on a fully diluted basis (The percentage of Equity Share capital is on a fully diluted basis and is calculated assuming conversion of Preference Shares and vested options under ESOS 2025 into Equity Shares)\*.

*\* Pursuant to the SHA, as on the date of filing of this Updated Draft Red Herring Prospectus-I, the conversion ratio is 1:477 for Seed Round CCPS, Series A CCPS, Series B CCPS, Series C CCPS, Series D CCPS, Series D1 CCPS, Series D2 CCPS and Series E CCPS and 1:641.3679 for Series C1 CCPS and 1:527.0179 for Series C2 CCPS. However, on the date that our Board of Directors takes on record the Updated Draft Red Herring Prospectus-II the conversion ratio will be reduced to 1:463 for Seed Round CCPS, Series A CCPS, Series B CCPS, Series C CCPS, Series D CCPS, Series D1 CCPS, Series D2 CCPS and Series E CCPS and 1:622.5437 for Series C1 CCPS and 1:511.5499 for Series C2 CCPS. .*

Since, post-Offer, the shareholding of our Promoters will be less than 20% of the post-Offer Equity Share capital of our Company, which is less than the requisite shareholding required for complying with minimum promoters’ contribution, therefore, in accordance with Regulation 14 of the SEBI ICDR Regulations the following Shareholders of our Company have agreed to contribute towards the shortfall in the Minimum Promoters’ Contribution by way of their consent letters in the following manner:

| Name of the Shareholders                                             | Date of consent letter | Number of Equity Shares |
|----------------------------------------------------------------------|------------------------|-------------------------|
| Nexus Ventures IV, Ltd.                                              | September 4, 2025      | Up to [●]               |
| Peak XV Partners Investments V (formerly known as SCI Investments V) | September 4, 2025      | Up to [●]               |

The aforementioned Equity Shares are collectively referred to as the “**PC Shortfall Shares**”. (Numbers have been intentionally left blank and will be filled in once the Offer Price is finalised in the Prospectus to be filed with the RoC).

The PC Shortfall Shares constitute [●]% of the issued, subscribed and paid-up share capital of our Company, on a fully diluted basis post-Offer towards the shortfall in Minimum Promoters’ Contribution subject to a maximum aggregate contribution of 10% of the post-Offer paid-up equity share capital of our Company. The Shareholders contributing towards the PC Shortfall Shares in compliance with Regulation 14 of the SEBI ICDR Regulations, are not, and have not been at any time, identified as a Promoter of our Company. These Shareholders shall not be identified as our Promoters pursuant to their contribution towards the PC Shortfall Shares in the manner set above.

Our Promoters and our Shareholders, Nexus Ventures IV, Ltd. and Peak XV Partners Investments V (formerly known as SCI Investments V) have agreed not to sell, transfer, create any pledge, lien or otherwise encumber in any manner the Minimum Promoters’ Contribution from the date of filing of this Updated Draft Red Herring Prospectus- I, until the expiry of the lock-in period specified above, or for such other time as required under SEBI ICDR Regulations, except as may be permitted, in accordance with the SEBI ICDR Regulations.

The details of Equity Shares held by our Promoters and Nexus Ventures IV, Ltd. and Peak XV Partners Investments V (formerly known as SCI Investments V) which will be locked-in for Minimum Promoters’ Contribution for a period of 18 months or such other period as prescribed under the SEBI ICDR Regulations from the date of Allotment as Minimum Promoters’ Contribution are as provided below:

**Note:** To be updated prior to filing of the Prospectus with the RoC.

<sup>#</sup> The percentage of Equity Share capital is calculated on a fully diluted basis, assuming upon conversion of Preference Shares and vested options under the ESOS 2025 into Equity Shares. For details in relation to the conversion of the Preference Shares, see “**Capital Structure – Share capital history of our Company - History of preference share capital of our Company - Terms of conversion of Preference Shares**” on page 141.

\* Subject to finalisation of Basis of Allotment.

Our Company undertakes that the Equity Shares that are being locked-in are not ineligible for computation of Minimum Promoters’ Contribution in terms of Regulation 15 of the SEBI ICDR Regulations. For details of the build-up of the share capital held by our Promoters, see “– **Notes to the Capital Structure – History of build-up of Promoters’ shareholding and lock-in of Promoters’ shareholding – Build-up of Promoters’ shareholding in our Company**” on page 142.

In this connection, we confirm the following:

- (i) the Equity Shares offered for Minimum Promoters’ Contribution do not include Equity Shares acquired in the three immediately preceding years: (a) for consideration other than cash and revaluation of assets or capitalisation of intangible assets not involved in such transactions; or (b) resulting from bonus issue by utilisation of revaluation reserves or unrealised profits of our Company or resulted from bonus issue against Equity Shares which are otherwise ineligible for computation of Minimum Promoters’ Contribution;
- (ii) since the Equity Shares forming part of the Minimum Promoters’ Contribution shall arise upon conversion of the CCPS, at a price not lower than the Offer Price, the Minimum Promoters’ Contribution does not include any Equity Shares acquired during the immediately preceding year at a price lower than the price at which the Equity Shares are being offered to the public in the Offer;
- (iii) our Company has not been formed by the conversion of a partnership firm or a limited liability partnership firm into a company;
- (iv) the Equity Shares forming part of the Minimum Promoters’ Contribution are not subject to any pledge with any creditor; and
- (v) all the Equity Shares held by our Promoters are held in dematerialised form.

**(b) Details of Equity Shares locked-in for six months**

In terms of Regulation 17 of the SEBI ICDR Regulations, except for:

- (i) the Minimum Promoters’ Contribution, which shall be locked in as above;
- (ii) any Equity Shares allotted to employees, whether currently an employee or not, pursuant to any employee stock option schemes prior to the Offer;

- (iii) Equity Shares held by an employee stock option trust or transferred to the employees by an employee stock option trust pursuant to exercise of options by the employees, whether currently employees or not, in accordance with the employee stock option plan or employee stock purchase scheme;
- (iv) Equity Shares held by a VCF or Category I AIF or Category II AIF or FVCI; and

The entire pre-Offer equity share capital held by persons other than as provided above, will be locked-in for a period of six months from the date of Allotment in the Offer, in accordance with the SEBI ICDR Regulations. In terms of Regulation 17(c) of the SEBI ICDR Regulations, Equity Shares held by a VCF or Category I AIF or Category II AIF or FVCI shall not be locked-in for a period of six months from the date of Allotment, provided that such Equity Shares shall be locked in for a period of at least six months from the date of purchase by such shareholders.

***(c) Lock-in of Equity Shares Allotted to Anchor Investors***

50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 90 days from the date of Allotment and the remaining 50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 30 days from the date of Allotment.

***(d) Other requirements in respect of lock-in***

As required under Regulation 20 of the SEBI ICDR Regulations, our Company shall ensure that the details of the Equity Shares locked-in are recorded by the relevant Depository.

The Equity Shares held by our Promoters, which are locked-in, may be pledged only with scheduled commercial banks or public financial institutions or NBFC-SIs or housing finance companies, as collateral security for loans granted by such banks or public financial institutions or Systemically Important NBFCs or housing finance companies in terms of Regulation 21 of the SEBI ICDR Regulations. In terms of Regulation 21(a) of the SEBI ICDR Regulations, the Equity Shares held by our Promoters which are locked-in for a period of 18 months from the date of Allotment may be pledged only with the entities mentioned above, provided that such loans have been granted for the purpose of financing one or more of the objects of the Offer and pledge of the Equity Shares is a term of sanction of such loans. Further, pursuant to Regulation 21(b) of the SEBI ICDR Regulations, the Equity Shares held by our Promoters, which are locked-in for a period of six months from the date of Allotment, may be pledged only with the entities mentioned above, provided that such pledge of the Equity Shares is one of the terms of the sanction of such loans. However, the relevant lock-in period shall continue post the invocation of the pledge referenced above, and the relevant transferee shall not be eligible to transfer the Equity Shares till the relevant lock-in period has expired in terms of the SEBI ICDR Regulations.

In terms of Regulation 22 of the SEBI ICDR Regulations, Equity Shares held by our Promoters which are locked-in for a period of six months may be transferred amongst our Promoters or any member of the Promoter Group or to any new promoter, subject to continuation of lock-in in the hands of the transferees for the remaining period and in compliance with the provisions of the Takeover Regulations, as applicable and such transferee shall not be eligible to transfer them till the lock-in period stipulated in SEBI ICDR Regulations has expired. The Equity Shares held by persons other than our Promoters prior to the Offer and locked-in for a period of six months may be transferred to any other person holding Equity Shares which are locked-in along with the Equity Shares proposed to be transferred, subject to the continuation of the applicable lock-in and the transferee being ineligible to transfer such Equity Shares until expiry of the lock-in period, and in compliance with the provisions of the Takeover Regulations.

## 9. Our shareholding pattern

Set forth below is the shareholding pattern of our Company as on the date of this Updated Draft Red Herring Prospectus-I:

Based on beneficiary position statement available on January 27, 2024

<sup>#</sup>The percentage of Equity Share capital is calculated on a fully diluted basis, assuming conversion of Preference Shares and vested options under the ESOS 2025 into Equity Shares. For details in relation to the conversion of the Preference Shares, see “**Capital Structure — Share capital history of our Company - History of preference share capital of our Company - Terms of conversion of Preference Shares**” on page 141.

## 12. Employee Stock Option Scheme

### ***The Turtlemint Fintech Solutions ESOP Scheme 2025 (Formerly Employment Stock Option Scheme 2017) (“ESOS 2025”)***

Our Company pursuant to the resolution passed by our Board on July 26, 2017, and the resolution passed by our Shareholders’ on August 21, 2017 adopted the employment stock option scheme 2017. ESOS

2025 was further amended and the name of the scheme was changed to Turtlemint Fintech Solutions ESOP Scheme 2025 pursuant to resolution passed by our Board on August 25, 2025 and resolution passed by our Shareholders on August 26, 2025. ESOS 2025 was last amended pursuant to resolution passed by our Board on November 18, 2025 and resolution passed by our Shareholders on December 3, 2025

The ESOS 2025 shall be in force until such time all the options granted are exercised by the eligible employees in accordance with the ESOS 2025. The purpose of ESOS 2025 is to provide motivation to the employees of our Company, and to enable them to participate in joint achievement of corporate objectives and provide a sense of ownership to these employees. It is also expected that the ESOS 2025 will help our Company in retaining its invaluable manpower resource as well as help in attracting the best available talent in the industry.

The ESOS 2025 is in compliance with the SEBI SBEB & SE Regulations and all grants of options under the ESOS 2025 are in compliance with the Companies Act, 2013 and only to the employees of our Company. As on the date of this Updated Draft Red Herring Prospectus-I, under ESOS 2025, out of the total pool of 12,193,045 options, an aggregate of 15,147,657\* options have been granted, an aggregate of 3,656,859 options have vested (excluding the options that have been exercised), 4,112,836 options have been cancelled (lapsed) and an aggregate of 2,777,484 options have been exercised.

*\*Options granted as on the date of this Updated Draft Red Herring Prospectus-I shall include those options that were previously granted but lapsed/forfeited due to the resignation of employees, which have subsequently been returned to the option pool for reallocation, up until the most recent grant date.*

Details of the ESOS 2025 are disclosed below:

| - Weighted average share price on the date of grant of option (in ₹)                                                                                                                                                                                                                                                                                              | NA                                                                                          | 158.82                                     | 159.68                              | 161.77                              | 160.79                              |

*Note: All the aforementioned options are adjusted for the changes in equity share capital pursuant to bonus issuance.*

13. There have been no financing arrangements whereby our Promoters, member of our Promoter Group, our Directors or any of their relatives (as defined under Companies Act, 2013) have financed the purchase by any other person of securities of our Company other than in the normal course of business of the financing entity during the period of six months immediately preceding the date of filing of this Updated Draft Red Herring Prospectus-I.
14. Our Company, our Directors and the Book Running Lead Managers have not entered into any buy-back or any other arrangements for purchase of Equity Shares or Preference Shares.
15. As on the date of this Updated Draft Red Herring Prospectus-I, the Book Running Lead Managers and their respective associates (as defined in the SEBI Merchant Bankers Regulations) do not hold any Equity Shares and Preference Shares. The Book Running Lead Managers and their respective associates and affiliates in their capacity as principals or agents may engage in transactions with, and perform services for our Company and its respective directors and officers, partners, trustees, affiliates, associates or third parties in the ordinary course of business and have engaged, or may in the future engage, in commercial banking and investment banking transactions with our Company and each of its respective directors and officers, partners, trustees, affiliates, associates or third parties, for which they have received, and may in the future receive, compensation.
16. The Equity Shares are fully paid-up and there are no partly paid-up Equity Shares as on the date of this Updated Draft Red Herring Prospectus-I.

17. As on the date of this Updated Draft Red Herring Prospectus-I, other than the Preference Shares and the options granted in terms of the ESOS 2025, our Company has no outstanding warrants, options to issue Equity Shares or rights to convert debentures, loans or other convertible instruments into Equity Shares.
18. No person connected with the Offer, including our Company, the Book Running Lead Managers, the Member of the Syndicate, our Promoters, member of our Promoter Group, or our Directors, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid, except for fees or commission for services rendered in relation to the Offer.
19. There will be no further issue of Equity Shares whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of filing of this Updated Draft Red Herring Prospectus-I with SEBI until the Equity Shares have been listed on the Stock Exchanges or all application monies have been refunded, as the case may be, other than in connection with: (i) the Offer; (ii) exercise of options granted under the ESOS 2025; (iii) conversion of the Preference Shares; and (iv) Pre-IPO Placement.
20. Except as disclosed under “*Notes to the Capital Structure – History of Equity Share capital of our Company*” and “*Notes to the Capital Structure – History of build-up of Promoters’ shareholding and lock-in of Promoters’ shareholding - Build-up of Promoters’ shareholding in our Company*” on pages 129 and 142, our Promoters, any member of our Promoter Group, our Directors, or their relatives have not purchased or sold any securities of our Company during the period of six months immediately preceding the date of this Updated Draft Red Herring Prospectus-I.
21. Except for the issuance of any Equity Shares, pursuant to the Offer and exercise of options under the ESOS 2025, our Company presently does not intend or propose and is not under negotiations or considerations to alter the capital structure for a period of six months from the Bid/Offer Opening Date, by way of split or consolidation of the denomination of Equity Shares, or further issue of Equity Shares (including issue of securities convertible into or exchangeable for, directly or indirectly into Equity Shares), whether on a preferential basis or by issue of bonus or rights or further public issue of Equity Shares, or otherwise.
22. Our Company does not have any existing compulsorily convertible debentures as on the date of this Updated Draft Red Herring Prospectus-I.
23. Our Company shall ensure that transactions in Equity Shares by our Promoters and the member of our Promoter Group during the period between the date of filing of this Updated Draft Red Herring Prospectus - I and the date of closure of the Offer shall be reported to the Stock Exchanges within 24 hours of such transaction. The Pre-IPO Placement, if undertaken, shall be reported to the Stock Exchanges within 24 hours of such transactions.
24. Our Company shall ensure that there shall be only one denomination of the Equity Shares, unless otherwise permitted by law. Further the entire shareholding of our Company is in dematerialized form.

## OBJECTS OF THE OFFER

The Offer comprises a Fresh Issue of [●] Equity Shares bearing face value of ₹1 each, aggregating up to ₹6,607.22 million by our Company and an Offer for Sale of up to 28,608,992 Equity Shares bearing face value of ₹1 each, aggregating to ₹ [●] million by the Selling Shareholders. For details of the Selling Shareholders and their respective portion of the Offered Shares, see “**Other Regulatory and Statutory Disclosures – Authority for the Offer**” on page 599.

### Offer for Sale

The object of the Offer for Sale is to allow the Selling Shareholders to sell up to 28,608,992 Equity Shares held by them aggregating up to ₹[●] million. Each of the Selling Shareholders shall be entitled to its respective portion of the proceeds of the Offer for Sale after deducting its proportion of the Offer expenses and relevant taxes thereon. For further details, see “- **Offer-related expenses**” on page 173. Our Company will not receive any proceeds from the Offer for Sale and the proceeds received from the Offer for Sale will not form part of the Net Proceeds.

### Fresh Issue

The details of the proceeds from the Fresh Issue are summarized in the table below:

| (in ₹ million)                                                                                                            |                          |
|---------------------------------------------------------------------------------------------------------------------------|--------------------------|
| Particulars                                                                                                               | Estimated amount         |
| <b>Gross Proceeds from the Fresh Issue</b>                                                                                | 6,607.22 <sup>(1)</sup>  |
| <i>Less: Estimated Offer expenses to the extent applicable to the Fresh Issue (only those apportioned to our Company)</i> | [●] <sup>(2)(3)</sup>    |
| <b>Net Proceeds</b>                                                                                                       | [●] <sup>(1)(2)(3)</sup> |

- (1) Includes the proceeds, if any, received pursuant to the Pre-IPO Placement. Our Company, in consultation with the BRLMs, may consider a Pre-IPO Placement aggregating up to ₹1,321.44 million as may be permitted under applicable law, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. The utilization of the proceeds raised pursuant to the Pre-IPO Placement will be done towards the Objects in compliance with applicable law. Prior to the completion of the Offer, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Offer or the Offer may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the Red Herring Prospectus and the Prospectus and intimate the Stock Exchanges, in accordance with SEBI ICDR Regulations.
- (2) For details with respect to sharing of fees and expenses amongst our Company and the Selling Shareholders, see “- **Offer-related Expenses**” on page 173.
- (3) To be finalized upon determination of the Offer Price and updated in the Prospectus prior to filing with the RoC.

### Requirements of funds

Our Company proposes to utilize the Net Proceeds towards funding the following objects (collectively, referred to herein as the “**Objects**”):

1. Expenditure towards cloud and server related infrastructure of our Company;
2. Salary expenditure towards the technology and product development teams of our Company;
3. Expenditure towards marketing initiatives by our Company;
4. Expenditure towards lease payments for existing properties of our Company and our wholly owned Subsidiary, TIB;
5. Investment in our wholly owned Subsidiary, TIB, for funding its working capital requirements; and
6. Funding inorganic growth through unidentified acquisitions and strategic initiatives and general corporate purposes.

In addition, our Company expects to receive the benefits of listing of its Equity Shares on the Stock Exchanges, including among other things, enhancement of our Company’s brand name among existing and potential customers and creation of a public market for its Equity Shares in India.

The main objects and the objects incidental or ancillary to the attainment of the main objects, as set out in our Memorandum of Association, enable our Company to undertake: (i) our existing business activities; and (ii)

activities proposed to be funded from the Net Proceeds.

### Utilisation of Net Proceeds

We propose to utilize the Net Proceeds in the manner set forth in the table below:

| S. No.                               | Particulars                                                                                                                                     | Total Estimated Amount<br>(in ₹ million) <sup>(3)</sup> | Percentage of Net Proceeds (%) |
|--------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------|--------------------------------|
| 1.                                   | Expenditure towards cloud and server related infrastructure of our Company                                                                      | 256.43                                                  | [●]                            |
| 2.                                   | Salary expenditure towards the technology and product development teams of our Company                                                          | 1,930.36                                                | [●]                            |
| 3.                                   | Expenditure towards marketing initiatives by our Company                                                                                        | 390.73                                                  | [●]                            |
| 4.                                   | Expenditure towards lease payments for existing properties of our Company and our wholly owned Subsidiary, TIB, breakup of which is as follows: | 430.76                                                  | [●]                            |
|                                      | - Expense by our Company                                                                                                                        | 222.06                                                  | [●]                            |
|                                      | - Expense by our wholly owned Subsidiary, TIB                                                                                                   | 208.70                                                  | [●]                            |
| 5.                                   | Investment in our wholly owned Subsidiary, TIB, for funding its working capital requirements                                                    | 1,286.42                                                | [●]                            |
| 6.                                   | Funding inorganic growth through unidentified acquisitions and strategic initiatives and general corporate purposes <sup>(1)(2)</sup>           | [●]                                                     | [●]                            |
| <b>Net Proceeds<sup>(1)(3)</sup></b> |                                                                                                                                                 | [●]                                                     | [●]                            |

(1) To be finalized upon determination of the Offer Price and updated in the Prospectus prior to filing with the RoC.

(2) The cumulative amount to be utilized towards inorganic growth through unidentified acquisition and other strategic initiatives and general corporate purposes shall not exceed 35% of the Gross Proceeds. The amount to be utilized for general corporate purposes shall not exceed 25% of Gross Proceeds. Further, the amount utilized for the Object of funding inorganic growth through unidentified acquisitions and other strategic initiatives shall not exceed 25% of the Gross Proceeds.

(3) Includes the proceeds, if any, received pursuant to the Pre-IPO Placement. Our Company, in consultation with the BRLMs, may consider a Pre-IPO Placement aggregating up to ₹1,321.44 million, as may be permitted under applicable law, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. Prior to the completion of the Offer, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Offer or the Offer may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the Red Herring Prospectus and the Prospectus and intimate the Stock Exchanges, in accordance with SEBI ICDR Regulations.

### Proposed schedule of implementation and deployment of Net Proceeds

We propose to deploy the Net Proceeds towards the Objects in accordance with the estimated schedule of implementation and deployment of funds as set forth in the table below:

| (in ₹ million)                                                                                                    |                                                                    |                                                                    |                                                                    |                                                                    |

(1) To be finalized upon determination of the Offer Price and updated in the Prospectus prior to filing with the RoC.

(2) The cumulative amount to be utilized towards inorganic growth through unidentified acquisition and other strategic initiatives and general corporate purposes shall not exceed 35% of the Gross Proceeds. The amount to be utilized for general corporate purposes shall not exceed 25% of Gross Proceeds. Further, the amount utilized for the Object of funding inorganic growth through unidentified acquisitions and other strategic initiatives shall not exceed 25% of the Gross Proceeds.

(3) Includes the proceeds, if any, received pursuant to the Pre-IPO Placement. Our Company, in consultation with the BRLMs, may consider a Pre-IPO Placement aggregating up to ₹1,321.44 million, as may be permitted under applicable law, prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. Prior to the completion of the Offer, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Offer or the Offer may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the Red Herring Prospectus and the Prospectus and intimate the Stock Exchanges, in accordance with SEBI ICDR Regulations.

Pursuant to a resolution dated January 28, 2026 passed by our Board, our Company has approved the utilisation of the Net Proceeds for the Objects, in accordance with the aforementioned schedule of implementation and deployment.

We intend to deploy the Net Proceeds towards the Objects as disclosed in the table above, in accordance with the business needs of our Company and our Subsidiaries. However, the actual deployment of funds will depend on a number of factors, including the timing of completion of the Offer, prevailing economic conditions, regulatory challenges, our Board's analysis of economic trends and business requirements, ability to identify and consummate proposed investments and acquisitions, competitive landscape, as well as general factors affecting our results of operations and financial condition. Depending upon such factors, we may have to reduce or extend the deployment period for the stated Objects, at the discretion of our management, and in accordance with applicable laws. In the event that the estimated utilization of the Net Proceeds in a scheduled Fiscal is not completely met, including due to the reasons stated above, the same shall be utilized in the immediately subsequent Fiscal, as may be determined by our Company, in accordance with applicable laws. See ***“Risk Factors –Any variation in the utilization of the Net Proceeds as disclosed in this UDRHP- I shall be subject to certain compliance requirements, including prior Shareholders’ approval.”*** on page 90.

The above requirement of funds is based on our current business plan, internal management estimates based on the prevailing market conditions, and also based on the certificate from M/s. S K Patodia & Associates LLP, Chartered Accountants, independent chartered accountant, for the lease payments for our existing properties in India. These funding requirements or deployments have not been appraised by any bank or financial institution. Our Company's historical capital and operational expenditure may not be reflective of our future capital expenditure plans. We may have to revise our funding requirements and deployment from time to time on account of various factors, such as change in costs, revision in quotations at the time of actual expenditure, including due to inflation or increase in the rate of taxation, change in financial and market conditions, our management's analysis of economic trends and our business requirements, changes in technology, ability to identify and consummate new business initiatives, fund requirements in the operations of inorganic and geographic expansion opportunities, competitive landscape as well as general factors affecting our results of operations, financial condition, business and strategy and interest/exchange rate fluctuations or other external factors, which may not be within the control of our management. This may entail rescheduling and revising the funding requirement for a particular Object or increasing or decreasing the amounts earmarked towards any of the aforementioned Objects at the discretion of our management, subject to compliance with applicable law. Any such change in our plans may require rescheduling of our expenditure programs and increasing or decreasing expenditure for a particular Object vis-à-vis the utilization of Net Proceeds. See ***“Risk Factors –Our funding requirements and deployment of the Net Proceeds of the Offer are based on management estimates and have not been independently appraised”*** on page 91.

In case of any surplus amount after utilization of the Net Proceeds towards any of the aforementioned Objects, we may use such surplus amount towards: (i) one or more of the other objects as set out above, provided that (a) the total amount to be utilized towards general corporate purposes does not exceed 25% of the Gross Proceeds; (b) the cumulative amount to be utilized for general corporate purposes and our object of ‘funding inorganic growth through unidentified acquisitions’ shall not exceed 35% of the Gross Proceeds; and (c) the amount to be utilized for our Object of ‘funding inorganic growth through unidentified acquisitions and other strategic initiatives’ shall not exceed 25% of the Gross Proceeds. Further, in case of a shortfall in meeting the aforementioned Objects, we may explore a range of alternate funding options including utilizing our internal accruals and/or seeking additional debt from existing and/or other lenders.

In the event the Net Proceeds are not utilized (in full or in part) for the Objects during the period stated above due to factors such as (i) the timing of completion of the Offer; (ii) market conditions outside the control of our Company; and (iii) any other economic, business and commercial considerations, the remaining Net Proceeds shall be utilized in Fiscal 2029 or during subsequent periods as may be determined by our Company, in accordance with applicable laws. For further details, please see “- *Variation in the Objects*” on page 176.

## Means of finance

The fund requirements for the Objects detailed below are intended to be entirely funded from the Net Proceeds and existing identifiable internal accruals. Accordingly, there is no requirement to make firm arrangements of finance under Regulation 7(1)(e) of the SEBI ICDR Regulations, through verifiable means towards at least 75% of the stated means of finance, excluding the Net Proceeds and existing identifiable internal accruals. In case of a shortfall in the Net Proceeds or any increase in the actual utilisation of funds earmarked for the Objects, our Company may explore a range of options including utilizing its internal accruals.

## Details of the Objects

### I. *Expenditure towards cloud and server related infrastructure of our Company*

We design our products and build them through our in-house technology teams and infrastructure to offer digital partners, end customers and our internal teams easy-to-use apps and websites. Our platform is hosted on external cloud servers, which not only allows us to maintain adequate capacity to handle traffic on our platform, but that also gives us the flexibility to scale up (or down) to manage peak loads, all whilst maintaining an asset-light approach. We are able to deploy features, updates, and new products and services, on the cloud-based infrastructure and ensure that disaster recovery systems are in place for business continuity and risk management. Our technology infrastructure is crucial to ensure speed, reliability and stability, thereby providing a seamless experience for our customers. For further details, see “*Our Business – Our Tech Platform*” on page 242.

The historical expenditure of our Company pertaining to our technology cost, paid to our vendor, in the six months period ended September 30, 2025 and September 30, 2024 and last three Financial Year 2025, 2024, 2023, on restated basis, are as follows:

| Particulars                                              | September<br>30, 2025 | September<br>30, 2024 | Fiscal<br>2025 | Fiscal<br>2024 | Fiscal<br>2023 |

The details in relation to space utilised by our Company for cloud and server related infrastructure in the six months period ended September 30, 2025 and September 30, 2024 and last three Financial Year 2025, 2024, 2023, are as follows:

| Particulars                                               | (in Gigabytes)           |                          |                      |                      |                      |
|-----------------------------------------------------------|--------------------------|--------------------------|----------------------|----------------------|----------------------|
|                                                           | As of September 30, 2025 | As of September 30, 2024 | As of March 31, 2025 | As of March 31, 2024 | As of March 31, 2023 |
| Space utilized by cloud and server related infrastructure | 748,905.18               | 540,385.24               | 674,442.44           | 490,161.46           | 301,895.87           |

Note: As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/W100962), by way of their certificate dated January 28, 2026.

By utilising web/cloud-based services, we are able to enhance our data management capabilities, improve operational efficiency, and ensure seamless customer and digital partner experience, all while maintaining the flexibility to expand our product offerings. For further details, please see “**Our Business – Our Tech Platform**” on page 242.

Our Company has entered into an enterprise agreement dated February 20, 2022 read with the addendum dated August 19, 2025 (“**Agreement**”), with our vendor (“**Vendor**”). Pursuant to the Agreement, Vendor provides our Company access to a comprehensive portfolio of web services cloud offerings and associated web services content (“**Service Offerings**”) through one or more accounts. The Agreement is valid unless terminated by either Vendor or our Company in accordance with the terms of the Agreement. Our Company is required to pay all usage-based service fees (together with any charges for third-party content and applicable indirect taxes) calculated in accordance with the rates displayed on the Vendor web services site, which Vendor invoices at the end of each calendar month in Indian Rupees (on the basis of the conversion rate prevailing on the invoice date), and our Company is required to settle each invoice in full within thirty days. For delays in settling such invoice within the prescribed time, our Company is subject to an interest at the rate of 1.5% per month (or the highest rate permitted by law, whichever is less) on all delayed payments. Further, for the period effective from September 1, 2025 to August 31, 2028 (discount term), our Company is required to spend a minimum amount of \$2.95 million (as set forth under the AISPL Agreement) i.e. ₹256.43 million (based on exchange rate of 1 USD = ₹87) towards the Service Offerings in the over three years, (and avail certain cross-service discount), failing which it shall be required to pay Vendor the shortfall in such commitment fees. The discount term shall expire on August 31, 2028.

The spend commitment as per the Agreement is as under:

| Contract year period                | Spend commitment (USD) | Spend commitment (₹ in million)* |
|-------------------------------------|------------------------|----------------------------------|
| September 1, 2025 – August 31, 2026 | \$1,050,000            | 38.06 <sup>^</sup>               |
| September 1, 2026 – August 31, 2027 | \$1,160,000            | 100.92                           |
| September 1, 2027 – August 31, 2028 | \$1,350,000            | 117.45                           |

\* Converted to ₹ based on exchange rate of 1\$= ₹87.

<sup>^</sup> Spend commitment is proportioned to arrive cost from April 01, 2026

Accordingly, our Company intends to utilize up to ₹256.43 million of the Net Proceeds for meeting its expenditure towards cloud and server related infrastructure under the Agreement.

## II. **Salary Expenditure towards the technology and product development teams of our Company**

Our Company’s technology and product development teams play a pivotal role in driving innovation and shaping the capabilities of the platform, Turtlemint. As of September 30, 2025, our Company’s team of 259 professionals comprising engineers, product managers, and designers, all working within cross-functional teams aligned to major product verticals such as insurance, mutual funds, and loans. Each team operates as an independent unit for each project, combining domain expertise with technical expertise to ensure strategically aligned product development. The professionals forming part of technology and product development team are a common pool of employees who are allocated projects depending on our Company’s business requirements. In addition to these core verticals, specialised teams, comprising the above personnel, focus on critical platform components like TurtlemintPro, Ninja, Payouts systems, Ninja Sales Pro, and the Turtlemint Consumer application, continuously enhancing the experience, stability, and scalability for various stakeholder groups.

Our Company has also established dedicated teams for emerging and foundational areas, including a generative artificial intelligence team tasked with exploring and operationalising the latest advancements, and a data

engineering team responsible for consolidating and governing platform data to enable actionable insights. Furthermore, a specialised team manages Turtlefin implementations, ensuring tailored and reliable delivery for enterprise clients. Recognising the importance of talent in sustaining growth and innovation, our Company remains committed to attracting, developing, and retaining technology and data professionals, investing significantly in both external recruitment and upskilling existing staff.

Our Company's historical expenditure on compensation to employees in our technology and product development teams in the six months period ended September 30, 2025 and September 30, 2024 and last three Financial Years 2025, 2024, 2023, on restated basis, are as follows:

| Particulars                                                                                       | September 30, 2025       | September 30, 2024       | Fiscal 2025          | Fiscal 2024          | Fiscal 2023          |
|---------------------------------------------------------------------------------------------------|--------------------------|--------------------------|----------------------|----------------------|----------------------|
| Cost incurred by our Company towards its technology and product development teams* (in ₹ million) | 295.06                   | 346.36                   | 673.95               | 885.08               | 523.80               |
| Percentage of revenue from operations of our Company (%)                                          | 6.37                     | 15.64                    | 10.17                | 112.55               | 12.47                |
| Particulars                                                                                       | As of September 30, 2025 | As of September 30, 2024 | As of March 31, 2025 | As of March 31, 2024 | As of March 31, 2023 |
| Number of employees                                                                               | 259                      | 313                      | 298                  | 329                  | 363                  |

\*The remuneration comprises salaries and bonuses.

Note: As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/W100962), by way of their certificate dated January 28, 2026.

Our Company's historical expenditure on compensation to employees in our technology and product development teams in the last three Fiscals 2025, 2024, 2023, on proforma basis, are as follows:

| Particulars                                                                                       | Fiscal 2025 | Fiscal 2024 | Fiscal 2023 |
|---------------------------------------------------------------------------------------------------|-------------|-------------|-------------|
| Cost incurred by our Company towards its technology and product development teams* (in ₹ million) | 673.95      | 885.08      | 523.80      |
| Percentage of proforma revenue from operations of our Company (%)                                 | 9.62        | 15.69       | 9.74        |

\*The remuneration comprises salaries and bonuses.

Note: As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/W100962), by way of their certificate dated January 28, 2026.

We intend to grow our team size in the upcoming years to help with (a) growing our Digital Partner base, (b) expanding and deepening our presence in target markets, (c) launching and strengthening our other financial products such as mutual funds and loans, (d) enhancing our quality of services to the customers and Digital Partners, and (e) automating our internal processes. Our strategy is fueled by the importance of investing in rapidly evolving AI technology which will transform our platform in the future and accordingly, we have identified it as a key area of strategic investment to support our future growth.

The two key areas in which we plan to further invest are as follows:

**a. Introduce new insurance products and adding other financial products to become one stop shop for all financial needs of our customers**

As per the Redseer Report, financial assets, which include equities, mutual funds, insurance, currency and other instruments account for approximately 49% of Indian household savings in Fiscal 2024. Within financial assets, insurance has grown at a healthy CAGR of approximately 12% between Fiscals 2020 and 2024 (*Source: Redseer Report*). Moreover, demat penetration reached 11%-13% of adults, NSE retail investor count touched 40 million, and retail loan disbursements reached ₹78 trillion in Fiscal 2025 (approximately 25% CAGR from Fiscal 2020), indicating broader engagement across equity, credit, and investment products (*Source: Redseer Report*).

Leveraging our extensive Digital Partner network, we are able to efficiently distribute a broad suite of financial products. This approach benefits both customers and Digital Partners as customers gain access to a comprehensive range of financial solutions through a single trusted channel, while Digital Partners are able to increase their earning potential by offering a wider variety of products. Accordingly, we have expanded our offerings by distributing mutual funds since Fiscal 2021 and loans since Fiscal 2025 through our triadic platform. The cost incurred by our Company towards introduction of new insurance products and addition of other financial products in six months period ended September 30, 2025 and Fiscal 2025 was ₹125.39 million and ₹292.13 million, respectively.

We believe that expanding into adjacent product categories will lead to increase in revenues. By empowering our Digital Partners to offer a broader suite of financial products, we are able to capture additional revenue streams and improve overall unit economics. The diversification of our product portfolio not only strengthens our value proposition to both customers and partners, but also supports sustainable, long-term growth by enhancing our ability to generate higher margins and deepen customer relationships. For further details, see “**Our Business – Our Growth Strategies**” on page 257.

**b. Drive scalable growth and improve operational efficiency by leveraging technology and AI**

With the help of our technology and product development teams, we intend to enhance the customer support that we provide to Digital Partners. To meet our goal, use of AI will be instrumental and therefore we aim to implement agentic AI architecture to deploy AI agents that streamline operations and improve the quality and cost-efficiency of customer support. These agents are intended to support key processes, including policy endorsements, claims, payout inquiries and requests for quotes and policy issuance. An initial version of this capability is already live on Ninja in limited workflows, and we intend to extend coverage across additional use cases and product lines. Furthermore, we are leveraging advancements in conversational AI, such as automatic speech recognition, text-to-speech and multilingual large language models, to further scale our operations and enhance service delivery, particularly in underserved markets. The cost incurred by our Company towards driving scalable growth and improving operational efficiency by leveraging technology and AI in six months period ended September 30, 2025 and Fiscal 2025 was ₹169.67 million and ₹381.82 million, respectively.

We aim to develop AI-powered co-pilot solutions that will empower Digital Partners to deliver more personalized and effective advice, increasing throughput and enabling greater focus on customer engagement. We also intend to develop a real-time sales support agent embedded within the sales process. This agent is intended to resolve technical issues, answer questions, and guide Digital Partners through product workflows in real time.

To support the management of policy renewals at scale, we have implemented AI-driven calling systems capable of engaging customers in conversations regarding their upcoming renewals. We plan to further expand and refine these capabilities, which we believe will enable us to reach a larger customer base without a proportional increase in headcount, while also improving renewal rates and customer experience.

Accordingly, to meet our objects as set forth above, we recognize the need to both attract external talent and invest in upskilling our existing teams. Given the high demand for skilled technology and data professionals, particularly in our industry, we remain focused on identifying, hiring, and retaining top-tier talent. This requires sustained investment of capital and resources, especially in a competitive talent landscape where the ability to execute swiftly and at scale is closely linked to the strength of our team.

In line with our strategy, the costs to be incurred by us towards our technology and product development teams in Fiscals 2027, 2028 and 2029 are as follows:

| Particulars                                                                                             | Fiscal 2027 | Fiscal 2028 | Fiscal 2029 |
|---------------------------------------------------------------------------------------------------------|-------------|-------------|-------------|
| Cost to be incurred by our Company towards its technology and product development teams* (in ₹ million) | 558.67**    | 636.25**    | 735.44**    |

\*The remuneration comprises salaries and bonuses.

\*\*Calculated on the basis of our historical spends as disclosed above under this Object on page 164 and includes a 15% cost escalation on a year on year basis

Note: As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/W100962), by way of their certificate dated January 28, 2026.

In line with the aforesaid, our Company intends to utilize up to ₹1,930.36 million of the Net Proceeds towards payment of compensation to its existing employee base (including replacements) as on the date of filing of the Red Herring Prospectus.

**III. Expenditure towards marketing initiatives by our Company**

Our Company actively works on long-term strategy for building our brands. As part of this long term strategy, our Company maintains regular social media activation and targeted marketing techniques for our brand. This approach is characterized by a combination of brand building strategies, period of activation of the campaigns, and messaging platform selection by our Company. The selection of the platform is based on the campaign's objective and the return on investment of the spend.

Our Company's strategy is multi-pronged, combining organic and paid initiatives to reach a broad and diverse audience. Our Company focuses on strengthening brand equity by consistently delivering value to its users and

partners, which has resulted in strong word-of-mouth referrals and organic growth.

Our Company utilizes a diversified mix of online and offline marketing channels, including search engine marketing, social media, television, out-of-home advertising, and influencer partnerships. In addition to digital marketing initiatives, our Company invests in educational content designed to highlight the advantages of comparing insurance products and making informed decisions through our platform. For further details in relation to the marketing initiatives, see “**Our Business –Marketing and Sales**” on page 265. The table below sets forth expenses undertaken by our Company on the online and offline marketing for the six months period ended September 30, 2025 and September 30, 2024 and for Fiscals 2025, 2024 and 2023:

| Marketing Channels           | September<br>30, 2025 | September<br>30, 2024 | Fiscal<br>2025 | Fiscal<br>2024 | Fiscal<br>2023 |
|------------------------------|-----------------------|-----------------------|----------------|----------------|----------------|
| -Through online initiatives  | 44.17                 | 38.32                 | 85.69          | 82.98          | 213.59         |
| -Through offline initiatives | 20.83                 | 7.75                  | 32.35          | 31.60          | 64.16          |

Note: As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/W100962), by way of their certificate dated January 28, 2026.

As our Company’s business has expanded, its marketing strategies have evolved, accordingly, our Company has historically made investments in marketing and promotional activities to enhance the visibility of all its brands, with the objective of acquiring and retaining digital partners.

The table below sets forth expenses undertaken for the periods indicated for the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025, 2024 and 2023, on restated basis:

| Particulars                                              | September<br>30, 2025 | September<br>30, 2024 | Fiscal<br>2025 | Fiscal<br>2024 | Fiscal<br>2023 |
|----------------------------------------------------------|-----------------------|-----------------------|----------------|----------------|----------------|
| Marketing expenses (₹ million)                           | 65.00                 | 46.07                 | 118.04         | 114.58         | 277.75         |
| - Brand marketing                                        | 40.16                 | 24.48                 | 66.70          | 94.06          | 247.07         |
| - Digital marketing                                      | 24.84                 | 21.59                 | 51.34          | 20.52          | 30.68          |
| Percentage of revenue from operations of our Company (%) | 1.40                  | 2.08                  | 1.78           | 14.57          | 6.61           |

Note: As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/W100962), by way of their certificate dated January 28, 2026.

The table below sets forth expenses undertaken for the Fiscals 2025, 2024 and 2023, on proforma basis:

| Particulars                                                       | Fiscal 2025 | Fiscal 2024 | Fiscal 2023 |
|-------------------------------------------------------------------|-------------|-------------|-------------|
| Marketing expenses (₹ million)                                    | 118.04      | 114.58      | 277.75      |
| - Brand marketing                                                 | 66.70       | 94.06       | 247.07      |
| - Digital marketing                                               | 51.34       | 20.52       | 30.68       |
| Percentage of proforma revenue from operations of our Company (%) | 1.69        | 2.03        | 5.16        |

Note: As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/W100962), by way of their certificate dated January 28, 2026.

For details in relation to changes in marketing expenses undertaken by our Company, please see – “**Management’s Discussion and Analysis of Financial Condition and Results of Operations – Expenses – Other Expenses**” on page 536.

In line with our strategy, the costs to be incurred by our Company towards marketing (through online and offline initiatives) fees in Fiscals 2027, 2028 and 2029 are as follows:

| Particulars                                                              | Fiscal 2027 | Fiscal 2028 | Fiscal 2029 |
|--------------------------------------------------------------------------|-------------|-------------|-------------|
| Cost to be incurred by our Company towards marketing fees (in ₹ million) | 123.94      | 130.14      | 136.65      |
| -Through online initiatives                                              | 92.96       | 97.60       | 102.48      |
| -Through offline initiatives                                             | 30.98       | 32.54       | 34.17       |

Note: As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/W100962), by way of their certificate dated January 28, 2026.

Our Company intends to utilize up to ₹ 390.73 million of the Net Proceeds towards marketing expenditure to be incurred by our Company for brand building and Digital Partner acquisition initiatives, through online and offline channels across India with specific geographical focus determined by existing and potential market share opportunities. Our deployment of the Net Proceeds for this Object and the medium through which marketing initiatives may be undertaken is contingent on various internal and external factors, such as our Company’s

business and marketing plans, expected viewership of advertisements in different geographies or user segments, our proposed services and product launches, the nature of our marketing campaigns and advertising, etc. Accordingly, our Company may adjust the utilization of ₹390.73 million towards online and offline initiatives based business requirements. Our focus will remain on enhancing our presence by creating more awareness of our brand through targeted and innovative marketing initiatives. As we continue in our journey, we intend to spend on marketing and promotional activities to build customer awareness and affinity towards our brand. This will include continued investments in marketing campaigns, influencer's marketing, and other initiatives aimed at enhancing our visibility and maximizing customer outreach and building brand affinity.

**IV. Expenditure towards lease payments for existing properties of our Company and our wholly owned Subsidiary, TIB**

As of September 30, 2025, we operate our operations out of 83 leased premises including our Registered and Corporate Office, development centres, and our branches. The table below provides the break-up of the premises occupied by us on a leasehold basis and/ or a leave and license basis as of September 30, 2025:

| Location           | Number of premises as of September 30, 2025 |
|--------------------|---------------------------------------------|
| <b>Our Company</b> |                                             |
| Maharashtra        | 4                                           |
| Karnataka          | 1                                           |
| Goa                | 1                                           |
| <b>TIB</b>         |                                             |
| Gujarat            | 12                                          |
| Maharashtra        | 12                                          |
| Uttar Pradesh      | 7                                           |
| Tamil Nadu         | 6                                           |
| Punjab             | 5                                           |
| Karnataka          | 5                                           |
| Andhra Pradesh     | 5                                           |
| Rajasthan          | 3                                           |
| Uttarakhand        | 3                                           |
| Madhya Pradesh     | 3                                           |
| West Bengal        | 2                                           |
| Assam              | 2                                           |
| Chhattisgarh       | 2                                           |
| Delhi              | 2                                           |
| Himachal Pradesh   | 1                                           |
| Telangana          | 1                                           |
| Jammu & Kashmir    | 1                                           |
| Bihar              | 1                                           |
| Odisha             | 1                                           |
| Haryana            | 1                                           |
| Chandigarh         | 1                                           |
| Jharkhand          | 1                                           |

The above mentioned premises are occupied by us on a leasehold basis and/ or a leave and license basis, pursuant to various lease agreements or leave and license agreements, which are entered into between us and the lessors typically ranging between 11 months to seven years. These are subject to periodic renewals in the ordinary course of business. For further details, see “**Our Business – Properties**” on page 272.

The table below sets forth payments towards lease liabilities the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025, 2024 and 2023, on restated basis:

| Particulars                                                                                     | September 30, 2025 | September 30, 2024 | Fiscal 2025        | Fiscal 2024 | Fiscal 2023 |
|-------------------------------------------------------------------------------------------------|--------------------|--------------------|--------------------|-------------|-------------|
| Payment towards lease liabilities (in ₹ million)                                                | 65.12              | 61.19              | 124.48             | 96.47       | 60.93       |

\* Considered percentage of proforma revenue from operations since payment towards lease liabilities are considered both for our Company and our wholly-owned subsidiary, TIB

Note: As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/W100962), by way of their certificate dated January 28, 2026.

We intend to utilize an aggregate amount of up to ₹430.76 million of the Net Proceeds towards lease payment of properties leased to our Company and our wholly-owned Subsidiary, TIB. These include our Registered and Corporate Office, development centres and branches. We believe that timely and efficient payment of lease rental of our existing properties is essential for uninterrupted business operations and continued execution of our business strategy.

The amount of expenditure proposed to be incurred towards such lease rentals are based on the actual amounts payable based on the valid and existing lease agreements or leave and license agreements for occupying such premises on a lease/ leave and license basis, as the case maybe, which have been executed by us with various lessors and landlords for our existing properties, take into consideration any escalation as per the terms of the existing lease agreements or leave and license agreements, as the case maybe. Pursuant to the terms of such agreements, the range of escalation typically varies between 5% per annum to 15% per annum.

The lease payment payable by our Company and our wholly-owned Subsidiary, TIB, is set forth below:

| Particulars                                                                                | Aggregate lease payment to be made in |             |             |
|--------------------------------------------------------------------------------------------|---------------------------------------|-------------|-------------|
|                                                                                            | Fiscal 2027                           | Fiscal 2028 | Fiscal 2029 |
| Payment towards lease liabilities (in ₹ million)                                           | 136.47                                | 143.71      | 150.58      |
| Utilisation by our Company and our wholly-owned Subsidiary, TIB as follows: (in ₹ million) |                                       |             |             |
| Our Company                                                                                | 70.35                                 | 74.02       | 77.69       |
| Our wholly-owned Subsidiary, TIB                                                           | 66.12                                 | 69.69       | 72.89       |

Note: As certified by M/s. S K Patodia & Associates LLP, Chartered Accountants, (FRN: 112723W/W100962), by way of their certificate dated January 28, 2026.

Our Company proposes to infuse part of the funds received from the Net Proceeds into the wholly-owned Subsidiary, TIB, either through equity or debt or a combination of both or any other manner, which will be determined by our Company at the time of making such investment and as permitted under applicable law, since as on date the form of investment has not been decided by our Company.

The above-mentioned estimates take into consideration: (a) any escalation in accordance with the terms of the lease agreements and leave and license agreements, and (b) renewal of leases which are expiring till Fiscal 2029. Further, in the event that the lease agreements and/ or leave and license agreements for any of the existing properties is terminated prior to the completion of its terms, or if any lease agreements are amended to reduce the respective lease rental amount modified, our management may use the remaining/surplus Net Proceeds solely towards lease rentals for new properties in substitution of such terminated or modified lease agreements and/ or leave and license agreements, subject to compliance with applicable law.

#### **V. Investment in our wholly owned Subsidiary, TIB, for funding its working capital requirements**

Our wholly-owned Subsidiary, TIB is carries out the business of a composite insurance broker in the field of general insurance or life insurance and reinsurance, on behalf of clients, within or outside India with the permission of Insurance Regulatory and Development Authority of India.

The working capital requirement of TIB has increased primarily on account of higher trade receivables, which consist of unbilled revenue for the month of March/ September (i.e., the end of each reporting period), which is

scheduled to be billed in the following months and revenue from long-term policies which are billed and collected over future periods driven by changes in regulatory requirements affecting the payment structure of commissions to TIB, as detailed below. As at September 30, 2025, TIB's receivables from long-term policies was ₹388.56 million and other receivables was ₹987.01 million.

As per the Redseer Report, commission structures in the insurance broking industry are generally established in advance through mutual agreement between brokers and their Insurer Partners, in accordance with regulatory guidelines. Revenue earned from insurance distribution typically includes commissions and rewards for both new policy issuances and renewals, with payouts linked to the gross written premium ("GWP") recognized by the insurer. As outlined in the IRDAI's Master Circular on Actuarial, Finance and Investment Functions of Insurers dated May 17, 2024, premiums for long-term policies, where collections or the entire policy term spans beyond 12 months, GWP must be recognized annually. Accordingly, GWP for such policies is recognized by the insurers on a '1/n' basis, wherein the total premium is spread evenly across the policy tenure, and commission expenses incurred by the insurers on the sale of such policies are paid only on the recognized GWP for each financial year. As a result, brokers may experience timing-related delays in billing the commission to the insurer partners (Source: Redseer Report).

For instance, as per IRDAI Master Circular, for a new private two-wheeler insured under a mandatory five-year policy which includes a one year own damage cover and five year third party cover, with a total premium of ₹10,000 collected upfront at the time of sale (of which ₹8,000 is the third party premium and ₹2,000 is the own damage premium), the insurer shall recognise the premium on a yearly basis in accordance with the IRDAI Master Circular and applicable accounting guidelines. The gross written premium for each financial year will be calculated as:

- (i) third party premium= total third party premium/third party policy term, i.e., ₹8,000/5= ₹ 1,600 per year; and
- (ii) own party premium= total own damage premium/own damage policy term i.e., ₹2,000/1= ₹2,000.

Since the commission for each year shall be payable only on the gross written premium recognised for that year, insurance company will account for the commission to the broker on an annual basis (according to the gross written premium recognised for that year).

For the broker and in our case, for our wholly owned Subsidiary, TIB, the commission income in such policies is recorded in the year in which the policy is sold as TIB has fulfilled all its obligations in sourcing the said policy. However, the broker is required to bill for each year's commission on such third-party premium in the respective year as per the illustration above and collect from the insurer. Hence, the revenue that pertains to the future years gets recognised as unbilled revenues and shown under trade receivables in the financial statements of our wholly owned Subsidiary, TIB, in the year in which the policy is sold.

However, our wholly owned Subsidiary, TIB, is required to account for and pay the commission to the digital partner upfront on the entire premium in line with the commercial arrangement between the broker and the digital partner agent which in turn is influenced by market and competitor practices. Accordingly, our wholly owned Subsidiary, TIBs' net working capital increases to the extent of the unbilled revenues in the financial statements at the end of each reporting period and requires working capital funding to meet this gap in the cash flows.

We propose to utilise ₹1,286.42 million from the Net Proceeds to fund the working capital for meeting business requirements of our wholly owned Subsidiary, TIB. The table below sets forth the estimated schedule of implementation and deployment of funds for investment in TIB:

| Particulars                                                                                     | Estimated amount to be funded from the Net Proceeds | Estimated deployment of Net Proceeds in Fiscal 2027 | Estimated deployment of Net Proceeds in Fiscal 2028 | Estimated deployment of Net Proceeds in Fiscal 2029 |
|-------------------------------------------------------------------------------------------------|-----------------------------------------------------|-----------------------------------------------------|-----------------------------------------------------|-----------------------------------------------------|
| 1. Investment in our wholly owned Subsidiary, TIB, for funding its working capital requirements | 1,286.42                                            | 519.26                                              | 397.11                                              | 370.05                                              |

Our Company shall deploy the Net Proceeds for this Object to TIB in the form of equity or debt or a combination of both or any other manner, which will be determined by our Company at the time of making such investment and as permitted under applicable law, since as on date the form of investment has not been decided by our

Company. This investment is to help TIB in carrying out its business as it intends to scale up its operations.

(a) *Existing working capital*

Set forth below are details of the working capital requirements and funding pattern of our wholly owned Subsidiary, TIB, based on its audited standalone financial statements, for the six months period ended September 30, 2025 and September 30, 2024 and financial years ended March 31, 2025, and based on audited standalone Ind AS special purpose financial statements for the financial year ended March 31, 2024 and March 31, 2023.

Notes:

1. Trade receivable days is calculated as average trade receivables held during the period/ year divided by revenue from operations of our wholly owned Subsidiary, TIB over 365 days (over 183 days for interim periods). Average trade receivables is calculated as the average of trade receivables at the beginning of the period/ year and end of the period/ year.
2. Trade payable days is calculated as average trade payables held during the period/ year divided by revenue from operations of our wholly owned Subsidiary, TIB over 365 days (over 183 days for interim periods). Average trade payables is calculated as the average of trade payables at the beginning of the period/ year and end of the period/ year.

### Justifications for holding period levels

| Sr. No. | Particulars       | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|---------|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1       | Trade receivables | Our wholly owned Subsidiary, TIB had trade receivables days of 59 days, 53 days, 66 days, 39 days and 61 days in the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2023, 2024 and 2025, respectively. Based on the typical credit terms extended to the insurer partners, our wholly owned Subsidiary, TIB expects trade receivable days level of 63 days, 58 days, 56 days and 54 days of its revenue from operations for the Fiscals 2026, 2027, 2028 and 2029 respectively.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| 2       | Trade payables    | Our wholly owned Subsidiary, TIB had trade payables days of 32 days, 51 days, 78 days, 42 days and 45 days in the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2023, 2024 and 2025, respectively.<br><br>Trade payables comprise three key elements:<br><br>a. Dues to PoSPs for commissions payable at the end of each Fiscal which usually pertains to dues of the most recent month.<br><br>b. Dues towards intercompany outstandings where our wholly owned Subsidiary, TIB, under the agreement dated August 29, 2025 executed by and among our Company and our Subsidiary, TIB pays our Company for technology and other brand marketing services provided by our Company.<br><br>c. Dues towards other vendor payables represents other overheads incurred by our wholly owned Subsidiary, TIB.<br><br>Our wholly owned Subsidiary, TIB expects trade payables days level of 40 days, 33 days, 28 days and 25 days for the Fiscals 2026, 2027, 2028 and 2029 respectively on account of our wholly owned Subsidiary, TIB's plan to expand its profitability by reducing overall payouts as a % of revenues and by keeping our other payables similar to Fiscal 2025. |

## VI. Funding inorganic growth through unidentified acquisitions and strategic initiatives and general corporate purposes

We expect to utilize up to ₹ [●] million of the Net Proceeds towards funding inorganic growth through unidentified acquisitions and other strategic initiatives, subject to: (a) the cumulative amount to be utilized for general corporate purposes and our object of ‘funding inorganic growth through unidentified acquisitions and other strategic initiatives’ not exceeding 35% of Gross Proceeds; and (b) the amount to be utilized for our object of ‘funding inorganic growth through unidentified acquisitions and other strategic initiatives’ not exceeding 25% of Gross Proceeds.

### a. Funding inorganic growth through unidentified acquisitions and strategic initiatives

In light of the above and in pursuit of our overall strategy of continuing the expansion of our portfolio of products to meet the evolving needs of our business, we continue to selectively pursue opportunities for evaluating potential targets for strategic investments, acquisitions, and partnerships, that complement our product offerings, strengthen or establish our presence in our targeted domestic and international markets or even acquire key skill sets that we need to execute on our strategy. See “*Our Business – Our Growth Strategies*” on page 257.

The table below summarizes the key acquisitions that we have undertaken in the past and our shareholding as on the date of this Updated Draft Red Herring Prospectus-I. See “*History and Certain Corporate Matters - Details regarding material acquisitions or divestments of business/ undertakings, mergers, amalgamation, any revaluation of assets, etc. in the last 10 years*” on page 283.

| Sr. No. | Name of Entity                                        | Percentage of shareholding (%) | Financial Year of acquisition | Percentage of shareholding of our Company (fully-diluted) as on date (%) | Consideration (in ₹ million) | Acquisition rationale and benefits accrued                                                                                                           |

### Rationale for future inorganic initiatives

We intend to engage in strategic acquisitions through target selection driven by our need to growth our business volumes and our profitability. The amount of Net Proceeds proposed to be deployed for funding inorganic growth through potential unidentified acquisitions and strategic initiatives includes utilization of up to ₹ [●] million. This amount is based on our management’s current estimates and budgets, and our historical acquisitions and strategic investments and partnerships, and other relevant considerations. The actual deployment of funds and the timing of deployment will depend on a number of factors, including the timing, nature, size and number of acquisitions or strategic initiatives proposed, as well as general macro or micro-economic factors affecting our results of operation, financial condition and access to capital.

### *Acquisition Process*

The typical framework and process followed by us for acquisitions involves identifying the strategic acquisitions based on the criteria set out above, entering into requisite non-disclosure agreements and conducting diligence of the target. Our acquisition strategy is primarily driven by our Board on satisfactory conclusion of the diligence exercise, we enter into definitive agreements to acquire the target based on the approval of our Board and the Shareholders, as may be required.

As on the date of this Updated Draft Red Herring Prospectus-I, we have not entered into any definitive agreements for potential acquisitions and investments. We may identify and evaluate potential targets for strategic investments, acquisitions and partnerships, based on a number of factors, including: (i) domain expertise and operating experience in markets that we operate in or wish to expand into; (ii) strategic compatibility or synergy with our existing businesses; (iii) additional or enhanced products and services in order to expand, diversify and/or improve our offerings; (iv) strengthening our market share in existing markets or establishing presence in new markets (including additional geographical regions); and (v) access to technology infrastructure and capabilities.

### *Proposed form of investment*

The above factors will also determine the form of investment for these potential unidentified acquisitions or strategic initiatives, *i.e.*, whether they will involve equity, debt or any other instrument or combination thereof or be undertaken as cash transactions. At this stage, we cannot identify any acquisition targets, the acquisition or investment process and determine whether (i) the form of investment will be cash, equity, debt or any other instrument or combination thereof; or (ii) such acquisition will be in domestic market or outside India or both. The portion of the Net Proceeds allocated towards this object of the Offer may not be the total value or cost of any such strategic initiatives but is expected to provide us with sufficient financial leverage to enter into binding agreements. In the event that there is a shortfall of funds required for such strategic initiatives, such shortfall shall be met out of the portion of the Net Proceeds allocated for general corporate purposes and/or through our internal accruals or debt financing or any combination thereof.

#### **b. General corporate purposes**

The Net Proceeds will first be utilized for the Objects as set out above in this section. Subject to this, our Company intends to deploy any balance left out of the Net Proceeds towards general corporate purposes, as approved by our management, from time to time, subject to (i) such utilization for general corporate purposes not exceeding 25% of Gross Proceeds, and (ii) the cumulative amount to be utilized for general corporate purposes and our object of 'Funding inorganic growth through unidentified acquisitions and other strategic initiatives' shall not exceed 35% of Gross Proceeds, in compliance with SEBI ICDR Regulations.

The general corporate purposes for which our Company proposes to utilize Net Proceeds include (i) to meet the fund requirements of our Company in the ordinary course of its business and ongoing general corporate exigencies; (ii) investing in our Subsidiaries for the purposes of meeting their general corporate exigencies, and payment of their liabilities; and (iii) any other purpose, as may be approved by our Board or a duly constituted committee thereof from time to time, subject to compliance with applicable law, including provisions of the Companies Act, 2013.

The allocation or quantum of authorized of funds towards each of the above purposes will be determined by our Board, based on the business requirements of our Company, on the amount actually available under this head and other relevant considerations, from time to time. Our Company's management shall have flexibility to authorize surplus amounts, if any. The amount to be utilized from the Net Proceeds towards general corporate purpose shall not be used for utilization for any of the other identified objects of the Offer.

#### **Offer-related Expenses**

The total expenses of the Offer are estimated to be approximately ₹ [●] million.

The Offer related expenses primarily include listing fees, fees payable to the BRLMs and legal counsel, fees payable to the Statutory Auditor and our other advisors and consultants, brokerage and selling commission, underwriting commission, commission payable to Registered Brokers, RTAs, CDPs, SCSBs' fees, Registrar's fees, printing and stationery expenses, advertising and marketing expenses and all other incidental and miscellaneous expenses for listing the Equity Shares on the Stock Exchanges. Other than (i) the listing fees, audit fees of Statutory Auditors (to the extent not attributable to the Offer), and expenses in relation to product or corporate advertisements, *i.e.*, any corporate advertisements consistent with past practices of our Company (other

than the expenses relating to marketing and advertisements undertaken in connection with the Offer) which shall be solely borne by our Company; and (ii) fees and expenses for the legal counsel to each of the Selling Shareholders, which shall be solely borne by the respective Selling Shareholders, each of our Company and the Selling Shareholders agree to pay, on a pro rata basis, the costs and expenses, (including all applicable taxes except STT which shall be solely borne by the respective Selling Shareholder) directly attributable to the Offer in proportion to the number of Equity Shares issued and Allotted by the Company through the Fresh Issue and transferred and sold by each of the Selling Shareholders through the Offer for Sale, upon listing of the Equity Shares on the Stock Exchanges pursuant to the Offer, in accordance with applicable law including Section 28(3) of Companies Act. However, it is agreed that the such expenses relating to the Offer may be paid by our Company on behalf of the Selling Shareholders in the first instance (in accordance with the appointment or engagement letter or memoranda of understanding or agreements entered into with the relevant entities) for administrative convenience and each of the Selling Shareholders shall reimburse the Company, in proportion to its respective portion of the Offered Shares, for the documented expenses incurred by our Company on behalf of such Selling Shareholder, subject to receipt of supporting documents for such expenses, upon commencement of listing and trading of the Equity Shares on the Stock Exchanges pursuant to the Offer in accordance with applicable law, directly from the Public Offer Account. Expenses incurred in relation to the Pre-IPO Placement shall be borne by our Company and expenses incurred for any pre-IPO secondary transfer of specified securities by a Selling Shareholder shall be borne by the respective Selling Shareholder, or in such proportion as may be mutually agreed by the Company and/or the Selling Shareholder. Additionally, in the event that the Offer is postponed or withdrawn or abandoned for any reason or is not successfully completed, all costs and expenses (including all applicable taxes) shall be borne by our Company, unless if required by Applicable Laws (including pursuant to any observation from SEBI), in which event, such costs and expenses will be borne by our Company and the Selling Shareholders, on a pro-rata basis, in proportion to the number of Equity Shares proposed to be issued under the Fresh Issue through the respective portion of the Offered Shares in the Offer for Sale, respectively.

The estimated Offer expenses are as follows:

(₹ in million, except as otherwise stated)

## Interim use of funds

The Net Proceeds shall be retained in the Public Offer Account until receipt of the listing and trading approvals from the Stock Exchanges by our Company. Pending utilization for the purposes described above, our Company undertake to temporarily invest the funds from the Net Proceeds only with scheduled commercial banks included in the second schedule of the Reserve Bank of India Act, 1934, as amended in accordance with Companies Act, 2013 and other applicable laws. In accordance with section 27 of the Companies Act 2013, our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any other listed company or for any investment in the equity markets.

## Bridge loan

Our Company has not raised any bridge loans from any banks or financial institutions as on the date of this Updated Draft Red Herring Prospectus-I, which are proposed to be repaid from the Net Proceeds.

## Monitoring of utilization of funds

In accordance with Regulation 41 of the SEBI ICDR Regulations, our Company shall appoint a Monitoring Agency for monitoring the utilisation of Gross Proceeds prior to the filing of the Red Herring Prospectus. Our Audit Committee and the Monitoring Agency will monitor the utilisation of the Gross Proceeds including in relation to the utilisation of the Gross Proceeds towards general corporate purposes and the Monitoring Agency shall submit the report required under Regulations 41(2) of the SEBI ICDR Regulations, on a quarterly basis, until such time as the Gross Proceeds, have been utilised in full in accordance with the Monitoring Agency Agreement. Our Company undertakes to place the report(s) of the Monitoring Agency on receipt before the Audit Committee without any delay.

Our Company will disclose and continue to disclose, till the time any part of the Fresh Issue proceeds remains unutilised, the utilisation of the Gross Proceeds, including interim use under a separate head in its balance sheet for such fiscal years as required under the SEBI ICDR Regulations, the SEBI Listing Regulations and any other applicable laws or regulations, clearly specifying the purposes for which the Gross Proceeds have been utilised. Our Company will also, in its balance sheet for the applicable fiscal years, provide details, if any, in relation to all such Gross Proceeds that have not been utilised, if any, of such currently unutilised Gross Proceeds. Further, our

Company, on a quarterly basis, shall include the deployment of Gross Proceeds under various heads with an item by item description for all the expense heads and sub-heads disclosed under each of the objects of the Offer, as applicable, in the notes to our financial results.

Pursuant to Regulation 32(3) and Part C of Schedule II, of the SEBI Listing Regulations, our Company shall, on a quarterly basis, disclose to the Audit Committee the uses and applications of the Gross Proceeds. Subject to applicable laws including SEBI Listing Regulations, on an annual basis, our Company shall prepare a statement of funds utilised for purposes other than those stated in this Updated Draft Red Herring Prospectus-I and place it before the Audit Committee and make other disclosures as may be required until such time as the Gross Proceeds remain unutilised. Such disclosures shall be made until such time that all the Gross Proceeds have been utilised in full. The statement shall be certified by the statutory auditor of our Company and such certification shall be provided to the Monitoring Agency. Furthermore, in accordance with Regulation 32(1) of the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the actual utilization of the proceeds of the Fresh Issue from the Objects; and (ii) details of category wise variations in the actual utilization of the proceeds of the Fresh Issue from the Objects.

### **Variation in the Objects**

In accordance with Sections 13(8) and 27 of the Companies Act, 2013, our Company shall not vary the Objects unless our Company is authorized to do so by way of a special resolution of its Shareholders, through postal ballot and such variation will be in accordance with the applicable laws including the Companies Act 2013 and the SEBI ICDR Regulations. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution by postal ballot shall specify the prescribed details and be published in newspapers, one in English, one in Hindi and one in Marathi, the vernacular language where our Registered and Corporate is situated.

In accordance with the Companies Act, our Promoter will be required to provide an exit opportunity to the Shareholders who do not agree to such proposal to vary the Objects, subject to the provisions of the Companies Act and in accordance with such terms and conditions, including in respect of pricing of the Equity Shares, in accordance with our Articles of Association, the Companies Act the SEBI ICDR Regulations and other applicable laws. For further details, see ***“Risk Factors –Any variation in the utilization of the Net Proceeds as disclosed in this UDRHP-I shall be subject to certain compliance requirements, including prior Shareholders’ approval.”*** on page 90.

### **Appraising entity**

None of the Objects of the Fresh Issue for which the Net Proceeds will be utilized have been appraised by any bank/ financial institution.

### **Other Confirmations**

There is no proposal whereby any portion of the Gross proceeds will be paid to our Promoters, Directors, Key Managerial Personnel or members of the Senior Management.

There are no material existing or anticipated transactions in relation to utilisation of the Net Proceeds for the Objects, set out above, with our Promoters, Promoter Group, Directors, Key Managerial Personnel and members of our Senior Management. We do not have any group companies (as defined under the SEBI ICDR Regulations) as on the date of this Updated Draft Red Herring Prospectus-I. Further, except in the ordinary course of business, there is no existing or anticipated interest of such individuals and entities in the Objects as set out above.

## BASIS FOR OFFER PRICE

The Price Band and Offer Price will be determined by our Company, in consultation with the Book Running Lead Managers, on the basis of assessment of market demand for the Equity Shares offered through the Book Building Process and the quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹1 each and the Offer Price is [●] times face value. Investors should also refer to sections “**Risk Factors**”, “**Our Business**”, “**Restated Consolidated Financial Information**”, “**Unaudited Proforma Financial Information**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” on pages 42, 228, 310, 380 and 530, respectively, to have an informed view before making an investment decision.

### I. Qualitative factors

Some of the qualitative factors and our strengths which form the basis for computing the Offer Price are as follows:

- Strong positioning in the PoSP landscape driving scalable pan India distribution;
- Diversified and granular Digital Partner network enabled by tech-driven training;
- Long-term partnerships with multiple Insurer Partners;
- Consistently strong earnings and high Digital Partner retention drive favourable unit economics and operating leverage;
- Self-reinforcing flywheels driving strong network and learning effects; and
- Promoter led company with an experienced management team backed by marquee investors.

For further details, see “**Risk Factors**” and “**Our Business**” on pages 42 and 228, respectively.

### II. Quantitative factors

Unless context requires otherwise, the financial information in this section is presented on a restated basis. For details, see “**Restated Consolidated Financial Information**” on page 310.

Some of the quantitative factors which may form the basis for calculating the Offer Price are as follows:

#### 1. Basic and diluted Earnings per Share (“EPS”):

| Year ended                                  | On Restated basis |               | On Proforma basis |                | Weight |

\*Not annualised

#### Notes:

1. Basic Earnings per Equity Share (INR) = Loss for the period/ year, divided by weighted average number of Equity Shares outstanding during the period/ year. Basic Earnings per Equity Share calculations are in accordance with the notified Indian Accounting Standard 33 ‘Earnings per share’.
2. Diluted Earnings per Equity Share (INR)=Loss for the period/ year, divided by weighted average number of Equity Shares, outstanding during the period/ year and adjusted for the effects of all dilutive potential Equity Shares. Diluted Earnings per Equity Share calculations are in accordance with the notified Indian Accounting Standard 33 ‘Earnings per share’.
3. Weighted average outstanding Equity Shares is the number of Equity Shares outstanding at the beginning of the period/ year adjusted by the number of Equity Shares issued during the period/ year multiplied by the time weighting factor.
4. Weighted average is calculated as an aggregate of period-wise/ year-wise weighted EPS divided by the aggregate of weights i.e. (EPS x Weight) for each period/ year divided by total of weights.
5. Basic EPS and Diluted EPS has not been disclosed since proforma financial statements have not been prepared for the interim periods ended September 30, 2025 and September 30, 2024.

2. **Price/Earning (“P/E”) ratio in relation to Price Band of ₹[•] to ₹[•] per Equity Share:**

| Particulars                          | P/E at the Floor Price (no. of times)* | P/E at the Cap Price (no. of times) |
|--------------------------------------|----------------------------------------|-------------------------------------|
| Based on basic EPS for Fiscal 2025   | [•]                                    | [•]                                 |
| Based on diluted EPS for Fiscal 2025 | [•]                                    | [•]                                 |

\*To be computed after finalization of price band.

3. **Industry Peer Group P/E ratio**

| Particulars | P/E Ratio |
|-------------|-----------|
| Highest     | 218.81    |
| Lowest      | 218.81    |
| Average     | 218.81    |

**Notes:**

- (1) The industry highest and lowest has been considered from the industry peer set. The industry average has been calculated as the arithmetic average P/E of the industry peer set disclosed in point 6 below.
- (2) P/E ratio for the peer are computed based on closing market price as on January 23, 2026 at NSE divided by diluted EPS (on consolidated basis) of the company for the year ended March 31, 2025.

4. **Return on Net Worth (“RoNW”):**

| Year ended                                 | RoNW (%)        | Weight |
|--------------------------------------------|-----------------|--------|
| March 31, 2025                             | (47.29%)        | 3      |
| March 31, 2024                             | (34.29%)        | 2      |
| March 31, 2023                             | (38.76%)        | 1      |
| <b>Weighted Average</b>                    | <b>(41.54%)</b> | -      |
| Six months period ended September 30, 2025 | (37.93%)        | -      |
| Six months period ended September 30, 2024 | (20.21%)        | -      |

**Notes:**

- (1) Return on Net Worth (%) is calculated by dividing Loss for the period/ year by Net Worth.
- (2) Net Worth means the aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account and debit or credit balance of profit and loss account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation in accordance with Regulation 2(1)(hh) of the SEBI ICDR Regulations. We have calculated net worth by aggregate value of equity share capital, instruments entirely equity in nature and other equity.
- (3) Weighted average = Aggregate of year-wise weighted Return on Net Worth divided by the aggregate of weights i.e., Return on Net Worth x weight for each period/ year divided by total of weights.

5. **Net Asset Value (“NAV”) per share**

| Particulars              | Amount (in ₹) |
|--------------------------|---------------|
| As on September 30, 2025 | 62.06         |
| After the Offer          | [•]*          |
| - At the Floor Price     | [•]*          |
| - At the Cap Price       | [•]*          |
| Offer Price              | [•]#          |

\*To be computed after finalization of price band

#To be determined on completion of the book building process

**Notes:**

- (1) NAV per share is calculated by dividing Net Worth by the outstanding number of Shares as at the end of period/ year.
- (2) Net Worth means the aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account and debit or credit balance of profit and loss account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation in accordance with Regulation 2(1)(hh) of the SEBI ICDR Regulations. We have calculated net worth by aggregate value of equity share capital, instruments entirely equity in nature and other equity.
- (3) Outstanding number of shares further retrospectively adjusted for the changes in Equity Share capital pursuant to bonus issuance, change in conversion ratio of outstanding Preference Shares into Equity Shares.

6. **Comparison of accounting ratios with listed industry peers**

Following is the comparison of our Company’s accounting ratios with our peer group companies listed in India and the industry average:

| Name of the Company | Consolidated/ Standalone | Closing Price | Total revenue (in ₹ million) | Face value (₹ per share) | EPS (₹) |         | Return on Net Worth (%) <sup>(2)</sup> | NAV <sup>(4)</sup> (per share) (₹) | P/E <sup>(5) #</sup> |
|---------------------|--------------------------|---------------|------------------------------|--------------------------|---------|---------|----------------------------------------|------------------------------------|----------------------|
|                     |                          |               |                              |                          | Basic   | Diluted |                                        |                                    |                      |
| Company*            | Restated                 | ●             | 6,627.12                     | 1                        | (7.33)  | (7.33)  | (47.29%)                               | 7,768.02                           | ●                    |
|                     | Proforma                 | ●             | 7,002.65                     | 1                        | (7.65)  | (7.65)  | NA                                     | NA                                 | ●                    |
| <b>Listed Peers</b> |                          |               |                              |                          |         |         |                                        |                                    |                      |
| PB Fintech Limited  | Consolidated             | 1,673.90      | 49,772.10                    | 2                        | 7.77    | 7.65    | 5.74 %                                 | 140.06                             | 218.81               |

\*Financial information of our Company on restated and proforma basis for the financial year ended March 31, 2025.

#To be included in respect of our Company in the Prospectus based on the Offer Price.

Notes:

- (1) All the financial information for listed industry peer mentioned above is on consolidated basis and is sourced from the audited financial results for the year ended March 31, 2025.
- (2) Return on Net Worth is calculated by dividing Loss for the year by Net Worth .
- (3) Net Worth means the aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account and debit or credit balance of profit and loss account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation in accordance with Regulation 2(1)(hh) of the SEBI ICDR Regulations. We have calculated net worth by aggregate value of equity share capital, instruments entirely equity in nature and other equity.
- (4) Net Asset Value (NAV) per share is calculated by dividing Net Worth by the outstanding number of Shares as at the end of year
- (5) P/E ratio for the peer are computed based on closing market price as on January 23, 2026 at NSE divided by diluted EPS (on consolidated basis) based on the audited financial results of the company for the year ended March 31, 2025.

### Key Performance Indicators (“KPIs”)

The table below sets forth the details of KPIs that our Company considers have a bearing for arriving at the basis for Offer Price. The key financial and operational performance indicators set forth above, have been approved and confirmed by the Audit Committee pursuant to its resolution dated January 28, 2026 (copy made available under “**Material Contracts and Documents for Inspection**” on page 674) and certified by our Chief Financial Officer on behalf of the management of our Company by way of certificate dated January 28, 2026. Further, the Audit Committee has on January 28, 2026 taken on record that other than the key financial and operational performance indicators set out below.

The KPIs disclosed below have been used historically by our Company to understand and analyze the business performance, which in result, help it in analyzing the growth of the Company in comparison to our Company’s listed peers, and other relevant and material KPIs of the business of our Company that have a bearing for arriving at the basis for Offer Price have been disclosed below. Additionally, the KPIs have been certified by way of certificate dated January 28, 2026 issued by S K Patodia & Associates LLP, Chartered Accountants, who hold a valid certificate issued by the peer review board of the Institute of Chartered Accountants of India. The certificate dated January 28, 2026 issued by S K Patodia & Associates LLP, Chartered Accountants, has been included in ‘**Material Contracts and Documents for Inspection – Material Documents**’ on page 674.

The Bidders can refer to the below-mentioned KPIs, being a combination of financial and operational KPIs, to make an assessment of our Company’s performances and make an informed decision.

| Key Performance Indicators                                 |  | Units     | Six months period ended September 30, 2025 | Six months period ended September 30, 2024 | Fiscal 2025            | Fiscal 2024 | Fiscal 2023 |

**Notes:**

- (1) Platform premium: Platform premium refers to total premium (i.e. payment and consideration) received on insurance policies (net of Goods and Service Tax) that were issued or re-issued by an insurance company through our platform.
- (2) Percentage of Platform Premium distributed in B30+ markets: Percentage of Platform Premium distributed in B30+ markets refers to the percentage of premium on policies issued by the insurance companies through our platform in pin codes belonging to the B30+ markets.
- (3) Number of Digital Partners: Number of Digital Partners refers to any user who has registered on our TurtlemintPro platform to distribute insurance and other financial products and completed KYC having provided us with their phone number, name and permanent account number. Digital Partners also include PoSPs who have completed the mandatory training, enabling them to obtain the requisite certification to distribute insurance products in accordance with applicable IRDAI regulations, including the PoSP Regulations
- (4) Active Transacting Digital Partners (quarterly average): Active Transacting Digital Partners are those Digital Partners who have facilitated the sale of insurance or any other product in the given period, calculated as a quarterly average during the relevant period/fiscal year.
- (5) Revenue from operations: Revenue recognized in accordance with Ind AS
- (6) Increase/ (Decrease) in revenue from operations period on period/ YoY: Increase/ (Decrease) in Revenue from operations period on period/ YoY represents the increase/ (decrease) percentage in Revenue from Operations of the relevant period/ financial year over Revenue from Operations of the previous period/financial year
- (7) Proforma revenue from operations: Revenue from operations on proforma basis
- (8) Increase/ (Decrease) in proforma revenue from operations YoY: Increase/ (Decrease) in Proforma Revenue from operations YoY represents the increase/ (decrease) percentage in Proforma Revenue from Operations of the relevant financial year over Proforma Revenue from Operations of the previous period/financial year
- (9) Service EBITDA equals revenue from operations less Customer Acquisition Cost (i.e., total expenses directly attributable to operational activities in generating revenue from operations which includes commission paid), Direct Employee Cost (i.e., employee benefit expenses related to the sales personnel who are the primary contact for digital partners for their pre and

- post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims).
- (10) Service EBITDA Margin: Service EBITDA Margin for the relevant period/ year equals Service EBITDA for the relevant period/ year as a percentage of revenue from operations for the relevant period/ year.
- (11) Proforma Service EBITDA equals proforma revenue from operations less Customer Acquisition Cost (i.e., total expenses directly attributable to operational activities in generating proforma revenue from operations which includes commission paid), Direct Employee Cost (i.e., proforma employee benefit expenses related to the sales personnel who are the primary contact for digital partners for their pre and post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims).
- (12) Proforma Service EBITDA Margin: Proforma Service EBITDA Margin for the relevant year equals Proforma Service EBITDA for the relevant period/year as a percentage of proforma revenue from operations for the relevant year.
- (13) Adjusted EBITDA: Adjusted EBITDA for the relevant period/year equals loss for the period/ year plus total tax expense, finance costs, depreciation and amortisation expense, share based payment expense and exceptional items less other income.
- (14) Proforma Adjusted EBITDA: Proforma Adjusted EBITDA for the relevant year equals proforma loss for the year plus proforma total tax expense, proforma finance costs, proforma depreciation & amortisation expense, proforma share based payment expense and proforma exceptional items less proforma other income.
- (15) Loss before exceptional items and tax: Loss before exceptional items and tax refers to Total Income less total expenses before adjusting for exceptional items and total tax expenses for the period/ year.
- (16) Profit/ (Loss) for the period/ year: Profit/ (Loss) for the period/ year refers to total income and less total expenses and less exceptional items and less total tax expenses for the period/ year.
- (17) Proforma Profit/ (Loss) for the year: Proforma profit/ (loss) for the year refers to proforma total income less and proforma total expenses and less proforma total tax expenses for the year.
- (18) We conduct the business of direct broking of insurance policies through our Subsidiary, TIB, which we acquired with effect from May 8, 2024, and accordingly, TIB accounts for majority of our revenue and expenses. As a result, Service EBITDA and Service EBITDA Margin, for Fiscals 2024 and Fiscal 2023 have not been disclosed since TIB was not included in our results of operations and financial condition during these Fiscals. For further information, see “**History and Certain Corporate Matters – Details regarding material acquisitions of divestments of business/undertakings, mergers, amalgamation, any revaluation of assets, etc. in 10 years**” on page 283.
- (19) These KPIs have not been disclosed since proforma financial statements have not been prepared for the interim periods ended September 30, 2025 and September 30, 2024.
- (20) Six months period ended September 30, 2024 and Fiscal 2025 reflect operations of TIB only from May 8, 2024.

The Bidders can refer to the below-mentioned operational KPIs, to make an assessment of our Company’s performances and make an informed decision:

| Key Performance Indicators                                 | Units     | Six months period ended September 30, 2025 | Six months period ended September 30, 2024 | Fiscal 2025 | Fiscal 2024 | Fiscal 2023 |

Notes:

- (1) Platform premium: Platform premium refers to total premium (i.e. payment and consideration) received on insurance policies (net of Goods and Service Tax) that were issued or re-issued by an insurance company through our platform.
- (2) Percentage of Platform Premium distributed in B30+ markets: Percentage of Platform Premium distributed in B30+ markets refers to the percentage of premium on policies issued by the insurance companies through our platform in pin codes belonging to the B30+ markets.
- (3) Number of Digital Partners: Number of Digital Partners refers to any user who has registered on our TurtlemintPro platform to distribute insurance and other financial products and completed KYC having provided us with their phone number, name and permanent account number. Digital Partners also include PoSPs who have completed the mandatory training, enabling them to obtain the requisite certification to distribute insurance products in accordance with applicable IRDAI regulations, including the PoSP Regulations
- (4) Active Transacting Digital Partners (quarterly average): Active Transacting Digital Partners are those Digital Partners who have facilitated the sale of insurance or any other product in the given period, calculated as a quarterly average during the relevant period/fiscal year.

For details of other operating metrics disclosed elsewhere in this Updated Draft Red Herring Prospectus-I, refer “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” on pages 228 and 530.

Our Company confirms that it shall continue to disclose all the KPIs included in this section on a periodic basis, at least once in a year (or any lesser period as determined by the Board of Directors of our Company), until the later of one year after the date of listing of the Equity Shares on the Stock Exchanges or for such other duration as may be required under the SEBI ICDR Regulations.

### Explanation for the KPI

The following table provides the rationale for our key performance indicators that have a bearing on arriving at the basis for the Offer Price:

| KPIs                                                                  | Explanation                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | Relevance                                                                                                                                                                                                                                                                                                                                                                                  |
|-----------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Platform premium                                                      | Platform premium refers to total premium (i.e. payment and consideration) received on insurance policies (net of Goods and Service Tax) that were issued or re-issued by an insurance company through our platform.                                                                                                                                                                                                                                                                                      | Platform premium represents premium generated through our Digital partners and enterprise partners who leverage our TurtlemintPro and Turtlefin platforms to distribute insurance products to their customer base. The KPI represents a key indicator of volume of our business and revenue from operations.                                                                               |
| Percentage of Platform Premium distributed in B30+ markets            | Percentage of Platform Premium distributed in B30+ markets refers to the percentage of premium on policies issued by the insurance companies through our platform in pin codes belonging to the B30+ markets.                                                                                                                                                                                                                                                                                            | According to the Redseer report, B30+ markets have low insurance penetrations and are expected to grow faster than T30 markets. Tracking the percentage of Platform premium distributed in B30+ markets helps us understand if we are operating primarily in these favourable market conditions.                                                                                           |
| Number of Digital Partners                                            | Number of Digital Partners refers to any user who has registered on our TurtlemintPro platform to distribute insurance and other financial products and completed KYC having provided us with their phone number, name and permanent account number. Digital Partners also include PoSPs who have completed the mandatory training, enabling them to obtain the requisite certification to distribute insurance products in accordance with applicable IRDAI regulations, including the PoSP Regulations | Digital Partners represent users who have registered themselves on the platform having shown interest in distributing financial products as facilitated by our platform. Growth in this number represents the ability of the Company to keep growing its network of Digital partners who drive our volume growth - whether of insurance products or other financial products across India. |
| Active Transacting Digital Partners (quarterly average)               | Active Transacting Digital Partners are those Digital Partners who have facilitated the sale of insurance or any other product in the given period, calculated as a quarterly average during the relevant period/fiscal year.                                                                                                                                                                                                                                                                            | We believe that Active Transacting Digital Partners reflects the platform's ability to retain Digital Partners capable of meeting increasing market needs.                                                                                                                                                                                                                                 |
| Revenue from operations                                               | Revenue recognized in accordance with Ind AS                                                                                                                                                                                                                                                                                                                                                                                                                                                             | We believe that tracking our Revenue from operations enables us to analyse the overall financial and business performance of our Company and the size of our overall business                                                                                                                                                                                                              |
| Increase/ (Decrease) in revenue from operations period on period/ YoY | Increase/ (Decrease) in Revenue from operations period on period/ YoY represents the increase/ (decrease) percentage in Revenue from Operations of the relevant period/ financial year over Revenue from Operations of the period/previous financial year                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                            |
| Proforma revenue from operations                                      | Revenue from operations on proforma basis                                                                                                                                                                                                                                                                                                                                                                                                                                                                | In light of the acquisition of the material subsidiary of the company TIB in Fiscal 2025, we believe that tracking our Proforma Revenue from operations enables us to analyse the overall financial and business performance of our Company and the size of our overall business                                                                                                           |
| Increase/ (Decrease) in proforma revenue from operations YoY          | Increase/ (Decrease) in Proforma Revenue from operations YoY represents the increase/ (decrease) percentage in Proforma Revenue from Operations of the relevant financial year over Proforma Revenue from Operations of the previous financial                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                                                                                                                                                            |

| KPIs                                  | Explanation                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Relevance                                                                                                                                                                                                                                                                                   |

|                                       | year                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                                             |
| Service EBITDA                        | Service EBITDA equals revenue from operations less Customer Acquisition Cost (i.e., total expenses directly attributable to operational activities in generating revenue from operations which includes commission paid), Direct Employee Cost (i.e., employee benefit expenses related to the sales personnel who are the primary contact for digital partners for their pre and post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims).                                     | We believe that Service EBITDA and Service EBITDA Margin are useful KPIs in evaluating our operating performance as it takes into consideration the direct costs (i.e. customer acquisition cost, direct employee cost and cost of operations) of operating our business.                   |
| Service EBITDA Margin                 | Service EBITDA Margin for the relevant period/ year equals Service EBITDA for the relevant period/ year as a percentage of revenue from operations for the relevant period/ year.                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                             |
| Proforma Service EBITDA               | Proforma Service EBITDA equals proforma revenue from operations less Customer Acquisition Cost (i.e., total expenses directly attributable to operational activities in generating proforma revenue from operations which includes commission paid), Direct Employee Cost (i.e., proforma employee benefit expenses related to the sales personnel who are the primary contact for digital partners for their pre and post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims). | We believe that Proforma Service EBITDA and Proforma Service EBITDA Margin are useful KPIs in evaluating our operating performance as it takes into consideration the direct costs (i.e. customer acquisition cost, direct employee cost and cost of operations) of operating our business. |
| Proforma Service EBITDA Margin        | Proforma Service EBITDA Margin for the relevant year equals Proforma Service EBITDA for the relevant year as a percentage of proforma revenue from operations for the relevant year.                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                                             |
| Adjusted EBITDA                       | Adjusted EBITDA for the relevant period/ year equals loss for the period/ year plus total tax expense, finance costs, depreciation & amortisation expense, share based payment expense and exceptional items less other income.                                                                                                                                                                                                                                                                                                                                                                                               | We believe that tracking Adjusted EBITDA helps us evaluate operating performance of the Company.                                                                                                                                                                                            |
| Proforma Adjusted EBITDA              | Proforma Adjusted EBITDA for the relevant year equals proforma loss for the year plus proforma total tax expense, proforma finance costs, proforma depreciation & amortisation expense, and proforma share based payment expense and proforma exceptional items less proforma other income.                                                                                                                                                                                                                                                                                                                                   | In light of the acquisition of the material subsidiary of the company TIB in Fiscal 2025 we believe that tracking Proforma Adjusted EBITDA helps us evaluate operating performance of the Company.                                                                                          |
| Loss before exceptional items and tax | Loss before exceptional items and tax refers to Total Income less total expenses before adjusting for exceptional items and total tax expenses for the period / year                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Loss before exceptional items and tax helps to gain insights into the company's core operating performance and its ability to generate shareholder returns.                                                                                                                                 |

| KPIs                                 | Explanation                                                                                                                               | Relevance                                                                                                                                                                                                                                                                                                                                                                                                                  |
|--------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Profit/ (Loss) for the period/ year  | Loss for the period/ year refers to total Income and less total expenses less exceptional items total tax expenses for the period/ year   | Profit/ (Loss) for the period/ year represents the company's net earnings after all expenses, including taxes, have been accounted for. It directly impacts shareholder returns and provides an indication of the company's financial performance after considering all operating, financing, and tax-related costs.                                                                                                       |
| Proforma Profit/ (Loss) for the year | Proforma loss for the year refers to Proforma total Income and less Proforma total expenses less Proforma total tax expenses for the year | In light of the acquisition of the material subsidiary of the company TIB in Fiscal 2025, we believe that tracking our proforma profit/ (loss) for the year enables us to analyse the financial performance of the company. It directly impacts shareholder returns and will provide an indication of the company's financial performance after considering all operating, financing, and tax-related costs in the future. |

7. **Comparison of KPIs based on additions or dispositions to our business**

The proforma impact of all material acquisitions or dispositions of assets or business undertaken by our Company during the periods covered by the KPIs, i.e., the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025, 2024 and 2023, is reflected in the KPIs disclosed in this Updated Draft Red Herring Prospectus-I. For further details, see “*History and Certain Corporate Matters - Details regarding material acquisitions or divestments of business/ undertakings, mergers, amalgamation, any revaluation of assets, etc. in the last 10 years*” on page 283.

8. **Description on the historic use of the KPIs by our Company to analyze, track or monitor the operational and/or financial performance of our Company**

In evaluating our business, we consider and use certain KPIs, as presented above, as a supplemental measure to review and assess our financial and operating performance. The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Restated Consolidated Financial Information/ Unaudited Proforma Financial Information. Some of these KPIs are not defined under Ind AS and are not presented in accordance with Ind AS. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies, including peer companies, and hence their comparability may be limited. Therefore, these KPIs should not be considered in isolation or construed as an alternative to Ind AS measures or as an indicator of our operating performance, liquidity, profitability or results of operation. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that it provides an additional tool for investors to use in evaluating our ongoing operating results and trends and in comparing our financial results with other companies in our industry because it provides consistency and comparability with past financial performance, when taken collectively with financial statements prepared in accordance with Ind AS.

## 9. Comparison with listed industry peers

Set forth below is a comparison of our KPIs with our peer group companies listed in India.

| KPI                                                                   | Units     | Company*                                   |                                            |                         |                |                | PB Fintech Ltd.                            |                                            |             |             |             |

\*All definitions for KPIs for the Company are consistent with the explanations as provided under “– Explanation for the KPIs” on page 182.

Source: All the financial information for Company’s listed peer mentioned in the above table is from the annual report, published financial result and investor presentation for the respective financial year.

Notes: All financial information for Company’s listed peer mentioned in the above table is on a consolidated basis. Please note that the Company’s listed industry peer is not comparable with the Company in terms of size. For further information, see “**Risk Factors – Internal Risks - Our listed industry peer is not comparable with us in terms of size and selected KPIs under the section “Basis for Offer Price”. Any reliance on such comparisons may have limited usefulness and could adversely influence investor perception and the market price of our Equity Shares.**” on page 78.”

- (1) We conduct the business of direct broking of insurance policies through our Subsidiary, TIB, which we acquired with effect from May 8, 2024, and accordingly, TIB accounts for majority of our revenue and expenses. As a result, Service EBITDA and Service EBITDA Margin, for Fiscals 2024 and Fiscal 2023 have not been disclosed since TIB was not included in our results of operations and financial condition during these Fiscals. For further information, see “**History and Certain Corporate Matters – Details regarding material acquisitions of divestments of business/undertakings, mergers, amalgamation, any revaluation of assets, etc. in 10 years**” on page 283.
- (2) These KPIs have not been disclosed since proforma financial statements have not been prepared for the interim periods ended September 30, 2025 and September 30, 2024.
- (3) Six months period ended September 30, 2024 and Fiscal 2025 reflect operations of TIB only from May 8, 2024.

## Rationale for selection of listed peers

Turtlemint is a tech-enabled insurance distribution platform that connects customers, insurance advisors and insurers. We primarily operate in the insurance distribution industry in India. According to the Redseer Report, three players, namely, Turtlemint (“Turtlemint Fintech Solutions Limited”), Policybazaar (“PB Fintech Ltd.”), and InsuranceDekho (“Girnar Insurance Brokers Private Limited”), collectively the “Peer Group”, have emerged among as the leading players in the digital insurance distribution space, operating via the POSP model and each generating over ₹5,000 million in revenue from operations in Fiscal 2024 (Source: Redseer Report). These players are benchmarked against select financial and operational metrics in the Redseer Report. InsuranceDekho (“Girnar Insurance Brokers Private Limited”) has been excluded from the benchmarking due to insufficient disclosures as it remains unlisted. Accordingly, apart from PB Partners (wholly owned subsidiary of PB Fintech), there is no listed peer who operates a comparable insurance distribution model.

### 10. Weighted average cost of acquisition

#### A. The price per share of our Company based on the primary/ new issue of shares (Equity Shares/ convertible securities)

Our Company has not issued any Equity Shares or CCPS, excluding shares issued under the ESOS 2025 and issuance of bonus shares, during the 18 months preceding the date of this Updated Draft Red Herring Prospectus-I, where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of our Company (calculated based on the pre-Offer capital before such transaction(s) and excluding ESOPs granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

#### B. The price per share of our Company based on secondary sale/ acquisitions of shares (Equity Shares/ convertible securities)

There have been no secondary sale/ acquisitions of Equity Shares or CCPS, where the Promoters, members of the Promoter Group, Selling Shareholders, or Shareholder(s) having the right to nominate Director(s) on our Board, are a party to the transaction, during the 18 months preceding the date of this Updated Draft Red Herring Prospectus-I, where either acquisition or sale is equal to or more than 5% of the fully diluted paid up share capital of our Company (calculated based on the pre-Offer capital before such transaction/s and excluding ESOPs granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

#### C. Since there are no such transaction to report to under (A) and (B) above, the following are the details basis the last five primary or secondary transactions (where Promoter, Promoter Group, Selling Shareholders or Shareholder(s) having the right to nominate Director(s) on the Board, are a party to the transaction), not older than three years prior to the date of this Updated Draft Red Herring Prospectus-I irrespective of the size of transactions (excluding allotments pursuant to ESOP Plans, Bonus equity shares issued and gifts):

**The price per share of our Company based on the last 5 primary/ new issue of shares (equity/ convertible securities) (“Primary Transaction(s)”):**

Except as disclosed below, there have been no primary issuances of Equity Shares or convertible securities (excluding Equity Shares issued under the ESOS 2025 and issuance of Equity Shares pursuant to a bonus issue), in the last three years preceding the date of this UDRHP-I:

| Sr. No | Date of allotment | Nature of transaction                                      | Nature of consideration                       | Name of the Allottee        | Number of Equity/ Preference Shares acquired | Face Value (in ₹) | Price per Equity/ Preference share (in ₹) | Total Consideration (in ₹ million) |
|--------|-------------------|------------------------------------------------------------|-----------------------------------------------|-----------------------------|----------------------------------------------|-------------------|-------------------------------------------|------------------------------------|
| 1.     | March 7, 2025     | Private Placement of Series I CCPS, subsequently converted | Cash paid at the time of subscription of CCPS | Dhirendra Nalin Mahyavanshi | 523,044                                      | 1                 | 159.68                                    | 83.52                              |

| Sr. No                                          | Date of allotment | Nature of transaction               | Nature of consideration | Name of the Allottee | Number of Equity/ Preference Shares acquired | Face Value (in ₹) | Price per Equity/ Preference share (in ₹) | Total Consideration (in ₹ million) |
|-------------------------------------------------|-------------------|-------------------------------------|-------------------------|----------------------|----------------------------------------------|-------------------|-------------------------------------------|------------------------------------|
|                                                 |                   | into equity shares on June 16, 2025 |                         |                      |                                              |                   |                                           |                                    |
| <b>Weighted Average Cost of Acquisition (₹)</b> |                   |                                     |                         |                      |                                              |                   |                                           | 159.68                             |

Note:

(1) Allotments pursuant to employee stock option and bonus have been excluded for the purpose of above table. Number of Equity Shares acquired and issue price per Equity Share has been adjusted for bonus issuance.

(2) The amount paid on the acquisition of Series 1 CCPS has been considered as the basis for arriving at the acquisition price of Equity Shares on conversion. 1,044 Equity Shares have been allotted pursuant to the conversion of Series 1 CCPS in the ratio of 1:1, i.e. one Equity Share for each Series 1 CCPS held, which has been subsequently adjusted for bonus issuance in the ratio of 1:500, i.e., five hundred Equity Shares for every one Equity Share held in our Company.

#### The price per share of our Company based on last 5 secondary sale/ acquisitions of shares (equity/ convertible securities) ("Secondary Transaction(s)")

Except as disclosed below, there have been no secondary transactions by the Promoters, members of the Promoter Group, Selling Shareholders, or Shareholder(s) having the right to nominate director(s) in the Board of Directors of our Company are a party to the transaction, in the last three years preceding the date of this Updated Draft Red Herring Prospectus -I:

| Sr. No                                          | Date of allotment | Nature of transaction | Nature of consideration | Name of Transferor                               | Name of Transferee          | Number of Equity/ Preference Shares acquired | Face Value (in ₹) | Price per Equity/ Preference share (in ₹) | Total Consideration (in ₹ million) |

Note: For the purpose of above table multiple transactions over a span of rolling 30 days have been combined together. Transfers pursuant to gifts have been excluded for the purpose of above table. Number of Equity Shares acquired and issue price per Equity Share has been adjusted for bonus issuance.

#### 11. Weighted average cost of acquisition, Floor Price and Cap Price

The Floor Price is [●] times and the Cap Price is [●] times the weighted average cost of acquisition based on Primary Issuances and Secondary Transactions as disclosed below:

| Past transactions                                              | Weighted average cost of acquisition per Equity Share (in ₹) | Floor Price (₹[●])* | Cap Price (₹[●])* |
|----------------------------------------------------------------|--------------------------------------------------------------|---------------------|-------------------|
| Weighted average cost of acquisition of Primary Issuances      | 159.68                                                       | [●] times           | [●] times         |
| Weighted average cost of acquisition of Secondary Transactions | 25.07                                                        | [●] times           | [●] times         |

*\* To be updated at Prospectus stage.*

12. **Detailed explanation for Offer Price/Cap Price being [●] price of weighted average cost of acquisition of primary issuance price/secondary transaction price of Equity Shares (as disclosed above) along with our Company's key performance indicators and financial ratios for the six months period ended September 30, 2025 and September 30, 2024 and Fiscals 2025, 2024 and 2023**

[●]\*

*\*This will be included on finalisation of Price Band*

13. **Explanation for Offer Price/Cap Price being [●] price of weighted average cost of acquisition of primary issuance price/secondary transaction price of Equity Shares (as disclosed above) in view of the external factors which may have influenced the pricing of the Offer**

[●]\*

*\*This will be included on finalisation of Price Band*

#### **Justification of the Cap Price**

[●]\*

*\*This will be included on finalisation of Price Band*

The trading price of the Equity Shares could decline due to the factors mentioned in the section '**Risk Factors**' on page 42 and any other factors that may arise in the future and you may lose all or part of your investments.

14. **The Offer Price is [●] times of the face value of the Equity Shares**

The Offer Price of ₹ [●] has been determined by our Company, in consultation with the Book Running Lead Managers, on the basis of assessment of market demand from investors for Equity Shares through the Book Building Process, and is justified in view of the above qualitative and quantitative parameters.

Investors should read the above mentioned information along with "**Risk Factors**", "**Our Business**", "**Restated Consolidated Financial Information**", and "**Proforma Financial Information**" on pages 42, 228, 310 and 380, respectively, to have a more informed view. The trading price of the Equity Shares of our Company could decline due to the factors mentioned in "**Risk Factors**" on page 42 and you may lose all or part of your investments.

## STATEMENT OF POSSIBLE TAX BENEFITS

### STATEMENT OF SPECIAL TAX BENEFITS (UNDER DIRECT AND INDIRECT TAX LAWS) FOR THE COMPANY, ITS SHAREHOLDERS AND ITS MATERIAL SUBSIDIARY

The Board of Directors,  
Turtlemint Fintech Solutions Limited  
(formerly *Turtlemint Fintech Solutions Private Limited and Fintech Blue Solutions Private Limited*)  
The ORB-Sahar, 4 and 4A 1st Floor  
A Wing, Marol Village, Andheri (East),  
Mumbai-400099  
Dear Sirs,

**Re: Statement of Special Tax Benefits available to Turtlemint Fintech Solutions Limited (formerly Turtlemint Fintech Solutions Private Limited and Fintech Blue Solutions Private Limited) (“Company”), its shareholders and its material subsidiary (i.e., Turtlemint Insurance Broking Services Private Limited) under the Indian tax laws.**

1. We hereby confirm that the enclosed Annexures 1 and 2 (together, the “Annexures”), prepared by the Company, provides the special tax benefits available to the Company, to the shareholders and its material subsidiary of the Company under:
  - a. the Income-tax Act, 1961 (the “Act”) as amended by the Finance Act, 2025 i.e., applicable for the Financial Year 2025-26 relevant to the assessment Year 2026-27 and presently in force in India
  - b. the Central Goods and Services Tax Act, 2017 / or, the Integrated Goods and Services Tax Act, 2017 and the State Goods and Service Tax Act, 2017 read with Rules, Circulars and Notifications (“GST Law”) the Customs Act, 1962 (“Customs Act”) and the Customs Tariff Act, 1975 (“Tariff Act”), each as amended by the Finance Act 2025 i.e., applicable for the Financial Year 2025-26 relevant to the assessment year 2026-27, presently in force in India

The Act, the GST Act, Customs Act and Tariff Act, as defined above, are collectively referred to as the “Relevant Acts”
2. Several of these benefits are dependent on the Company, its shareholders or its material subsidiary fulfilling the conditions prescribed under the relevant provisions of the Relevant Acts. Hence, the ability of the Company, its shareholders and/or its material subsidiary to derive the tax benefits is dependent upon their fulfilling such conditions which, based on business imperatives the Company faces in the future, the Company, its shareholders or its material subsidiary may or may not choose to fulfil.
3. The benefits discussed in the enclosed Annexures are not exhaustive and the preparation of the contents stated is the responsibility of the Company’s management. We are informed that these Annexures are only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering (the “Proposed IPO”) of equity shares of the Company.
4. We do not express any opinion or provide any assurance as to whether:
  - i) the Company, its shareholders or its material subsidiary will continue to obtain these benefits in future;
  - ii) the conditions prescribed for availing the benefits have been / would be met with; and
  - iii) the revenue authorities/courts will concur with the views expressed herein.
5. The contents of the enclosed Annexures are based on information, explanations and representations obtained from the Company and on the basis of their understanding of the business activities and operations of the Company.

6. This Statement is issued solely in connection with the Proposed IPO of equity shares of face value Re. 1 each of the Company and is not to be used, referred to or distributed for any other purpose. We have no responsibility to update this Statement for events and circumstances occurring after the date of this Statement.

## ANNEXURE 1

### STATEMENT OF SPECIAL TAX BENEFITS AVAILABLE TO TURTLEMINT FINTECH SOLUTIONS LIMITED (FORMERLY TURTLEMINT FINTECH SOLUTIONS PRIVATE LIMITED AND FINTECH BLUE SOLUTIONS PRIVATE LIMITED) (THE “COMPANY”), ITS SHAREHOLDERS AND ITS MATERIAL SUBSIDIARY UNDER THE INCOME-TAX ACT, 1961

The information provided below sets out the special tax benefits available to **Turtlemint Fintech Solutions Limited** (‘the Company’), its **Shareholders** and its **material subsidiary (i.e., Turtlemint Insurance Broking Services Private Limited)** under the Act presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice.

Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in the equity shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

### TAXABILITY UNDER THE INCOME-TAX ACT, 1961 (HEREINAFTER REFERRED TO AS ‘ITA’)

#### I. SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY AND ITS MATERIAL SUBSIDIARY UNDER ITA

The following benefits are available to the Company and its material subsidiary after fulfilling conditions as per the applicable provisions of ITA:

##### 1. Lower corporate tax rate under Section 115BAA

Subject to fulfilment of prescribed conditions, the Company and its material subsidiary are entitled to concessional tax regime, under the provisions of Section 115BAA of the Act. Section 115BAA of the Act has been inserted by the Taxation Laws (Amendment) Act, 2019 (“the Amendment Act, 2019”) w.e.f. April 1, 2020 (assessment year) granting an option to domestic companies to compute corporate tax at a reduced rate of 25.168% (22% plus surcharge of 10% and cess of 4%), provided such companies do not avail the following deductions/exemptions:

- a. Deduction under the provisions of section 10AA (deduction for units in Special Economic Zone);
- b. Deduction under clause (iia) of sub-section (1) of section 32 (Additional depreciation);
- c. Deduction under section 32AD or section 33AB or section 33ABA (Investment allowance in backward areas, Investment deposit account, site restoration fund);
- d. Deduction under sub-clause (ii) or sub-clause (iia) or sub-clause (iii) of sub-section (1) or sub-section (2AA) or sub-section (2AB) of section 35 (Expenditure on scientific research);
- e. Deduction under section 35AD or section 35CCC (Deduction for specified business, agricultural extension project);
- f. Deduction under section 35CCD (Expenditure on skill development)
- g. Deduction under any provisions of Chapter VI-A other than the provisions of section 80JJAA or Section 80M;
- h. No set off of any loss carried forward or depreciation from any earlier assessment year, if such loss or depreciation is attributable to any of the deductions referred from clause i to vii above; and
- i. No set off of any loss or allowance for unabsorbed depreciation deemed so under section 72A, if such loss or depreciation is attributable to any of the deductions referred from clause i to vii above.

In case any Company opts for section 115BAA of the Act, provisions of Minimum Alternate Tax [“MAT”] under section 115JB of the Act would not be applicable and MAT credit of the earlier year(s) will not be available for set-off as clarified by the Central Board of Direct Taxes, through its circular no.

29/2019 dated 2 October 2019. The option needs to be exercised on or before the due date of filing the tax return. Option once exercised, cannot be subsequently withdrawn for the same or any other tax year.

## **2. Deductions from Gross Total Income - Section 80 JJAA of the Act - Deduction in respect of employment of new Employee**

Subject to fulfilment of prescribed conditions, the Company and its material subsidiary are entitled to claim deduction, under the provisions of Section 80JJAA of the Act, of an amount equal to thirty per cent of additional employee cost (relating to specified category of employees) incurred in the course of business in the previous year, for three assessment years including the assessment year relevant to the previous year in which such employment is provided. The conditions are as follows:

- a. There should be an increase in the total number of employees employed by the Company and its material subsidiary (compared to the total number of employees as on the last day of the preceding year);
- b. Payment to employees should be made by account payee cheque/draft/ECS.
- c. Deduction is available only in respect of cost incurred on any employee whose total emoluments are less than or equal to INR 25,000 per month.
- d. Employees for whom the entire contribution is paid by the Government under the Employees' Pension Scheme notified in accordance with the provisions of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 shall not be considered as an 'additional employee';
- e. Employees should participate in the recognized provident fund.
- f. The employee should have served a minimum number of 240 days in the financial year.
- g. Deduction shall be restricted to 30% of additional employee cost incurred in the relevant financial year for a period of three assessment years including the assessment year relevant to the previous year in which such employment is provided.

## **3. Deduction under section 80M of ITA**

Subject to fulfilment of prescribed conditions, the Company and its material subsidiary are entitled to claim deduction, under the provisions of Section 80M of the Act. Pursuant to the provisions of section 80M of ITA, dividend received by the company from any other domestic company or a foreign company or a business trust, a deduction of an amount equal to so much of the amount of income by way of dividends received from such other domestic company or foreign company or business trust as does not exceed the amount of dividend distributed by the company on or before one month prior to due date of furnishing the income-tax return under Section 139(1) of the ITA for the relevant year, be allowed.

## **II. SPECIAL TAX BENEFITS AVAILABLE TO SHAREHOLDERS OF THE COMPANY**

The following tax benefits are generally available to the shareholders of all companies subject to the fulfilment of the conditions specified in ITA:

### **1. Taxability of dividend income from shares of the Company**

Dividend income earned on shares of the Company will be taxable in the hands of shareholders as 'income from other sources' at tax rate applicable to such shareholder.

The shareholder is eligible to claim deduction of interest expense wholly and exclusively incurred for earning of such dividend income under section 57 of ITA. However, such deduction is restricted to 20 per cent of dividend received.

Further, in case of shareholders who are individuals, Hindu Undivided Family, Association of Persons, Body of Individuals, whether incorporated or not, surcharge would be restricted to 15%, irrespective of the amount of dividend.

Further, in case of a shareholder being a company, deduction in respect of dividends received from the Company shall be available under section 80M of ITA, to the extent such dividend is distributed by it on

or before one month before the due date of filing return of income under sub-section (1) of section 139 of ITA.

## **2. Taxability of gain/ loss arising from sale of shares of the Company**

The characterization of gains/ losses, arising from sale of shares, as capital gains or business income would depend on the nature of holding in the hands of the shareholder and various other factors.

### **a. Taxability under the head ‘capital gains’**

Section 112A of ITA provides for concessional rate of 12.5% (plus applicable surcharge and cess) on long term capital gains (aggregate exceeding Rs. 1,25,000 in a particular year) arising from equity shares of the Company, if Securities Transaction Tax (‘STT’) has been paid on both acquisition and transfer of such shares. The benefit of indexation under the second proviso to section 48 of ITA shall not be applicable for computing long term capital gains taxable under section 112A of ITA.

As per the provisions of section 111A of ITA, short term capital gain arising from transfer of equity share in the Company through a recognized stock exchange and subject to STT shall be taxable at a concessional rate of 20% (plus applicable surcharge and cess).

### **b. Taxability under the head ‘income from business and profession’**

Where the gains arising on the transfer of shares of the Company are included in the business income of a shareholder and assessable under the head “Profits and Gains from Business or Profession” and on such transfer is subjected to STT, then such STT shall be a deductible expense from the business income as per the provisions of section 36(1)(xv) of ITA.

## **Notes:**

1. The above annexure of special direct tax benefits sets out the provisions of law in a summary manner only and is not a complete analysis or listing of all potential tax consequences.
2. The above annexure of special tax benefits is as per the current direct tax laws relevant for the assessment year 2026-27. Several of these benefits are dependent on the Company, its Material Subsidiary in India or its shareholders fulfilling the conditions prescribed under the relevant provisions of ITA.
3. The above annexure covers only certain special tax benefits under ITA, read with the relevant rules, circulars and notifications and does not cover any benefit under any other law in force in India. This annexure also does not discuss any tax consequences, in the country outside India, of an investment in the shares of an Indian company.
4. In respect of non-resident shareholders, the tax rates and the consequent taxation shall be further subject to any benefits available under the applicable Double Taxation Avoidance Agreement (‘DTAA’), if any, between India and the relevant country subject to entitlement.
5. This annexure is intended only to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of tax consequences, each investor is advised to consult his or her tax advisor with respect to specific tax consequences of his/her investment in the shares of the Company.
6. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. The views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes.

## SECTION IV: ABOUT OUR COMPANY

### INDUSTRY OVERVIEW

Unless otherwise indicated, industry and market data used in this section have been derived from the report titled “Industry Report on the Indian Insurance Distribution Market” dated January 2026 (the “**Redseer Report**”), prepared and released by Redseer Strategy Consultants Private Limited and exclusively commissioned and paid for by us in connection with the Offer, pursuant to an engagement letter dated April 1, 2025. Any reference to the Redseer Report must be read in conjunction with the full Redseer Report, which is available on our website from the date of this UDRHP-I until the Bid/Offer Closing Date and has also been included in “**Material Contracts and Documents for Inspection – Material Documents**” on page 674. The data included herein includes excerpts from the Redseer Report and may have been re-ordered by us for the purposes of presentation. There are no parts, data or information (which may be relevant for the proposed Offer) that have been left out or changed in any manner. Unless otherwise indicated, financial, operational, industry and other related information derived from the Redseer Report and included herein with respect to any particular year refers to such information for the relevant calendar year or financial year, if so stated. For more information, see “**Risk Factors - Internal Risk Factors – Certain sections of this UDRHP-I disclose information from the Redseer Report which has been prepared exclusively for the Offer and commissioned and paid for by us exclusively in connection with the Offer and any reliance on such information for making an investment decision in the Offer is subject to inherent risks**” on page 92. References to various segments in the Redseer Report and information derived therefrom are references to industry segments and in accordance with the presentation, analysis and categorisation in the Redseer Report. Our segment reporting in our financial statements is based on the criteria set out in Ind AS 108, Operating Segments and we do not present such industry segments as operating segments. References to various segments in the Redseer Report and information derived therefrom are references to industry segments and in accordance with the presentation, analysis and categorisation in the Redseer Report.

### INDIA’S ECONOMIC GROWTH & INCOME TRENDS PROVIDE A STRONG FOUNDATION FOR THE EXPANSION OF THE INSURANCE SECTOR

India, the fastest-growing major economy, is fuelled by a young and growing middle-income population with a higher earning and spending propensity. This is accelerating the formalization of the economy and driving widespread adoption of financial products. Growing digital penetration is further democratizing access to financial products across income and city tiers. These trends are collectively fostering a financially savvy, digitally empowered population with increasing purchasing power, creating strong momentum for rapid growth in financial products.

**Figure 1: India’s macroeconomic fundamentals are strongly positioned to support the growth and expansion of the insurance sector**

Source(s): Redseer research and analysis

## 1.1 Macroeconomic fundamentals are enabling robust economic growth

As of Fiscal Year (“Fiscal”) 2025 and Fiscal 2026, India’s nominal Gross Domestic Product (“GDP”) is estimated at approximately ₹332 trillion (US\$ 3.91 trillion) and ₹351 trillion (US\$4.1 trillion) respectively, ranking it as the fifth-largest economy globally, as per data from the International Monetary Fund (“IMF”). Over the past five years (Fiscal 2021-Fiscal 2026), India has maintained a strong growth trajectory with a Compound Annual Growth Rate (“CAGR”) of approximately 9%. Projections indicate that by Fiscal 2031, India’s GDP will reach ₹563 trillion (US\$6.6 trillion), expanding at an estimated CAGR of approximately 10% from Fiscal 2025 onward.

This rapid growth rate, the highest among major global economies, is expected to propel India ahead of Germany, and will be the world’s third-largest economy by Fiscal 2031.

**Figure 2: India is projected to become the 3<sup>rd</sup> largest economy by Fiscal 2031, with a 1.6x increase in the nominal GDP, the fastest among the major economies, to reach US\$6.6 trillion**

| Nominal GDP - Global Benchmarks                                                            |             |              |                |                                    |                                     |        |
|--------------------------------------------------------------------------------------------|-------------|--------------|----------------|------------------------------------|-------------------------------------|--------|
| Country                                                                                    | CY2025 Rank | CY2030P Rank | Change in rank | Nominal GDP CY2025 (US\$ trillion) | Nominal GDP CY2030P (US\$ trillion) | Growth |

|  UK     | 6           | 5            | ↓              | 4.0                                | 5.2                                 | 1.3    |

Note(s): 1. For India Fiscal 2026 and Fiscal 2031 considered, for other economies, CY2025 and CY2030 are considered  
Source(s): World Economic Outlook, October 2025, International Monetary Fund (“IMF”), Redseer research and analysis

India’s GDP per capita is projected to reach approximately ₹0.24 million (around US\$2,818) in Fiscal 2026, indicating a structural shift in consumption patterns. Historically, when countries cross the US\$2,000 threshold, discretionary spending tends to surge. For instance, China saw its private consumption grow at approximately 20% CAGR over the five years following its crossing in CY2006. India crossed this milestone in Fiscal 2022 and has since grown at approximately 6% CAGR. However, its per capita income still lags significantly behind that of China (US\$13,806), the UK (US\$56,661), and the US (US\$89,599) in CY2025. While these developed economies benefit from extensive social protection systems that further boost disposable income, India’s trajectory highlights significant organic headroom for consumption-led growth despite limited social coverage.

Private Final Consumption Expenditure (“PFCE”), the largest GDP component, has grown at approximately 11% CAGR over Fiscal 2020–25, from ₹122.4 trillion (US\$1.4 trillion) to ₹203.0 trillion (US\$2.4 trillion), with discretionary spending rising to approximately 48% of total consumption (vs. 40–43% a decade ago), reflecting a clear shift toward lifestyle and experiential categories.

As income rises, protection-linked spends grow. Swiss Re’s S-curve shows non-life insurance penetration accelerates post US\$5,000 GDP per capita. China’s penetration rose from 1.2% in CY2011 to 1.8% by CY2016 after crossing this mark. India is expected to follow a similar trajectory, approaching this inflection in the next decade, driven by a growing middle class, expanding insurable assets, and improved product affordability. Both India and China are currently in the fast-expansion zone of the S-curve for insurance adoption.

## 1.2 Rising incomes are driving the expansion of middle-income households across various city tiers

India is witnessing rising incomes, driven by strong economic expansion, a growing workforce, and gains in productivity through urbanization and technology adoption. As per Ministry of Statistics and Programme Implementation (MoSPI), India's Gross National Income per capita reached ₹0.23 million (US\$2,666) in Fiscal 2025, growing at a approximately 8.6% CAGR since Fiscal 2020 as one of the fastest rates among comparable economies.

Rising incomes are driving the expansion of India's emerging middle-income segment, reshaping household demographics and spending patterns. The number of middle-income households, comprising both upper and lower middle-income segments, has grown approximately 1.2x from 145 million (46% of all households) in Fiscal 2020 to 176 million (51% of all households) in Fiscal 2025. By Fiscal 2030, this segment is projected to reach approximately 57% of all households, comprising approximately 212 million households.

**Figure 3: India is projected to add approximately 36 million middle-income households between Fiscal 2025 and Fiscal 2030P, the highest among all income classes, while low-income households shrink by approximately 27 million**

Note(s): (1) Incomes are calculated based on real wage growth and account for wage inflation (2) P- Projected (3) Conversion rate of US\$ 1 = ₹85

Source(s): Redseer research and analysis

This growth is expected to originate from a couple of factors:

### 1. Growth from Tier over 2 cities to contribute 65-70% of the growth in middle income households by Fiscal 2030

India's expanding middle-income segment is expected to be led by Tier over 2 cities, projected to contribute 65-70% of new households. These cities, driven by sectors like textiles and IT, already account for approximately 72% of the retail market and will house approximately 83% of Indian households by Fiscal 2030.

Rural consumption is also rising, with monthly household spends up 70% from Fiscal 2017 to Fiscal 2022, and household savings improving to 66%. This shift is supported by infrastructure programs, digital access, tax relief, and formal employment and skilling initiatives enhancing income stability and financial access (to credit, insurance, etc.). Additionally, lower operational costs in these cities, availability of skilled talent, and growing sectoral diversification by corporates are further contributing to the region's economic upliftment and attractiveness.

**Figure 4: Middle income households are set to reach approximately 212 million by Fiscal 2030 with 65-70% growth originating from tier over 2 cities**

Note(s): (1) Tier over 2 refers to cities with a population of less than 1 million (2) Tier 1 refers to cities with a population of more than 1 million, excluding metro cities (3) Metro cities indicate 8 cities, namely – Mumbai (Maharashtra), Delhi (NCT), Bangalore (Karnataka), Chennai (Tamil Nadu), Hyderabad (Telangana), Kolkata (West Bengal), Pune (Maharashtra) and Ahmedabad (Gujarat) (4) P - Projected  
Source(s): Redseer research and analysis

## 2. A rising young and skilled workforce is driving higher household incomes

India's young demographics are expanding the middle-income base, with the 20-59 age group forming approximately 54% of the population and labour force participation rising to 60% in Fiscal 2024. Improving literacy and a large English-speaking workforce are boosting earning and spending capacity. Rising formal employment is also increasing insurance adoption via group policies. Asset ownership is rising in parallel with retail automobile<sup>1</sup> sales growing from 20.8 million in Fiscal 2020 to 24.7 million in Fiscal 2025 as per the Society of Indian Manufacturers ("SIAM"), reflecting aspirational consumption and expanding the insurable base, especially in rural and semi-urban markets.

### 1.3 India's rapidly expanding digital ecosystem is reshaping the consumer economy

**Figure 5: India's digital population is expected to grow significantly by Fiscal 2030, with access to the internet to reach an estimated 65-75% of the population**

Note(s): P- Projected  
Source(s): Redseer research and analysis

<sup>1</sup> Includes passenger vehicles, three-wheelers, two-wheelers, and quadricycles and excludes only commercial vehicles

As of Fiscal 2025, India's internet user base is estimated to be 818-853 million, projected to reach 990-1,140 million by Fiscal 2030 penetrating 65-75% of the population. Smartphones are now the primary mode of internet access, with users expected to grow from 692-706 million in Fiscal 2025 to 960-1,080 million by Fiscal 2030, a 7-9% CAGR increase.

India's rapid digital adoption is driven by four key enablers:

- i. **Affordable internet access:** India's data prices average approximately ₹14 (US\$0.16) per GB which are far below the global average of approximately ₹222 (US\$2.61), driving rapid smartphone adoption across city tiers. The rollout of 4G/5G has further expanded high-speed internet access and digital inclusion.
- ii. **Low-cost smartphones:** Unlike developed markets that transitioned from personal computers to mobile, India leapfrogged to smartphones due to affordability. As per IDC Quarterly Mobile Phone Tracker, the average smartphone price in India is approximately US\$274 vs. approximately US\$434 globally.
- iii. **Policy and regulatory support:** Programs like Digital India, BharatNet, and PMGDISHA have expanded connectivity and digital trust, while frameworks such as the Digital Personal Data Protection Bill strengthen secure digital participation.
- iv. **Robust Digital Public Infrastructure ("DPI"):** The Aadhaar-enabled DPI stack (e-KYC, UPI, DigiLocker, etc.) enables seamless payments, identity verification, and access to services, forming the backbone of digital delivery.

Together, this ecosystem is unlocking financial inclusion and digital adoption. Consumers are increasingly drawn to digital-first experiences across payments, commerce, mobility, and utilities, creating multiple entry points into the formal financial ecosystem.

#### 1.4 Rising income and digitization are enabling rapid financial inclusion but there remains headroom for growth

Gross savings of the household sector in India have grown at a constant CAGR of approximately 9% from Fiscal 2020-24 and is estimated to be approximately ₹54.6 trillion according to the second advance estimates of annual gross domestic product by MoSPI. This sustained growth underscores a strengthening savings culture among Indian households.

Financial assets, which include equities, mutual funds, insurance, currency, and other instruments account for approximately 49% of Indian household savings in Fiscal 2024. Within financial assets, insurance has grown at a healthy CAGR of approximately 12% between Fiscal 2020 and Fiscal 2024. However, a strong preference for physical assets persists, indicating substantial headroom for further financialization. In comparison, mature markets like the US and UK allocate a significantly higher share of household savings to financial assets at approximately 68% each, as of CY2024 signalling headroom for growth.

**Figure 6: Indian households are increasingly investing in financial assets, with significant headroom for growth compared to developed markets like the UK and US**

Note(s): (1) Physical assets include - Property & gold; (2) Financial assets include - Currency & deposits, Insurance, mutual funds, equity, Provident fund, other fixed income instruments, etc. (3) Conversion rate of US\$ 1 = ₹85 (4) Percentages may not sum to 100% owing to rounding differences.

Source(s): RBI, Federal Reserve System, Office of National Statistics, Redseer research and analysis

This shift towards financial assets is being driven by a combination of evolving consumer behaviour and supportive policy initiatives aimed at steering the country in that direction.

1. **Rising financial awareness in Tier-2+ cities:** Increasing digital access, youth-led demographics, and focused financial inclusion efforts have deepened engagement with formal financial products. The RBI's Financial Inclusion Index rose from 43.4 in Fiscal 2017 to 67.0 in Fiscal 2025, reflecting progress across access, usage, and quality. Programs like Jan Dhan Yojana (with accounts growing from 383 million in Fiscal 2020 to 551 million in Fiscal 2025 with 67% from rural/semi-urban areas) and the JAM trinity (Jan Dhan, Aadhaar, Mobile) have laid the foundation for digital financial inclusion.
2. **Greater comfort with digital finance:** UPI transaction value grew at approximately 65% CAGR from ₹21 trillion in Fiscal 2020 to ₹257 trillion in Fiscal 2025, with 80% of this growth coming from Tier-2+ cities, reflecting growing trust in digital systems and increasing convenience-led adoption.
3. **Expanding participation in financial markets:** Demat penetration reached 11-13% of adults, NSE retail investor count touched 40 million, and retail loan disbursements hit approximately ₹78 trillion in Fiscal 2025 (approximately 25% CAGR from Fiscal 2020), indicating broader engagement across equity, credit, and investment products.
4. **Adoption of long-term financial instruments:** Pension schemes such as the National Pension Scheme ("NPS") with 1.2 million new private subscribers in Fiscal 2025 and Atal Pension Yojana ("APY") with approximately 76 million subscribers are helping instil savings and protection habits among low-income and informal sector workers.
5. **Policy and infrastructure support:** Initiatives like Prime Minister Wi-Fi Access Network Interface ("PM-WANI"), India Stack, e-KYC, Skill India, and Financial Literacy Centres are bridging access gaps in underserved regions. Concurrently, regulatory interventions by IRDAI, SEBI, and RBI are enhancing trust, improving ease of onboarding, and driving adoption.

Together, these developments are deepening India's financialization base, creating a large, cost-effective pool of insurable customers. As awareness, access, and digital infrastructure expand, insurers are better placed to scale protection offerings in underserved markets.

## **INDIA'S UNDERPENETRATED INSURANCE SECTOR IS SET FOR STRONG GROWTH ACROSS LIFE AND NON-LIFE SEGMENTS, DRIVEN BY BEYOND TOP 30 MARKETS BY POPULATION (B30+) MARKETS**

Motor and health insurance are among the fastest-growing segments in India's non-life insurance market, driven by regulatory mandates, rising healthcare costs, and digital adoption. Motor insurance is expanding rapidly driven by increasing vehicle ownership, regulatory compliance, and growing adoption of digital insurance platforms. Health insurance is witnessing substantial growth as rising medical inflation, changing disease patterns, and increased awareness post COVID fuel demand. The life insurance market in India is evolving, driven by rising financial awareness, growing adoption of digital-first distribution models and supportive regulatory interventions.

### **2.1 India's insurance market remains robust with a strong growth potential**

India's insurance penetration remains well below that of developed economies, with Gross Written Premium ("GWP") as a percentage of GDP standing only approximately 3.7% as of CY2024. With life insurance at approximately 2.7% and non-life at approximately 1.0%, compared to the global average of approximately 3.0% for life and approximately 4.3% for non-life, according to Swiss Re Institute Sigma No 2/2025 World Insurance report. Mature markets such as the United States and the United Kingdom reported significantly higher penetration levels of approximately 12.1% and approximately 11.8%, respectively in CY2024, signalling room for growth. India's insurance penetration is projected to exceed 4% by Fiscal 2030P, driven by increasing awareness and growing adoption of insurance products.

**Figure 7: Insurance in India is underpenetrated with a significant headroom for growth**

Source(s): Swiss Re Institute Sigma No 2/2025, IRDAI, Redseer research and analysis

Insurance density in India, measured as Gross Direct Premium Income (“**GDPI**”) per capita, stood at approximately US\$97 (approximately ₹8,245) in CY2024, up from approximately US\$74 (approximately ₹6,290) in CY2018. This is projected to rise to US\$148-156 (₹12,580-13,260) by CY 2030. In comparison, mature economies such as the US and the UK reported significantly higher insurance densities of approximately US\$10,295 (approximately ₹8,75,075) and approximately US\$6,185 (approximately ₹5,25,725), respectively, in CY2024. China, another major emerging economy with a comparable population, had an insurance density which is substantially higher at around approximately US\$558 (approximately ₹47,430) in the same year, indicating a significant headroom for growth for India. Additionally, with large protection gaps and growing retirement income needs, there is opportunity for life insurers to develop new life products that proactively anticipate consumers’ needs, and solutions that can be distributed through digital channels, as per Swiss Re. According to Swiss Re, India accounts for one of the largest life insurance protection gaps globally, estimated at approximately US\$45 billion in 2022, representing over 10% of the total global protection gap.

India continues to have a growing segment of middle-income households which remain vastly underpenetrated, especially in retail health insurance. With health insurance penetrations >50% for households of income less than ₹0.15 million per annum (owing to government schemes) and more than ₹0.5 million per annum, the middle-income households create a “missing-middle” for the Indian insurance industry with a meagre 20-30% penetration as of Fiscal 2025. Historically, low insurance penetration in India has been driven by a combination of factors:

- i. **Limited awareness:** Consumers are unaware about the full spectrum of insurance benefits, including life-stage planning, health risk coverage, and asset protection. They continue to associate insurance primarily with tax benefits rather than as a strategic tool for long-term financial protection.
- ii. **Constrained distribution reach:** Traditional distribution channels are concentrated in Metro and tier-1 cities, leading to under-penetration in Beyond the Top 30 markets (“**B30+**”).
- iii. **Trust deficit:** Past instances of mis-selling, unclear policy terms, and delays in claims settlement have led to scepticism and cautious behaviour toward insurers.
- iv. **Product complexity:** Insurance offerings often contain technical jargon and complex terms, which can be difficult to interpret for first-time buyers.

India’s total GDPI, the aggregate of all premiums collected by insurance companies, is approximately ₹11.9 trillion (US\$140 billion) in Fiscal 2025. Life, health, and motor insurance account form the largest segments accounting for approximately 92% of all GDPI collected in Fiscal 2025. Other major segments include personal accident, travel, fire, crop, and marine insurance. Health insurance has been the fastest-growing segment between Fiscal 2020 and Fiscal 2025, with a CAGR of approximately 18%, driven by rising awareness and demand, following the Covid-19 pandemic. It also expected to remain the fastest growing segment between Fiscal 2025

and Fiscal 2030 growing at a CAGR of 14-16%, followed by Motor insurance, which is expected to grow at 10-12% CAGR during the same period. Looking ahead, insurance GDP is projected to reach ₹19-21 trillion (US\$221-242 billion) by Fiscal 2030, driven primarily by growth in health and motor insurance, with digital distribution and bundled products further boosting accessibility and adoption across diverse consumer segments.

**Figure 8: Led by health and motor, India's insurance market is expected to expand rapidly at a CAGR of 10-12% over the next five years**

Note(s): (1) Health Insurance excludes Travel and Personal Accident, (2) Motor Insurance includes Own Damage and Third-party, (3) Life insurance includes both new and renewal premiums, (4) P – Projected, (5) Conversion rate of US\$ 1 = ₹85 used  
Source(s): IRDAI “Handbook on Indian Insurance Statistics 2023-24”, GIC, Redseer research and analysis

The IRDAI envisions achieving ‘**Insurance for All**’ by 2047, aiming to ensure that every Indian citizen has access to suitable life, health, and property insurance coverage, and that all enterprises can avail themselves of appropriate insurance solutions. Achieving this will require the insurance sector in India to grow at a significantly faster pace than the projected growth rate mentioned above. In pursuit of this goal, IRDAI is actively introducing measures to boost penetration, including promoting microinsurance for low-income segments, integrating with government schemes like PMJAY, and advancing financial inclusion through program-linked coverage. It is also driving standardization and technology adoption to expand access, particularly in underserved rural areas. With 75 insurers<sup>2</sup> operating in India as on 31<sup>st</sup> March 2025, IRDAI is also actively expanding the insurance landscape by increasing the number of licensed entities across life, non-life, standalone health, and reinsurance segments.

Some of the specific initiatives to drive insurance penetration by IRDAI and the Government of India are as follows:

- **Bima Sugam & Bima Trinity:** Bima Sugam is a proposed digital public infrastructure platform integrating services such as policy purchase, claims, agent transitions, and grievance redressal. It is part of the Bima Trinity, which also includes Bima Vahak (a women-led rural grievance redressal) and Bima Vistaar (a bundled life, health, and property insurance product). The initiative aims to digitize and simplify the insurance lifecycle while expanding reach in underserved rural markets through bundled products and grassroots distribution models.
- **Open Architecture:** Banks and other enterprises are required to provide an open architecture, enabling customers to select their preferred insurance products from a range of options, in accordance with applicable Indian regulatory requirements. Banks and Corporate Agents can now partner with up to 9 life insurers, 9 non-life insurers, and 9 standalone health insurers. This expands customer choice, encourages competition, and supports insurance penetration by offering more flexibility in product distribution.
- **100% FDI in Insurance Companies and Intermediaries:** The FDI cap has been increased to 100% for both insurance companies and intermediaries (e.g., brokers, TPAs, surveyors), removing previous ownership and control restrictions. The move is expected to boost capital inflows, drive global best

<sup>2</sup> Includes insurers and re-insurers

practices, and expand distribution and servicing capacity, especially for digital-first and tech-enabled players.

- **EOM Regulations:** Effective Fiscal 2024, IRDAI revised the erstwhile Payment of Commission Regulation from the Payment of Commission or Remuneration or Reward to Insurance Agents and Insurance Intermediaries, 2016 to Insurance Regulatory and Development Authority of India (Payment of Commission) Regulations, 2023. The new regulations, while removing the commission caps, put in place overall limits on Expense of Management (“**EOM**”) of the GI, health and Life insurers. These EOM caps were at 30% of GWP for GI, 35% of GWP for standalone health insurers (SAHIs). The revised regulations provide insurers with significantly greater flexibility in expense allocation and have materially altered how they manage their cost structures. Notably, the definition of “commission” has also been expanded to include any form of compensation - whether termed remuneration, reward, or otherwise - paid by an insurer to an insurance agent or intermediary for soliciting, procuring, or transacting insurance business. According to the IRDAI Annual Report for Fiscal 2024, this shift has led to a approximately 97% increase in commission payouts by general insurers – from ₹201.4 billion in Fiscal 2023 to ₹396.0 billion in Fiscal 2024. This also resulted in insurers scaling back their spends on marketing spends. Insurers have scaled back their operating expenses, which declined by approximately 30% during the same period. This redistribution of expenses has enabled insurers to reward outcome-linked distribution efforts more effectively. In particular, insurtech intermediaries that play a significant role in market development, such as improving access in underpenetrated regions, supporting Point of Sales Persons (“**POSPs**”), and driving digital adoption, have become key beneficiaries. As a consequence of such a change, the extent of marketing services that insurtech firms could provide to the insurance companies also underwent material changes. These players are now able to command higher payouts from insurers in recognition of their role in expanding the insurance footprint and enhancing last-mile service delivery.
- **The Insurance Amendment Act:** A major reform was announced in the Union Budget 2025, with the government increasing the FDI cap in insurance from 74% to 100%. Additionally, the Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Act, 2025 has received the President’s assent after being passed by both Houses of Parliament during the Winter Session 2025. To implement the higher FDI limit and related reforms, amendments will be made to the Insurance Act, IRDAI Act, NDI Rules, India’s FDI Policy, and various IRDAI regulations.

The Act introduces one-time, perpetual registration for insurance intermediaries, with intermediaries now required to pay annual fees to the IRDAI. Share transfer norms have been eased, with prior IRDAI approval now required only for transfers or issuances exceeding 5% of an insurer’s paid-up share capital (versus 1% earlier).

Other salient features include recognition of online modes of premium payment under Section 64VB, introduction of Managing General Agents (“**MGAs**”) as a new category of insurance intermediaries, and expanded IRDAI oversight. Insurance intermediaries are now explicitly subject to IRDAI’s investigative and directive powers, penalties for contraventions have been increased from INR 10 million to INR 100 million, and IRDAI has been granted explicit authority to regulate or cap commissions. MGA framework, thus enables a structure for deeper participation across the insurance value chain, potentially including product design and pricing, underwriting, distribution, and servicing, subject to regulatory oversight.

In addition, the Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Act, 2025 also authorizes the Central Government, in consultation with IRDAI, to notify ancillary and value-added services that insurers may undertake.

Collectively, these changes are expected to improve capital availability, ease entry and scaling for intermediaries and reinsurers, and strengthen regulatory oversight across the insurance value chain, while also supporting greater digitisation, product innovation, and long-term growth of insurance penetration in India.

- **National Health Claims Exchange (NHCX):** NHCX aims to standardize and digitize health insurance claims processing across insurers, hospitals, and TPAs. By enabling real-time data exchange, e-KYC integration, and interoperable claim formats, NHCX enhances transparency, reduces turnaround time, and improves efficiency across the health insurance value chain, especially under government and retail schemes.

- Exemption of GST on insurance premiums:** The GST Council's decision, effective September 2025, to exempt individual life and health insurance premiums from the earlier 18% Goods and Services Tax represents a significant structural shift for the sector. By removing the tax burden on term, health, ULIP, and traditional life insurance products, the reform directly reduces the effective cost of coverage for consumers. This intervention is expected to materially improve affordability, one of the key barriers to insurance penetration in India. As a result, it is anticipated to drive a meaningful uplift in first-time policy purchases, higher renewals, and improved adoption across mass and emerging-middle segments. The GST exemption therefore not only aligns with broader financial inclusion objectives but is also likely to support stronger, more sustainable growth in India's retail insurance market.

The said amendment has an impact on the availment of GST input tax credit for an insurer resulting in additional cost of doing business. To compensate the losses of benefit of input tax credit, insurers have and may continue to proportionately reduce the commission payouts for life and health insurance products to the insurance brokers/corporate agents.

Looking ahead, several upcoming reforms are set to further advance IRDAI's 'Insurance for All' vision, drive innovation and propel the growth of insurance in India.

## 2.2 Motor insurance in India is approximately ₹1.0 trillion (US\$11.7 billion) opportunity in Fiscal 2025, estimated to grow at 10-12% to ₹1.6-1.7 (US\$19-21 billion) by Fiscal 2030

Motor insurance policies in India are issued to cover third-party liability, own-damage risks, or as bundled products that combine both coverages. The motor insurance GDPI in India grew from approximately ₹0.7 trillion (US\$8.1 billion) in Fiscal 2020 to approximately ₹1.0 trillion (US\$11.7 billion) in Fiscal 2025, at a CAGR of approximately 8%. It is further expected to accelerate at 10-12% CAGR over the next five years to ₹1.6-1.7 trillion (US\$19-21 billion) by Fiscal 2030. Increasing consumer demand for motor vehicles is a key driver of the expanding motor insurance market.

An important factor in the sector's future growth is the rising contribution of markets Beyond the Top 30 ("B30+"). These regions are gradually playing a more significant role in the motor insurance market. Greater awareness of insurance, helped by digital platforms and government efforts, is making it easier for consumers in these areas to access and understand motor insurance products. By Fiscal 2030, B30+ markets are expected to contribute 45-54% of the total gross direct premium income from motor insurance, supported by a CAGR of 14-17%, growing 1.5-1.7x faster than Top 30 ("T30") markets by population.

**Figure 9: Motor Insurance GDPI is set to increase enabled by multiple structural drivers**

Note(s): (1) Motor Insurance GDPI includes Own Damage and Third-party GDPI, (2) P – Projected, (3) Conversion rate of US\$ 1 = ₹85 used (4) T30 refers to Top 30 markets by population and B30+ refers to rest of India.

Source(s): IRDAI "Handbook on Indian Insurance Statistics 2022-23", General Insurance Council (GIC) Segment wise report, Redseer research and analysis.

## 2.3 Health insurance in India is approximately ₹1.2 trillion (US\$13.8 billion) opportunity in Fiscal 2025, estimated to grow at 14-16% CAGR to ₹2.3-2.5 trillion (US\$27-29 billion) by Fiscal 2030

Health insurance has emerged as one of the fastest-growing segments in India's insurance sector, expanding from approximately ₹0.5 trillion (US\$6.0 billion) in Fiscal 2020 to approximately ₹1.2 trillion (US\$13.8 billion) in Fiscal 2025 at a CAGR of approximately 18%. By Fiscal 2022, it surpassed motor insurance to become the largest non-life segment. Looking ahead, the segment is expected to grow at a CAGR of 14-16%, reaching ₹2.3–2.5 trillion (US\$27–29 billion) by Fiscal 2030, supported by continued product innovation to cater to India's diverse demographic and economic landscape.

As of Fiscal 2025, retail health insurance, comprising policies purchased directly by individuals or families, contributes approximately 40% to health insurance and is expected to be the fastest-growing segment through Fiscal 2030, contributing 42-44% to overall health insurance. These policies typically command higher average premiums due to broader coverage and optional add-ons, and they exhibit strong renewal rates. This may lead to more predictable cash flows and enhances portfolio profitability, positioning retail health as a strategic growth driver for insurers.

Some of the key structural factors contributing to the rise of retail health in India are as follows:

- **Healthcare inflation and out of pocket expenses:** approximately 46% of India's Current Health Expenditure ("CHE") was driven by out-of-pocket expense, exacerbated by the rising healthcare inflation in the country at approximately 4.05%, making treatment unaffordable for many without insurance.
- **Impact of the COVID-19 pandemic:** The pandemic served as a structural inflection point for health insurance awareness. The unprecedented scale of hospitalization, coupled with financial strain, led to a surge in first-time policy adoption and demand for family floater and top-up plans. In its aftermath, there has been a sustained shift in consumer behaviour, with growing awareness not only of acute medical emergencies but also of chronic and lifestyle-related diseases such as diabetes, hypertension, and cardiac conditions- further reinforcing the perceived value of health insurance as a financial safety net.
- **Ageing population and demographic shift:** The population aged over 65 in India is projected to grow from approximately 90 million in 2019 to approximately 130 million by 2030, increasing demand for elderly-focused insurance products.

**Figure 10: Retail health insurance is projected to be the fastest-growing segment in the health insurance industry between Fiscal 2025-2030, with the highest demand driven from B30+ markets**

Note(s): (1) Health Insurance excludes Travel and Personal Accident, (2)P – Projected, (3) Conversion rate of US\$ 1 = ₹85 used (4) T30 refers to Top 30 cities by population and B30+ refers to rest of India.

Source(s): IRDAI "Handbook on Indian Insurance Statistics 2022-23", General Insurance Council (GIC) Segment wise report, Redseer research and analysis

Driven by rising healthcare awareness B30+ markets are expected to contribute 37-43% of health insurance GDPI by Fiscal 2030, expanding at a robust CAGR of 17-19%, approximately 1.6x more than in T30 markets.

- i. **Rising healthcare expenditure:** Household spending on healthcare has grown steadily, driven by increased incidence of chronic diseases, greater awareness and adoption of healthy lifestyle, and rising costs of diagnostics and hospitalization.
- ii. **Government- led interventions and schemes:** Programs such as Ayushman Bharat (“PM-JAY”) have brought health insurance into national discourse, while state-level schemes are expanding coverage for low-income segments. Additionally, IRDAI’s regulatory push for standardization and portability is fostering trust and transparency, collectively driving greater awareness, trust, and uptake of health insurance among first-time and underserved consumers.
- iii. **Improved access to healthcare infrastructure:** Rising investments in hospitals, diagnostics chains, and telemedicine, especially in B30+ markets, have improved healthcare availability and created a more favourable ecosystem for insurance utilization.
- iv. **New and Specialised Insurers:** The market has seen the entry of standalone health insurers and digital-first players focused on niche segments. These specialised models are enhancing product relevance, improving claims experience, and driving innovation tailored to evolving healthcare needs.

## **2.4 Life insurance forms the largest segment in India’s insurance landscape at approximately ₹8.9 trillion (US\$104.2 billion) in Fiscal 2025 with new business contributing approximately 45% to this**

Life insurance accounts for approximately 74% of India’s overall insurance market, having grown at a CAGR of approximately 9% from approximately ₹5.7 trillion (US\$67.4 billion) in Fiscal 2020 to approximately ₹8.9 trillion (US\$104.2 billion) in Fiscal 2025, with new business contributing approximately ₹4.0 trillion (US\$47.7 billion). Life insurance new business is expected to grow at a CAGR of 9-11% to ₹6.4-7.0 trillion (US\$75-82 billion) by Fiscal 2030.

As penetration deepens and distribution channels continue to evolve, life insurance is expected to play a pivotal role in advancing financial inclusion, enhancing household financial security, and supporting capital formation. The life insurance business in India is predominantly driven by agent and direct insurer channels. Unlike motor or health insurance, where demand is more customer-initiated, life insurance typically requires a push-based approach. As a result, approximately 76% of life insurance new business GDPI in Fiscal 2025 was generated through these channels.

B30+ markets, with a fragmented and diverse customer base, are expected to contribute 67-75% of total new business GDPI, supported by a CAGR of 10–11% by Fiscal 2030, 1.5-2x that of T30 markets. Several factors are driving this growth: the rise of digital-first distribution models, improved mobile and internet access, increasing awareness around the importance of financial protection and long-term savings, and government-backed schemes.

**Figure 11: Life insurance new business GDPI is set to increase, driven by growth in B30+ markets and enabled by multiple structural drivers**

Note(s): (1) P – Projected, (2) Conversion rate of US\$ 1 = ₹85 used (3) T30 refers to Top 30 markets by population and B30+ refers to rest of India

Source(s): IRDAI “Handbook on Indian Insurance Statistics 2022-23”, Segment wise report, Redseer research and analysis

B30+ markets are expected to contribute significantly to insurance growth, accounting for 45–54% of total GDPI from motor insurance with a CAGR of 14–17%, 37–43% of health insurance GDPI with a CAGR of 17–19% and 67–75% of total life new business GDPI with a CAGR of 10–11% between Fiscal 2025 and Fiscal 2030. Overall, premiums from B30+ markets across motor, health, and life new business segments are projected to grow at a CAGR of 12–15% between Fiscal 2025 and Fiscal 2030, approximately 1.3 to 2 times the growth rate of premiums from T30 markets.

This growth is further shaped by the distinct seasonal purchasing patterns observed across insurance segments in India. Non-life insurance, particularly among corporates, sees concentrated activity at the start of the financial year, driving a spike in premium inflows during April. In contrast, life and health insurance products experience stronger demand in the fourth quarter, driven by individuals aiming to leverage income tax benefits, resulting in elevated premium collections during that period.

India's insurance sector is set for strong growth across life, health, and motor segments, supported by favourable macroeconomic conditions and a progressive regulatory environment. Alongside this, ongoing product and distribution innovation is broadening access and deepening penetration across a wider population base.

Thus, as of Fiscal 2025, 50-60% of the GDPI for Motor, Health and Life New Business is expected from B30+ markets. B30+ markets are projected to experience insurance demand growth rates up to 1.6 times higher than T30 between Fiscal 2025 and Fiscal 2030 for motor, health and life new business insurance.

## 2.5 Emerging trends and technological advancement underscore substantial growth potential for insurance in India

India's insurance sector is undergoing a major transformation, driven by digital innovation, broader distribution channels, and strategic partnerships across industries. These changes are helping insurers reach new customer segments, improve conversions, and fundamentally reshape how insurance products are marketed, sold, and serviced.

India's insurance sector has undergone a significant digital transformation, steadily evolving from foundational IT systems with limited services in the early 2000s to fully integrated digital ecosystems today with the help of government backed initiatives such as Aadhaar-based e-KYC, e-signatures, and UPI-powered payments increasing accessibility. These digital tools have not only simplified customer onboarding but have also made policy issuance almost entirely paperless – greatly improving accessibility and streamlining both acquisition and servicing processes across the insurance value chain.

**Figure 12: Insurers are accelerating tech adoption across underwriting and processing to enhance speed, accuracy, and customer experience, making insurance more accessible and efficient**

Source(s): Redseer research

Key technology trends in the insurance landscape are as follows:

1. **Digital disruption and technology-driven growth:** Insurers are modernizing their core systems to improve efficiency, accuracy, and adaptability to growing scale. Some of these advancements include:
  - i) Automated underwriting, real-time processing, and AI-led workflows streamlining policy issuance, claims handling, and fraud detection.
  - ii) Cloud-native infrastructure enabling faster product deployment, reducing IT costs, and ensuring seamless third-party integration across the insurance value chain.
2. **Expanding insurance access to underserved markets through digital distribution:** Technology is transforming how insurance is distributed, expanding reach into underpenetrated markets while lowering distribution costs. Some of the key enablers are:
  - i) Aggregator platforms, tech-enabled brokers, and Point of Sales Person (“POSP”) led models driving convenience with instant quotes, paperless onboarding, and app-based servicing
  - ii) Self-service portals and conversational AI tools empowering customers to manage policies and claims independently, improving satisfaction and reducing servicing costs.
3. **Cross sector collaborations for driving growth:** Insurers are increasingly embedding offerings into adjacent digital ecosystems to deliver frictionless, relevant coverage. This includes:
  - i) Embedded insurance models via fintech and health-tech platforms, auto OEMs, and e-commerce platforms enabling frictionless distribution with contextual relevance.
  - ii) Big tech and digital platforms leveraging user data, scale, and engagement ecosystems to seamlessly integrate and distribute insurance products.

Together, these technology shifts are reshaping the insurance landscape, enabling greater personalization, wider product choice, and improved access for customers across segments.

## INDIA'S INSURANCE DISTRIBUTION LANDSCAPE: ASSISTED SELLING IS CRITICAL TO ENSURING “INSURANCE FOR ALL” BY 2047

India's insurance distribution landscape is rapidly evolving, driven by proactive regulatory reforms and the accelerated digital adoption. The total addressable market (“TAM”) for digital retail insurance distribution is

expected to grow from ₹3.1 trillion (US\$36.7 billion) in Fiscal 2025 to ₹5.3-5.8 trillion (US\$62-68 billion) by Fiscal 2030, with strong traction in motor, health, and retail life segments. Broker-led distribution, enabled by digital platforms and POSP models, is expected to drive ₹3.1-3.3 trillion (US\$36-39 billion) by Fiscal 2030, offering wider customer choice, deeper engagement, and efficient reach into B30+ and underserved markets. The remaining market offers strong headroom for digital expansion, especially through bancassurance via embedded insurance models.

Insurance distribution in India has evolved significantly- from traditional agent networks and bancassurance (Corporate Agents – Banks and Others) to digital brokers and now, tech-enabled assisted models, all of which are predominantly led by intermediaries assisting customers. The POSP model represents a pivotal step in this evolution, combining local trust with digital infrastructure to servicing to customers.

### 3.1 TAM for digital insurance distribution in India

India's insurance distribution remains largely driven by non-insurer-led channels, comprising intermediaries, which contribute over 90% of GDPI across motor, health, and life insurance segments. Even within insurer-led channels, the majority of premiums are still driven by offline, assisted processes. In total, assisted distribution accounts for over 95% of all insurance sales in India, highlighting the industry's continued reliance on human-led engagement coupled with digital advancements. Insurer-led direct channels continue to depend heavily on manual processes, highlighting significant scope for digitisation to improve efficiency and user experience. This trend is consistent globally as well with non-insurer-led channels contributing to more than 70% of premiums in the US and over 90% in China as of CY2024. The total addressable market ("TAM") for digital distribution of retail insurance in India, primarily across motor, retail health, and retail life insurance (new business), is estimated at approximately ₹3.1 trillion (US\$36.7 billion) in Fiscal 2025 and is projected to grow at 11-13% CAGR, reaching ₹5.3-5.8 trillion (US\$62-68 billion) by Fiscal 2030. This market opportunity for online insurance distribution platforms consists of the following two opportunities:

- (i) Broker-led distribution, enabled by digital platforms and POSP models, is expected to drive ₹3.1-3.3 (US\$36-39 billion) trillion by Fiscal 2030.
- (ii) The remaining market represents a significant opportunity for broader digital enablement, particularly through the bancassurance channel, which is expected to scale by leveraging technology to embed insurance products alongside loan offerings.

**Figure 13: The TAM for digital distribution of retail insurance is projected to reach ₹5.3-5.8 trillion (US\$62-68 billion) by Fiscal 2030**

*Note(s): (1) Retail life insurance excludes unit linked products, single premiums, (2) P – Projected, (3) Conversion rate of US\$ 1 = ₹85 used*  
*Source(s): Redseer research and analysis*

The growth is driven by a combination of distributor, insurer, and consumer-related factors. The digital insurance advisory and distribution space in India is part of a rapidly evolving and dynamic ecosystem, fuelled by the emergence of new business models and technologies. Traditional insurance providers and financial institutions are increasingly entering the insurtech space to tap into the growing opportunities presented by online platforms and their strong digital outreach capabilities.

As consumers increasingly seek guidance in selecting insurance products, the digital insurance distribution model is well positioned to address this need by improving access, particularly in B30+ markets. These underlying drivers are detailed below.

### 3.2 Customers seek subject matter experts / specialists' guidance in their insurance purchase journey, particularly in B30+ markets

India's insurance sector is poised for long-term, high-growth momentum, but continues to grapple with low penetration across the three largest segments – life, health, and motor. This challenge is rooted primarily in limited uptake driven by the lack of awareness. Insurance products are inherently complex and hence customers often seek guidance throughout their insurance journey, not just at the time of purchase, but also during post-sale servicing and claims. Some of the key challenges faced by customers is as follows:

1. **High dependency during claims:** The claims experience is a critical touchpoint in a customer's insurance journey. Insurance claims, especially in motor and health, require documentation and coordination with third parties, making intermediaries essential for smooth processing. With approximately 1 million life insurance claims and 5.6 million non-life claims recorded in Fiscal 2024, the scale highlights the critical need for effective support during the claims process. This often defines future purchase decisions, underscoring the importance of having a trusted party for seamless claims support.
2. **Low awareness of policy details:** Insurance products are complex, and financial literacy levels remain low across large segments of the population. As a result, customers often do not fully understand their coverage, exclusions, or claims procedures. Intermediaries, especially brokers and POSPs, typically help customers choose products better suited for them, especially in life insurance where many agents remain concentrated among the top insurers.
3. **Infrequent, high-cost purchases amid a vast array of complex products:** Insurance is typically an infrequent and high-value purchase, prompting customers to invest significant time and effort in evaluating options to ensure adequate protection and value. With 1,262 life insurance products, and 2,055 general and health insurance products spread across 62 life and general insurers, choosing the right product can be overwhelming. Product complexity is also driven up by a range of variables such as optional riders, policy tenure, premium payment structures, sum assured levels, exclusions, waiting periods, and co-payments. This highlights the need for support and guidance in selecting the right products and plans.
4. **Convenience and trust in human touchpoints:** Intermediaries such as agents and POSPs play a critical role in building trust and ensuring accessibility in the insurance journey, particularly in semi-urban and rural areas. Their familiarity and local presence offer reassurance during stressful events like claims, where personal support is often valued over digital-only channels. They also act as key facilitators in resolving service grievances, bridging communication between insurers and policyholders. Moreover, they help overcome language and digital literacy barriers, making insurance more approachable and inclusive for underserved segments.

Owing to these complexities, intermediary models are popular and play varying roles in influencing customer experience and product access:

- I. **Individual Agents and Corporate Agents:** Individual agents play a significant role in the distribution of life and health insurance. These agents are often familiar and trusted figures within their communities, providing accessible, ongoing support, particularly during complex processes such as claims. A large proportion of these agents are associated with the top four life insurers, contributing to a concentration in market share. Corporate agents, typically banks and large institutions, also remain relevant touchpoints, given their existing relationships and frequent interactions with customers across financial services. Their extensive physical branch presence across markets serves as a critical customer origination and engagement touchpoint.
- II. **Brokers:** Insurance brokers operate independently, offering access to a wide range of products across multiple insurers under open architecture. Brokers represent the customer's interest, supporting in personalised solutions through product comparison and choice, particularly relevant in complex categories such as health and commercial insurance.

To expand reach and simplify offerings, brokers increasingly engage certified POSPs – individuals permitted to sell products across motor, health, personal accident, and select life insurance. POSPs operating under a broker can offer products from multiple insurers, providing customers with broader choices and more personalized recommendations. They also play a key role in post-sale support,

particularly in claims assistance<sup>3</sup>, renewals and endorsements where the presence of a trusted POSP is highly valued. Digitally enabled brokers further amplify these advantages by enhancing consumer access, providing greater transparency to customers and POSPs, reducing distribution costs for insurers, and enabling efficient scaling of insurance offerings. On the other hand, the traditional setup features fragmented distribution and uncoordinated, agent-led sales.

**Figure 14: Fragmented and unorganized traditional distribution depends on a dispersed network of sellers limiting scale and consistency**

Source(s): Redseer research

Commission structures in the insurance broking industry are generally established in advance through mutual agreement between brokers and their Insurer Partners, in accordance with regulatory guidelines. Revenue earned from insurance distribution typically includes commissions and rewards for both new policy issuances and renewals, with payouts linked to the GWP recognized by the insurer. As outlined in the IRDAI's Master Circular on Actuarial, Finance and Investment Functions of Insurers dated May 17, 2024, premiums for Long-Term policies, where collections or the entire policy term spans beyond 12 months, GWP must be recognized annually. Accordingly, GWP for such policies is recognized by the insurers on a '1/n' basis, wherein the total premium is spread evenly across the policy tenure, and commission expenses incurred by the insurers on the sale of such policies are paid only on the recognized GWP for each financial year. As a result, brokers may experience timing-related delays in billing the commission to the insurer partners.

### 3.3 Scalable tech-enabled digital broker platforms enable instant and low-cost policy issuance for customers in B30+ markets, enhancing both affordability and accessibility, while also unlocking adjacent market opportunities

Technology has become a critical enabler in transforming insurance distribution by bringing down costs, improving turnaround times, and extending access to underserved markets. Digital-first platforms now allow policies to be issued instantly, even in B30+ regions, through tools such as e-KYC, e-signatures, UPI-based premium payments, and API-led integrations with insurers. These platforms also offer embedded features like training modules, real-time quotations, and personalized product recommendations, making the insurance journey seamless for both the POSPs and end customers. With increasing digital literacy in B30+ markets, technology-driven tools will likely augment both awareness and accessibility of insurance products in these regions.

Digital brokers are reshaping insurance distribution by delivering a seamless, API-driven customer journey across the value chain, from product discovery and onboarding to policy issuance and claims servicing. Enabled by integrated digital infrastructure, these platforms streamline operations while enhancing customer experience. Tech-enabled POSPs can act as the last-mile interface, combining localized trust with platform-driven capabilities to expand access, improve retention, and scale distribution efficiently across non-metro markets.

Technology platforms for distribution enable innovative marketplace business models that drive insurance penetration through right set of tech tools and financial incentives. A comparison can be drawn to the discount

<sup>3</sup> The approval and settlement of claims are subject to the fulfillment of insurer requirements, verification of coverage, compliance with the terms and conditions of the relevant policy, and satisfaction of all applicable requirements.

stockbroking model, which aggregated both demand and supply in a traditionally fragmented broking industry. On the demand side, it attracted a vast number of first-time investors by removing high brokerage fees, offering a flat, transparent pricing model, and providing a seamless, mobile-first trading experience. Simultaneously, the supply was streamlined by integrating directly with stock exchanges and depositories, bypassing legacy intermediaries and reducing operational inefficiencies. This aggregation of demand and supply fuels broader ecosystem growth, a trend expected to play out in insurance distribution as well, driven by the digital broker model.

**Figure 15: Digital enablement streamlines onboarding, certification, multi-insurer access, servicing, policy issuance, and real-time quotations through an integrated tech platform**

Source(s): Redseer research

Digital-first insurance brokers in India are projected to generate ₹350-400 billion (US\$4.1-4.7 billion) in premiums in Fiscal 2025, having grown at a robust CAGR of approximately 40% over the past five years. This growth has been fuelled by rising digital adoption, scalable tech-enabled operating models, and a strong presence in underpenetrated B30+ markets, allowing them to outpace traditional brokers in both reach and efficiency. Looking ahead, with increasing consumer preference for digitised journeys and the emergence of innovative distribution models, digital brokers are expected to sustain their momentum and grow at a CAGR of 25-30% over the next five years. By Fiscal 2030, their premium contribution is estimated to reach ₹1,220-1,300 billion (US\$14.5-15.4 billion), representing a dominant share of India's digitally distributed insurance market. Notably, the expansion enabled by digital platforms has led to over 60-70% of digital broker premiums originating from B30+ markets, underscoring their effectiveness in deepening penetration in underserved regions.

By leveraging technology, digital brokers are also enhancing customer engagement through:

- End-to-end digital journeys from policy selection to claims reduce friction for both customers and POSPs, enabling faster, smoother experiences.
- Agent-driven support strengthens customer trust and engagement, leading to higher retention, especially in underpenetrated B30+ markets.
- Access to a broad multi-product portfolio across insurers allows for tech-enabled policy recommendations and improved satisfaction.

By enhancing customer engagement across the value chain, digital brokers are also enabling more cost-efficient distribution. AI-led product matching, e-KYC, and automated issuance reduce manual effort and shorten the sales cycle, while digital servicing lowers overheads. Additionally, insurers are required to adhere to various regulations regarding EOM including robust governance frameworks.

Digital brokers, with their tech-driven, performance-linked model, offer a leaner, cost-effective, and scalable solution for insurers to better manage their expenses and expand reach. This drives conversions and customer retention at lower costs reinforcing digitization as a cornerstone in the ongoing transformation of the insurance industry, with digital brokers thus delivering about 8-10% cost savings to insurers.

Moreover, the digital ecosystem facilitates POSP operations by providing easy onboarding, training, and real-time policy issuance tools. Technology enhances transparency for POSPs regarding payout details and streamlines the payout process, ensuring timely and reliable payments, which are critical to POSPs.

With the formal notification of the Digital Personal Data Protection Rules in November 2025, India has taken a decisive step toward a more structured, technology-led data governance framework. The phased implementation, until May 2027, sets the foundation for a more transparent and consumer-centric digital ecosystem.

For digital brokers, this regulatory evolution reinforces the role of technology as a trust enabler. As consumers gain greater control over how their data is collected, used, and shared, platforms that invest early in consent management, secure data handling, and rights-based workflows will be better positioned to offer choice with confidence. The requirement to manage explicit consent further accelerates the shift toward robust, auditable, and interoperable tech systems. Over time, this framework is expected to strengthen consumer trust, improve data quality, and support more informed product discovery, reinforcing the value proposition of digital brokers as transparent, tech-enabled intermediaries in the insurance ecosystem.

### **3.4 Scalable technology infrastructure is enabling strategic distribution partnerships, expanding reach and accelerating insurance adoption, particularly through embedded insurance and API-based models**

Customizable SaaS solutions are transforming digital insurance distribution by enabling both financial institutions and consumer-facing platforms to integrate and scale insurance offerings within their existing ecosystems. For banks and NBFCs, these platforms support end-to-end digitization of the insurance workflow, starting from partner onboarding and certification to unified product access, AI-driven need assessment, instant policy issuance through API integrations, and post-issuance servicing. This allows bancassurance players to embed insurance products seamlessly into customer journeys, ensuring regulatory compliance, faster turnaround, and operational efficiency.

At the same time, platforms such as e-commerce marketplaces, OTAs, and digital payment providers are leveraging the same infrastructure to offer small-ticket, contextual insurance products, like travel cover, device protection, or loan-linked insurance, at relevant transaction points. These integrations enable real-time premium calculation, instant policy activation, and simplified servicing, creating a frictionless user experience while opening up additional revenue streams. Thus, by aggregating multiple insurance products on a single platform, this customizable SaaS solution addresses the regulatory requirement for enterprises and streamlines the insurance distribution process for enterprise clients, including banks, financial institutions, ecommerce players, and fintech companies.

The insurance distribution SaaS market opportunity has seen strong growth, expanding from an estimated approximately ₹550 billion (US\$6.5 billion) in Fiscal 2020 to ₹1.4-1.6 trillion (US\$16-19 billion) in Fiscal 2025. Looking ahead, the TAM is expected to grow further at a CAGR of 21-26%, reaching ₹3.7-4.4 trillion (US\$43-52 billion) by Fiscal 2030. This growth will be driven by rising insurance adoption and increasing attachment rates of insurance products across financial services and consumer technology platforms, unlocking significant headroom for scalable, SaaS-based distribution solutions.

**Figure 16: Scalable technology can unlock ₹1.4-1.6 trillion (US\$16-19 billion) opportunity in insurance distribution in Fiscal 2025, expected to grow at a CAGR of 21-26% over the next five years**

Note(s): (1) P – Projected, (2) Conversion rate of US\$ 1 = ₹85 used  
Source(s): Redseer research and analysis

Technology has become imperative to the future of insurance distribution in India. It enables cost-effective, scalable models that streamline every stage of the customer journey. Digital brokers and POSP-led platforms are leveraging this infrastructure to drive deep penetration in B30+ markets. At the same time, embedded and SaaS-based integrations are opening up new, contextual distribution channels such as NBFCs, fintech platforms, and e-commerce platforms. Many of the NBFCs and fintech platforms in particular are adopting the POSP model to drive distribution of products, especially in B30+ markets. As insurers face rising cost pressures and growing demand for accessibility, tech-enabled distribution is emerging as the most efficient and sustainable path to expand reach and deliver affordable insurance at scale.

### 3.5 POSPs, which comprise a multi-brand assisted distribution model are the fastest growing insurance distribution channel

Since its introduction in October 2015, the POSP model has been progressively enabled by targeted regulatory reforms aimed at enhancing access, operational ease, and product availability. A major shift occurred in March 2017 when IRDAI revised the training requirements for POSPs in the non-life and health segments, replacing the NIELIT certification with a simplified in-house 15-hour training and internal examination. This change significantly lowered entry barriers, enabling faster onboarding of POSPs, especially in B30+ markets. Parallely, the product scope under the POSP channel expanded rapidly, with product approvals and participating insurers increasing drastically over the last 5 years.

Further regulatory impetus came from the March 2023 EOM circular, which granted insurers an additional 5% expense allowance for leveraging digital-first distribution strategies and removed the cap on commission expenses if the total EOM limits are adhered to. As a result, non-life insurers are rebalancing their cost structures. Commission expenses grew by 97% year-over-year, rising from ₹201.4 billion (US\$2.3 billion) in Fiscal 2022-23 to ₹396.0 billion (US\$4.6 billion) in Fiscal 2023-24. As a result, commissions as a share of total expenses (commission + operating) increased from 26.8% in Fiscal 2022-23 to 50.6% in Fiscal 2023-24, indicating a fundamental pivot toward distribution-led growth. These reforms have collectively driven the scale-up of POSP-led, tech-enabled assisted distribution, contributing to a steady rise in premium volumes across motor and health insurance segments.

**Figure 17: Evolution of the POSP model in the Indian insurance landscape**

Note(s): (1) POSPs include POSPs sponsored by Insurers, Brokers and Corporate Agents  
Source(s): IRDAI, Redseer research

Since inception, the POSP network has scaled to over 2.7 million individuals, exceeding the number of general insurance agents, underscoring its widespread acceptance and operational scalability. Brokers contribute to approximately 54% of all the POSP base in India at approximately 1.5 million individuals in India.

While the number of individual agents has grown moderately at approximately 9% during Fiscal 2020-25, POSPs are playing a critical role in last-mile outreach. The POSP model is expanding rapidly, with the number of registered POSPs growing over 5x between Fiscal 2020 and Fiscal 2025. During Fiscal 2020-25, POSPs grew at approximately 38% CAGR, significantly outpacing traditional general insurance agents at approximately 18%. As a result, as of Fiscal 2025, POSPs made up nearly 50% of the total insurance agent base and surpassed the number of general (non-life) insurance agents. By Fiscal 2030, the number of POSPs is expected to surpass general (non-life) insurance agents count by 1.3-1.5x, highlighting their growing role in driving insurance distribution across the country.

**Figure 18: Number of POSPs have grown at a CAGR approximately 38% between Fiscal 2020-25, while the number of individual agents has grown at a approximately 9% CAGR**

Note(s): (1) POSPs include POSPs sponsored by Insurers, Brokers and Corporate Agents

Source(s): IRDAI

The high adaptability of the POSP model can be attributed to the following:

- i. **Fewer entry requirements:** To become a POSP, an individual must be at least 18 years old and have completed education up to the 10<sup>th</sup> standard. With simpler training requirements and a quick induction, this model is highly accessible to a wider population.
- ii. **Simplified onboarding process:** POSPs can undergo digital training and certification directly through the insurance broker, eliminating the need for in-person certification process that is mandatory for traditional insurance agents. This is streamlining onboarding and training.
- iii. **Multi-insurer access:** POSPs reflect an open architecture approach to insurance distribution, enabling individuals to sell products from multiple insurers through a single platform. This multi-brand access enhances customer choice and deepens insurance penetration, especially in underserved markets. Unlike the case for agents – where insurers typically engage only with agents meeting specific premium thresholds, POSPs allow broader participation, empowering even small-scale sellers to contribute.

Between Fiscal 2020 and Fiscal 2025, POSP-driven GDPI has grown at a CAGR of 23-28%, across motor, retail health and retail life insurance, significantly outpacing traditional channels such as individual agents, corporate agents, and bancassurance. While the POSP channel currently has a limited presence in life insurance, its share is growing, particularly in driving penetration of small, entry-level products. The channel's contribution to premiums is steadily increasing and is expected grow at a CAGR of 24-32% between Fiscal 2025 and Fiscal 2030, outpacing the industry's growth rate of 10-12%. It is projected to account for 25-29% of motor, 9-10% of retail health, and approximately 4% of retail life insurance premiums by Fiscal 2030. Given the continuous expansion by IRDAI of the ambit of insurance products POSPs can sell, ranging from innovative, customizable covers to broader add-on offerings, the growth potential of the POSP channel could exceed current projections if this enabling regulatory trend continues.

**Figure 19: POSP is the fastest-growing distribution channel, with a projected CAGR of 24-32% from Fiscal 2025 to Fiscal 2030, outpacing the industry growth**

Note(s): (1) GDPI collected by POSPs of brokers considered for estimates, Others includes Individual Agents, Corporate Agents – Banks and Others, Brokers, Microinsurance agents, Web aggregators, Insurance Marketing Firms, and Common Service Centres (2) E- Expected (3) Conversion rate of US\$ 1 = ₹85

Source(s): IRDAI, GIC, Redseer Analysis and Estimates

A key enabler of this growth has been the model's inherent flexibility and digital-first design. POSPs operate with access to multiple insurers, allowing them to offer flexible and diverse solutions while leveraging digital platforms for onboarding, policy issuance, and servicing. These capabilities have enabled strong penetration in B30+ markets, supported by a younger, tech-savvy workforce that brings localized, relationship-driven service to the previously underserved markets, with the POSP model, thus transforming insurance distribution in India.

This approach has triggered a self-reinforcing flywheel: more customers attract more POSPs, which increases earnings potential for POSPs and strengthens engagement. In turn, this leads to more policies issued, richer data and insights, and continuous product innovation. As the ecosystem expands, these network and feedback effects

compound, enhancing customer value, driving platform-wide efficiency, and reinforcing the model's competitive advantage. The flywheel effect ensures that as the network grows, the value proposition for all participants strengthens, driving further engagement, operational efficiency and platform expansion.

**Figure 20: POSP platform flexibility unlocks self-reinforcing flywheels driving scale, engagement, and innovation**

Source(s): Redseer research

Some of the key above mentioned drivers enabling this shift towards a POSP-led insurance distribution model in India are explained as follows:

## 1. Favourable profiles of POSPs

Rising education levels are expanding the POSP talent pool, with over 13 million HSC pass-outs in Fiscal 2024 and 10.7 million higher education graduates in Fiscal 2022. Coupled with minimal qualification requirements and no upper age limit, the POSP model attracts a broad and diverse workforce, including students, housewives, gig workers, and even retirees. This flexibility enables insurers to mobilize underutilized human capital across urban and rural markets, creating a scalable, low-cost distribution engine.

POSPs are particularly inclined to distribute simple, pre-underwritten products such as two-wheeler insurance, low-premium health plans, and personal accident policies – products that require minimal servicing and are easy to explain. As smartphone penetration continues to grow at a CAGR of 7-9% through Fiscal 2030, POSPs are well-positioned to leverage digital platforms for onboarding, policy issuance, and customer servicing. This digital enablement enhances their productivity, reduces cost-to-serve, and allows insurers to expand reach into underserved and emerging customer segments with speed and efficiency.

Importantly, the POSP model also enables the seamless onboarding of Independent Financial Advisors (IFAs) and Direct Selling Agents (DSAs), allowing them to expand their product portfolio and tap into insurance distribution with minimal regulatory overhead.

## 2. The increasing number of POSPs, particularly across B30+ markets, is driving broader reach and contributing to the overall growth of the insurance ecosystem.

POSPs have broad penetration across India, driven by lower entry barriers, cross-product selling abilities, and their selling of low-ticket insurance products, particularly suited for first-time buyers in B30+ markets. POSPs, thus, have played a critical role in expanding insurance penetration across B30 markets, where formal insurance awareness and access remain limited. The model is uniquely effective in these markets, as POSPs are often trusted by local individuals, thus maintaining strong relationships within the concerned communities, minimizing the need to recruit traditional agents or relationship managers. This existing trust, combined with simplified product offerings and mobile-first digital tools, enables POSPs to seamlessly onboard customers, issue policies, and manage renewals without the need for physical

infrastructure. With substantial untapped demand in B30+ markets, prioritizing these markets presents a strong growth opportunity for the POSP model.

**3. POSPs is a cost-effective distribution model offering 8-10% cost savings to insurers:**

POSP model is a digitally enabled and low-cost compared to traditional channels such as agency and bancassurance. Typically operating through the broker channel, POSPs help insurers reduce distribution expenses by eliminating the need for physical infrastructure and conventional employment structures. The mobile-first, digital model enables seamless onboarding, policy issuance, and customer servicing – creating a more agile and scalable salesforce. Unlike traditional agents who must meet minimum business thresholds to remain active or maintain contracts, POSPs can be engaged flexibly without such barriers due to lower overhead costs.

When benchmarked against insurance agent channel, broker channels which employ POSPs tend to incur lower non-commission costs, often delivering 8-10% cost savings to insurers.

**4. POSP growth enables employment generation as well as drives partnerships with other retail financial distribution model**

**i. Income opportunities**

The Worker Population Ratio<sup>4</sup> stands at a modest 58.2% in CY2024 and formal job opportunities remain limited, particularly in non-metro and semi-urban regions. Among those engaged in non-agricultural sectors, 78.9% in rural areas and 66.2% in urban areas are employed in informal enterprises. With low entry barriers and flexible working models, the POSP creates meaningful income opportunities across diverse segments of the population where formal employment remains constrained. The model often serves as a secondary income stream for students, homemakers, retirees, and small business owners, enabling these micro-entrepreneurs to independently manage and grow their income.

**ii. Significant synergies with adjacent products:**

POSPs are evolving into multi-product financial advisors by leveraging their community networks to offer adjacent financial products beyond insurance, such as Independent Financial Advisors (“IFAs”) and Direct Selling Agents (“DSAs”). By leveraging their existing, trusted customer relationships, POSPs are well-positioned to cross-sell adjacent financial products such as mutual funds and loans. This diversification opens up access to a ₹0.15-0.2 trillion distribution pool in mutual funds and upto ₹2.5 trillion opportunities in loan distribution as of Fiscal 2024.

Now, with the introduction of the new labour codes, India’s labour framework is moving toward greater formalisation, expanded social-security coverage, and clearer wage structures, with meaningful benefits for POSPs operating within intermediary-led insurance distribution models. Standardised definitions of wages, improved timelines for payments, and mandatory digital record-keeping enhance transparency and predictability of earnings for POSPs. Further, the potential inclusion of gig and platform workers under social-security schemes can extend long-term benefits, strengthening income security and formal recognition. Overall, these reforms support a more stable, protected, and sustainable engagement environment for POSPs within the insurance ecosystem.

By lowering entry barriers and adopting a more inclusive model, the POSP model not only expands insurance penetration but also fosters local employment and supports economic growth.

**3.6 POSP-led simple motor, retail health, and life insurance products are ideal for B30+ markets, with digital infrastructure key to unlocking scale and efficiency**

A significant share of India’s insurance market is concentrated in low-ticket, standardized products, making it highly amenable to scale through POSP-led assisted distribution. This becomes particularly important for B30+ markets with lower insurance penetration and lower monthly household incomes. In motor insurance, majority of the GDPI is driven by policies with a sum insured below ₹0.5 million, largely comprising mandatory Third Party (“TP”) and simplified Own Damage (“OD”) covers that require minimal underwriting or customer education.

---

<sup>4</sup> Worker Population Ratio is defined by the Ministry of Statistics and Programme Implementation as the percentage of employed persons in the population.

Similarly, in health insurance, nearly 75% of GDPI comes from products under ₹0.5 million, which fall within the typical POSP distribution scope, characterized by pre-underwritten, easy-to-explain offerings. Moreover, the simplicity and uniformity of insurance products, such as motor, health and life insurance, make tech-enabled POSP models especially effective for reaching first-time buyers and driving insurance penetration in underserved markets.

For POSPs, digital tools significantly enhance productivity and income potential. App-based onboarding, real-time access to product training, sales enablement content, and lead management tools help agents improve both sales conversion and customer engagement. Dashboards track performance and commissions, enabling more transparent earnings and faster payouts. Additionally, technology empowers POSPs to serve a multi-product, multi-brand and multiple lines of business portfolio, access instant underwriting decisions, and manage end-to-end sales journeys from a single platform.

For customers, the tech-enabled POSP model offers a superior experience defined by greater choice, convenience, and transparency. With digital access to multiple insurers, POSPs enable real-time comparisons, tailored recommendations, and instant quotes, helping customers make informed decisions. The journey is fully digital, with paperless policy issuance and app-based payments. Post-purchase, customers benefit from digital claims tracking, faster grievance redressal, and centralized support, which is especially critical in B30+ markets where first-time buyers often need both guidance and assurance.

**Figure 21: Tech-enabled POSP model is right to drive insurance distribution and servicing B30+ markets**

### 3.7 The right-to-win the insurance distribution space in India is governed by 4 key levers: (i) assisted selling through POSPs, (ii) multi-brand model enabling customer choice, (iii) technology enablement, and (iv) distribution partnerships

India's insurance distribution model is undergoing a transformation, driven by regulatory innovation, expanding POSP adoption, and the ongoing push for digitization. Four core levers are central to this evolution: assisted selling through POSPs, multi-brand model enabling customer choice, technology enablement, and distribution partnerships. These levers are crucial for scaling insurance penetration, improving efficiency, and driving market growth. The POSP model empowered with digital tools and advisory support is expected to drive insurance adoption and support the goal of increasing insurance penetration across India.

In parallel, many distribution companies have expanded their portfolio beyond insurance to include ancillary financial products such as mutual funds, personal loans, credit cards, and fixed deposits. These offerings not only

deepen customer engagement but also create opportunities for cross-selling, allowing platforms to position themselves as holistic financial services providers.

**Figure 22: The next wave of insurance penetration will be led by the tech-enabled, multi-brand POSP model, enabling insurers greater distribution efficiency and reach**

## COMPETITIVE BENCHMARKING

The digital insurance distribution model, operating through POSPs, has witnessed the emergence of multiple players and showcased a competitive environment in recent years. Three players, namely, Turtlemint (“**Turtlemint Fintech Solutions Limited**”), Policybazaar (“**PB Fintech Ltd.**”), and InsuranceDekho (“**Girnar Insurance Brokers Private Limited**”), collectively the “Peer Group”, have emerged as among the leading players in the digital insurance distribution space, operating via the POSP model and each generating over ₹5000 million in revenue from operations in Fiscal 2024. Only one listed peer has been considered, as Policybazaar is the sole listed company in this space.

In 2015, Turtlemint became the first to adopt the POSP distribution model among the Peer Group and today also has the largest certified POSP network among the Peer Group as of March 31, 2025 as well as September 30, 2025<sup>5</sup>. Turtlemint Insurance Broking Services Private Limited (“**TIB**”) was incorporated on October 24, 2013 and received its broking license from the IRDAI on April 3, 2014. Following the issuance of the Guidelines on Point of Sales Person - Non-Life & Health Insurers (IRDA/ Int/ GDL/ ORD/ 183/ 10/2015) (“**PoSP Regulations**”) in 2015, TIB began adopting the PoSP model and established internal enablers, including collection of KYC documents and creation of systems and processes to onboard PoSPs. Within the Peer Group, InsuranceDekho (i.e., Girnar Insurance Brokers Private Limited) was incorporated in May 2016, and Policybazaar’s PoSP initiative, PB Partners, was launched in July 2021.

Turtlemint has also significantly outpaced the growth of the overall retail insurance market, in terms of GDPI. While the combined growth rate of retail health, retail life new business, and motor insurance stood at a CAGR of approximately 10.3% between Fiscal 2020 and Fiscal 2025, Turtlemint achieved a GDPI growth (within the same categories) of approximately 3.00 times higher in the period. As of September 30, 2025, Turtlemint has partnered with 44 insurer partners, representing over 70% of all life and general insurers in India.

The insurance distribution landscape has undergone a fundamental transformation with the rise of digital platforms. Traditionally, insurance was sold primarily through offline channels, Individual Agents, Brokers, and Bancassurance (Corporate Agents – Banks and Others), often resulting in a fragmented customer experience. However, with the advent of digitisation, a new generation of tech-enabled insurance brokers has emerged. These platforms offer a consolidated interface where customers can research, compare, and purchase policies across multiple insurers, enhancing accessibility, choice, and transparency. Recognising that customers still require assistance throughout the insurance journey, especially during product selection and claims, these digital brokers have adopted the POSP model.

Turtlemint has a registered POSP growth rate of approximately 41% as compared to the industry average for the POSP growth rate was approximately 35% between Fiscal 2021 and Fiscal 2025. In Fiscal 2025, the insurance industry had approximately 2.7 million POSPs, of which Turtlemint accounted for approximately 15.97% (0.43 million POSPs). By building a large network of POSPs who engage customers offline or through hybrid models,

<sup>5</sup> For H1 FY2026 (as of September 30, 2025), only the POSP network of InsuranceDekho (Girnar Insurance Brokers Private Limited) has been considered in the peer group, as Competition Commission of India (“**CCI**”) approval for the merger between InsuranceDekho and RenewBuy was received in November 2025.

they combine the convenience of digital platforms with the trust and guidance of in-person advisory. As of September 30, 2025 as well as March 31, 2025, Turtlemint operates the largest number of registered POSP distribution network among the Peer Group<sup>5</sup>. From Fiscal 2023 to H1 Fiscal 2026, Turtlemint facilitated distribution of 19.68 million insurance policies across 19,153 pin codes, representing 97.80% of the total pin codes (i.e., 19,583 pin codes<sup>6</sup>) in India.

As of Fiscal 2025, approximately 73.78% of Turtlemint's platform premiums originate from B30+ markets. On the other hand, the industry share of premium from B30+ markets in motor, retail health, and life insurance new business was 50-60% as of March 31, 2025.

As of March 2025, Turtlemint Pro has recorded the highest number of downloads among insurance seller apps<sup>7</sup> in India, as per Sensor Tower, a market intelligence firm.

#### 4.1 Peer Group Benchmarking

The digital insurance distribution landscape comprises a limited set of players with revenues exceeding ₹5,000 million, defined here as the Peer Group. These players are benchmarked against select financial and operational metrics outlined below. InsuranceDekho ("**Girnar Insurance Brokers Private Limited**") has been excluded from the benchmarking due to insufficient disclosures as it remains unlisted.

**Figure 23: Definitions of key metrics**

| Metric                  | Turtlemint<br>(Turtlemint Fintech Solutions Limited) <sup>1</sup>                                                                                                                                                              | Policybazaar<br>(PB Fintech Ltd.) <sup>2</sup>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

The Indian insurance distribution space has seen a surge of new-age players entering the market, driven by regulatory liberalization, improved internet penetration, and rising awareness around insurance, especially post-COVID. These emerging players are leveraging digital infrastructure, and mobile-first experiences to address long-standing inefficiencies in how insurance is discovered, sold, and serviced.

Modern digital platforms are adopting fintech- and e-commerce-inspired models, offering personalized policy recommendations, microinsurance products, and frictionless end-to-end journeys. The ecosystem is empowering POSPs with comprehensive digital toolkits and embedded insurance models are gaining traction by seamlessly bundling coverage into transactions like travel bookings, electronic purchases, and loan disbursements, fundamentally reshaping the moments at which consumers interact with insurance.

## THREATS AND CHALLENGES

Some of the threats and challenges facing the digitally-enabled brokers are as follows –

### 1. Evolving regulatory environment

IRDAI is actively updating guidelines around POSP licensing, product suitability, and digital sales practices. While these measures aim to enhance customer protection and market transparency, they could moderately increase compliance burden and operational costs for brokers. Staying agile and adapting processes early will be important. Additionally, insurers are required to adhere to various regulations regarding EOM including robust governance frameworks. As insurers seek to comply with these EOM

regulations, they may reduce commission rates or impose additional restrictions on compensation and allowances paid to distribution partners

## 2. Rise of insurers' D2C channels

Insurers are gradually investing in their own digital acquisition and servicing platforms to reduce reliance on intermediaries. While brokers remain key distribution partners today, a long-term shift towards insurer-led D2C could create incremental pressure on broker-led business volumes. Strengthening broker-insurer partnerships will be crucial to retain relevance.

## 3. POSP engagement and retention dynamics

Given that many POSPs treat insurance distribution as a secondary or part-time activity, maintaining consistent productivity requires continuous upskilling, digital enablement, and financial incentives, driving expenses Building stronger loyalty programs and offering differentiated career paths could help stabilize POSP networks over time.

## 4. Competitive intensity

The POSP-driven digital broking space is witnessing intensifying competition from incumbents and newer entrants alike, including traditional insurance intermediaries with a strong offline presence, insurance companies through their agency channels, banks and non-banking financial companies with extensive customer bases and distribution networks with cross-selling initiatives, other digital insurance marketplaces, aggregators and intermediaries, and direct-to-consumer online sales channel. The competitive environment is further intensified by the entry of technology-driven players who are leveraging data analytics, artificial intelligence and digital marketing to enhance customer experience and streamline the insurance purchase process. Rising customer acquisition costs could put pressure on unit economics, making it critical for brokers to focus on brand differentiation, technology-driven lead management, and improved agent productivity.

## 5. Cross-sell and customer lifetime value optimization

While brokers have scaled initial acquisition effectively, cross-sell into higher-margin categories like health and life insurance remains under-penetrated. Enhancing cross-sell engines and building deeper multi-product customer relationships will be key levers to maximize lifetime value and margin expansion.

## Glossary

| # | Terms in Use                          | Definition                                                                                                                                                                                                                                                                                                                                                                         |
|---|---------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | Assisted selling                      | A distribution approach where a sales representative, agent, or intermediary supports the customer throughout the insurance purchase journey- explaining product features, aiding in documentation, and offering post-sale assistance                                                                                                                                              |
| 2 | B30+                                  | Rest of India except Top 30 cities by population                                                                                                                                                                                                                                                                                                                                   |
| 3 | CY                                    | CY refers to a calendar year ended December 31                                                                                                                                                                                                                                                                                                                                     |
| 4 | CAGR                                  | Compounded Annual Growth Rate                                                                                                                                                                                                                                                                                                                                                      |
| 5 | City classification                   | Metro cities indicate 8 cities, namely – Mumbai (Maharashtra), Delhi (NCT), Bangalore (Karnataka), Chennai (Tamil Nadu), Hyderabad (Telangana), Kolkata (West Bengal), Pune (Maharashtra) and Ahmedabad (Gujarat)<br>Tier 1 refers to cities with a population of more than 1 million, excluding metro cities<br>Tier 2+ refers to cities with a population of less than 1 million |
| 6 | Common Service Centres (CSC)          | Physical facilities for delivering Government's e-Services to rural and remote locations where availability of computers and Internet was negligible. It is aimed at increasing insurance penetration in villages                                                                                                                                                                  |
| 7 | Current Health Expenditure            | Current Health Expenditure constitutes only recurrent expenditures for healthcare purposes net all capital expenditures (as defined by the Ministry of Health & Family Welfare, GOI)                                                                                                                                                                                               |
| 8 | Digital Personal Data Protection Bill | A legislative framework introduced by the Government of India to safeguard personal digital data. It outlines obligations of data fiduciaries, rights of data principals, and mechanisms for data processing, consent,                                                                                                                                                             |

| #  | Terms in Use                                               | Definition                                                                                                                                                                                                                                                                                                                                                                               |
|----|------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|    |                                                            | storage, and cross-border transfer in alignment with global privacy standards.                                                                                                                                                                                                                                                                                                           |
| 9  | Digital Public Infrastructure (DPI)                        | Open technology blocks or platforms such as digital identification (Aadhaar), payment infrastructure (UPI), data exchange (E-KYC), etc. They form digital networks that enable digital transformation and enhance accessibility of all goods and services                                                                                                                                |
| 10 | E-KYC                                                      | E-KYC refers to Electronic Know-Your-Client                                                                                                                                                                                                                                                                                                                                              |
| 11 | EOM- Expense of Management                                 | Refers to the total operational expenses incurred by an insurance company for managing its business.                                                                                                                                                                                                                                                                                     |
| 12 | Estimated (E)                                              | Wherever the data for given timelines is estimated (and not actual) the timelines in the chart has been denoted as xxE (where xx stands for the year in question). E.g.: FY23E stands for estimated values of financial year 2023                                                                                                                                                        |
| 13 | Financial Assets                                           | Financial assets include insurance, mutual funds, equity, provident fund, other fixed income instruments, etc.                                                                                                                                                                                                                                                                           |
| 14 | Financial Inclusion Index                                  | An index developed by the Reserve Bank of India to measure the extent of financial inclusion across three parameters: access, usage, and quality of financial services. It captures the progress of financial inclusion across states and population segments.                                                                                                                           |
| 15 | Fiscal or Fiscal                                           | Fiscal or FY refers to a financial year ended March 31                                                                                                                                                                                                                                                                                                                                   |
| 16 | GDP per capita                                             | The gross domestic product divided by the total population. It indicates the average economic output (income) per person.                                                                                                                                                                                                                                                                |
| 17 | Gross Direct Premium or GDPI                               | Gross Direct Premium Income or GDPI refers to actual premium collected from selling insurance policies                                                                                                                                                                                                                                                                                   |
| 18 | Gross National Income                                      | The total domestic and foreign income earned by a country's residents. It includes GDP plus net income received from abroad (such as remittances and foreign investments).                                                                                                                                                                                                               |
| 19 | Gross Written Premium                                      | Gross Written Premium is sum of gross direct premium income and premium on reinsurance accepted                                                                                                                                                                                                                                                                                          |
| 20 | Group Health Insurance                                     | Group health insurance entails health insurance coverage to a group of individuals, typically employees of a company                                                                                                                                                                                                                                                                     |
| 21 | High-income Household                                      | Household with an annual income more than ₹1.1 million (US\$3,500)                                                                                                                                                                                                                                                                                                                       |
| 22 | Independent financial advisors                             | Professionals who provide personalized financial guidance and product recommendations to clients. They operate independently and are not tied to specific financial institutions or insurers.                                                                                                                                                                                            |
| 23 | Insurance density                                          | It is the ratio of gross direct premiums to the population of the country. It is premium per capita                                                                                                                                                                                                                                                                                      |
| 24 | Insurance penetration                                      | It is the ratio of gross direct premiums to nominal GDP (GDP at current prices) of the country                                                                                                                                                                                                                                                                                           |
| 25 | Insurtech                                                  | It is a combination of insurance and technology solutions for enrolment, insurance claims processing, underwriting, policy administration, data insights, fraud detection and more.                                                                                                                                                                                                      |
| 26 | Jan Dhan-Aadhaar-Mobile (JAM) trinity                      | An initiative by the Government of India integrating bank accounts (Jan Dhan), digital identity (Aadhaar), and mobile connectivity to improve delivery of financial and welfare services, thereby promoting financial inclusion.                                                                                                                                                         |
| 27 | Lower income                                               | Household with an annual income less than ₹0.3 million (US\$13,000)                                                                                                                                                                                                                                                                                                                      |
| 28 | Lower middle income                                        | Household with an annual income between ₹0.3-0.8 million (US\$ 3,500-9,400)                                                                                                                                                                                                                                                                                                              |
| 29 | Pradhan Mantri Jan Dhan Yojana (PMJDY)                     | A national mission on financial inclusion launched by the Government of India to provide universal access to banking facilities. It offers zero-balance bank accounts, debit cards, insurance, and pension products to unbanked individuals.                                                                                                                                             |
| 30 | PM Gati Shakti National Master Plan                        | An integrated infrastructure development plan initiated by the Government of India aimed at improving multimodal logistics, enabling faster economic growth through seamless connectivity across sectors.                                                                                                                                                                                |
| 31 | Pradhan Mantri Gramin Digital Saksharta Abhiyan (PMGDISHA) | A scheme to promote digital literacy in rural India by training individuals to operate digital devices and access digital services, including online banking and government e-services.                                                                                                                                                                                                  |
| 32 | POSP                                                       | Point-of-sale person (POSPs) refers to insurance agents who have completed the mandatory training, enabling them to obtain the requisite certification to distribute insurance products in accordance with applicable IRDAI regulations, including the Guidelines on Point of Sales Person - Non-Life & Health Insurers (IRDA/ Int/ GDL/ ORD/183/ 10/2015) and any subsequent amendments |

| #  | Terms in Use                          | Definition                                                                                                                                                                                                                                                                                                                                                          |
|----|---------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 33 | Private Final Consumption Expenditure | It refers to the total value of all goods and services consumed by households and non-profit institutions serving households within a country.                                                                                                                                                                                                                      |
| 34 | Projected (P)                         | Wherever the data for given timelines is projected (and not actual) the timelines in the chart has been denoted as 20xxP (where xx stands for the year in question). E.g.: FY2030P stands for projected values of financial year 2030                                                                                                                               |
| 35 | Protection gap                        | The protection gap is the uninsured or unprotected portion of the resources needed to fully mitigate risk.                                                                                                                                                                                                                                                          |
| 36 | Retail Health Insurance               | Retail health insurance entails health insurance coverage to individuals or families                                                                                                                                                                                                                                                                                |
| 37 | Smart Cities Mission                  | An urban renewal and retrofitting program by the Government of India aimed at developing 100 smart cities with core infrastructure, sustainable environment, and use of technology to improve urban living standards.                                                                                                                                               |
| 38 | T30                                   | T30 refers to Top 30 cities in India in terms of population, namely Mumbai, Delhi, Bengaluru, Pune, Kolkata, Ahmedabad, Chennai, Hyderabad, Vadodara, Jaipur, Surat, Lucknow, Nagpur, Kanpur, Nashik, Indore, Coimbatore, Patna, Chandigarh, Bhopal, Ludhiana, Rajkot, Udaipur, Bhubaneswar, Guwahati, Ranchi, Jamshedpur, Dehradun, Varanasi, Agra                 |
| 39 | Upper Middle-income Household         | Household with an annual income between ₹0.8-1.1 million (US\$9,400-13,000)                                                                                                                                                                                                                                                                                         |
| 40 | US\$                                  | United States Dollar, the currency used in the industry overview section for depicting various market sizes at the exchange rate of 1 US\$ = ₹85. Although the currency rates may fluctuate from the one assumed in the RedSeer Report, RedSeer has maintained a standard practice of keeping the said currency rate to keep consistency across their historic data |
| 41 | Worker population ratio               | The proportion of the working-age population (typically aged 15 and above) that is actually engaged in productive work (either employed or self-employed), expressed as a percentage of the total population in the same age group.                                                                                                                                 |

## OUR BUSINESS

Some of the information in the following discussion, including information with respect to our business plans and strategies, contains forward-looking statements that involve risks and uncertainties. You should read **“Forward-Looking Statements”** beginning on page 40 for a discussion of the risks and uncertainties related to those statements and **“Risk Factors”** beginning on page 42 for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. The following information is qualified in its entirety by, and should be read together with, the more detailed financial and other information included in this UDRHP-I, including the information contained in **“Risk Factors”**, **“Industry Overview”**, **“Management’s Discussion and Analysis of Financial Condition and Results of Operations”** and **“Financial Information –Restated Consolidated Financial Information”** on pages 42, 196, 530 and 310, respectively.

Unless otherwise stated or unless context requires otherwise, the financial information in this section is presented on a restated basis and has been derived from our Restated Consolidated Financial Information. Our Company acquired Turtlemint Insurance Broking Services Private Limited (**“TIB”**) on May 8, 2024 (**“TIB Acquisition”**) and thus as on the date of this UDRHP-I, TIB is directly held by our Company. We present our Unaudited Proforma Financial Information to illustrate the impact of the acquisition of TIB as set out in the Unaudited Proforma Financial Information on our financial performance for each of the years ended March 31, 2025, March 31, 2024 and March 31, 2023 as if the aforesaid acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022, respectively. Therefore, the following discussion should be read together with our Restated Consolidated Financial Information and Unaudited Proforma Financial Information and the schedules and notes thereto, which appear elsewhere in this UDRHP-I. See **“Risk Factors – Internal Risk Factors – Our Company acquired Turtlemint Insurance Broking Services Private Limited with effect from May 8, 2024 from one of our Promoters, Dhirendra Nalin Mahyavanshi, and accordingly, we do not have a long consolidated operating history through which our overall performance may be evaluated. Further, the Unaudited Proforma Financial Information prepared for this UDRHP-I is presented for illustrative purposes only to illustrate the impact of the TIB Acquisition on our results of operations as if the acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022 and may not accurately reflect our future results of operations”** on page 48.

Our Company’s financial year commences on April 1 and ends on March 31 of the immediately subsequent year, and references to a particular Fiscal are to the 12 months ended March 31 of that year. Unless otherwise indicated, or if the context otherwise requires, in this section, references to **“the Company”** or **“our Company”** are to Turtlemint Fintech Solutions Limited on a standalone basis, and references to **“the Group”**, **“we”**, **“us”**, **“Turtlemint”**, **“our”**, are to Turtlemint Fintech Solutions Limited and its Subsidiaries, on a consolidated basis. Unless otherwise stated or unless context requires otherwise, all operational data presented in this section on a proforma basis illustrating the impact of the TIB Acquisition on our business and operations as if the aforesaid acquisition had been consummated on April 1, 2024, April 1, 2023 and April 1, 2022, respectively.

Unless otherwise indicated, industry and market data used in this section have been derived from the report titled **“Industry Report on the Indian Insurance Distribution Market”** dated January 2026 (the **“Redseer Report”**), prepared and released by Redseer Strategy Consultants Private Limited and exclusively commissioned and paid for by us in connection with the Offer, pursuant to an engagement letter dated April 1, 2025. Any reference to the Redseer Report must be read in conjunction with the full Redseer Report, shall be made available on our website upon filing of this UDRHP-I until the Bid/Offer Closing Date and has also been included in **“Material Contracts and Documents for Inspection – Material Documents”** on page 674. The data included herein includes excerpts from the Redseer Report and may have been re-ordered by us for the purposes of presentation. There are no parts, data or information (which may be relevant for the proposed Offer) that have been left out or changed in any manner. Unless otherwise indicated, financial, operational, industry and other related information derived from the Redseer Report and included herein with respect to any particular year refers to such information for the relevant calendar year or financial year, if so stated. For more information, see **“Risk Factors – Internal Risk Factors – Certain sections of this UDRHP-I disclose information from the Redseer Report which has been prepared exclusively for the Offer and commissioned and paid for by us exclusively in connection with the Offer and any reliance on such information for making an investment decision in the Offer is subject to inherent risks”** on page 92.

For definitions of technical and industry related terms used in this section, please see **“Definitions and Abbreviations – Technical/ Industry and Business-Related Terms or Abbreviations”** on page 13.

## Overview

### Who We Are

Turtlemint is a tech-enabled insurance distribution platform that connects customers, insurance advisors and insurers. In 2015, Turtlemint became the first to adopt the point-of-sale person (“**PoSP**”) distribution model and also has the largest certified PoSP network among the Peer Group as of September 30, 2025 as well as March 31, 2025 (*Source: Redseer Report*). According to the Redseer Report, we have significantly outpaced the growth of the overall retail insurance market, in terms of gross direct premium income (“**GDPI**”). While the combined growth rate of retail health, retail life new business, and motor insurance stood at a CAGR of approximately 10.3% between Fiscals 2020 and 2025, we achieved a GDPI growth (within the same categories) of approximately 3.00 times higher in the period (*Source: Redseer Report*). We have demonstrated significant growth in our Platform Premium, growing from ₹6,989.02 million in Fiscal 2020 to ₹29,459.36 million in Fiscal 2025, achieving a CAGR of 33.34%, and by 34.59% from ₹11,816.89 million in the six months period ended September 30, 2024 to ₹15,903.79 million in the six months period ended September 30, 2025. We have facilitated distribution of 19.68 million insurance policies from April 1, 2022 to September 30, 2025 that generated Platform Premium amounting to ₹90,249.11 million across 19,153 pin codes (representing 97.80% of the total pin codes (i.e., 19,583 pin codes) in India, as of August 2025, according to the Redseer Report).

We have onboarded and empowered a large and geographically diversified base of 603,302 Digital Partners, including 484,832 PoSPs, as of September 30, 2025, who have completed the mandatory training, enabling them to obtain the requisite certification to distribute insurance products in accordance with applicable IRDAI regulations, including the Guidelines on Point of Sales Person - Non-Life & Health Insurers (IRDA/ Int/ GDL/ ORD/ 183/ 10/2015) and any subsequent amendments (“**PoSP Regulations**”). In Fiscal 2025 and the six months period ended September 30, 2025, we onboarded 99,178 and 59,330 Digital Partners, respectively, further strengthening our distribution presence across India.

According to the Redseer Report, insurance products are inherently complex and hence customers often seek guidance throughout their insurance journey, not just at the time of purchase, but also during post-sale servicing and claims. Recognizing this, we have focused on building a comprehensive tech-driven, mobile-first platform supported with our physical branch network for our Digital Partners, enabling them to deliver effective advisory services to customers. Our platform equips Digital Partners with tools to manage and grow their business, including product comparison, policy quote generation, training, marketing, lead management, conversion, customer relationship management and post-sales support such as claims management. This integrated approach of our technology platform combined with “on-the-ground” Digital Partners creates a seamless offering to effectively serve customers within their communities. We have made, and intend to continue making, investments in artificial intelligence (“**AI**”) technologies, including agentic architectures. These investments are intended to enhance Digital Partner productivity, streamline operational processes and expand the scalability of customer support. Our AI-driven tools are designed to facilitate more personalized advice, accelerate issue resolution and improve service delivery, particularly in underserved markets in India.

According to the Redseer Report, the insurance distribution landscape has undergone a fundamental transformation with the rise of digital platforms. Traditionally, insurance was sold primarily through offline channels, individual agents, brokers, and bancassurance (corporate agents – banks and others), often resulting in a fragmented customer experience. However, with the advent of digitisation, a new generation of tech-enabled insurance brokers has emerged. These platforms offer a consolidated interface where customers can research, compare and purchase policies across multiple insurers, enhancing accessibility, choice and transparency. Recognising that customers still require assistance throughout the insurance journey, especially during product selection and claims, these digital brokers have adopted the POSP model. (*Source: Redseer Report*)

The image below illustrates the differences between the traditional insurance distribution model and the advanced phygital model, implemented at scale by us. The traditional setup features fragmented distribution and uncoordinated, agent-led sales (*Source: Redseer Report*). In contrast, our phygital (i.e., physical and digital) approach provides structure, scalability and efficiency by leveraging technology as an enabler to support, rather than replace, agents. Through our integrated platform, customers benefit from access to a broad selection of insurance products, as well as subject matter expert guidance from our Digital Partners. Our technology platform empowers our Digital Partners to deliver tailored advice and quality service, ensuring that customers receive solutions aligned with their needs. Digital Partners are able to interact with multiple insurers through our platform, allowing them to provide customers with informed recommendations and a comprehensive range of options. As of March 2025, Turtlemint Pro, our advisor app for Digital Partners, has recorded the highest number of downloads among insurance seller apps in India as per Sensor Tower, a market intelligence firm (*Source: Redseer Report*). Our platform is structured to facilitate a “many-to-one” relationship, whereby Digital Partners generate

demand from a broad customer base while accessing a diverse supply of insurance and financial products from multiple insurers and financial service providers.

\*Source: Redseer Report

We have established a significant presence in B30+ markets, which refer to the rest of India except Top 30 cities by population (“T30”), according to the Redseer Report. As of September 30, 2025, 80.05% of our Digital Partners are based in B30+ markets and 74.79% of Platform Premium distributed sold in B30+ markets. According to the Redseer Report, on the other hand, the industry share of premium from B30+ markets in motor, retail health, and life insurance new business was 50%-60% as of March 31, 2025. Further, B30+ markets are expected to contribute significantly to insurance growth, accounting for 45%–54% of total GDPI from motor insurance with a CAGR of 14%–17%, 37%–43% of health insurance GDPI with a CAGR of 17%–19% and 67%–75% of total life new business GDPI with a CAGR of 10%–11% between Fiscals 2025 and 2030 (*Source: Redseer Report*). B30+ markets are projected to experience insurance demand growth rates up to 1.6 times higher than T30 between Fiscals 2025 and 2030 for motor, health and life new business insurance (*Source: Redseer Report*). In addition, we cater to the T30 markets, with 19.95% of our Digital Partners based in these markets, as of September 30, 2025. By empowering Digital Partners in these markets with our comprehensive suite of digital tools and advisory support, we are well-positioned to drive insurance adoption and support the Government of India’s broader goal of increasing insurance penetration across India.

We have partnered with 44 Insurer Partners, as of September 30, 2025 (representing 70% of all life and general insurers in India, according to the Redseer Report), enabling our Digital Partners to offer customers an unbiased selection of brands and products that address their individual requirements.

We are positioned at the intersection of a large, diversified network of Digital Partners and partnerships with Insurer Partners, enabling us to benefit from network effects as our platform scales. This positioning supports our long-term growth and enables us to contribute to the objectives of the Government of India and the Insurance Regulatory and Development Authority of India’s (“IRDAI”) to increase insurance penetration. The IRDAI envisions achieving ‘Insurance for All’ by 2047, aiming to ensure that every Indian citizen has access to suitable life, health, and property insurance coverage, and that all enterprises can avail themselves of appropriate insurance solutions (*Source: Redseer Report*).

### Our Evolution

Since our inception, we have focused on building an advisory led model to drive insurance penetration in India. While we have enhanced our capabilities to keep pace with the evolving insurance landscape, our Digital Partners have remained at the core of our product development and platform strategy. This led us to launching Turtlemint Pro, a mobile and web-based application empowering Digital Partners to sell insurance products in Fiscal 2018. Regulatory developments from the IRDAI enabled broader participation in insurance distribution and facilitated digital onboarding, compliance, and technology adoption, fuelling our platform’s growth.

As our platform scaled, we identified the need for robust training and lead generation tools for our Digital Partners. This led to the launch of Turtlemint Academy in Fiscal 2018, a comprehensive training tool, and the introduction of Grow in Fiscal 2021, which helps Digital Partners share personalized content, create awareness, and promote insurance literacy. In Fiscal 2025 and the six months period ended September 30, 2025, Turtlemint Academy had an average monthly active user (“MAU”) of 52,323 and 55,601 Digital Partners, respectively, and Grow has enabled approximately 1.98 million shares, from April 1, 2024 to September 30, 2025, by Digital Partners to customers.

In Fiscal 2021, we expanded our offerings to include mutual funds, and in Fiscal 2024, expanded to include loans and deposit products. Our advisor-centric approach also attracted additional partnerships with enterprises, leading to the launch of Turtlefin, a digital insurance distribution platform for enterprises, and OneAPI, which allows companies to either embed insurance offerings directly onto their platforms or enables them to digitize their insurance distribution process. Through these initiatives, we aim to enhance access to insurance and financial products and drive higher insurance penetration across India.

Set out below is a graphic representation of our evolution:

## Key Developments

### Acquisition of our Subsidiary, Turtlemint Insurance Broking Services Private Limited (“TIB Acquisition”)

Pursuant to a share subscription agreement dated March 13, 2024 (“SSA”) entered into by and between our Promoter, Dharendra Nalin Mahyavanshi, TIB and our Company, our Company acquired 75.14% of TIB’s equity share capital, a company based in India and engaged in the business of providing insurance broking services at ₹68 per equity share amounting to ₹1,049.05 million and an additional 24.86% of the voting shares on September 28, 2024, by way of buyback transaction undertaken by TIB to other pre-existing shareholders at ₹17 per share amounting to ₹86.77 million. Consequently, with effect from May 8, 2024, TIB became a subsidiary of our Company and subsequent to the buyback transaction by way of an offer letter dated September 21, 2024, TIB became a wholly owned subsidiary of our Company. For further information, see “**Management’s Discussion and Analysis of Financial Condition and Results of Operations – Key Developments**” and “**History and Certain Corporate Matters – Details regarding material acquisitions of divestments of business/undertakings, mergers, amalgamation, any revaluation of assets, etc. in 10 years**” on pages 532 and 283, respectively.

## Key Operational Data

The following table sets out our key operational data as at and for the periods/ years indicated:

| Particulars                                                                   | As of and for the six months period ended September 30, |           | As of and for the financial year ended March 31, |           |           |
|-------------------------------------------------------------------------------|---------------------------------------------------------|-----------|--------------------------------------------------|-----------|-----------|
|                                                                               | 2025                                                    | 2024      | 2025                                             | 2024      | 2023      |
| Platform Premium <sup>(1)</sup> (₹ million)                                   | 15,903.79                                               | 11,816.89 | 29,459.36                                        | 22,731.10 | 22,154.86 |
| Percentage of Platform Premium distributed in B30+ markets <sup>(2)</sup> (%) | 74.79%                                                  | 71.11%    | 73.78%                                           | 71.15%    | 71.64%    |

| Particulars                                                            | As of and for the six months period ended September 30, |        | As of and for the financial year ended March 31, |        |        |
|------------------------------------------------------------------------|---------------------------------------------------------|--------|--------------------------------------------------|--------|--------|
|                                                                        | 2025                                                    | 2024   | 2025                                             | 2024   | 2023   |
| Active Transacting Digital Partners (quarterly average) <sup>(4)</sup> | 76,248                                                  | 56,587 | 63,048                                           | 49,668 | 38,702 |

Notes:

- (1) Platform Premium refers to total premium (i.e., payment and consideration) received on the insurance policies (net of Goods and Service Tax) that were issued or re-issued by an insurance company through our platform.
- (2) Percentage of Platform Premium distributed in B30+ markets refers to the percentage of premium on policies issued by the insurance companies through our platform in pin codes belonging to the B30+ markets.
- (3) Number of Digital Partners refers to any user who has registered on our TurtlemintPro platform to distribute insurance and other financial products and completed KYC having provided us with their phone number, name and permanent account number. Digital Partners also include PoSPs who have completed the mandatory training, enabling them to obtain the requisite certification to distribute insurance products in accordance with applicable IRDAI regulations, including the PoSP Regulations.
- (4) Active Transacting Digital Partners are those Digital Partners who have facilitated the sale of insurance or any other product in the given period, calculated as a quarterly average during the relevant period/ fiscal year.

## Key Financial Data

The following table sets out our key financial information on a proforma basis for the years indicated:

| Particulars                                                                | Fiscal     |            |            |
|----------------------------------------------------------------------------|------------|------------|------------|
|                                                                            | 2025       | 2024       | 2023       |
| Proforma revenue from operations (₹ million)                               | 7,002.65   | 5,641.68   | 5,379.75   |
| Year-on-year increase / (decrease) in proforma revenue from operations (%) | 24.12%     | 4.87%      | NA         |
| Proforma loss for the year (₹ million)                                     | (2,025.62) | (1,869.90) | (2,837.56) |
| Proforma Adjusted EBITDA <sup>(1)</sup> (₹ million)                        | (1,863.27) | (1,821.21) | (2,921.97) |
| Proforma Service EBITDA <sup>(2)</sup> (₹ million)                         | 832.28     | 560.42     | (647.65)   |
| Proforma Service EBITDA Margin <sup>(3)</sup> (%)                          | 11.89%     | 9.93%      | (12.04%)   |

Notes:

- (1) Proforma Adjusted EBITDA for the relevant period/ year equals proforma loss for the period/ year plus proforma total tax expense, proforma finance costs, proforma depreciation and amortisation expense and proforma share based payment expense less proforma other income. For the reconciliation of Non-GAAP measures to GAAP measures, see “Other Financial Information — Reconciliation of Non-GAAP measures” on page 526.
- (2) Proforma Service EBITDA equals proforma revenue from operations less Customer Acquisition Cost (i.e., total expenses directly attributable to operational activities in generating proforma revenue from operations which includes commission paid), Direct Employee Cost (i.e., proforma employee benefit expenses related to the sales personnel who are the primary contact for Digital Partners for their pre and post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims). For the reconciliation of Non-GAAP measures to GAAP measures, see “Other Financial Information — Reconciliation of Non-GAAP measures” on page 526.
- (3) Proforma Service EBITDA Margin for the relevant period/ year equals Proforma Service EBITDA for the relevant period/ year as a percentage of proforma revenue from operations for the relevant period/ year. For the reconciliation of Non-GAAP measures to GAAP measures, see “Other Financial Information — Reconciliation of Non-GAAP measures” on page 526.

The following table sets out our key financial information on a restated basis for the periods/ years indicated:

| Particulars                                                                        | Six months period ended September 30, |          | Fiscal     |            |            |
|------------------------------------------------------------------------------------|---------------------------------------|----------|------------|------------|------------|
|                                                                                    | 2025                                  | 2024*    | 2025*      | 2024*      | 2023*      |
| Revenue from operations (₹ million)                                                | 4,633.28                              | 2,214.47 | 6,627.12   | 786.42     | 4,199.17   |
| Period-on-period/ Year-on-year increase/ (decrease) in revenue from operations (%) | 109.23%                               | NA       | 742.69%    | (81.27%)   | NA         |
| Total income (₹ million)                                                           | 4,693.68                              | 2,386.92 | 6,932.06   | 1,191.17   | 4,601.13   |
| Loss before exceptional items and tax (₹ million)                                  | (911.64)                              | (941.44) | (1,893.62) | (1,933.48) | (2,881.83) |
| Loss for the period/ year (₹ million)                                              | (1,251.48)                            | (989.13) | (1,941.05) | (1,933.48) | (2,881.83) |
| Adjusted EBITDA <sup>(1)</sup> (₹ million)                                         | (770.74)                              | (916.65) | (1,766.11) | (1,987.28) | (3,057.79) |

Notes:

\* Fiscals 2024 and 2023 do not include the operations of TIB, which was acquired only with effect from May 8, 2024. Fiscal 2025 and the six months period ended September 30, 2024 include operations of TIB only from May 8, 2024.

- (1) Adjusted EBITDA for the relevant period/ year equals loss for the period/ year plus total tax expense, finance costs, depreciation and amortisation expense, share based payment expense and exceptional items less other income. For the reconciliation of Non-GAAP measures to GAAP measures, see “Other Financial Information — Reconciliation of Non-GAAP Measures” on page 526.

The following table sets out our key financial information on a restated basis for the periods/ years indicated:

| Particulars                               | Six months period ended September 30, |        | Fiscal |       |       |

|                                          |        |        |        |      |      |
|------------------------------------------|--------|--------|--------|------|------|
| Service EBITDA Margin <sup>(2)</sup> (%) | 11.04% | 12.42% | 12.44% | _(3) | _(3) |
|------------------------------------------|--------|--------|--------|------|------|

Notes:

\* Fiscals 2024 and 2023 do not include the operations of TIB, which was acquired only with effect from May 8, 2024. Fiscal 2025 and the six months period ended September 30, 2024 include operations of TIB only from May 8, 2024.

- (1) Service EBITDA equals revenue from operations less Customer Acquisition Cost (i.e., total expenses directly attributable to operational activities in generating revenue from operations which includes commission paid), Direct Employee Cost (i.e., employee benefit expenses related to the sales personnel who are the primary contact for Digital Partners for their pre and post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims). For the reconciliation of Non-GAAP measures to GAAP measures, see **"Other Financial Information—Reconciliation of Non-GAAP Measures"** on page 526.
- (2) Service EBITDA Margin for the relevant period/year equals Service EBITDA for the relevant period/year as a percentage of revenue from operations for the relevant period/year. For the reconciliation of Non-GAAP measures to GAAP measures, see **"Other Financial Information—Reconciliation of Non-GAAP Measures"** on page 526.
- (3) We conduct the business of direct broking of insurance policies through our Subsidiary, TIB, which we acquired with effect from May 8, 2024, and accordingly, TIB accounts for majority of our revenue and expenses. As a result, Service EBITDA and Service EBITDA Margin, on a restated basis, for Fiscals 2024 and Fiscal 2023 have not been disclosed since TIB was not included in our results of operations and financial condition during these Fiscals. For further information, see **"Management's Discussion and Analysis of Financial Condition and Results of Operations – Key Developments"** and **"History and Certain Corporate Matters – Details regarding material acquisitions of divestments of business/undertakings, mergers, amalgamation, any revaluation of assets, etc. in 10 years"** on pages 532 and 283, respectively.

## Our Ecosystem and Offerings

We operate a triadic technology platform, designed to connect and facilitate interactions among three distinct ecosystem participants, i.e. Digital Partners, Insurer Partners and customers, seamlessly creates a collaborative ecosystem for the distribution of insurance and other financial products. Our primary offerings in the insurance sector include retail products across health, life, and motor insurance.

Note: Figures are as of September 30, 2025.

### Digital Partners

Digital Partners are central to our business model, acting as trusted advisors who bridge the gap between customers and Insurer Partners. They provide guidance and operational support throughout the purchasing process, enhancing customer experience and satisfaction. These partners are empowered to distribute a comprehensive suite of financial services, including insurance and other financial solutions, such as loans, credit cards and mutual funds. To distribute insurance products, Digital Partners are required to obtain a PoSP certification, administered in accordance with applicable Indian regulatory guidelines. In accordance with these regulations, each PoSP is contractually required to work exclusively with us and are registered through regular regulatory reporting by TIB to the IRDAI, ensuring that they are dedicated solely to our platform. Our subsidiary, TIB, is registered with and

regulated by the IRDAI as a composite insurance broker (which allows us to operate as direct and reinsurance broker), further strengthening our ability to support Digital Partners and manage a wide range of insurance arrangements.

Our Turtlemint Pro app enables seamless onboarding and engagement of a large and expanding network of Digital Partners. By offering non-migratory income-generation opportunities, our platform enables skilled employment in local communities, particularly in non-metro areas. This inclusivity and financial empowerment not only broadens insurance penetration across India but also contributes to local employment and economic growth.

### **Key offering to Digital Partners**

*Note: Unless otherwise stated, figures are as of and for the six months period ended September 30, 2025*

### **Comprehensive training:**

- According to Redseer Report, we have the largest certified PoSP network among the Peer Group as of September 30, 2025 as well as March 31, 2025. In Fiscal 2025 and the six months period ended September 30, 2025, the average MAU on our Turtlemint Academy platform was 52,323 and 55,601, respectively. Further, our Digital Partners collectively viewed an average of 6,574 and 6,311 hours of learning content per month in Fiscal 2025 and the six months period ended September 30, 2025, respectively.

- Onboarding and training program, featuring curated, multilingual content on sales, product knowledge, customer relationship management, and regulatory compliance.

## learn insurance, your way with 560+ courses

Explore certifications, real claim stories, sales tips, and more- Academy offers curated, self-paced content built for every advisor journey.

### *Technology-Driven Seamless Transaction Journeys:*

- Unified technology platform streamlines the distribution of insurance and other financial products, reducing administrative burdens and enabling Digital Partners to focus on customer relationships.
- Supports paperless transactions, through 44 Insurer Partners for policy issuance, as of September 30, 2025. An average of 686,536 and 785,016 daily quotations in Fiscal 2025 and the six months period ended September 30, 2025, respectively, were generated. Further, in Fiscal 2025 and the six months period ended September 30, 2025, 77.75% and 71.64%, respectively, of policies were issued paperless through our platform.
- Aiming for reliability and transparency, it offers secure online payment solutions and comprehensive post-transaction support, including endorsements, claims tracking and commission payouts.

## sell 16+ financial products in one tap

car, health, loans, investments - every journey starts here, so advisors can match any customer need in seconds

## motor insurance quotes made easy

Auto-fetched vehicle & policy details streamline the journey- advisors can compare, customize, and close with just a few taps.

### Customer Engagement Tools:

- Suite of multi-lingual customer engagement tools, such as customizable posters, brochures and videos, to help Digital Partners generate leads and nurture client relationships.
- Materials are available in 8 languages and can be personalized with the Digital Partner's and customer's

information for effective communication and brand building.

- In Fiscal 2025 and the six months period ended September 30, 2025, Digital Partners shared over 1.25 and 0.73 million quotes, respectively, and collateral, demonstrating high engagement levels enabled by our platform.

*Flexible engagement and alternate earning opportunities:*

- Diverse engagement models, allowing Digital Partners to work full-time, part-time, or on a gig basis.
- Flexibility, combined with timely payouts, ensures a secure earning opportunity for Digital Partners.

#### *Strong On-Job Support System and Trust:*

- A large network of relationship managers and operations personnel offer localized, on-the-ground support to ensure operational efficiency and responsiveness.
- Our in-house specialised Ninja SalesPro app enables relationship managers to assist Digital Partners effectively. For further details, see ***“Our Business – Our Tech Platform - Ninja SalesPro app: Empowering relationship managers to drive Digital Partner growth”*** on page 243.
- Our annual program designed to recognize and reward top-performing Digital Partners. This initiative underscores our commitment to supporting and celebrating excellence within our network.

#### *Simple business model and Regulatory Simplicity:*

- Simplifies the process for Digital Partners by enabling access to a wide range of insurance and other financial products from multiple Insurer Partners and other financial service providers through a single license and unified app.
- Eliminates the need for multiple agency licenses, making it easier for Digital Partners to offer customers a broad choice of products.

#### **Insurer Partners**

We work with 44 Insurer Partners, as of September 30, 2025, enabling us to offer a wide selection of retail insurance products to our Digital Partners and their customers. Through this integration, Insurer Partners can leverage our extensive and diversified network of Digital Partners, as well as our technology solutions and infrastructure, to reach a broader and more diverse customer base. Our tech-first approach provides a cost-effective and efficient distribution channel, while our data-driven insights allow Insurer Partners to tailor their product offerings and marketing strategies to better meet customer needs.

We do not have exclusive arrangements with our Insurer Partners. Our agreements with Insurer Partners typically range from three to 10 years. We and our Insurer Partners must adhere to various covenants outlined in the agreements entered between us and them. For instance, our agreements with Insurer Partners typically require us to, amongst others, assist the insurers by collaborating with designated payment gateway service providers to ensure timely remission of premium for customer payments. Our agreements with insurance partners are also governed with various regulations such as the Insurance Brokers Regulations and Insurance Web Aggregators

Regulation 2017. These regulations establish broad requirements regarding product display, accuracy of information, and comparability on the website.

We generate revenue primarily from commissions, rewards and fees received from our Insurer Partners. Commission income on direct insurance policies procured is recognized as income on the inception date of the risk subject to the establishment of our right to recover such revenue, which is based on receipt of details/statements from insurance companies. The commission rates and fees are established through mutual discussions between Company and the Insurer Partners.

### ***Key offerings to Insurer Partners***

*\*Source: Redseer Report; Unless otherwise stated, figures are as of September 30, 2025*

### ***Tech-enabled platform optimizing distribution costs:***

- According to the Redseer Report, when benchmarked against insurance agent channels, broker channels which employ PoSPs tend to incur lower non-commission costs for insurance companies, often delivering 8%-10% cost savings to insurers.
- Reduced overhead and operational costs for Insurer Partners, as our platform minimizes the need for physical infrastructure.

### ***Expanding reach and market penetration:***

- Access to a large and rapidly growing network of Digital Partners.
- Facilitates access to B30+ markets, which according to the Redseer Report, is projected to experience insurance demand growth rates up to 1.6 times higher than T30 between Fiscal 2025 and Fiscal 2030 for motor, health and life new business insurance.

*Faster go-to-market in a new location:*

- Established network of Digital Partners accelerates market entry, reduces time and resources needed to establish a physical presence.
- Minimizes the need to recruit traditional agents or relationship managers.

*Comprehensive post-sales support and product life cycle management:*

- Provides ongoing customer engagement and policy servicing.
- Supports endorsement and claims management for Insurer Partners.
- Provides post-sale support through dedicated support emails, an in-app help center (Turtlemint Pro), and a toll-free helpline for customers and Digital Partners.
- Logs post-sale requests in a ticketing system used for communications among customers, Digital Partners and insurers.
- Maintains escalation matrices and a separate grievance email ID; follows insurer-wise escalation protocols to support resolution.
- Provides policy lifecycle servicing: delivery of policy copies, policy amendments (e.g., hypothecation updates, customer profile corrections, vehicle detail modifications, no claim bonus changes, ownership transfers), and cancellations and refunds.
- Provides claims assistance for health and motor policies, including reimbursement claims, by assessing documentation and coordinating with insurers for processing

**Customers**

Our platform provides customers with a comprehensive, user-friendly experience that emphasizes choice, convenience and accessibility through a Digital Partner. Leveraging a tech-driven platform that integrates both digital and physical touchpoints, we enable customers to evaluate and compare insurance and other financial products, complete the purchase journey seamlessly and access comprehensive post-sale support, including assistance with claims.

Throughout this process, customers benefit from the guidance of our network of Digital Partners. According to the Redseer Report, for customers, the tech-enabled PoSP model offers a superior experience defined by greater choice, convenience and transparency. Moreover, the simplicity and uniformity of insurance products, such as motor, health and life insurance, make tech-enabled PoSP models especially effective for reaching first-time buyers and driving insurance penetration in underserved markets (*Source: Redseer Report*).

***Key offerings to Customers***

## Customer

Personalised Guidance. Unified Insurance Experience.

*Note: Unless otherwise stated, figures are as of September 30, 2025*

### *Comprehensive product suite:*

- Broad and diverse selection of insurance (including health, life and motor) and other financial products sourced from multiple Insurer Partners and financial service providers.
- Compare and receive quotes across multiple insurance products, ensuring transparency and informed decision-making.

### *Financial guidance:*

- Suggestions and guidance from a network of Digital Partners based on a comprehensive understanding of each customer's unique needs, risk tolerance and long-term financial goals.
- Digital Partners leverage advanced tools and data analytics to offer insights that we believe empower customers to make confident, informed decisions.

### *Seamless claims process:*

- Streamlined and user-friendly claims process for customers.
- Support provided to assist customers throughout the claims journey.

### *Unified portfolio management:*

- Convenient solution for managing their insurance portfolios through the Turtlemint customer app.
- Manage renewals, claims and access all policy documents in a single location from the Turtlemint customer app.

### **Our Tech Platform**

We have built a proprietary technology platform comprising six integrated components: Turtlemint Pro app, Turtlemint Academy, Ninja SalesPro app, Insurance Hub and Integration Studio, Turtlefin and Turtlemint Consumer app. Each component is designed to address the specific requirements of Digital Partners and customers, including individuals and enterprises, facilitating distribution, learning, sales optimization and management of insurance and other financial products. In Fiscal 2025 and the six months period ended September 30, 2025, an average of over 509,166 and 556,473 policies, respectively, were issued each month through our platform.

Set out below is a graphic representation of our unified insurance distribution platform:

### ***Turtlemint Pro app: Empowering Digital Partners***

At the core of our technology ecosystem is Turtlemint Pro, a proprietary mobile and web-based app, specifically designed for our Digital Partners. In Fiscal 2025 and the six months period ended September 30, 2025, Turtlemint Pro recorded an average MAU of 157,660 and 178,316, respectively, each user utilizing the app to access learning content, engage with customers and to facilitate sale of insurance policies and other financial products.

The Turtlemint Pro app serves as a critical tool for our Digital Partners, providing access to income-generating opportunities and avenues for professional development. As of March 2025, Turtlemint Pro, our advisor app for Digital Partners, has recorded the highest number of downloads among insurance seller apps in India as per Sensor

Tower, a market intelligence firm (*Source: Redseer Report*), underscoring the value and trust placed in the app by our Digital Partner community.

The Turtlemint Pro app is equipped with a comprehensive suite of features designed to enhance Digital Partners' efficiency across the insurance distribution lifecycle. Our platform is designed to attract individuals with no prior experience in insurance and provide them with the necessary training to become proficient insurance sales professionals. The app streamlines Digital Partner onboarding through a user-friendly registration process and offers personalized learning paths with access to curated training modules, including live webinars and multilingual content. Digital Partners benefit from advanced sales assistance tools, such as real-time quote generation, facilitate automated customer KYC and seamless policy issuance and renewals. The app also provides transparent earnings management, real-time activity points tracking and a robust complaints redressal mechanism, enabling Digital Partners to manage their business operations efficiently and effectively.

We introduced Grow within the Turtlemint Pro platform, enabling Digital Partners to share personalized content through social media to acquire customers. Grow has become a strong digital engine that helps Digital Partners create engagement and communication about insurance within their social network at scale. Grow focuses on creating awareness and promoting insurance literacy through educational content in eight languages. From April 1, 2024 to September 30, 2025, Grow has enabled over 1.98 million shares by Digital Partners to customers.

#### ***Turtlemint Academy: Personalized learning and engagement***

Turtlemint Academy is our proprietary digital learning and development platform, designed to enhance the knowledge, skills and productivity of our network of Digital Partners. The platform offers a comprehensive suite of curated training modules, including bite-sized modules, static courses, live webinars, and interactive content, covering a broad range of topics across insurance products and sales techniques. Content is available in multiple languages and is tailored to the needs and experience levels of individual Digital Partners, with personalized learning paths that provide in-depth knowledge about a specific topic. For example, the 'How to sell a four wheeler insurance' learning path includes video lessons on topics such as prospecting and interpreting policy documents, supporting both new and experienced Digital Partners in building their expertise.

The platform is accessible through both mobile and web applications, enabling flexible, on-demand learning for Digital Partners across diverse geographies, including underpenetrated B30+ markets. In Fiscal 2025 and the six months period ended September 30, 2025, the average MAU on our Turtlemint Academy platform was 52,323 and 55,601, respectively. Further, our Digital Partners collectively viewed an average of 6,574 and 6,311 hours of learning content per month in Fiscal 2025 and the six months period ended September 30, 2025, respectively. The Turtlemint Academy is a key enabler of our scalable distribution model, supporting onboarding and high retention rates among our Digital Partner base.

#### ***Ninja SalesPro app: Empowering relationship managers to drive Digital Partner growth***

Our Ninja SalesPro app is a proprietary tool designed to empower our relationship managers in efficiently supporting and managing their network of Digital Partners. The app functions as a centralized dashboard, enabling relationship managers to monitor Digital Partners performance, generate quotes on behalf of Digital Partners, track upcoming renewals and facilitate critical actions such as recruitment, activation and production. The app also includes Ninja Academy, a built-in training module that provides relationship managers with ongoing opportunities to enhance their skills, including soft skills, internal processes and detailed product knowledge. This holistic approach enables relationship managers to drive productivity and maintain high standards of service across our distribution network.

## manage digital partners & offer quick support

Ninja SalesPro is an application for our sales team to support digital partner's requests and resolve their queries.

### ***Insurance Hub and Integration Studio***

Our Insurance Hub and Integration Studio serve as core infrastructure solutions that streamline and scale insurance integrations for our Digital Partners. These integrations allow our Digital Partners to issue policies in a paperless manner through the platform.

Insurance Hub is a cloud-based platform that provides a standardized suite of APIs, offering access to a broad catalogue of insurance products, KYC services and a robust transformation and rules engine. This infrastructure enables insurers and distributors to launch new products and services efficiently, with minimal technical effort. Once an insurer is integrated through an API, the connection can be instantly activated for multiple distribution partners, including banks and brokers, facilitating broad and efficient market access.

Integration Studio complements our Insurance Hub by providing a developer-centric environment that supports the entire lifecycle of API integrations. This workspace includes tools for project management, progress tracking, version control and one-click deployment of services. These features are designed to enhance the speed, transparency and consistency of integration projects, enabling our partners to bring new insurance offerings to market quickly and reliably.

Together, our Insurance Hub and Integration Studio form a scalable and flexible infrastructure that supports the digital distribution of insurance products across a wide range of partners (*i.e.* Insurer Partners) and channels (*i.e.* through PoSPs and enterprise clients of Turtlefin).

### ***Turtlefin: Digital insurance distribution for enterprises***

Turtlefin is a technology-driven digital insurance distribution platform that is central to our strategy for transforming enterprise insurance distribution in India. According to the Redseer Report, banks and other enterprises are required to provide an open architecture, enabling customers to select their preferred insurance products from a range of options, in accordance with applicable Indian regulatory requirements. By aggregating multiple insurance products on a single platform, Turtlefin addresses this regulatory requirement for enterprises and streamlines the insurance distribution process for enterprise clients, including banks, ecommerce players, and fintech companies.

The platform offers plug-and-play modules and a robust OneAPI solution, enabling seamless integration of insurance purchase journeys into existing enterprise digital infrastructures. This integration allows enterprises to deliver real-time insurance premium quotations and related services directly to end-users, supporting compliance and improving the overall customer experience.

In addition, the Turtlemint Academy platform is also utilized by our Turtlefin enterprises to train their employees and insurance advisors. Moreover, it also supports their PoSP training and examinations, enabling efficient onboarding and certification of new insurance advisors through a digital, compliant process. This demonstrates the platform’s flexibility and its key role in insurance education and professional growth.

With its scalable and modular architecture, Turtlefin serves a diverse client base and enhances operational efficiency and customer engagement by providing a comprehensive suite of digital tools and solutions. Our Turtlefin solution has also been utilized by clients in the Middle East.

### ***Turtlemint Consumer app: Simplifying personal insurance management for customers***

Our customer app, Turtlemint, is designed to empower individuals with enhanced control, transparency and convenience in managing their personal insurance portfolios. Serving as a unified digital repository, the app enables customers to consolidate and oversee all of their insurance policies across various categories within a single, accessible interface. Through the app, customers can seamlessly renew policies through an intuitive process and efficiently initiate, track and manage insurance claims. Additionally, the app allows for the secure sharing of essential policy information with designated family members, thereby enhancing transparency and ensuring preparedness in the event of unforeseen circumstances.

### **Our Market Opportunity**

#### ***India’s underpenetrated insurance sector is set for strong growth across life and non-life segments, driven by B30+ markets (Source: Redseer Report)***

India’s insurance penetration remains well below that of developed economies, with gross written premium (“GWP”) as a percentage of GDP standing only approximately 3.7% as of 2024. Mature markets such as the United States and the United Kingdom reported significantly higher penetration levels of approximately 12.1% and 11.8%, respectively in 2024, signalling room for growth. India’s insurance penetration is projected to exceed 4% by Fiscal 2030, driven by increasing awareness and growing adoption of insurance products. (Source: Redseer Report)

Source: Redseer Report

Insurance density in India, measured as GDPI per capita, stood at approximately US\$97 (₹8,245) in 2024, up from approximately US\$74 (₹6,290) in 2018. This is projected to rise to US\$148-156 (₹12,580-13,260) by 2030. In comparison, mature economies such as the United States and the United Kingdom reported significantly higher insurance densities of US\$10,295 (₹8,75,075) and US\$6,185 (₹5,25,725), respectively, in 2024. China, another major emerging economy with a comparable population, had an insurance density which is substantially higher

at around US\$558 (₹47,430) in the same year, indicating a significant headroom for growth in India. (Source: Redseer Report)

Further, India continues to have a growing segment of middle-income households which remain vastly underpenetrated, especially in retail health insurance. With health insurance penetrations less than 50% for households of income less than ₹0.15 million per annum (owing to government schemes) and more than ₹0.5 million per annum, the middle-income households create a “missing-middle” for the Indian insurance industry with a meagre 20-30% penetration as of Fiscal 2025. (Source: Redseer Report)

### ***‘Insurance for All’ by 2047 (Source: Redseer Report)***

The IRDAI envisions achieving ‘Insurance for All’ by 2047, aiming to ensure that every Indian citizen has access to suitable life, health, and property insurance coverage, and that all enterprises can avail themselves of appropriate insurance solutions. Achieving this will require the insurance sector in India to grow at a significantly faster pace. In pursuit of this goal, IRDAI is actively introducing measures to boost penetration, including promoting microinsurance for low-income segments, integrating with government schemes like PMJAY, and advancing financial inclusion through program-linked coverage. It is also driving standardization and technology adoption to expand access, particularly in underserved rural areas. With 75 insurers (includes insurers and re-insurers) currently operating in India, as of March 31, 2025, IRDAI is also actively expanding the insurance landscape by increasing the number of licensed entities across life, non-life, standalone health, and reinsurance segments. (Source: Redseer Report)

### ***Assisted selling is critical to ensuring “Insurance for All” By 2047 (Source: Redseer Report)***

The total addressable market (“TAM”) for digital distribution of retail insurance in India, primarily across motor, retail health and retail life insurance (new business), is estimated at approximately ₹3.1 trillion (US\$36.7 billion) in Fiscal 2025 and is projected to grow at 11%-13% CAGR, reaching ₹5.3-5.8 trillion (US\$62-68 billion) by Fiscal 2030. Broker-led distribution, enabled by digital platforms and POSP models, is expected to drive ₹3.1-3.3 trillion (US\$36-39 billion) by Fiscal 2030. The remaining market represents a significant opportunity for broader digital enablement, particularly through the bancassurance channel, which is expected to scale by leveraging technology to embed insurance products alongside loan offerings. The growth is driven by a combination of distributor, insurer, and consumer-related factors. The digital insurance advisory and distribution space in India is part of a rapidly evolving and dynamic ecosystem, fuelled by the emergence of new business models and technologies. Traditional insurance providers and financial institutions are increasingly entering the insurtech space to tap into the growing opportunities presented by online platforms and their strong digital outreach capabilities. (Source: Redseer Report)

According to the Redseer Report, these underlying drivers include:

- Customers seek subject matter experts/ specialists’ guidance in their insurance purchase journey, particularly in B30+ markets;
- Scalable tech-enabled digital broker platforms enable instant and low-cost policy issuance for customers in B30+ markets, enhancing both affordability and accessibility, while also unlocking adjacent market opportunities;
- PoSPs, which comprise a multi-brand assisted distribution model are the fastest growing insurance distribution channel;
- PoSP-led simple motor, retail health, and life insurance products are ideal for B30+ markets, with digital infrastructure key to unlocking scale and efficiency; and
- The right-to-win the insurance distribution space in India is governed by 4 key levers: (i) assisted selling through PoSPs; (ii) multi-brand model enabling customer choice; (iii) technology enablement; and (iv) distribution partnerships.

### ***Well positioned to capitalize on the market opportunity***

We believe the TAM for digital distribution of retail insurance and underpenetrated insurance sector in India provides us with a significant opportunity to drive insurance distribution in India. According to the Redseer Report, the TAM for digital retail insurance distribution is expected to grow from ₹3.1 trillion (US\$36.7 billion) in Fiscal 2025 to ₹5.3-5.8 trillion (US\$62-68 billion) by Fiscal 2030.

According to the Redseer Report, Digital-first insurance brokers in India are projected to generate ₹350-400 billion (US\$4.1-4.7 billion) in premiums in Fiscal 2025, having grown at a robust CAGR of approximately 40% over the past five years. This growth has been fuelled by rising digital adoption, scalable tech-enabled operating models, and a strong presence in underpenetrated B30+ markets, allowing them to outpace traditional brokers in both reach and efficiency. Going forward, with increasing consumer preference for digitised journeys and the emergence of innovative distribution models, digital brokers are expected to sustain their momentum and grow at a CAGR of 25-30% over the next five years. By Fiscal 2030, their premium contribution is estimated to reach ₹1,220-1,300 billion (US\$14.5-15.4 billion), representing a dominant share of India's digitally distributed insurance market. (Source: Redseer Report)

The market opportunity for online insurance distribution platforms consists of the following two opportunities:

- (i) Broker-led distribution, enabled by digital platforms and POSP models, is expected to drive ₹3.1-3.3 trillion by FY2030 (Source: Redseer Report). We address this opportunity through our technology-enabled Digital Partner network, which leverages our platform to facilitate the distribution of insurance and financial products to customers; and
- (ii) The remaining market represents a significant opportunity for broader digital enablement, particularly through the bancassurance channel, which is expected to scale by leveraging technology to embed insurance products alongside loan offerings (Source: Redseer Report). We address this opportunity by providing digital enablement solutions to enterprise clients through our Turtlefin and Insurance Hub platforms, which are designed to enhance the efficiency and reach of institutional insurance distribution.

As consumers increasingly seek guidance in selecting insurance products, the digital insurance distribution model is well positioned to address this need by improving access, particularly in B30+ markets (Source: Redseer Report).

For further information see, “**Industry Overview**” beginning on page 196.

## Our Strengths

### 1. Strong positioning in the PoSP landscape driving scalable pan India distribution

According to the Redseer Report, while the number of individual agents has grown moderately at approximately 9% during Fiscal 2020-2025, PoSPs are playing a critical role in last-mile outreach. The PoSP model is expanding rapidly, with the number of registered PoSPs growing over 5x between Fiscals 2020 and 2025 (Source: Redseer Report). During Fiscals 2020 and 2025, PoSPs grew at approximately 38% CAGR, significantly outpacing traditional general insurance agents at approximately 18% (Source: Redseer Report). As a result, as of Fiscal 2025, PoSPs made up nearly 50% of the total insurance agent base and surpassed the number of general (non-life) insurance agents (Source: Redseer Report). By Fiscal 2030, the number of PoSPs is expected to surpass general (non-life) insurance agents by 1.3-1.5x, highlighting their growing role in driving insurance distribution across the country (Source: Redseer Report). As of September 30, 2025 as well as March 31, 2025, Turtlemint operates the largest number of registered PoSP distribution network amongst the Peer Group, according to the Redseer Report, with presence across 19,153 pin codes in India, as of September 30, 2025. We registered a PoSP CAGR of approximately 40.86% from 110,273 as of March 31, 2021 to 434,163 as of March 31, 2025, while according to the Redseer Report, the industry average for the PoSP growth rate was approximately 35% between Fiscals 2021 and 2025. In Fiscal 2025, the insurance industry had approximately 2.7 million PoSPs, of which we accounted for approximately 15.97% (Source: Redseer Report).

Our platform has enabled us to build a strong and expanding footprint in B30+ markets, with 73.78% and 74.79% of Platform Premium distributed sold in B30+ markets, in Fiscal 2025 and the six months period ended September 30, 2025, respectively, having grown from 71.64% and 71.15% in Fiscals 2023 and 2024, respectively. As of September, 2025, 80.05% of our Digital Partners were also located in B30+ markets. According to the Redseer Report, B30+ markets are projected to experience insurance demand growth rates up to 1.6 times higher than T30 between Fiscals 2025 and 2030 for motor, health and life new business insurance. We also maintain a presence in T30 markets, with 19.95% of our Digital Partners operating in these areas, as of September 30, 2025. This broad reach positions us well to capture the significant growth potential in these largely underpenetrated insurance markets. For information on the market opportunities, see “- **Our Market Opportunity**” and “**Industry Overview**” on pages 245 and 196, respectively. We have facilitated distribution of 19.68 million insurance policies from April 1, 2022 to September 30, 2025 that generated Platform Premium amounting to ₹90,249.11 million.

Set out below is a snapshot of our distribution network in India, as of September 30, 2025:

*Note: Map not to scale.*

Collectively, these trends underscore the growing importance of the PoSP model in transforming insurance distribution in India. By operating the largest number of registered PoSP distribution network amongst the Peer Group, as of September 30, 2025 as well as March 31, 2025 (*Source: Redseer Report*), having a robust and expanding presence in underpenetrated B30+ markets and a demonstrable track record of improving Digital Partner earnings (see “- **Consistently strong earnings and high Digital Partner retention drive favourable unit economics and operating leverage**” on page 252), we are well-positioned to capitalize on this industry shift. The capability of our platform to integrate scale, reach and income generation significantly improves the financial outcomes for individual PoSPs while also facilitating broader industry penetration and fostering inclusive growth.

## 2. ***Diversified and granular Digital Partner network enabled by tech-driven training***

Our seamless, tech-driven recruitment, onboarding, training processes and strategic development of a comprehensive physical branch network (81 branches as of September 30, 2025) have enabled us to build a highly diversified and granular base of Digital Partners, consistently attracting both new entrants and experienced individuals. Our Digital Partners primarily operate as retail distributors, engaging directly with end customers rather than through local aggregators. This retail orientation is supported by our platform’s design, which prioritizes ease of use, flexibility and direct customer engagement. Our Digital Partners are typically individuals seeking flexible, part-time or gig-based opportunities. We are committed to empowering these granular and diversified Digital Partners by offering multiple product choices, transparent and consistent payouts structures, and a comprehensive suite of digital tools. As a result, our Digital Partner base has grown at a CAGR of 34.20% from 119,643 as of March 31, 2020 to 603,302 as of September 30, 2025.

Set out below are images of our Digital Partners from different regions across India:

Set out below is the diversified nature of our Digital Partners network in terms of age and gender as of September 30, 2025:

We have effectively leveraged our Turtlemint Academy platform to deliver training to our granular network of Digital Partners. Through our platform, Digital Partners have access to curated, multilingual learning modules covering key areas such as sales, product knowledge, customer relationship management and regulatory compliance. In Fiscal 2025 and the six months period ended September 30, 2025, the average MAU on our Turtlemint Academy platform was 52,323 and 55,601, respectively. Further, our Digital Partners collectively viewed an average of 6,574 and 6,311 hours of learning content per month in Fiscal 2025 and the six months period ended September 30, 2025. This approach has enabled us to build a highly scalable insurance distribution network, facilitating efficient Digital Partner activation and driving rapid improvements in Digital Partner productivity.

The granular and diversified nature of our distribution network is further evidenced by the low concentration of Platform Premium generated by individual Digital Partners. Set out below is the contribution of Platform Premium from our top 100, top 1,000 and top 5,000 Digital Partners in terms of number of insurance policies sold for the periods/ years indicated:

| Particulars*               | Six months period ended September 30, |                                            |                       |                                            | Fiscal                |                                            |                       |                                            |                       |                                            |
|----------------------------|---------------------------------------|--------------------------------------------|-----------------------|--------------------------------------------|-----------------------|--------------------------------------------|-----------------------|--------------------------------------------|-----------------------|--------------------------------------------|

Notes:

\* The top 100, 1,000 and 5,000 Digital Partners in terms of insurance policies sold for each of the respective periods/ years and may not necessarily be the same Digital Partners in each period/ year.

(1) Platform Premium refers to total premium (i.e., payment and consideration) received on the insurance policies (net of Goods and Service Tax) that were issued or re-issued by an insurance company through our platform.

Our structured processes, digital tools and robust branch network have enabled us to cultivate a broad and diverse base of Digital Partners who are actively engaged in retail insurance distribution across India. Our focus on user-friendly platform, transparent payout structures and accessible training resources has contributed to consistent growth in both the scale and productivity of our distribution network. We intend to continue investing in the expansion of our Digital Partner network by onboarding new individuals, deepening engagement with existing

Digital Partners and enabling them through ongoing learning and support initiatives. These efforts are designed to reinforce to strengthen our digital insurance distribution and drive insurance adoption across India.

### 3. Long-term partnerships with multiple Insurer Partners

We have maintained long-term partnerships with 44 Insurer Partners, as of September 30, 2025 (representing 70% of all life and general insurers in India, according to the Redseer Report). Our collaborative relationships with Insurer Partners create mutually beneficial growth opportunities.

According to the Redseer Report, when benchmarked against insurance agent channel, broker channels which employ PoSPs tend to incur lower non-commission costs, often delivering 8-10% cost savings to insurers. Additionally, insurers are required to adhere to various regulations regarding Expense of Management (“EoM”) including robust governance frameworks (Source: Redseer Report). Digital brokers, with their tech-driven, performance-linked model, offer a leaner, cost-effective and scalable solution for insurers to better manage their expenses and expand reach (Source: Redseer Report). This drives conversions and customer retention at lower costs reinforcing digitization as a cornerstone in the ongoing transformation of the insurance industry (Source: Redseer Report). Moreover, the digital ecosystem facilitates PoSP operations by providing easy onboarding, training, and real-time policy issuance tools (Source: Redseer Report).

Our Digital Partner network enables Insurer Partners to access low-cost distribution channels and reach underserved markets, resulting in mutually beneficial and capital-efficient partnerships. We have demonstrated the strength of such partnerships by consistently driving scale for our Insurer Partners. In Fiscal 2025, 12 Insurer Partners each underwrote premiums more than ₹1,000.00 million through our platform.

Our proprietary Insurance Hub facilitates the rapid onboarding and launches of new insurance products from Insurer Partners onto our Turtlemint Pro app. This platform incorporates an integrated developer studio, streamlining integration and reducing time-to-market for new products. In addition, our Turtlefin platform provides a plug-and-play solution and a robust OneAPI offering for enterprises, enabling seamless integration of insurance distribution and bancassurance channels within digital ecosystems. With a comprehensive suite of APIs and white-labeled modules, Turtlefin empowers partners, including banks, ecommerce companies and fintech companies, to quickly launch and scale insurance offerings. In addition to generating business directly through Digital Partners, these enterprise partnerships provide Insurer Partners with access to additional distribution channels, thereby further reducing their time to market.

Our platform is also highly diversified in terms of Insurer Partners. As of September 30, 2025, we are associated with 44 Insurer Partners, allowing our Digital Partners to offer customers a broad and unbiased selection of insurance brands and products tailored to their individual needs. Set out below is the contribution of Platform Premium from our top 3, top 5 and top 10 Insurer Partners in terms of premium underwritten for the periods/ years indicated:

| Particulars*            | Six months period ended September 30, |                                    |                          |                                    | Fiscal                   |                                    |                          |                                    |                          |                                    |

Note:

\* The top 3, top 5 and top 10 Insurer Partners in terms of premium underwritten for each of the respective periods/ years and may not necessarily be the same Insurer Partners in each period/ year.

1. Platform Premium refers to total premium (i.e., payment and consideration) received on the insurance policies (net of Goods and Service Tax) that were issued or re-issued by an insurance company through our platform.

By combining low-cost, high-reach distribution through our Digital Partner network with enterprise-grade integration capabilities through our Insurance Hub, we provide Insurer Partners with a comprehensive solution to drive growth, manage costs and accelerate market access across both retail and bancassurance channels. We believe these elements position us as a capital-efficient, technology-led distribution partner that enables Insurer Partners to achieve both regulatory compliance and operational efficiency. Our diversified Insurer Partner relationships, wide suite of offerings and demonstrated ability to scale underscore our value as a strategic enabler in the evolving insurance ecosystem.

#### 4. **Consistently strong earnings and high Digital Partner retention drive favourable unit economics and operating leverage**

We have established a business model characterized by consistently strong earnings and high retention rates among our Digital Partners, resulting in favourable unit economics. Our tech-driven approach to Digital Partner engagement and internal processes has enabled us to achieve significant operating leverage on fixed costs. Technology enhances transparency for PoSPs regarding payout details and streamlines the payout process, ensuring timely and reliable payments, which are critical to PoSPs (*Source: Redseer Report*).

Our platform offers substantial and increasing earning opportunities for Digital Partners. As illustrated in the Digital Partner earnings cohort chart below, we have observed that each Digital Partner cohort has predominantly experienced an increase in their average earnings. Each cohort comprises Digital Partners who completed PoSP certification and received their initial payout from us during a specific fiscal year. For example, the Fiscal 2020 cohort includes all Digital Partners who obtained PoSP certification and received their first payout from us in Fiscal 2020. For the Fiscal 2020 Digital Partner cohort, the average earnings in Fiscal 2025 increased to 2.8 times their average earnings in Fiscal 2020.

| Earnings                                    |      |      |      |      |      |      |
|---------------------------------------------|------|------|------|------|------|------|
| Average Earnings Cohort of Digital Partners |      |      |      |      |      |      |
| COHORT                                      | FY20 | FY21 | FY22 | FY23 | FY24 | FY25 |
| FY20                                        | 1.0x | 1.9x | 2.4x | 2.4x | 2.3x | 2.8x |
| FY21                                        |      | 1.0x | 2.4x | 2.7x | 2.3x | 2.6x |
| FY22                                        |      |      | 1.0x | 2.4x | 2.2x | 2.4x |
| FY23                                        |      |      |      | 1.0x | 1.6x | 1.8x |
| FY24                                        |      |      |      |      | 1.0x | 2.4x |
| FY25                                        |      |      |      |      |      | 1.0x |

*Note: Average earnings refer to the total payout received from us by the Digital Partner cohort for the given fiscal year divided by the total number of Digital Partners who received a payout from that Digital Partner cohort in that fiscal year.*

We believe our platform offers a strong value proposition to Digital Partners, encouraging them to remain active and transact on our platform for multiple years, thereby growing their businesses alongside ours. The chart below illustrates the retention rates of all Digital Partners who have completed PoSP certification and received a payout from us during Fiscal 2020 to Fiscal 2025. Retention rate is calculated as a weighted average, with 'Y0' representing the Fiscal in which a Digital Partner was onboarded to our platform. As indicated in the chart below, 69.46% of these Digital Partners remained active (*i.e.*, continued to receive payouts from us) after two Fiscals following their onboarding. Further, 64.04% remained active after five Fiscals following their onboarding. We believe that these high retention rates enable us to achieve strong returns on our investments in recruiting, training and supporting our Digital Partners.

Note: Represents the retention rates of all Digital Partners who have completed PoSP certification and received a payout from us during Fiscal 2020 to Fiscal 2025. Retention rate is calculated as a weighted average, with 'Y0' representing the Fiscal in which a Digital Partner was onboarded to our platform.

We are also focused on enhancing repeatability in our business by prioritizing renewals as a key function. We dedicate significant resources to ensure that the renewal process is seamless and convenient for customers. We employ targeted renewal outreach and utilize various tools to facilitate and encourage online renewals. Renewal reminders are sent to customers through WhatsApp and text messages prior to policy expiration. Upcoming renewals are also displayed to Digital Partners through the TurtlemintPro app and to relationship managers through the Ninja SalesPro app, enabling timely follow-ups and support. In certain cases, outbound calls are made to customers to provide assistance and help them complete renewals through our platform. Additionally, we offer our Digital Partners customer relationship management (“CRM”) tools through the Turtlemint Pro app to assist their customers throughout the renewal process. Our efforts have resulted in renewal commission revenue generated through our platform.

The following table sets forth details of the renewal commission revenue we have generated through our platform and its percentage of revenue of operations for the periods indicated:

| Particulars                                                                                | Six months period ended September 30, |                     |
|--------------------------------------------------------------------------------------------|---------------------------------------|---------------------|
|                                                                                            | 2025                                  | 2024 <sup>(2)</sup> |
| Renewal commission revenue (₹ million) <sup>(1)</sup> (A)                                  | 893.96                                | 545.95              |
| Revenue from operations (B) (₹ million)                                                    | 4,633.28                              | 2,214.47            |
| Renewal commission revenue as a percentage of revenue from operations (%)<br>(C = A/B*100) | 19.29%                                | 24.65%              |

Note:

(1) Renewal commission revenue refers to the commission earned on renewal policies. Renewal policies refers to policies which are renewed either with the same insurer partner or a different insurer partner in a given Fiscal.

(2) Six months period ended September 30, 2024 include operations of TIB only from May 8, 2024 to September 30, 2024.

The following table sets forth details of the renewal commission revenue we have generated through our platform for the years indicated:

| Particulars                                                                                         | Fiscal   |          |          |
|-----------------------------------------------------------------------------------------------------|----------|----------|----------|
|                                                                                                     | 2025     | 2024     | 2023     |
| Renewal commission revenue (₹ million) <sup>(1)*</sup> (A)                                          | 1,487.40 | 1,281.44 | 318.48   |
| Proforma revenue from operations (B) (₹ million)                                                    | 7,002.65 | 5,641.68 | 5,379.75 |
| Renewal commission revenue as a percentage of proforma revenue from operations (%)<br>(C = A/B*100) | 21.24%   | 22.71%   | 5.92%    |

Notes:

\* We experienced an increase in renewal commission revenue in Fiscal 2024 compared to Fiscal 2023 on account of certain regulatory changes resulting in an increase in commissions (including renewal commission). According to the Redseer Report, effective Fiscal 2024, IRDAI revised the erstwhile Payment of Commission Regulation from the Payment of Commission or Remuneration or Reward to Insurance Agents and Insurance Intermediaries, 2016 to Insurance Regulatory and Development Authority of India (Payment of Commission) Regulations, 2023. Notably, the definition of “commission” has also been expanded to include any form of compensation - whether termed

remuneration, reward, or otherwise - paid by an insurer to an insurance agent or intermediary for soliciting, procuring, or transacting insurance business (Source: Redseer Report). For further details on the regulatory changes and impact on commissions and marketing fees, see “**Management’s Discussion and Analysis of Financial Condition and Results of Operations - Key Developments - Regulatory changes affecting the results of operations**” on page 533.

(1) Renewal commission revenue refers to the commission earned on renewal policies. Renewal policies refers to policies which are renewed either with the same insurer partner or a different insurer partner in a given Fiscal.

Our business model is highly tech-enabled in key processes, including onboarding and engaging with our Digital Partners with a focus on automation and self-service driven business operations. We have also made significant investments in our internal business processes, as well as expense payout systems. These investments are designed to ensure that, as our business volumes increase, we are able to realize operating leverage and maintain cost efficiency. We have launched Insurance Hub, a cloud-based platform with standardized APIs for insurance products, KYC services and a transformation and rules engine. This enabled us to automate and reduce the time to integrate new products from our Insurer Partners, resulting in a reduction in our technology-related costs. In addition, we have invested in customer relationship management tools, including our proprietary CRM platform, Ninja, which empowers our teams, particularly relationship managers, to engage more effectively with Digital Partners. These have enabled us to keep our Fixed Expenses (i.e. proforma total expenses less Customer Acquisition Cost, Direct Employee Cost and Costs of Direct Operations) relatively stable even as our business has grown. The benefits of our technology investments and operating leverage are reflected in the improvement of premium productivity per employee.

Moreover, our initiatives to recruit and retain Digital Partners, optimize frontline employee team efficiency and invest in technology tools have contributed to improvements in our Proforma Service EBITDA. We believe these improvements have enabled us to realize operating leverage as our business volumes have scaled. Set out below are certain metrics demonstrating our inherent operating leverage for the periods/ years indicated:

| Particulars                                                  | Six months period ended<br>September 30, |           | Fiscal    |           |           |
|--------------------------------------------------------------|------------------------------------------|-----------|-----------|-----------|-----------|
|                                                              | 2025                                     | 2024      | 2025      | 2024      | 2023      |
| Platform Premium <sup>(1)</sup> (₹ million)                  | 15,903.79                                | 11,816.89 | 29,459.36 | 22,731.10 | 22,154.86 |
| Premium productivity per employee <sup>(2)</sup> (₹ million) | 6.81                                     | 5.17      | 12.54     | 8.88      | 8.62      |

Notes:

(1) Platform Premium refers to total premium (i.e., payment and consideration) received on the insurance policies (net of Goods and Service Tax) that were issued or re-issued by an insurance company through our platform.

(2) Premium productivity per employee refers to the Platform Premium divided by our average number of permanent employees for the relevant period/ year.

Set out below are certain metrics on a restated basis demonstrating our inherent operating leverage for the periods/ years indicated:

| Particulars                                                                 | Six months period ended<br>September 30, |          | Fiscal   |        |          |
|-----------------------------------------------------------------------------|------------------------------------------|----------|----------|--------|----------|
|                                                                             | 2025                                     | 2024*    | 2025*    | 2024*  | 2023*    |
| Revenue from operations (₹ million)                                         | 4,633.28                                 | 2,214.47 | 6,627.12 | 786.42 | 4,199.17 |
| Fixed Expense <sup>(1)</sup> as a percentage of revenue from operations (%) | 32.02%                                   | 62.72%   | 45.61%   | _(4)   | _(4)     |
| Service EBITDA <sup>(2)</sup> (₹ million)                                   | 511.48                                   | 274.97   | 824.33   | _(4)   | _(4)     |
| Service EBITDA Margin <sup>(3)</sup> (%)                                    | 11.04%                                   | 12.42%   | 12.44%   | _(4)   | _(4)     |

Notes:

\* Fiscals 2024 and 2023 do not include the operations of TIB, which was acquired only with effect from May 8, 2024. Fiscal 2025 and the six months period ended September 30, 2024 includes operations of TIB only from May 8, 2024.

(1) Fixed Expenses refer to total expenses less Customer Acquisition Cost (i.e., total expenses directly attributable to operational activities in generating revenue from operations which includes commission paid), Direct Employee Cost (i.e., employee benefit expenses related to the sales personnel who are the primary contact for Digital Partners for their pre and post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims). For further details, see “**Management’s Discussion and Analysis of Financial Condition and Results of Operations - Factors Affecting Our Results of Operations and Financial Condition - Managing our cost base as we scale our operations**” on page 539.

(2) Service EBITDA equals revenue from operations less Customer Acquisition Cost (i.e., total expenses directly attributable to operational activities in generating revenue from operations which includes commission paid), Direct Employee Cost (i.e., employee benefit expenses related to the sales personnel who are the primary contact for Digital Partners for their pre and post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims). For the reconciliation of Non-GAAP measures to GAAP measures, see “**Other Financial Information— Reconciliation of Non-GAAP Measures**” on page 526.

(3) Service EBITDA Margin for the relevant period/ year equals Service EBITDA for the relevant period/ year as a percentage of revenue from operations for the relevant period/ year. For the reconciliation of Non-GAAP measures to GAAP measures, see “**Other Financial Information— Reconciliation of Non-GAAP Measures**” on page 526.

- (4) We conduct the business of direct broking of insurance policies through our Subsidiary, TIB, which we acquired with effect from May 8, 2024, and accordingly, TIB accounts for majority of our revenue and expenses. As a result, Fixed Expense, Service EBITDA and Service EBITDA Margin, on a restated basis, for Fiscals 2024 and Fiscal 2023 have not been disclosed since TIB was not included in our results of operations and financial condition during these Fiscals. For further information, see “**Management’s Discussion and Analysis of Financial Condition and Results of Operations – Key Developments**” and “**History and Certain Corporate Matters – Details regarding material acquisitions of divestments of business/undertakings, mergers, amalgamation, any revaluation of assets, etc. in 10 years**” on pages 532 and 283, respectively.

Set out below are certain metrics on a proforma basis demonstrating our inherent operating leverage for the years indicated:

| Particulars                                                                                   | Fiscal   |          |          |
|-----------------------------------------------------------------------------------------------|----------|----------|----------|
|                                                                                               | 2025     | 2024     | 2023     |
| Proforma revenue from operations (₹ million)                                                  | 7,002.65 | 5,641.68 | 5,379.75 |
| Proforma Fixed Expense <sup>(1)</sup> as a percentage of proforma revenue from operations (%) | 44.80%   | 50.07%   | 47.94%   |
| Proforma Service EBITDA <sup>(2)</sup> (₹ million)                                            | 832.28   | 560.42   | (647.65) |
| Proforma Service EBITDA Margin <sup>(3)</sup> (%)                                             | 11.89%   | 9.93%    | (12.04%) |

Notes:

- (1) Proforma Fixed Expenses refer to proforma total expenses less Customer Acquisition Cost (i.e., total expenses directly attributable to operational activities in generating proforma revenue from operations which includes commission paid), Direct Employee Cost (i.e., proforma employee benefit expenses related to the sales personnel who are the primary contact for Digital Partners for their pre and post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims). For further details, see “**Management’s Discussion and Analysis of Financial Condition and Results of Operations - Factors Affecting Our Results of Operations and Financial Condition - Managing our cost base as we scale our operations**” on page 539.
- (2) Proforma Service EBITDA equals proforma revenue from operations less Customer Acquisition Cost (i.e., total expenses directly attributable to operational activities in generating proforma revenue from operations which includes commission paid), Direct Employee Cost (i.e., proforma employee benefit expenses related to the sales personnel who are the primary contact for Digital Partners for their pre and post sales activities including renewals and claims support) and Costs of Direct Operations (i.e. certain tech platforms costs pertaining to policy issuance, post-sales support, renewals and claims). For the reconciliation of Non-GAAP measures to GAAP measures, see “**Other Financial Information — Reconciliation of Non-GAAP Measures**” on page 526.
- (3) Proforma Service EBITDA Margin for the relevant period/ year equals Proforma Service EBITDA for the relevant period/ year as a percentage of proforma revenue from operations for the relevant period/ year. For the reconciliation of Non-GAAP measures to GAAP measures, see “**Other Financial Information — Reconciliation of Non-GAAP Measures**” on page 526.

We believe that our continued investment in technology-enabled business processes positions us to achieve sustained profitability as our business continues to scale, leveraging our existing cost base for future growth.

## 5. Self-reinforcing flywheels driving strong network and learning effects

Our platform is structured around a dynamic, self-reinforcing ecosystem that leverages multiple flywheels to drive sustained growth, engagement and value creation for all ecosystem participants, including customers, Digital Partners and Insurer Partners. These flywheels are underpinned by two primary mechanisms: network effects and learning effects, each of which contributes to the scalability, resilience and long-term growth of our business model.

### Network Effects

We benefit from strong network effects that strengthen as our platform grows. As our network of Digital Partners expands, our reach increases, attracting a larger number of customers to our platform. This growth in customer activity results in higher volumes of policy issuances, making our platform a more attractive distribution channel for our Insurer Partners. In response, Insurer Partners are incentivized to integrate with our platform and offer a broader and more diverse range of insurance products. The expansion of product offerings further attracts new customers, creating a virtuous cycle that supports the continued growth of our ecosystem and platform.

The strength of these network effects is demonstrated by the consistent increase in the number of Digital Partners issuing policies on a quarterly basis. The average number of quarterly policy-issuing Digital Partners in a Fiscal has grown at a CAGR of 54.19% from 7,046 in Fiscal 2020 to 76,248 in the six months period ended September 30, 2025. This growth reflects the increasing engagement and scale of our distribution network. As more Digital Partners transact on our platform each day, our platform becomes more attractive to both customers and Insurers Partners, further reinforcing the network effects that drive our long-term growth.

### Learning Effects

Our platform also benefits from robust learning effects, which are amplified by the continuous growth of our Digital Partner network and the increasing volume of transactions. From April 1, 2022 to September 30, 2025, we facilitated the distribution of 19.68 million insurance policies, resulting in a large amount of data and insights into customer behaviours, preferences and financial lifecycles. The depth and breadth of this data allow us to understand our customers more comprehensively and recommend the right set of products and services.

Each new policy issued on our platform generates richer and more diverse data sets. This accumulation of data enables us to deliver deeper, more actionable insights to our Insurer Partners, empowering them to design and launch more tailored and innovative products. As our data and insights capabilities mature, Insurer Partners can offer increasingly customized products with improved unit economics and more precise risk assessment. This leads to better pricing, higher customer satisfaction, and increased retention rates, all of which further accelerate the self-reinforcing nature of our network effects. The flywheel effect ensures that as the network grows, the value proposition for all participants strengthens, driving further engagement and platform expansion.

Further, the insights derived from this expanding data pool enable us to refine our product offerings and engagement strategies, which in turn drive higher policy sales volumes and increase the earning potential for our Digital Partners. The prospect of greater earnings attracts additional Digital Partners to our platform, further expanding our distribution network and reinforcing the learning cycle. This virtuous cycle ensures that our platform continuously improves its value proposition, operational efficiency and stakeholder outcomes.

Set out below is a graphic illustrating our platform's self-reinforcing flywheels:

Through these self-reinforcing, interconnected flywheels, our platform is able to scale efficiently, enhance its competitive positioning and deliver strong outcomes for all ecosystem participants. We believe this creates a sustainable competitive advantage and positions us for long-term growth in the digital insurance distribution industry.

## **6. *Promoter led company with an experienced management team backed by marquee investors***

We are led by our first-generation entrepreneur Promoters, Dharendra Nalin Mahyavanshi (Chairperson, Managing Director and Chief Executive Officer) and Anand Rohidas Prabhudesai (Executive Director and Chief Operating Officer), who have played a pivotal role in shaping our growth, strategy and operations since our inception. Each of our Promoters possesses significant experience in the insurance, sales and technology sectors, having held leadership positions at prominent organizations prior to founding Turtlemint. They are actively involved in the day-to-day management of our business and continue to drive our long-term vision and operational execution as well as serve as Executive Directors on our Board.

Our management team comprises experienced professionals with functional expertise. In addition, our Board includes non-executive and independent directors, some of whom have experience of serving on the boards of public companies in India and internationally, bringing decades of expertise in finance, business development, management and administration. For further details, see “*Our Management*” on page 289.

We are further supported by a distinguished group of marquee investors, including leading global and domestic venture capital and private equity funds such as Nexus Ventures IV, Ltd., Nexus Ventures VI Holdings, LLC, Peak XV Partners Investments V (formerly known as SCI Investments V), JV3-One L.P, Jungle Ventures III Investment Holding Pte. Ltd, JV SPV 1 Pte. Ltd, JV SPV 2 Pte. Ltd., GGV VII Investments Pte. Ltd., Catalyst Trusteeship Limited –Trustee-Blume Ventures (Opportunities) Fund IIA, Vistra (ITCL) India Ltd-Trustee- Blume Ventures Fund 1X, Dream Incubator Inc. and Humming Bird Investment Holdings SPV. The continued backing of these reputed investors underscores the strength of our business model, governance standards and growth potential.

Our organizational culture is rooted in innovation, inclusivity and a strong sense of purpose. We foster a collaborative and entrepreneurial environment that encourages employees to take ownership, drive change and continuously improve. We place a strong emphasis on learning and development, offering comprehensive training frameworks, digital learning modules and regular engagement initiatives to empower our workforce and partners. Our culture is also characterized by a commitment to diversity, with a proportion of our workforce and Digital Partners comprising young professionals, women, and individuals from underpenetrated markets across India. We focus on employee engagement, professional growth and community impact has contributed to high retention rates and a motivated, high-performing team that is aligned with our mission to make insurance accessible and affordable for all.

## **Our Growth Strategies**

Below are the strategies in relation to our business, which have been approved by way of a resolution passed by our Board of Directors at their meeting held on January 16, 2026.

### **1. *Continue to deepen penetration and scale insurance distribution in B30+ markets through expanding our Digital Partner network***

According to the Redseer Report, India’s underpenetrated insurance sector is set for strong growth across life and non-life segments, driven by B30+ markets. In particular, India’s insurance sector is set for strong growth across life, health, and motor segments, supported by favourable macroeconomic conditions and a progressive regulatory environment (*Source: Redseer Report*). Alongside this, ongoing product and distribution innovation is broadening access and deepening penetration across a wider population base (*Source: Redseer Report*). As of Fiscal 2025, 50-60% of the GDPI for motor, health and life new business is expected from B30+ markets (*Source: Redseer Report*). B30+ markets are projected to experience insurance demand growth rates up to 1.6 times higher than T30 between Fiscals 2025 and 2030 for motor, health and life new business insurance (*Source: Redseer Report*). Leveraging our tech-driven, Digital Partner-led distribution model, we intend to capitalize on this growth opportunity in B30+ markets and further expand our reach and deepen our market share in these markets. Our scalable technology platform, combined with physical branch network, enables us to efficiently serve the fragmented and diverse customer base in these B30+ markets. We will continue to invest in localized engagement, training and product innovation to drive higher adoption of insurance products and capture a significant share of the expanding market opportunity in these B30+ markets.

A key pillar of our business growth strategy is the continued expansion and activation of our Digital Partner network. According to the Redseer Report, during Fiscals 2020 and 2025, PoSPs grew at an approximately 38% CAGR, significantly outpacing traditional general insurance agents at approximately 18%. We registered a PoSP CAGR of approximately 38.97% from 110,273 as of March 31, 2021 to 484,832 as of September 30, 2025. As of September 30, 2025, 80.05% of our Digital Partners are based in B30+ markets and 74.79% of Platform Premium distributed sold in B30+ markets. According to the Redseer Report, on the other hand, the industry share of premium from B30+ markets in motor, retail health, and life insurance new business was 50%-60% as of March 31, 2025. We will continue to focus on cost-efficient and tech-driven recruitment and onboarding of a diverse Digital Partner base. Our comprehensive training modules, ongoing support and tech-enabled sales journeys are designed to enhance Digital Partner productivity and facilitate multi-product offerings. By optimizing our supervisory span and maintaining a fixed cost base, we aim to realize significant operating leverage as our business scales.

## 2. ***Introducing new insurance products and adding other financial products to become one stop shop for all financial needs of our customers***

As per the Redseer Report, financial assets, which include equities, mutual funds, insurance, currency and other instruments account for approximately 49% of Indian household savings in Fiscal 2024. Within financial assets, insurance has grown at a healthy CAGR of approximately 12% between Fiscals 2020 and 2024 (*Source: Redseer Report*). Moreover, demat penetration reached 11%-13% of adults, NSE retail investor count touched 40 million, and retail loan disbursements reached ₹78 trillion in Fiscal 2025 (approximately 25% CAGR from Fiscal 2020), indicating broader engagement across equity, credit, and investment products (*Source: Redseer Report*).

We believe our platform is uniquely positioned to capitalize on these trends due to the retail and granular nature of our distribution model. Our Digital Partners engage directly with end customers, rather than operating through local aggregators, enabling us to develop a deep understanding of our customers' financial needs. From April 1, 2022 to September 30, 2025, we facilitated the distribution of 19.68 million insurance policies, generating a large amount of data insights about our existing customer base. This data-driven approach allows us to map the customer financial lifecycle and recommend the most relevant products and services.

Leveraging our extensive Digital Partner network, we are able to efficiently distribute a broad suite of financial products. This approach benefits both customers and Digital Partners as customers gain access to a comprehensive range of financial solutions through a single trusted channel, while Digital Partners are able to increase their earning potential by offering a wider variety of products. Accordingly, we have expanded our offerings by distributing mutual funds since Fiscal 2021 and loans since Fiscal 2025 through our triadic platform. As of September 30, 2025, the assets under management of our mutual funds distribution were ₹13,321.63 million.

We believe that expanding into adjacent product categories will lead to increase in revenues. By empowering our Digital Partners to offer a broader suite of financial products, we are able to capture additional revenue streams and improve overall unit economics. The diversification of our product portfolio not only strengthens our value

proposition to both customers and partners, but also supports sustainable, long-term growth by enhancing our ability to generate higher margins and deepen customer relationships.

Moreover, regulatory developments have consistently influenced our business and growth. In the past, regulatory changes such as POSP Regulations, expanded our operating models and distribution channels, enabling us to develop additional capabilities. The recently introduced managing general agent (“MGA”) framework under the Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Act, 2025, according to the Redseer Report, enables a structure for deeper participation across the insurance value chain, potentially including product design and pricing, underwriting, distribution, and servicing, subject to regulatory oversight. We intend to leverage the MGA framework, where permitted, to build integrated, technology-enabled solutions with Insurer Partners and to use customer data to the extent allowed by applicable law. In addition, the Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Act, 2025 also authorizes the Central Government, in consultation with IRDAI, to notify ancillary and value-added services that insurers may undertake (*Source: Redseer Report*). If and when such additional services are notified, we aim to expand our offerings to provide a more comprehensive suite of products. We believe these measures could support more tailored product design, shorter development cycles, improve unit economics and customer outcomes, and strengthen our competitive position.

### **3. *Continue to leverage technology and AI to drive scalable growth and improve operational efficiency***

We intend to continue investing in the advancement of our technology infrastructure and data analytics capabilities, which are central to delivering value to our customers, Digital Partners and Insurer Partners. Our ongoing investments are focused on enhancing the functionality, scalability and reliability of our platform to provide seamless, efficient and personalized experience for all our ecosystem participants.

We are committed to driving innovation through the adoption of advanced AI-powered solutions. These initiatives are designed to enhance Digital Partner productivity by providing real-time access to comprehensive product knowledge, specifications and collateral, tailored to the unique needs of each customer. We aim to develop AI-powered co-pilot solutions that will empower Digital Partners to deliver more personalized and effective advice, increasing throughput and enabling greater focus on customer engagement. We also intend to develop a real-time sales support agent embedded within the sales process. This agent is intended to resolve technical issues, answer questions, and guide Digital Partners through product workflows in real time. We also aim to implement agentic AI architecture to deploy AI agents that streamline operations and improve the quality and cost-efficiency of customer support. These agents are intended to support key processes, including policy endorsements, claims, payout inquiries and requests for quotes and policy issuance. An initial version of this capability is already live on Ninja in limited workflows, and we intend to extend coverage across additional use cases and product lines. Furthermore, we are leveraging advancements in conversational AI, such as automatic speech recognition, text-to-speech and multilingual large language models, to further scale our operations and enhance service delivery, particularly in underserved markets. To support the management of policy renewals at scale, we have implemented AI-driven calling systems capable of engaging customers in conversations regarding their upcoming renewals. We plan to further expand and refine these capabilities, which we believe will enable us to reach a larger customer base without a proportional increase in headcount, while also improving renewal rates and customer experience. We recognize the rapidly evolving cost-performance dynamics of these technologies and have identified them as a key area of strategic investment to support our future growth.

### **4. *Enhance our capabilities through strategic investments and acquisitions***

We plan to enhance our product and service capabilities through targeted strategic investments and acquisitions that complement our core business. By integrating businesses aligned with our vision, we aim to accelerate growth and expand our offerings for customers and partners. Our focus is on acquiring or investing in companies that strengthen our technology infrastructure, diversify our product portfolio, and improve the customer experience. For instance, we acquired Last Decimal Private Limited in Fiscal 2023, a provider of technology platforms and services to the Indian insurance industry. In light of the above and in pursuit of our overall strategy of continuing the expansion of our portfolio of products to meet the evolving needs of our business, we continue to selectively pursue opportunities for evaluating potential targets for strategic investments, acquisitions, and partnerships that complement our product offerings, strengthen or establish our presence in our targeted domestic and international markets or even acquire key skill sets that we need to execute on our strategy. We intend to continue pursuing opportunities in sectors including insurance, lending, and mutual fund distribution, with a particular focus on acquiring teams, platforms, or businesses that are already established in these areas. We believe that such acquisitions will enable us to accelerate our go-to-market strategies, onboard teams with specialized domain expertise, integrate established distribution infrastructure, and access new growth channels.

## 5. Invest into branding efforts across our product lines

We believe that our marketing campaigns, community initiatives and content have contributed to establishing Turtlemint as a recognized consumer brand in India. To further enhance brand awareness and recall, we intend to make targeted investments in branding initiatives designed to reinforce our reputation as a trusted provider of insurance and financial services. Our branding strategy is centred on building trust and preference within a sector that we believe is often viewed as complex and difficult to navigate.

We aim to achieve these objectives through a digital-first, advisor-led approach that positions Turtlemint as a simple, accessible and subject matter expert-supported platform. We plan to continue investing in high-impact, data-driven brand campaigns that are tailored to resonate with a broad range of customer segments across India, with a particular focus on B30+ markets. Our strategy includes leveraging multilingual content, regionally relevant storytelling and community-based advisor engagement to increase brand relevance at the local level while maintaining strong national visibility. We are committed to ongoing investment in brand and reputation-building initiatives, which we believe are essential to earning and retaining customer trust. We consider this trust to be fundamental to fostering long-term customer loyalty and supporting sustainable growth. We also intend to continue building the Turtlemint brand among our stakeholders and aim to continue to conduct regular market research to assess brand awareness and equity. We believe that our branding efforts will continue to play a critical role in driving customer acquisition, advisor engagement and establishing our leadership position.

### Description of products on our platform

Our platform empowers Digital Partners to offer customers a wide and unbiased selection of insurance and financial products from 44 Insurer Partners as of September 30, 2025, allowing customers to easily compare, choose, and purchase policies that best fit their needs. We also continue to expand the number of insurers available on our platform to provide our Digital Partners with a broader selection of products to recommend to customers.

Set out below is a breakdown of our Platform Premium (excluding enterprise premium) by states for the periods indicated:

| Name of State*                                    | Six months period ended September 30, |                                                                           |                       |                                                                           |

Notes:

\*The top 10 states have been identified based on the top 10 states in terms of Platform Premium in the six months period ended September 30, 2025. The geographical distribution has been determined based on the policyholder's PIN code/ city/ state.

1. Platform Premium refers to total premium (i.e., payment and consideration) received on the insurance policies (net of Goods and Service Tax) that were issued or re-issued by an insurance company through our platform. The Platform Premium included in this table above excludes enterprise premium due to the policyholder location information being unavailable in accordance with the technology services agreements that we enter with our enterprise clients.
2. Other states and union territories includes Andaman and Nicobar Islands, Arunachal Pradesh, Assam, Bihar, Chandigarh, Chhattisgarh, Delhi, Goa, Haryana, Himachal Pradesh, Jammu and Kashmir, Jharkhand, Kerala, Ladakh, Lakshadweep, Manipur, Meghalaya, Mizoram, Nagaland, Odisha, Puducherry, Sikkim, The Dadra and Nagar Haveli and Daman and Diu, Tripura, Uttarakhand and West Bengal.

Set out below is a breakdown of our Platform Premium (excluding enterprise premium) by states for the years indicated:

| Name of State*                                          | Fiscal                |                                                                                 |                       |                                                                                 |                       |                                                                                 |

Notes:

\*The top 10 states have been identified based on the top 10 states in terms of Platform Premium in Fiscal 2025. The geographical distribution has been determined based on the policyholder's PIN code/ city/ state.

1. Platform Premium refers to total premium (i.e., payment and consideration) received on the insurance policies (net of Goods and Service Tax) that were issued or re-issued by an insurance company through our platform. The Platform Premium included in this table above excludes enterprise premium due to the policyholder location information being unavailable in accordance with the technology services agreements that we enter with our enterprise clients.
2. Other states and union territories includes Andaman and Nicobar Islands, Arunachal Pradesh, Assam, Bihar, Chandigarh, Chhattisgarh, Goa, Haryana, Himachal Pradesh, Jammu and Kashmir, Jharkhand, Kerala, Ladakh, Lakshadweep, Manipur, Meghalaya, Mizoram, Nagaland, Odisha, Puducherry, Sikkim, Tamil Nadu, The Dadra and Nagar Haveli and Daman and Diu, Tripura, Uttarakhand and West Bengal.

## **Insurance products**

Our digital platform simplifies the process of policy comparison and purchase, providing transparent information on coverage, premiums, exclusions, and claim processes. This empowers customers to make informed decisions and select policies that align with their needs.

### ***Health insurance***

We offer a comprehensive portfolio of health insurance products designed to address the diverse needs of our customer segments, which include individuals, families, senior citizens, and customers seeking specialized coverage. The health insurance plans available through our platform are selected to align with the specific requirements of these customer groups.

Our platform facilitates the end-to-end issuance of health insurance policies. This includes both straight-through processing for eligible cases and cases that require medical underwriting by the insurer. In addition, our platform supports the servicing of new policies, as well as the renewal and portability of existing policies. This enables customers to manage their health insurance needs throughout the policy lifecycle in a streamlined and efficient manner.

In Fiscal 2025 and the six months period ended September 30, 2025, we offered health insurance policies from 26 and 28 Insurers Partners, respectively, through our platform. Customers may also access claims processing support through our network of digital partners, regardless of whether the policy was originally issued through our platform. This capability enables our Digital Partners to assist customers with claims processing at the time of need, thereby enhancing the overall customer experience.

Some of the key types of health insurance products offered on our platform include:

- *Mediclin policy:* Covers hospitalization and medical expenses due to illness or accidents, including pre- and post-hospitalization costs, day care procedures, and other related medical needs for individuals and families.
- *Senior citizen plans:* Designed specifically for senior citizens, these plans offer higher entry age limits and coverage for age-related health concerns.

- *Family plans*: Provide medical coverage for all family members under a single policy, with options for individual or family floater coverage.
- *Maternity plans*: Cover maternity-related expenses such as pre-natal check-ups, hospitalization for delivery, and post-natal care.
- *Critical illness plans*: Offer a lump sum benefit upon diagnosis of specified critical illnesses, such as cancer, stroke, or organ failure, regardless of actual treatment costs.
- *Personal accident plans*: Provide a lump sum payout in the event of accident-related injuries or contingencies.
- *Top-Up and Super Top-Up plans*: Enable customers to enhance their health insurance coverage beyond the base policy, offering extra protection against high medical expenses.

### ***Life insurance***

We provide a wide selection of life insurance products. Our platform is designed to facilitate a seamless application and underwriting process, providing high-quality disclosures and leveraging advanced simulation models to support enhance risk assessment, particularly for higher sum assured products. Insurer Partners utilize consumer data to design pre-approved products, which streamlines the issuance process by reducing the need for repetitive financial risk assessments and enabling faster policy approvals.

Some of the key types of life insurance products offered on our platform include:

- *Term life insurance*: Provides a death benefit for a specified period, offering financial security to beneficiaries in the event of the policyholder's death. Options include level term, increasing term, decreasing term, and return of premium plans.
- *Endowment plans*: Combine life coverage with savings, offering both a death benefit and a maturity benefit if the policyholder survives the policy term.
- *Unit Linked Insurance Plans (ULIPs)*: Investment-oriented plans that allow policyholders to invest premiums in various funds such as equity, debt or balanced funds, while also providing life cover.
- *Child insurance plans*: Designed to provide financial stability to the child, these plans offer benefits such as maturity payouts and death benefits, with options for both traditional and unit-linked variants.
- *Whole life plans*: Provides life coverage for the entire lifetime of the insured, typically up to 99 or 100 years of age.
- *Pension plans*: Retirement-focused plans that enable regular annuity payouts during retirement, available as deferred pension plans or immediate annuity plans.
- *Term with Unit Linked Insurance Plan (TULIP)*: Provides life coverage with high sum assured along with option to invest in equity or debt markets through various funds.

### ***Motor insurance***

Motor insurance represents a significant line of business and functions as a primary channel for the acquisition and engagement of Digital Partners. We offer a broad portfolio of motor insurance products, including coverage for four-wheelers (cars), two-wheelers (bikes and scooters) and commercial vehicles. These products are designed to provide protection against both own damage and third-party liability risks.

Some of the key types of motor insurance products offered on our platform include:

- *Third-party liability insurance*: The most standard and mandatory form of motor insurance as per regulatory requirements. It provides coverage against legal liabilities arising from injuries or damages caused to third parties, including bodily injury, death, or property damage, due to an accident involving the insured vehicle.

- *Own damage insurance:* Offers protection against damages sustained by the insured vehicle itself due to events such as accidents, theft, fire, natural disasters, or vandalism. This type of coverage is available as a standalone policy for vehicles that already have an active third party liability policy, allowing customers to enhance their protection as per their needs.
- *Comprehensive insurance:* Combines both third party liability and own damage coverage into a single policy. It provides extensive protection by covering third party liabilities as well as damages to the insured vehicle arising from accidents, theft, fire, natural calamities and other unforeseen events. Comprehensive policies may also offer additional benefits such as personal accident cover and add-on riders for enhanced protection.

Our platform is integrated with a wide network of insurers, including both private sector and public sector undertakings. This integration enables customers to access a diverse selection of motor insurance products, which may include usage-based insurance, personalized discounts and a variety of add-on coverages. Our platform serves a broad customer base, encompassing private and commercial vehicle owners, fleet operators, luxury vehicle owners, electric vehicle owners, and customers seeking to renew lapsed policies. Our platform facilitates instant, self-service policy issuance, minimizing manual intervention. Product features and benefits are presented in a transparent manner and our platform provides real-time support and accessibility at any time and from any location. These capabilities are designed to improve turnaround times and enhance the overall experience for both Digital Partners and customers.

We also support our Insurer Partners through the use of advanced data analytics and a proprietary end-to-end product platform. These tools enable more precise risk assessment, dynamic pricing and the distribution of personalized products at scale, with the objective of improving operational efficiency and profitability. Following policy issuance, we seek to increase customer retention through timely renewal support and technology-enabled claims servicing. The integrated claims support framework is designed to facilitate coordination among customers, insurers, surveyors and repair facilities, with the goal of ensuring timely and transparent claim resolution and providing a streamlined, assisted service experience.

### ***Other insurance products***

Our product suite also includes group insurance, fire insurance and marine insurance policies, as well as a range of corporate insurance solutions tailored to SMEs such as employee benefit policies, fire and burglary, group health, public liability and marine cargo insurance. We also offer travel insurance policies. Our digital platform streamlines the quotation, purchasing and servicing process for such policies.

### **Financial Products**

We are deepening our relationships with Digital Partners and customers by offering broader financial products to complement our core insurance products. Our platform provides a range of financial products to customers with different credit profiles, demographics, employment types, incomes, and geographies. We segment consumers into various groups based on income and credit scores, which allows us to develop tailored recommendations for lending solutions and services for each consumer group. Our other financial products include mutual funds, personal loans, business loans and credit cards.

#### ***Mutual funds***

Through our mutual fund platform, we enable customers to compare, select, and purchase mutual funds tailored to their unique needs and risk profiles. The platform's proprietary algorithms and data-driven insights are designed to assist users in making informed financial decisions, while its investment calculator helps customers plan their investments and calculate financial goals.

#### ***Loans***

We offer unsecured loans to salaried and self-employed individuals, aligning lending policies with customer data and ranking offers by approval chances to help consumers select the best option. Our unsecured loans are available across 19,153 pin codes in India, as of September 30, 2025, enabling our Digital Partners serve the underserved population. We also offer secured loans, including home loans and loan against property, to customers. We also offer unsecured business loans for customers through our platform. Our Digital Partners help customers through the entire process of obtaining such secured loans, guiding them at each step and also coordinating with the lender.

#### ***Credit cards***

We assist customers in applying for credit cards online. Partnering with credit card issuers, we offer various cards to meet diverse needs. Our digital KYC process streamlines card issuance and minimizes the time taken to issue the card. All credit card issuances are conducted through digital applications, with our Digital Partners assisting in matching customers with credit card products that align with their individual requirements.

### **Technology Infrastructure**

Our business model is anchored in the development and deployment of advanced, proprietary technology infrastructure that leverages artificial intelligence, machine learning and data analytics to enhance every aspect of our digital insurance distribution platform. This technology-driven approach enables seamless digital experiences for customers, Insurer Partners and Digital Partners, supporting the entire insurance purchase lifecycle from policy discovery and purchase to claims initiation and renewal. Our platform's open architecture allows for efficient integration with a broad network of insurer partners, facilitating product discovery, personalized recommendations, digital KYC, risk assessment and claims processing. Our technology stack combines internally developed systems with select third-party and open-source software, enabling rapid, scalable and cost-effective deployment of new features and products. The infrastructure is hosted on cloud service providers, with built-in redundancies and robust monitoring to ensure high availability and performance, and a modular product architecture that supports customization for customers and partners. In addition, all processes for financial products, including loan applications, KYC authentication, income verification, underwriting and disbursement, are fully digitized, streamlining operations and improving user experience.

### ***Proprietary technology stack***

We have developed a robust, proprietary technology stack that underpins our digital insurance platform, enabling the processing of large volumes of complex data and supporting real-time information flow across all user touchpoints. The platform is designed for scalability, flexibility, and high availability, ensuring uninterrupted service even during peak periods. Our cloud-based infrastructure and advanced analytics capabilities allow for continuous evaluation of customer data and insurance products, resulting in unbiased, targeted product recommendations and seamless digital transactions. The modular, distributed computing architecture minimizes system downtime by eliminating single points of failure, while in-house applications, including the app, website, customer relationship management system and digital transaction tools, are supported by a comprehensive, multi-layered data backup system. Data is securely stored and redundantly backed up across multiple cloud-based availability zones and data centers, ensuring reliability and scalability as the platform grows. The data subject to such backups primarily includes Digital Partner data such as KYC details that amongst others includes, name, contact details, date of birth, PAN and addresses, as well as customer data related to their insurance policies that they have bought through our Digital Partners, such as policy number, policy numbers, premium and coverage details and claim information.

### ***Ninja***

Ninja is our proprietary internal operations platform designed to facilitate the seamless execution of core operational processes across the organization. Developed as a modular system, each module within Ninja is tailored to address a specific operational function. For example, the payouts module enables the operations team to calculate, validate and finalize Digital Partner commissions with enhanced transparency and control. Ninja serves as the central platform for Digital Partner onboarding, service requests, escalations and transaction validations, providing a unified source for the operations team. The structured workflows and user-friendly interfaces promote speed, consistency and accountability across all operational activities, allowing us to scale operations efficiently while maintaining standards of accuracy and operational integrity. To monitor and assess the quality of our operational support and processes, we conduct net promoter score (NPS) surveys on a monthly basis. In addition, we administer a customer satisfaction survey (CSAT) to Digital Partners following the fulfilment of each service request.

### ***Data Analytics***

We have established a comprehensive data analytics infrastructure to utilize the potential of customer information collected across our digital platform. Our system securely captures and processes multi-dimensional data from user registrations, browsing behaviour, insurance purchases, loan applications and interactions with platform features. Advanced data mining and analytics are enabled by efficient extraction and aggregation of data from diverse sources, while maintaining stringent data security standards. This infrastructure supports in-depth analysis of customer behaviour, insurance needs, and feedback, empowering us to predict preferences, develop detailed consumer profiles and execute highly targeted marketing campaigns. Insights from analytics are continuously

used to optimize the customer experience, personalize product recommendations and refine service offerings, ensuring a relevant, efficient, and engaging digital insurance journey for all users.

### ***Data Privacy and Security***

Data privacy and security are integral components of our business operations and technology infrastructure. We recognize that the confidence of our customers, insurer partners, and digital partners is contingent upon our ability to protect sensitive information and maintain the integrity of our platform. To this end, we have implemented a comprehensive information security policy and related procedures designed to comply with applicable data protection and privacy laws. These policies and procedures are subject to regular review and are updated as necessary to address evolving regulatory requirements and emerging security threats.

Our security framework is structured to provide multiple layers of protection. These measures include, but are not limited to, robust access controls, multi-factor authentication, and the application of strict need-to-know principles governing data access. Personal and sensitive data, including names, contact details, identification numbers, and transactional information, are encrypted both in transit and at rest using industry-standard cryptographic protocols. We utilize antivirus software, firewalls, intrusion detection and prevention systems, and vulnerability scanning tools to monitor and protect our infrastructure from unauthorized access, cyber-attacks, and data breaches. In addition, we have implemented data loss prevention tools across the organization to facilitate the discovery, classification, and tracking of organizational data, thereby mitigating the risk of data leaks or compromise.

We conduct regular internal and external penetration testing, periodic reviews of critical tools and processes, and independent third-party security audits, including those performed by Computer Emergency Responses Team - India (Cert-IN) empaneled auditors. These activities support the ongoing enhancement of our security posture and facilitate compliance with applicable regulations. We adhere to data security and privacy requirements as mandated by the IRDAI Information and Cyber Security Guidelines, 2023.

Our approach to data privacy encompasses both technical and organizational measures. We have established internal guidelines and employee training programs to promote awareness and ensure the proper handling of organizational data. Access to confidential information is restricted to individuals with a demonstrable need to know, and any exceptions require approval from designated authorities. We maintain comprehensive logging and monitoring mechanisms, including the retention of audit logs for periods specified by applicable regulatory requirements. The sharing of organizational data with third parties or regulators is governed by established legal processes and is subject to strict data privacy standards.

Our privacy policies are publicly disclosed on our website and mobile application, providing transparency regarding our data collection, use, and disclosure practices. We are committed to using customer data solely for the purposes of delivering, improving, and personalizing our platform and services. Where practicable, we aggregate and anonymize data to further protect individual privacy.

### **Marketing and Sales**

Our marketing strategy is designed to drive engagement among customers, Digital Partners and Insurer Partners, while building brand awareness and supporting the growth of our platform. Our approach is multi-pronged, combining organic and paid initiatives to reach a broad and diverse audience. We focus on strengthening brand equity by consistently delivering value to our users and partners, which has resulted in strong word-of-mouth referrals and organic growth. Our marketing investments are fundamentally data-driven and performance-based, enabling us to optimize spend across channels and maximize return on investment as we scale.

We utilize a diversified mix of online and offline marketing channels, including search engine marketing, social media, out-of-home advertising, and influencer partnerships. Our in-house analytics capabilities enable us to identify and target key consumer segments with tailored campaigns, enhancing the relevance and effectiveness of our messaging. In addition to digital marketing initiatives, we invest in brand-building activities and educational content designed to highlight the advantages of comparing insurance products and making informed decisions through our platform. These efforts are further supported by strategic partnerships, which are intended to strengthen our relationships with customers, digital partners, and other insurance professionals. From time to time, we also engage with media outlets to communicate updates regarding the company's milestones.

In addition, we employ specialized sales personnel: (i) 'Broker Qualified Persons' ("BQP") for insurance products; and 'Employee Unique Identification Number' ("EUIN") holders for mutual fund products. Both BQP and EUIN holders are certified as required by applicable regulations to ensure compliant solicitation of these financial products, and they play a critical role in our business by enabling us to offer a broad range of financial

products.

### ***Digital Partner Marketing***

Our Digital Partner marketing initiatives are designed to reach, educate and onboard Digital Partners. We offer targeted training programs and webinars to help Digital Partners understand evolving consumer behavior, the range of insurance and other financial product offerings, and how to effectively utilize our platform. Our outreach strategy includes digital campaigns delivered through email, online messaging platforms, social media and content marketing, as well as in-person engagement at company-hosted and industry events and conferences. These initiatives are intended to drive platform adoption, enhance Digital Partner productivity and cultivate long-term relationships within our Digital Partner network.

We maintain a dedicated sales team responsible for recruiting, onboarding, and supporting Digital Partners to optimize their performance on our platform. Our Digital Partner acquisition strategy leverages a combination of targeted outreach, digital marketing initiatives and in-person events to attract and engage new partners. Upon onboarding, Digital Partners are provided with comprehensive training, access to digital sales tools, and ongoing support from our relationship management team. In addition, we operate a referral program pursuant to which existing Digital Partners may refer new Digital Partners to our platform and receive compensation for successful referrals.

We systematically monitor and analyze Digital Partner performance data to identify growth opportunities, offer consultative guidance, and introduce new product offerings. Our objective is to enable advisors to expand their businesses, enhance customer outcomes, and increase their engagement with our platform. We oversee the entire Digital Partner lifecycle, tailoring our support to each partner's tenure and specific needs to facilitate their long-term success.

In addition, we conduct field engagements at various locations nationwide, inviting Digital Partners to participate in training and engagement sessions that serve as critical touchpoints for relationship building. We also organize regular engagement activities at our physical branch locations, both independently and in collaboration with our insurer partners, to further strengthen our network and support our Digital Partners.

### ***Insurer Partner Marketing***

Our Insurer Partner marketing strategy is focused on establishing and maintaining strong relationships with insurance companies and their channel and sales leadership teams, marketing professionals. Our initiatives include hosting educational content related to insurance plans and supporting partners throughout the purchase lifecycle. We also organize podcasts and joint sessions with insurer partners on relevant topics, which are featured on our platform and accessible to our Digital Partners and their customers. In addition, we promote the launch of new insurance products across multiple media channels to maximize visibility and engagement among our Digital Partners and their customers.

Our dedicated sales team for Insurer Partners is responsible for establishing and maintaining relationships with insurance companies, ensuring that their products are effectively represented and distributed through our platform. We employ a data-driven approach to Insurer Partner engagement, collaborating closely with Insurer Partners to understand their distribution objectives, optimize campaign performance, and increase policy sales and distribution.

Our team provides Insurer Partners with actionable insights regarding consumer behaviour, product trends and channel efficiency, enabling them to refine their product offerings and marketing strategies. We conduct regular business reviews, co-branded initiatives, and collaborative product development efforts to position Turtlemint as a strategic partner for Insurer Partners seeking to expand their distribution networks and reach new customer segments.

In addition, we participate in joint field engagements with Insurer Partners, particularly during new product launches. We have established protocols for joint product launches, which enable us to co-brand launch activities both digitally and through our branch offices.

### ***Customer Service***

Our goal is to enhance the customer service experience in the insurance industry by providing efficient, responsive and technology-based support to customers and Digital Partners.

Our in-house customer service team is equipped with digital agents that provide instant, accurate responses to customer inquiries. For more complex queries, our trained customer service representatives are available to offer subject matter expert guidance and support, ensuring that customers receive the attention and support they need.

We also invest in the ongoing training and development of our customer service personnel. New team members undergo comprehensive onboarding programs and all staff participate in regular skill enhancement sessions. We utilize voice analytics to transcribe and review customer interactions, applying quality control algorithms to identify areas for improvement and prevent miscommunication. Customer feedback is actively solicited through post-interaction surveys and ratings, allowing us to continuously refine our service standards and address any concerns promptly.

### ***Claims Process***

Policyholders may notify us promptly upon the occurrence of an event that may give rise to a claim and to submit all documentation required under the applicable insurance policy. Such documentation may include completed claim forms, proof of loss, and other supporting evidence, as specified by the relevant insurer. Claims may be initiated through our digital platform or by contacting our customer service representatives. Our Digital Partners also provide support and guidance to customers throughout the claims process.

Upon receipt of a claim related to motor insurance, our claims team reviews the submission and may request additional information or conduct further assessments as necessary. For life and health insurance claims, we generally do not receive claim documents directly; instead, we coordinate with the insurer to assist in resolving any deductions or rejections made by the insurer. We endeavor to keep policyholders informed of the status of their claims in a timely manner throughout the review process.

In addition, clause 7 of Schedule I – Form H (Code of Conduct) of the IRDAI (Insurance Brokers) Regulations, 2018 requires an insurance broker to forward to the insurer, without delay and in any event within three working days, any query or information received from a client regarding a claim or an incident that may give rise to a claim. We have been in compliance with this requirement by forwarding claims to the insurer within three working days during Fiscal 2023, Fiscal 2024 and Fiscal 2025, and the six months period ended September 30, 2025. As a broker, our responsibilities include timely intimation of claims and continuous liaison with the relevant insurer to assist customers until resolution; we are dependent on insurers for the latest status and outcome of claims. We are also required to report claims-related information to the IRDAI on an annual basis. Moreover, as a composite broker, TIB does not process or settle claims; such claims are assessed and settled solely by insurers.

Set out below are certain details related to the number of claims pending and new claims registered for the periods/years indicated:

| Particulars                                 | Six months period ended September 30, |       | Fiscal |        |       |
|---------------------------------------------|---------------------------------------|-------|--------|--------|-------|
|                                             | 2025                                  | 2024  | 2025   | 2024   | 2023  |
| Claims pending at the beginning of the year | 3                                     | 13    | 13     | 8      | -     |
| New Claims registered during the year       | 6,730                                 | 5,461 | 9,870  | 12,131 | 8,315 |
| Claims pending at the end of the year       | 36                                    | -     | 3      | 13     | 8     |

The approval and settlement of claims are subject to the fulfillment of insurer requirements, verification of coverage, compliance with the terms and conditions of the relevant policy, and satisfaction of all applicable requirements. Our customer support team is available to assist policyholders with inquiries and to provide guidance throughout the entire claims process.

### ***Customer Grievance Handling Mechanism***

We are routinely subject to customers' grievances. We have implemented and continue to maintain a grievance redressal procedure. We have a grievance redressal policy in accordance with IRDAI regulations. Customers may lodge complaints through multiple channels, including phone, email, the in-app or web portal. We have implemented a tiered escalation process, allowing unresolved complaints to be escalated to the Grievance Redressal Officer and the Principal Officer within prescribed timelines. We systematically track the receipt, acknowledgment, investigation, resolution, and closure of all complaints, and reports such matters to the IRDAI as required.

As a regulated entity, our Subsidiary, TIB, is subject to the requirements of the IRDAI (Insurance Brokers) Regulations, 2018. Specifically, Schedule I – Form H (Code of Conduct) of the IRDAI (Insurance Brokers) Regulations, 2018 requires insurance brokers to acknowledge a complaint within fourteen days of receipt. Further,

as a condition of registration, insurance brokers are required to take adequate steps through effective liaising with insurers for the redressal of client grievances within fourteen days of receipt and to keep the IRDAI informed about the number, nature, and other particulars of complaints received, in the format and manner specified by the IRDAI.

Set out below are details of our customer complaints as of and for the periods/ years indicated:

| Particulars                                                    | As of and for the six months period ended September 30, |       | As of and for the year ended March 31, |       |       |
|----------------------------------------------------------------|---------------------------------------------------------|-------|----------------------------------------|-------|-------|
|                                                                | 2025                                                    | 2024  | 2025                                   | 2024  | 2023  |
| Number of complaints resolved/ settled during the period/ year | 3,641                                                   | 3,950 | 8,242                                  | 9,792 | 7,181 |
| Number of complaints opened at the end of the period/ year     | 45                                                      | -     | -                                      | 31    | 21    |

We have also implemented fraud detection and verification mechanisms throughout the solicitation journey. For motor insurance policies, vehicle details such as registration number, make and model, are verified through third-party APIs to confirm the accuracy of proposal information as required by insurers. Customer details provided in the proposal form are matched against submitted documents, including bank account verification using a cancelled cheque or bank statement, passport copy verification for life insurance NRI customers as required by insurer or IRDAI norms, and PAN, Aadhaar, or other KYC verification where applicable and permitted. Periodic training, audits, and feedback loops with insurers further strengthen the Company's controls.

## Environmental, Social and Governance

Our environmental, social and governance ("ESG") initiatives are designed to promote economic empowerment, equity, social security, safety and an improved quality of life for all stakeholders, including customers, Digital Partners, employees and the communities we serve. We continuously assess and enhance our ESG practices to align with evolving stakeholder expectations and regulatory developments.

### Environment

We endeavour to minimize our environmental impact and advance sustainable business practices. We have implemented a digital-first strategy across our operations, which contributes to reducing our carbon footprint. In Fiscal 2025 and the six months period ended September 30, 2025, 77.75% and 71.64%, respectively, of policies were issued paperless through our platform. By enabling policy issuance and related documentation in electronic form, we reduce paper use and the need for printing, storage and couriering physical policy documents. Moreover, our digital model, including paperless onboarding and app-based servicing, enables remote transactions and reduces in-person branch visits and associated transport. We also employ targeted renewal outreach and utilize various tools to facilitate and encourage online renewals. We strive to ensure our business processes are designed to promote resource efficiency and reduce waste, and we are actively evaluating additional initiatives to further strengthen our environmental stewardship.

By virtue of being a technology oriented business, our digitization initiatives include the use of digital platforms for policy purchases, customer service, and the onboarding of digital partners.

### Social

Our social initiatives are centred on promoting financial inclusion, empowering Digital Partners and supporting the well-being of our employees and communities. Our commitment to social responsibility extends to fostering a diverse and inclusive workplace, supporting employee health and wellness.

- *Bridging the Insurance Gap:* By empowering Digital Partners and expanding our reach into B30+ markets, we are helping to bridge the insurance gap and make insurance products accessible to underserved populations.
- *Promoting Financial Inclusion:* We are committed to promoting financial inclusion by providing individuals from diverse backgrounds with the opportunity to build careers in insurance distribution.
- *Driving Innovation:* We are continuously investing in technology and innovation to enhance the insurance experience for all stakeholders.

- *Empowering Communities:* We provide comprehensive training, digital tools, and ongoing support to our DPs, enabling them to build sustainable careers in insurance distribution.
- *Employee engagement and well-being:* We are dedicated to fostering a positive work environment through regular initiatives focused on employee well-being, such as observances of International Women's Day and Yoga Day. We uphold fairness, dignity, and respect for diversity in all employment practices for both employees and third-party contractors. Employees are provided with group mediclaim, group personal accident and group term life insurance coverage.

### Corporate Social Responsibility

Our Material Subsidiary, TIB, has formulated a Corporate Social Responsibility ("CSR") policy in accordance with the requirements of the Companies Act, 2013 and the rules thereunder. Our focus areas include economic empowerment of women through entrepreneurship development initiatives and saving children.

### **Governance**

Our governance framework is anchored by a robust code of business conduct and ethics, which sets clear expectations for ethical behavior across all levels of the organization. Our Board of Directors includes 4 independent directors, and we have constituted key committees such as the Audit Committee, Risk Management Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee to oversee critical aspects of governance.

### **Risk management and controls**

#### *Risk Management Framework*

We have established comprehensive policies and procedures that address key operational areas, including financial reporting, statutory compliance, procurement, insurer reconciliation processes, Digital Partner commission payouts, asset management and human resources. Our risk management approach is designed to proactively identify, assess, and mitigate risks that could impact our business objectives, ensuring the integrity and resilience of our operations.

#### *Financial Reporting and Information Systems*

We have implemented detailed accounting policies and treasury management protocols to manage financial reporting risks. Our finance team utilizes established procedures and IT systems to ensure accurate and timely financial reporting, with regular reviews of management accounts to maintain transparency and accountability. In terms of information systems, we recognize the critical importance of data security and platform integrity. We have instituted rigorous internal controls, including backup management procedures with both local and offsite backups, to safeguard user data and minimize the risk of data loss or leakage.

#### *Anti-Fraud and Compliance Measures*

We enforce a strict anti-bribery and anti-corruption policy, prohibiting any form of improper payments to customers, partners or third parties. We have established a conflict of interest mechanism to guide employees and require disclosure of any potential conflicts. Our internal audit and control team actively monitors compliance and investigates any incidents of misconduct, supported by a dedicated whistleblowing mechanism that manages internal complaints and oversees investigations.

As a regulated insurance intermediary, we maintain a dedicated compliance department responsible for monitoring regulatory developments and facilitating the timely dissemination and implementation of applicable regulatory updates throughout our organization. The compliance department oversees the preparation and submission of regulatory filings and administers training programs addressing regulatory requirements, including anti-money laundering and counter-terrorist financing obligations. The compliance department also ensures adherence to Financial Intelligence Unit (FIU) reporting requirements applicable to regulated entities. In accordance with applicable IRDAI regulations, we engage an independent external auditor to conduct annual 'Insurance Self-Networking Platform' (ISNP) and cybersecurity audits. In addition, in 2023 we had obtained System and Organization Controls (SOC) 2 Type 2 compliance for Turtlemint Pro Software Application with respect to suitability of design controls relevant to the controls placed in operation and test of operating effectiveness relevant to security, availability and confidentiality, which demonstrates our adherence to established security standards and our commitment to regular, independent assessments of our security controls.

## Regulation

We operate in a highly regulated environment, subject to a stringent regulatory framework regulation that govern the insurance sector, digital platforms and data management. Our Material Subsidiary, TIB, received a certificate of registration to act as a composite broker license under the IRDAI. Further, TMF, one of our wholly owned Subsidiary, is registered with the Association of Mutual Funds in India (“AMFI”) and is engaged in the distribution of mutual fund products. Our operations are influenced by evolving regulations related to insurance distribution, PoSPs, financial products, information security, data protection, privacy and digital transactions. For further details on the key regulations, see “**Key Regulations and Policies**” beginning on page 273. Also see, “**Risk Factors – Internal Risks - We are subject to a stringent regulatory framework governed by various laws and regulations that affect the flexibility of our operations and business practices and increase compliance costs. Any tightening of regulatory limits or non-compliance may result in penalties or sanctions that could have an adverse effect on our business, prospects, financial condition, results of operations and cash flows**” on page 62.

We are also required to adhere to ongoing compliance obligations, including periodic filings, disclosures and audits. Also see, “**Risk Factors – Internal Risks - We are required to obtain, renew or maintain statutory and regulatory permits, licenses and approvals to operate our business, and any delay or inability in obtaining, renewing or maintaining such permits, licenses and approvals could result in an adverse effect on our business, prospects, financial condition, results of operations and cash flows**” on page 88.

## Brand and Intellectual Property

We rely on a combination of trademark and domain name protection in India, as well as contractual provisions and non-compete clauses in our employment contracts to protect our intellectual property, including brand names, logos and proprietary technology. The agreements we enter into with our employees also provide that all software, inventions, research and development, works of authorship and techniques created by them during the course of their employment are our property.

Our Company has entered into a License Agreement and IP License Agreement with our Subsidiaries, Turtlemint Insurance Broking Services Limited and Turtlemint Mutual Funds Distributors Private Limited, pursuant to which, our Company has granted them a limited, non-assignable license and permission to use our Company’s registered trademarks or those trademarks for which our Company has made applications, amongst other, slogan, artwork, trade names, service names, logos, domain names, etc. (“**Trademarks**”) within India and other countries as may be agreed between the parties, in connection with the conduct of the business activities of TIB and TMF. The agreement also grants TIB and TMF to sub license or grant to any other person rights to use the Trademarks. For further information, please see “**History and Certain Corporate Matters - Summary of other agreements - License agreement dated September 28, 2015 by and among our Company and our Subsidiary, Invictus Insurance Broking Services Private Limited read with addendum no. 1 dated June 19, 2025 and letter in relation to license fees (currently known as, Turtlemint Insurance Broking Services Limited) (the “License Agreement”) and “History and Certain Corporate Matters - Summary of other agreements - Intellectual property license agreement dated April 23, 2025 by and among our Company and our Subsidiary, Turtlemint Mutual Funds Distributors Private Limited read with letter in relation to license fees (the “IP License Agreement”)**” on pages 284 and 284, respectively.

As of the date of this UDRHP-I, our Company has obtained various trademark registrations in India, including for the names and logos, “Turtlemint”, “Turtlemint Academy”, “Turtlemint Insurance”, “Turtlemint Money”, “TurtleAhead”, “Turtlefin” “policyturtle”, “TurtleOne”, “turtlemint PRO” and some additional marks under various classes such as 35, 36, 38, 41, 42 and 44. Further, our Company has registered certain domain names, including “turtlemint.com”. We had also applied for two trademark applications and 17 applications are opposed under various classes in India. Also, see “**Risk Factors – Internal Risks - We may not be able to prevent others from unauthorised use of our intellectual property, which could harm our business and competitive position and adversely affect our financial condition, results of operations and cash flows**” on page 82.

## Our Employees

As of September 30, 2025, we had 2,331 permanent employees. Our workforce is organized by function, with employees distributed across various departments to support our operations and growth. The following table sets forth the number of our permanent employees by function as of September 30, 2025:

| Function            | Number of employees |
|---------------------|---------------------|
| Corporate functions | 70                  |

| Function               | Number of employees |
|------------------------|---------------------|
| Sales and marketing    | 1,616               |
| Technology and Product | 269                 |
| Others                 | 376                 |
| <b>Total</b>           | <b>2,331</b>        |

Set out below are details of our attrition for KMPs, Senior Management and permanent employees for the periods/ years indicated:

| Particulars                                              | Six months period ended<br>September 30, |        | Fiscal |        |        |
|----------------------------------------------------------|------------------------------------------|--------|--------|--------|--------|
|                                                          | 2025                                     | 2024   | 2025   | 2024   | 2023   |
| Total number of permanent employees                      | 2,331                                    | 2,211  | 2,338  | 2,359  | 2,759  |
| Attrition rate <sup>(1)</sup> of permanent employees (%) | 17.86%                                   | 26.70% | 38.54% | 48.50% | 41.67% |

Note:

1. Attrition rate is calculated as the number of employees that resigned during the Fiscal/ period divided by the average number of employees during the Fiscal/ period. The average number of employees is computed as the average number of employees at the beginning and end of the Fiscal/ period.

Also, see “**Risk Factors – Internal Risks – Our success depends significantly upon our Promoters, Key Managerial Personnel, Senior Management and certain other employees and our inability to attract, train and retain such persons could harm our ability to maintain and grow our business and given our employee benefits expense accounted for 26.45% and 47.67%, of our revenue from operations in the six months period ended September 30, 2025 and September 30, 2024, respectively, and proforma employee benefits expense accounted for 33.63%, 49.67%, and 48.99% of our proforma revenue from operations in Fiscals 2025, 2024 and 2023, respectively, any significant increase in our employee benefits expense could adverse our financial condition, results of operations and cash flows**” on page 55.

We utilize contract workers, primarily for relationship managers that operate in our physical branch offices and provide support services as well as for entry-level positions in our operations teams covering finance, tech, housekeeping and security through independent contractors. As of September 30, 2025, we had 259 contract workers across our offices.

We enter into employment contracts with our full-time employees and have implemented a range of policies covering leave, employee referral, and other employee benefits. We have also implemented awards and incentive schemes (including ESOPs), variable pay, sales incentives, career development programs and flexible work arrangements. We invest in the continuous learning and development of our employees through in-house and external training programs designed to enhance both technical and soft skills, tailored to the functions and responsibilities of each role. None of our employees are represented by a labor union, and we have not experienced any work stoppages since our incorporation.

In line with our commitment to continuous learning and professional development, we have conducted a structured set of training initiatives over the last three Fiscals and the six months period ended September 30, 2025. These programs are designed to enhance technical expertise, functional knowledge, and soft skills, and are tailored to the specific roles and responsibilities of our employees across different functions. The key training programs conducted include:

- New employee orientation and mandatory induction (for all employees): Designed to help new joiners understand our culture, policies, compliance requirements (including AML/KYC and POSH), data security and familiarize themselves with our platforms, processes and financial products.
- Product training: Conducted regularly in collaboration with Insurer Partners to ensure sales employees remain updated on the latest product offerings and are able to provide effective support to customers and advisors.
- Platform and sales training (sales teams): Covering TurtlemintPro platform usage, sales processes, recruitment, activation, productivity enhancement, and advisor support.
- Communication and soft skills training (sales, calling and operations teams): Focused on improving professionalism, clarity and relationship management in customer and advisor interactions.
- Process training: Covering internal workflows and operational efficiencies to strengthen customer and advisor support.

## Insurance

We maintain insurance policies for our business which are customary for our industry. This includes IRDAI mandated professional indemnity insurance cover as well as directors' and officers' liability, commercial general liability, cyber liability and loss, theft, professional liability, as well as employee benefit insurance policies including group mediclaim policies, group personal accident policy and group term life insurance policy for employees. We believe that the insurance coverage currently maintained by us represents an appropriate level of coverage required to insure our business and operations. For risks related to our insurance coverage, see ***“Risk Factors – Internal Risks – Our insurance coverage may not be sufficient or may not adequately protect us against risks and unexpected events, which may adversely affect our business, prospects, financial condition, results of operations and cash flows”*** on page 89.

Set out below are details of our insurance coverage on our total insured assets as of the dates indicated:

| Particulars                                                 | As of September 30, |         | As of March 31, |         |         |
|-------------------------------------------------------------|---------------------|---------|-----------------|---------|---------|
|                                                             | 2025                | 2024    | 2025            | 2024    | 2023    |
| Insurance cover (₹ million) (A)                             | 188.34              | 188.34  | 188.34          | 168.83  | 167.17  |
| Net value of tangible assets <sup>(1)</sup> (₹ million) (B) | 65.42               | 80.13   | 67.85           | 89.95   | 149.50  |
| Insurance coverage ratio (%) (C = A/B)                      | 287.89%             | 235.04% | 277.58%         | 187.69% | 111.82% |

Note:

1. Net value of tangible assets includes net book value of property, plant and equipment and does not include value of right-of-use assets, goodwill and other intangible assets of our Company and its subsidiaries as at the end of relevant Fiscal/ period on a restated basis.

## Competition

According to the Redseer Report, the digital insurance distribution model, operating through POSPs, has witnessed the emergence of multiple players and showcased a competitive environment in recent years. Our primary competition comes from both established offline players and emerging online platforms. This includes (i) other digital insurance marketplaces, aggregators and intermediaries, (ii) traditional insurance intermediaries with a strong offline presence, (iii) direct-to-consumer online sales channels, and (iv) large internet and fintech companies that have entered the insurance and other financial products distribution space. Moreover, insurance companies also compete with us through their agency channels. Additionally, banks and non-banking financial companies with extensive customer bases and distribution networks also pose significant competition through their cross-selling initiatives. The competitive environment is further intensified by the entry of technology-driven players who are leveraging data analytics, artificial intelligence and digital marketing to enhance customer experience and streamline the insurance purchase process.

For additional details regarding the competitive landscape of the industry in which we operate, see ***“Industry Overview”*** on page 196, and see ***“Risk Factors – Internal Risks – Our inability to compete effectively in the highly competitive insurance distribution industry could reduce demand for our services, decrease operating margins, and result in loss of market share, employee departures, and increased capital expenditures, adversely affecting our business, financial condition, results of operations and cash flows”*** on page 66.

## Properties

Our Registered and Corporate Office is located at The ORB Sahar, 4 and 4A, 1st Floor, A wing, Marol Village, Andheri East, Mumbai 400 099, Maharashtra, India. Our Registered and Corporate Office has been leased from July 1, 2022 to June 30, 2027. As of September 30, 2025, all our branch offices are occupied by us on a leasehold basis. The lease tenure of these premises' ranges from 11 months to 7 years. Also see, ***“Risk Factors – Internal Risks – We do not own our Registered and Corporate Office and all the other premises from which we operate.”*** on page 64.

## KEY REGULATIONS AND POLICIES

*Given below is an indicative summary of certain sector-specific and relevant laws, regulations, and policies in India, which are applicable to our Company and Subsidiaries. The information detailed in this section has been obtained from legislations, including rules, regulations, guidelines, circulars and publications promulgated and issued by regulatory bodies that are available in the public domain. The description of the applicable regulations given below is only intended to provide general information to the investors and may not be exhaustive and is neither designed nor intended to be treated as a substitute for professional legal advice. The indicative summaries are based on the current provisions of applicable law in India, which are subject to change or modification, or amendment by subsequent legislative, regulatory, administrative, or judicial decisions. Under the provisions of various Central Government and State Government statutes and legislations, our Company and Subsidiaries are required to obtain and regularly renew certain licenses or registrations and to seek statutory permissions to conduct our business and operations.*

### INDUSTRY SPECIFIC LAWS

#### ***The Insurance Act, 1938 read with Insurance Amendment Act, 2021 ("Insurance Act") and the Insurance Regulatory and Development Authority Act, 1999 ("IRDA Act")***

The Insurance Act, along with the various regulations, guidelines and circulars issued by the IRDAI, governs, *inter alia*, registration of insurers, opening of new places of business, accounts and balance sheets, audits of financial statements, actuarial reports and abstracts, insurance intermediaries and agents, investment of funds, valuation of assets and liabilities, solvency margins, restrictions on dividends, limits on expenses of management, commission payable to insurance agents and intermediaries and reinsurance and obligation of insurers in respect of motor third party insurance business and towards rural and social sectors. The IRDAI came into existence by virtue of promulgation of the IRDA Act to regulate, promote and ensure orderly growth of the insurance sector in India and to protect the interests of policyholders.

Insurance intermediaries are required to be registered with the IRDAI under the Insurance Act for to act as an insurance intermediary in India. In case a person acts as an insurance intermediary without registration under the Insurance Act, with the IRDAI, such person is liable for a penalty which may extend to ₹1 million and any person who appoints as an intermediary or an insurance intermediary or any person not registered to act as such or transacts any insurance business in India through such person shall be liable to a penalty which may extend to ₹10 million. The maximum penalty under Section 102 of the Insurance Act for non-compliance with the Insurance Act or any IRDAI regulation or guideline is a fine of ₹0.1 million for each day during which such failure continues, or ₹10 million, whichever is less for each violation.

In 2019, Government of India notified the Indian Insurance Companies (Foreign Investment) Amendment Rules, 2019 ("***Foreign Investment Amendment Rules***") notifying that there shall be no cap on foreign equity investment for insurance intermediaries and the FDI proposals under these rules for intermediaries shall be allowed under the automatic route with certain conditions, thereby increasing the foreign direct investment limit in insurance intermediaries from 49% to 100.

#### ***Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Act, 2025 ("SBSR Act")***

The Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Bill, 2025 was a comprehensive reform of India's insurance framework, passed by both houses of the parliament. It received Presidential assent on December 20, 2025, amending the Insurance Act 1938, the LIC Act 1956 and the IRDAI Act 1999. The SBSR Act raises the foreign direct investment limit in insurers to 100%, eases reinsurance entry by lowering net owned fund requirements for foreign branches, introduces ease-of-doing-business measures such as one-time licensing for intermediaries, flexibility to suspend rather than cancel licences, and a higher threshold (5%) for IRDAI pre-approval of share transfers. It provides IRDAI with powers for disgorgement, enhanced inspections and investigations, clearer authority over commissions and remuneration, and rationalised, higher penalties. On the consumer side, it establishes a Policyholders' Education and Protection Fund and aligns handling of policyholder data with the Digital Personal Data Protection Act, 2023. It recognises online premium payments, and expands the scope of "insurance intermediaries" to include managing general agents as insurance repositories. For LIC, it grants greater operational autonomy, including opening zonal offices without prior government approval and aligning overseas operations with host-country laws. It also enables the Central Government to tailor the Insurance Act's application in SEZs and IFSCs.

#### ***IRDAI (Insurance Brokers) Regulations, 2018 ("Insurance Broker Regulations")***

Insurance brokers are granted a certificate of registration by the IRDAI in accordance with the Insurance Brokers Regulations. The Insurance Brokers Regulations set forth comprehensive guidelines for insurance intermediaries, specifically insurance brokers, to ensure transparent, ethical, and professional operations. The regulations define various types of brokers, including direct, reinsurance, and composite brokers, and require entities to obtain a certificate of registration from IRDAI, valid for three years. Brokers must meet capital and net worth requirements, maintain a defined organisational structure, and adhere to a strict code of conduct that prioritises clients' interests, confidentiality, and conflict avoidance. They must also ensure proper training and continuous professional development for key personnel, maintain robust grievance redressal mechanisms, and undergo periodic audits and compliance reporting. IRDAI has the authority to impose penalties, suspend, or cancel registrations for non-compliance, with regular inspections and monitoring to enforce these regulations. These measures aim to enhance professionalism, transparency, and accountability, thereby protecting consumer interests and fostering confidence in the insurance market.

***IRDAI (Protection of Policyholders' Interests, Operations and Allied Matters of Insurers) Regulations, 2024 ("PPHI and Allied Regulations, 2024")***

The IRDAI (Protection of Policyholders' Interests, Operations and Allied Matters of Insurers) Regulations, 2024 ("PPHI and Allied Regulations, 2024") establish a comprehensive framework to safeguard policyholders' interests and ensure ethical, transparent, and efficient operations within the insurance sector. While these regulations are primarily directed at insurers, they also impose obligations on insurance intermediaries, including brokers, agents, and other entities involved in the distribution and servicing of insurance products. . The IRDAI has issued the Master Circular on Protection of Policyholders' Interest, 2024, under Section 34 of the Insurance Act, Section 14 of the IRDAI Act, and Regulation 56 of the PPHI and Allied Regulations, 2024. This Master Circular governs the provisions relating to the protection of policyholders' interests and sets out the broad requirements that insurers must comply with under the PPHI and Allied Regulations, 2024.

From the perspective of insurance intermediaries, the regulations require strict adherence to fair business practices, transparent disclosure of product features, terms, and conditions, and the provision of accurate and timely information to policyholders at all stages—pre-sale, at the point of sale, and post-sale. Intermediaries must ensure that clients are fully informed about their rights, obligations, and the grievance redressal mechanisms available to them. The regulations mandate intermediaries to maintain high standards of conduct, avoid mis-selling, and act in the best interests of policyholders at all times. They are also required to facilitate prompt and effective resolution of complaints, maintain proper records of all transactions and communications, and cooperate with insurers in fulfilling regulatory and compliance requirements. Regular training and capacity-building for staff are emphasised to ensure ongoing compliance with regulatory expectations. The IRDAI retains the authority to monitor, inspect, and take action against intermediaries for any breach of these provisions, thereby reinforcing accountability and consumer protection across the insurance value chain.

***IRDAI (Maintenance of Information by the Regulated Entities and Sharing of Information by the Authority), Regulations 2025 ("Maintenance of Information Regulation")***

The IRDAI notified the Maintenance of Information Regulation on January 01, 2025. The regulation aims to enable insurers to maintain operational data in electronic form, ensuring both security and compliance with applicable laws, while also adopting a robust data governance framework. It further requires insurers and intermediaries, including insurance intermediaries, to retain all basic, necessary, and relevant data and information to facilitate investigations or inspections conducted by an officer appointed under Section 33 of the Insurance Act. This ensures that the affairs of any insurer or intermediary can be thoroughly examined and reported to the Authority. Additionally, the regulation empowers the Authority to share information in a judicious manner, taking into account principles of confidentiality, consent, disclosure, security, and the rights and interests of stakeholders who own or provide such information to the Authority.

**Certain guidelines notified by the IRDAI**

***Guidelines on Insurance e- Commerce dated March 9, 2017 ("Guidelines on Insurance e-commerce")***

The Guidelines on Insurance e-Commerce issued by the IRDAI regulate and govern the online insurance business, and marketing and solicitation of insurance business through online mode. The Guidelines on Insurance e-Commerce mandate all insurers and insurance intermediaries, who are desirous of setting up an Insurance Self-Network Platform (ISNP) for undertaking insurance e-commerce activities in India, to file an application for registering their electronic platform set up as an ISNP with the IRDAI. The guidelines provide for internal monitoring, review and evaluation of systems and controls, which is subject to review by an external certified information system auditor (CISA), or chartered accountants with DISA (ICAI) qualification or CERT-IN experts

at least once annually, code of conduct, adherence to regulatory prescriptions and grievance mechanism. The Guidelines on Insurance e-Commerce also prescribe a code of conduct to be followed by operators of ISNPs which, amongst other things, require that policyholders should be provided with a copy of the insurance policy in electronic form, furnish post sales servicing of policies sourced through it, and prohibits ISNPs being used for conducting business prejudicial to the interests of policyholders and manipulating the insurance business.

***IRDAI Information and Cyber Security Guidelines, 2023 dated April 24, 2023 (“Cyber Security Guidelines”)***

In order to ensure that insurance intermediaries are adequately prepared to mitigate information and cyber security related risks, the IRDAI notified the Cyber Security Guidelines, 2023, which are applicable to all insurance intermediaries. The Cyber Security Guidelines, as a part of governance mechanism of insurance intermediaries, amongst other requirements, mandate, insurance intermediaries to comply with these guidelines during the currency of their engagement.

***Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (“SEBI MF Regulations”) and AMFI Guidelines***

The SEBI MF Regulations govern the business of mutual funds in India. The SEBI MF Regulations broadly govern the formation, operation, and management of mutual funds in India, including, *inter-alia*, the eligibility criteria of the sponsor, AMC and the trustee. SEBI may grant a certificate of registration as a mutual fund, trustee and AMC, subject to terms and conditions as laid down and subject to compliance of all directives, guidelines and/or circulars issued by SEBI from time to time. The sponsor of the mutual fund settles the trust through a trust deed. The schemes of the mutual fund are launched and managed by an AMC appointed by the board of trustees, or a trustee company of the mutual fund trust pursuant to an investment management agreement.

The SEBI MF Regulations prescribe, amongst others, the general obligations and responsibilities of the mutual fund, sponsor, trustee, AMC, the fund managers, dealers and custodians. The trustee and the AMC (including the fund managers and dealers) are required to abide by the respective codes of conduct as specified under the SEBI MF Regulations. Further, SEBI MF Regulations specify the procedure for constitution and launching of various mutual fund schemes, management of a mutual fund (including investment objectives, valuation policies, and disclosure related norms) and winding up of schemes. Further, SEBI also issues circulars, guidelines and notifications under the SEBI MF Regulations from time to time for the benefit and protection of the investors. Pertinently, the SEBI Master Circular for Mutual Funds dated June 27, 2024, amongst other things, provides for norms pertaining to conversion, consolidation, categorization and rationalization of schemes, launch of new products, governance, risk management, disclosure and reporting, valuation, load fees, charges and expenses, dividend distribution procedure, investment by schemes, advertisements and investor rights and obligations.

SEBI has made it mandatory for all mutual funds to appoint agents/distributors who are registered with AMFI. In case of companies, the requirement of certification from National Institute of Securities Markets is made applicable to the persons engaged in sales or distribution of mutual fund products. AMFI has issued guidelines for intermediaries in consonance with the SEBI Master Circular for Mutual Funds dated June 27, 2024. The primary objective of the AMFI Guidelines is to ensure that mutual fund intermediaries do not use unethical means to sell, market or induce any investor to buy units of their scheme(s) and mobilize funds on the strength of professional fund management and good practices. The AMFI Guidelines are mandatory, and all such intermediaries are required to strictly comply with the code of conduct prescribed by AMFI.

***The Information Technology Act, 2000 and rules made thereunder (the “IT Act”)***

The IT Act aims to provide legal recognition to transactions carried out by various means of electronic data interchange and other means of electronic communication and facilitate electronic filing of documents. The IT Act creates a constructive mechanism for the authentication of electronic documentation through digital signatures. The IT Act makes electronic commerce seamless by recognizing contracts concluded through electronic means, protects intermediaries in respect of third-party information liability and creates liability for failure to protect such sensitive personal data. The IT Act also prescribes civil and criminal liability. Including fines and imprisonment, for computer related offences including those relating to unauthorized access to computer systems, tampering with or unauthorised manipulation of any computer, computer system or computer network and, damaging computer systems and creates liability for negligence in dealing with or handling any sensitive personal data or information in a computer resource and in maintaining reasonable security practices and procedures in relation thereto.

***Digital Personal Data Protection Act, 2023 (“DPDP Act”)***

The Parliament passed the DPDP Act on August 9, 2023. The DPDP Act received the assent of the President and was notified on August 11, 2023. The DPDP Act, supersedes data protection provisions contained in Section 43A of the Information Technology Act, 2000 (on compensation for failure to protect data) provides for collection and processing of digital personal data by persons, including companies. The DPDP Act seeks to balance the rights of individuals to protect their personal data with the need to process personal data for lawful and other incidental purposes. According to Data Protection Act companies collecting and dealing in high volumes of personal data will be defined as significant data fiduciaries. All data fiduciaries, determining the purpose and means of processing personal data, are mandated to provide an itemized notice to data principals in plain and clear language containing a description of the personal data sought to be collected along with the purpose of processing such data. It further imposes certain obligations on data fiduciaries including (i) ensuring the accuracy, consistency and completeness of personal data processed, (ii) building reasonable security safeguards to prevent a data breach, (iii) informing the Data Protection Board of India (the “DPB”) and affected persons in the event of a breach, and (iv) unless retention is necessary for compliance with any law, personal data is to be erased upon the data principal withdrawing consent or as soon as the purpose has been met and retention is not necessary for legal purposes (storage limitation). The DPDP Act further provides that personal data may be processed only for a lawful purpose after obtaining the consent of the individual. A notice must be given before seeking consent. The notice should contain details about the personal data to be collected and the purpose of processing. Consent may be withdrawn at any point in time. Any individual whose data is being processed (data principal), will have the right to: (i) obtain information about processing, (ii) seek correction and erasure of personal data, (iii) nominate another person to exercise rights in the event of death or incapacity, and (iv) grievance redressal. Data principals will have certain duties. They must not: (i) register a false or frivolous complaint, and (ii) furnish any false particulars or impersonate another person in specified cases. Violation in observance of duties by a data principal will be punishable with a penalty of up to ₹ 10,000. The Central Government may also establish the Data Protection Board of India (the “**Data Protection Board**”), whose key functions include (i) monitoring compliance and imposing penalties, (ii) directing data fiduciaries to take necessary measures in the event of a data breach, and (iii) hearing grievances made by affected persons.

The Ministry of Electronics and Information Technology (“**MeitY**”) has published the Digital Personal Data Protection Rules, 2025 (“**DPDP Rules**”) for public consultation on January 3, 2025. The DPDP Rules facilitate the implementation of the Digital Protection Act. It aims to strengthen the legal framework for the protection of digital personal data by providing necessary details and an actionable framework. The DPDP Rules lays down various implementation aspects such as the notice by the data fiduciary to the individuals, registration and obligations of consent manager, processing of personal data for issuance of subsidy, benefit, services by State, applicability of reasonable security safeguards, intimation of personal data breach, providing details about availing of the rights by the individuals, processing of personal data of child or of person with disability, setting up the Data Protection Board, appointment and service conditions of the chairperson and other members of the Data Protection Board, functioning of the Data Protection Board as digital office, and procedure to appeal to appellate tribunal. The DPDP Rules were notified on November 13, 2025. The DPDP Rules shall be enforced in three phases; certain provisions with respect to definitions and establishment of the Data Protection Board have come into force since November 13, 2025; the provisions with respect to the registration and obligations of ‘consent managers’ will come into force one year after the date of the gazette notification and the remaining provisions with respect to notice and consent requirements will come into force eighteen months after the date of the gazette notification. The DPDP Rules serves as operational framework for implementing the provisions of the DPDP Act.

### ***The Insurance Ombudsman Rules, 2017 as amended (the “Ombudsman Rules”)***

The Ombudsman Rules were enacted with the objective to resolve all complaints of all personal lines of insurance, group insurance policies, policies issued to sole proprietorship and micro enterprises on the part of insurance companies and their agents and intermediaries in a cost effective and impartial manner. The Ombudsman rules are applicable to all insurers and their agents and intermediaries in respect of complaints of all personal lines of insurance, group insurance policies, policies issued to sole proprietorship and micro enterprises. Insurers are required to comply with the recommendations of the insurance ombudsman in relation to a complaint within a period of 15 days of the receipt of such recommendations and intimate the insurance ombudsman of its compliance. In the event a complaint is not settled by such recommendations, the insurance ombudsman shall pass an award and insurers are required to comply with the award within 30 days of the receipt of the acceptance letter by the complainant and intimate its compliance to the ombudsman.

### ***Consumer Protection Act, 2019 and the rules made thereunder ( the “Consumer Protection Act”)***

The Consumer Protection Act provides for timely and effective administration and settlement of consumer disputes. It seeks, *inter alia* to promote and protect the interests of consumers against deficiencies and defects in goods or services and secure the rights of a consumer against unfair trade practices, which may be practiced by

manufacturers, service providers and traders. The definition of “consumer” has been expanded under the Consumer Protection Act to include persons who buy goods or avail services by offline or online transactions through electronic means or by tele-shopping or direct-selling or multi-level marketing. It provides for the establishment of consumer disputes redressal commissions for the purposes of redressal of consumer grievances. In cases of misleading and false advertisements, a manufacturer or service provider who causes a false or misleading advertisement to be made which is prejudicial to the interest of consumers can be punished with imprisonment for a term up to two years and with a fine of up to ten lakh rupees.

### ***Trade Marks Act, 1999 (the “Trade Marks Act”)***

The Trade Marks Act governs the registration, statutory protection of trademarks and prevention of the use of fraudulent marks in India. Indian law permits the registration of trademarks for both goods and services. It also provides for exclusive right to marks such as brand, label, and heading and to obtain relief in case of infringement for commercial purposes as a trade description. Under the provisions of the Trade Marks Act, an application for trademark registration may be made with the Trade Marks Registry by any person or persons claiming to be the proprietor of a trademark, whether individually or as joint applicants, and can be made on the basis of either actual use or intention to use a trademark in the future. Once granted, a trademark registration is valid for 10 years unless cancelled, after which, it can be renewed. If not renewed, the mark lapses and the registration is required to be restored to gain protection under the provisions of the Trade Marks Act. The Trade Marks Act prohibits registration of deceptively similar trademarks and provides for penalties for infringement, falsifying and falsely applying trademarks among others. Further, pursuant to the notification of the Trade Marks (Amendment) Act, 2010, simultaneous protection of trademark in India and other countries has been made available to owners of Indian and foreign trademarks. It also seeks to simplify the law relating to the transfer of ownership of trademarks by assignment or transmission and to bring the law in line with international practices.

## **LABOUR LAWS**

### ***Shops and establishments legislations***

Under the provisions of local shops and establishments legislations applicable in the states in India where our establishments are set up and business operations exist, such establishments are required to be registered. Such legislations regulate the working and employment conditions of the workers employed in shops and establishments, including commercial establishments, and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of records, maintenance of shops and establishments and other rights and obligations of the employers and employees. These shops and establishments’ acts, and the relevant rules framed thereunder, in each state, also prescribe penalties in the form of monetary fine or imprisonment for violation of provisions, as well as procedures for appeal in relation to such contravention of the provisions.

In addition to the local shops and establishments legislations, the employment of workers, depending on the nature of activity, is regulated by a wide variety of generally applicable labour laws. The various other labour and employment-related legislations (and rules issued thereunder) that may apply to our operations, from the perspective of protecting the workers’ rights and specifying registration, reporting and other compliances, and the requirements that may apply to us as an employer, would include the following:

- Employee’s Compensation Act, 1923.
- Employees’ Provident Funds and Miscellaneous Provisions Act, 1952.
- Employees’ State Insurance Act, 1948.
- Maternity Benefit Act, 1961.
- Minimum Wages Act, 1948.
- Payment of Bonus Act, 1965.
- Payment of Gratuity Act, 1972.
- Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.
- The Right of Persons with Disabilities Act, 2016.

- The Equal Remuneration Act, 1976.
- Payment of Wages Act, 1936.

In order to rationalize and reform labour laws in India, the Government of India has framed four labour codes, namely:

- (a) The Occupational Safety, Health and Working Conditions Code, 2020 received the assent of the President of India on September 28, 2020, and subsumes certain legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979 and the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996. This code provides for, among other things, standards for health, safety and working conditions for employees of establishments.
- (b) The Industrial Relations Code, 2020 received the assent of the President of India on September 28, 2020, and subsumes three existing legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946.
- (c) The Code on Wages, 2019 received the assent of the President of India on August 8, 2019. It subsumes four separate legislations, namely, the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976.
- (d) The Code on Social Security, 2020 received the assent of the President of India on September 28, 2020. It subsumes several separate legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959, the Maternity Benefit Act, 1961, the Building and Other Construction Workers' Welfare Cess Act, 1996, the Unorganised Workers' Social Security Act, 2008 and the Payment of Gratuity Act, 1972.

The aforementioned labour codes came into effect from November 21, 2025.

### **Other Regulations**

In addition to the above, our Company is required to comply with the provisions of the Companies Act and the rules framed thereunder, the Contract Act, 1872 the Competition Act, 2002, the Prevention of Money Laundering Act, 2002, foreign exchange laws, various tax related legislations, various other IRDAI related regulations, circulars, notifications and guidelines, intellectual property laws and other applicable statutes and policies along with the rules formulated thereunder and imposed by the Central Government and State Governments and other authorities for our day-to-day operation.

## HISTORY AND CERTAIN CORPORATE MATTERS

### Brief history of our Company

Our Company was incorporated as “*Fintech Blue Solutions Private Limited*” on April 7, 2015, as a private limited company under the provisions of the Companies Act, 2013, pursuant to a certificate of incorporation issued by the Registrar of Companies, Maharashtra at Mumbai (“**RoC**”). Subsequently, pursuant to a resolution passed by our Board on April 23, 2025, and a special resolution passed by our Shareholders on April 29, 2025, the name of our Company was changed to “*Turtlemint Fintech Solutions Private Limited*” and a fresh certificate of incorporation dated May 13, 2025, was issued by the Central Processing Centre, Manesar (“**CPC**”). Our Company was subsequently converted into a public limited company pursuant to a resolution passed by our Board on May 17, 2025 and a special resolution passed by our Shareholders on May 23, 2025 and accordingly, the name of our Company was changed to “*Turtlemint Fintech Solutions Limited*”, and a fresh certificate of incorporation dated June 5, 2025 was issued by the CPC.

Except as disclosed below, our Company has not made any material acquisitions or divestments of business/ undertakings, mergers, amalgamation, any revaluation of assets, etc. in the last 10 years preceding the date of this Updated Draft Red Herring Prospectus-I:

#### ***Acquisition of Turtlemint Insurance Broking Services Private Limited***

Pursuant to a share subscription agreement dated March 13, 2024 (“SSA”) entered into by and between our Promoter, Dharendra Nalin Mahyavanshi, TIB and our Company, our Company agreed to invest 15,427,241 equity shares issued at ₹ 68 each, in TIB for a consideration of ₹1,049.05 million as per the terms of the SSA, thereby acquiring 75.14% of its equity share capital. The consideration for such transaction was determined in accordance with the valuation report dated May 6, 2024 issued by Tattvam Valuers LLP (“**Valuation Report**”). Pursuant to the Valuation Report, the value per equity share as on March 15, 2024, was determined as ₹ 68 per equity share. The acquisition became effective as of May 8, 2024. Further, pursuant to a buyback by TIB of other pre-existing shareholders at ₹17 per share amounting to ₹86.77 million by way of letter of offer dated September 21, 2024, our Company acquired 100.00%\* of TIB’s equity share capital.

*\*Our Promoter, Dharendra Nalin Mahyavanshi holds 1 equity share of TIB on behalf of and as a nominee of our Company and is named as promoter in TIB’s financial statements. Except as disclosed above, none of our Promoters or Directors are related to TIB.*

#### ***Acquisition of Last Decimal Private Limited***

Pursuant to an asset transfer agreement dated November 9, 2022 (“ATA”) entered into by and between Last Decimal Private Limited (“**Last Decimal**”), Eldee Insurtech Pte. Limited, A.S. Narayanan, Rakesh Bhatia (collectively the “**Seller Group**”) and our Company, our Company agreed to purchase identified assets of Last Decimal including intellectual property and books and records related to such identified assets (excluding certain liabilities) for a consideration of ₹81.00 million as per the terms of the ATA. The consideration for such transaction was determined in accordance with the valuation report dated October 31, 2022 issued by SBU & Co., LLP (“**Valuation Report**”). Pursuant to the Valuation Report, the value per equity share as on September 30, 2022, was determined as ₹ 24,660 per equity share. The acquisition became effective as of November 9, 2022.

Further, our Company has entered into an IP assignment deed dated December 5, 2022 with Last Decimal, Eldee Insurtech Pte Limited, A.S. Narayanan and Rakesh Bhatia (“**IP Deed**”), pursuant to which Last Decimal had transferred and assigned to our Company, solely and exclusively, any and all property, right, title, interest, benefit and goodwill that it may have with respect to its assets *inter alia* domain names, laptops, services and platforms as specified in the IP Deed (“**Assigned IP**”). Our Company has paid a consideration of ₹1.00 million to Last Decimal towards the assignment of the Assigned IP. Our Company has also entered into a TM assignment deed dated December 5, 2022 with Last Decimal, Eldee Insurtech Pte Limited, A.S. Narayanan and Rakesh Bhatia (“**TM Deed**”), pursuant to which, Last Decimal had transferred and assigned to our Company, solely and exclusively, any and all property, right, title, interest, benefit and goodwill that it may have with respect to its registered trademarks as specified in the TM Deed (“**Trademarks**”). Our Company has paid a consideration of ₹7.10 million to Last Decimal towards the assignment of the Trademarks. Our Company has also entered into non-compete agreements with erstwhile founders of Last Decimal, each dated November 9, 2022.

Neither our Promoters nor our Directors are related to Last Decimal.

***Acquisition of certain personnel and intellectual property from Digital Dwarves Private Limited***

Pursuant to a binding term sheet dated December 26, 2022 (“BTS”) entered into by and between Digital Dwarves Private Limited (“**Digital Dwarves**”), Anuj Khurana (together the “**Sellers**”) and our Company, our Company agreed to employ 28 members of Digital Dwarves and acquire certain intellectual property assets due to cessation of the Digital Dwarves’ business. The consideration was paid as payment of compensation of ₹12.50 million and grant of employee stock options for a value equivalent to ₹10.00 million, a sum of ₹15.00 million as service fees for recruitment of members of Digital Dwarves, if 50% of Digital Dwarves’ members became employees of our Company and a consideration of ₹0.84 million for the IT assets transferred. There was no valuation report as this was an acquisition of certain personnel and intellectual property from Digital Dwarves. The acquisition became effective as of December 26, 2022.

Neither our Promoters nor our Directors are related to Digital Dwarves

**Summary of other agreements**

Except as set out below and in this section, there are no other agreements/ arrangements and clauses/ covenants which are material, and which need to be disclosed or non-disclosure of which may have a bearing on the investment decision of prospective investors in connection with the Offer:

***License agreement dated September 28, 2015 by and among our Company and our Subsidiary, Invictus Insurance Broking Services Private Limited (currently known as, Turtlemint Insurance Broking Services Private Limited) read with addendum no. 1 dated June 19, 2025 and letter in relation to license fees (the “License Agreement”)***

Pursuant to the License Agreement, our Company has granted our Subsidiary, TIB, a limited, exclusive, non-assignable license and permission to use our Company’s registered trademarks or those trademarks for which our Company has made applications, *inter alia*, slogan, artwork, trade names, service names, logos, domain names, etc. (“**Trademarks**”) within India and other countries as may be agreed between the parties, in connection with the conduct of the business activities of TIB. Our Company has further granted TIB a limited right to sub-license the Trademarks to any third party engaged by TIB for its business, in accordance with the terms of the License Agreement. Our Company issued a letter to TIB and mutually agreed that no license fee is required to be paid. The License Agreement became effective from September 28, 2015 and shall remain valid until terminated by our Company or TIB.

***Intellectual property license agreement dated April 23, 2025 by and among our Company and our Subsidiary, Turtlemint Mutual Funds Distributors Private Limited read with letter in relation to license fees (the “IP License Agreement”)***

Pursuant to the IP License Agreement, our Company has granted our Subsidiary, TMF, a limited, non-exclusive, non-assignable license and permission to use our Company’s registered trademarks or those trademarks for which our Company has made applications, *inter alia*, slogan, artwork, trade names, service names, logos, domain names, etc. (“**Trademarks**”) within India and other countries as may be agreed between the parties, in connection with the conduct of the business activities of TMF. Our Company has further granted TMF a limited right to sub-license the Trademarks to any third party engaged by TMF for its business, in accordance with the terms of the IP License Agreement. Our Company issued a letter to TMF and mutually agreed that no license fee is required to be paid. The IP License Agreement became effective from April 23, 2025 and shall remain valid until terminated by our Company or TMF.

***Amended and restated services agreement dated August 29, 2025 by and among our Company and our Subsidiary, TIB (“Service Agreement”)***

Pursuant to the Service Agreement, our Company has agreed to provide our wholly owned Subsidiary, TIB, certain services, *inter alia*, provision of technology related equipment and assets, management support services, product and tech support services, provision of a platform to customers of TIB to use and engage its services, provision of platform for facilitating online training, examination and certification of prospective point of sales persons of TIB, designing of website and providing general information technology related services, services as required by TIB through third party service provider, and certain other tools (“**Services**”) in accordance with the terms and conditions provided in the Service Agreement. The intellectual property rights developed during the performance of the Services are to be the sole property of our Company, but have been licensed to TIB with respect to the

Services for the limited use for which such intellectual property or development was conceived/developed for TIB. The Service Agreement has been entered into for a period of five years from August 29, 2025.

### Details of shareholders' agreements

Except as set out below, our Company, Promoters and Shareholders do not have any inter-se agreements/arrangements and clauses / covenants which are material in nature and there are no other clauses / covenants which are adverse / pre-judicial to the interest of the minority / public shareholders as on the date of this Updated Draft Red Herring Prospectus-I. Also, there are no other agreements, deed of assignments, acquisition agreements, shareholders' agreement, inter-se agreements, agreements of like nature.

Ltd., Jungle Ventures IV VCC, acting for its sub-fund Jungle Ventures IV Investment Holding Fund, Jungle Ventures IV VCC, acting for its sub-fund Jungle Leaders II Holding Fund, Jungle Ventures IV VCC, acting for its sub-fund JV 37 Holding Fund (collectively, the "Jungle Investors"), MW XO Digital Finance Fund Holdco Ltd, Terrapin Lux SCSP, GGV VII Investments Pte. Ltd., Amansa Investments Ltd., Dhirendra Nalin Mahyavanshi, Anand Rohidas Prabhudesai, Kunal Shah, Adit Parekh ("SHA Shareholders") and our Company, as amended by the first amendment to the Series E amended and restated shareholders' agreement dated April 20, 2022 dated August 25, 2025 entered into by and between Peak XV Partners Investments V (formerly known as SCI Investments V), Humming Bird Investment Holdings SPV, Nexus Investors, Catalyst Trusteeship Limited – Trustee - Blume Ventures (Opportunities) Fund IIA, Vistra (ITCL) India Ltd - Trustee - Blume Ventures Fund IX, Catalyst Trusteeship Limited –Trustee - Blume Ventures (Opportunities) Fund IIB), Trifecta Venture Debt Fund – II, Amfam VC Fund III, GP, LLC, Massmutual Ventures US II LLC, Dream Incubator Inc., SIG Global India Fund I, LLP, Jungle Investors, MW XO Digital Finance Fund Holdco Ltd, Terrapin Lux SCSP, GGV VII Investments Pte. Ltd., Amansa Investments Ltd., Dhirendra Mahyavanshi, Anand Prabhudesai, Kunal Shah, Adit Parekh and our Company (collectively, the Parties) (the "First Amendment Agreement") (the "Series E SHA") and the waiver cum second amendment agreement dated September 3, 2025 entered into between the Parties (the "Waiver cum Second Amendment Agreement" together with the Series E SHA, the "SHA")*

The Series E SHA sets out the *inter se* rights and obligations of the Parties in our Company. In accordance with the terms of the Series E SHA, Shareholders have been granted certain customary rights including, (i) the right to appoint observers and nominate directors on the Board of Directors; (ii) quorum rights; (iii) restrictions on transfer of Equity Shares including the (a) right of first offer; (b) right of first refusal; (c) pre-emptive rights; (d) anti-dilution price protection and liquidation preference; (e) information, reporting and inspection rights; and (f) certain exit rights in our Company. Further, in accordance with the terms of the Series E SHA, Shareholders also have certain rights in the Subsidiaries, such as, information, reporting and inspection rights and their prior written consents will be imperative for certain items of business of the Subsidiaries.

As mentioned above, under the Series E SHA, the parties thereof have certain rights with respect to their shareholding in our Company, including, amongst others, as follows:

- (1) **Board of Directors:** The parties have agreed that Nexus Investors and SCI Investments V (*currently known as Peak XV Partners Investments*), and Jungle Ventures III Investment Holding Pte. Ltd, shall have the right to nominate one director to the Board as long as they hold at least 3.4% of the issued share capital of our Company on a fully diluted basis. The Promoters shall have the right to nominate and/or be a director on the Board for as long as they are in the employment of our Company. Any change in the directors nominated by the Promoters shall require the prior approval of Nexus Investors and SCI Investments V.
- (2) **Observer:** Certain Shareholders, as long as they hold at least 1% of the issued share capital of our Company on a fully diluted basis, are entitled to appoint one observer to the Board.
- (3) **Indemnity:** Subject to compliance with applicable laws, our Company is required to indemnify the directors appointed by Nexus Investors, SCI Investments V (*currently known as Peak XV Partners Investments*), and Jungle Ventures III Investment Holding Pte. Ltd against any act, omission or conduct of or by the Company, its officials, employees, managers, representatives or agents, or the shareholders.

- (4) **Promoter Transfer Restrictions:** The Promoters are not allowed to transfer more than 3,693 equity shares without the consent of Nexus Investors, SCI Investments V (currently known as Peak XV Partners Investments), Jungle Investors, and Amansa Investments Limited.

**Subsequently, pursuant to Waiver cum Second Amendment Agreement, the Parties have, in order to facilitate the Offer, amended certain provisions of the Series E SHA, waived certain rights that may be triggered as a result of our Company undertaking the Offer; *inter alia*, (i) waiver of right to appoint observers to our Board, from the date of filing of the RHP; (ii) waiver of information, reporting and inspection rights, from the date of filing of the RHP; (iii) waiver of right of first offer, right of first refusal and tag along right to the extent of proposed transfers in the Offer, from the date of the filing of the PDRHP.**

The special rights provided in the SHA will automatically fall away upon the commencement of listing and trading of the Equity Shares on the Stock Exchanges. Further, the Parties have agreed that Part B of the Articles of Association and the special rights provided therein shall automatically cease to have any force and effect and shall stand deleted upon the receipt of final listing and trading approval from each of the Stock Exchanges for the listing and trading of the Equity Shares pursuant to the Offer.

The Second Waiver cum Amendment Agreement shall stand automatically terminated without any further action or deed required on the part of any Party, upon the earliest of the following: (a) termination of the Series E SHA in accordance with the terms thereof; or (b) June 30, 2026, or such extended cut-off date for the Offer as may be mutually agreed by the Parties, if the final listing and trading approval from each of the Stock Exchanges for the listing and trading of the Equity Shares has not been received by such date; or (c) the date on which the Board decides not to undertake the Offer and/or to withdraw any offer document filed with any governmental authority in respect of the Offer; or (d) the date of rejection of the Pre-filed Draft Red Herring Prospectus by SEBI; or (e) the date on which the Offer fails for any other reason.

***Management rights and prohibited activities letter dated April 20, 2022, executed between Nexus Ventures VI Holdings, LLC (“Nexus”) and our Company read along with the waiver letter dated September 4, 2025 (“Nexus MRL”)***

The Nexus MRL sets out certain (i) contractual management rights of Nexus in our Company and its Subsidiaries; and (ii) activities prohibited to be undertaken by our Company and its Subsidiaries. The contractual management rights include, *inter alia*, (i) the right to consult with and advise the management of our Company and Subsidiaries on significant business issues; (ii) the right to inspect the facilities and books of our Company and Subsidiaries; and (iii) in the event that Nexus is not represented on our Board or the board of directors of any of our Subsidiaries, our Company shall invite a representative of Nexus to attend all meetings of the Board and all meetings of the board of directors of our Subsidiaries in a non-voting observer capacity. The Nexus MRL also sets out a list of prohibited activities which our Company and Subsidiaries cannot engage in, such as gambling, arms manufacturing, etc.

Pursuant to the waiver letter dated September 4, 2025, Nexus has waived certain contractual management rights, as mentioned above, from the date of filing the RHP. The Nexus MRL will terminate upon the commencement of listing and trading of the Equity Shares on the Stock Exchanges, however, in the event the Waiver cum Second Amendment Agreement is terminated (*as mentioned above*), the waiver letter will not deem to have any effect and shall fall away automatically.

#### **Key terms of other subsisting material agreements**

Furthermore, except as disclosed in this section, there are no agreements entered into by our Shareholders, Promoters, members of the Promoter Group, our related parties, Directors, Key Managerial Personnel, or the employees of our Company or Subsidiaries, among themselves or with our Company or with a third party, solely or jointly, which, either directly or indirectly or potentially or whose purpose and effect is to, impact the management or control of our Company or impose any restriction or create any liability upon our Company, as required to be disclosed pursuant to Clause 5A of Paragraph A of Part A of Schedule III of the SEBI Listing Regulations.

#### **Our holding company**

As on the date of this Updated Draft Red Herring Prospectus-I, our Company does not have a holding company.

| Particulars      | Amount (₹ in million) |
|------------------|-----------------------|
| Basic pay        | 7.50                  |
| Other allowances | 7.50                  |
| <b>Total pay</b> | <b>15.00</b>          |

In addition to the remuneration set out above, he is also entitled to the reimbursement of medical expenses in accordance with our Company's policy.

#### **Anand Rohidas Prabhudesai**

Our Company has entered into an employment agreement dated April 29, 2022 amended by an amendment agreement dated August 26, 2025, with Anand Rohidas Prabhudesai for his appointment in the capacity as the Chief Operating Officer of our Company. Pursuant to the resolutions passed by our Board on July 12, 2025 and by our Shareholders on July 17, 2025. Anand Rohidas Prabhudesai is entitled to receive the following remuneration and perquisites with effect from July 12, 2025 in his capacity as an Executive Director and Chief Operating Officer:

| Particulars      | Amount (₹ in million) |
|------------------|-----------------------|
| Basic pay        | 7.50                  |
| Other allowances | 7.50                  |
| <b>Total pay</b> | <b>15.00</b>          |

In addition to the remuneration set out above, he is also entitled to the reimbursement of medical expenses in accordance with our Company's policy.

### *Terms of appointment of our Independent Directors*

Pursuant to the resolution passed by our Board on July 21, 2025 and Shareholders on August 14, 2025, each of our Independent Directors, are entitled to receive a remuneration of ₹ 4.20 million per annum for discharging their duties as an Independent Director of our Company during their tenure commencing from July 21, 2025.

## **Payment or benefit to Directors of our Company**

Details of remuneration paid to our Directors in Fiscal 2025 are set forth below:

### *Remuneration to our Executive Directors*

On account of Dhirendra Nalin Mahyavanshi's appointment as our Chairperson and Managing Director in Fiscal 2026, he did not receive any remuneration in Fiscal 2025 in his capacity as Chairperson and Managing Director, however, he received a compensation of ₹ 15.00 million\* in Fiscal 2025 as Chief Executive Officer of our Company.

Anand Rohidas Prabhudesai, our Executive Director and Chief Operating Officer received a remuneration of ₹14.93 million\* in Fiscal 2025.

*\*Excludes employer's contribution towards provident funds and national pension scheme.*

For further details, see “**Summary of the Offer Document – Summary of Related Party Transactions**” and “**Other Financial Information**” on pages 24 and 310.

### *Remuneration to our Independent Directors*

Our Independent Directors were appointed in Fiscal 2026, hence they did not receive any remuneration in Fiscal 2025.

#### **Remuneration paid or payable by our Subsidiaries**

None of our Directors have received or were entitled to receive any remuneration from any of our Subsidiaries in Fiscal 2025.

#### **Bonus or profit-sharing plan for our Directors**

None of our Directors are party to any bonus or profit-sharing plan of our Company.

#### **Shareholding of our Directors in our Company**

Except for our Executive Director and Chief Operating Officer, Anand Rohidas Prabhudesai and Chairperson and Managing Director and Chief Executive Officer, Dharendra Nalin Mahayavanshi, whose details of shareholding are disclosed in “*Capital Structure-Shareholding of our Promoters and members of Promoter Group*” on page 144, our Directors do not hold any Equity Shares or Preference Shares in our Company.

Our Articles of Association do not require our Directors to hold any qualification shares.

#### **Contingent and deferred compensation payable to our Directors**

There is no contingent or deferred compensation payable at a later date to our Directors which accrued in Fiscal 2025.

#### **Loans to Directors**

None of our Directors have availed loans from our Company.

#### **Service contracts with Directors**

None of our Directors have entered into a service contract with our Company pursuant to which they are entitled to any benefits upon termination of employment, except statutory benefits in accordance with the terms of their appointment.

#### **Interest of Directors**

All our Directors may be deemed to be interested to the extent of remuneration and reimbursement of expenses, if any, payable to them by our Company for attending meetings of our Board or a committee thereof.

Our Directors may also be interested to the extent of Equity Shares, if any, held by them and or the entities in which they are associated as partners, promoters, directors, proprietors, members or trustees, or that may be subscribed by or allotted to the companies, firms, ventures, trusts in which they are interested as promoters, directors, partners, proprietors, members or trustees, pursuant to the Offer and any dividend and other distributions payable in respect of such Equity Shares.

Further, some of our Directors may also be deemed to be interested to the extent of the directorships and/or their shareholding held by them in our Subsidiaries.

#### *Interest in land and property*

None of our Directors are interested in any property acquired or proposed to be acquired of or by our Company.

None of our Directors have any interest in any transaction by our Company for acquisition of land, construction of building or supply of machinery, etc.

#### *Interest in promotion or formation of our Company*

Except for Anand Rohidas Prabhudesai and Dharendra Nalin Mahayavanshi, who are the Promoters of our Company, none of our other Directors have any interest in the promotion or formation of our Company. For further details, please see “*Our Promoter and Promoter Group- Interests of Promoters*” on page 306.

## Confirmations

Our Directors are not, and during the five years prior to the date of this Updated Draft Red Herring Prospectus-I, have not been on the board of any listed company whose shares have been/ were suspended from being traded on the stock exchange(s) during the term of their directorship in such company.

None of our Directors have been or are directors on the board of any listed companies which was or has been delisted from any stock exchange(s) during the term of their directorship in such companies.

No consideration in cash or shares or otherwise has been paid, or agreed to be paid to any of our Directors, or to the firms or companies in which they are interested as a member by any person either to induce such director to become, or to help such director to qualify as a Director, or otherwise for services rendered by him/her or by the firm or company in which he/she is interested, in connection with the promotion or formation of our Company.

## Borrowing Powers

Pursuant to Section 180(1)(c) and other applicable provisions, if any, of the Companies Act 2013 and our Articles of Association, subject to applicable laws and pursuant to the resolution passed by our Board dated July 12, 2025 and the special resolution passed by our Shareholders on July 17, 2025, our Board has been authorised to borrow any sum or sums of money from time to time at their discretion for the purpose of the business of our Company, from any one or more banks, financial institutions, mutual funds and other persons, firms, bodies corporate or by way of loans or credit facilities (fund based or non-fund based) or by issue of bonds on such terms and conditions and with or without security as our Board may think fit, which together with the moneys already borrowed by our Company (apart from the temporary loans obtained from the bankers of our Company in the ordinary course of business) and being borrowed by our Board at any time shall not exceed in the aggregate at any time ₹ 2,500.00 million irrespective of the fact that such aggregate amount of borrowings outstanding at any time may exceed the aggregate for the time being of the paid-up capital of our Company and its free reserves that is to say reserves not set apart for any specific purpose.

## Corporate Governance

Our Board functions either as a full board or through various committees constituted to oversee specific functions. Our Company is in compliance with the corporate governance norms prescribed under the SEBI Listing Regulations and the Companies Act 2013 in relation to the composition of our Board and constitution of committees thereof.

Our Company undertakes to take all necessary steps to continue to comply with all the applicable requirements of SEBI Listing Regulations and the Companies Act 2013.

## Board committees

Our Company has constituted the following Board committees in terms of the SEBI Listing Regulations, and the Companies Act 2013:

- (a) Audit Committee;
- (b) Nomination and Remuneration Committee;
- (c) Stakeholders' Relationship Committee; and
- (d) Risk Management Committee;

#### ***Audit Committee***

The Audit Committee was constituted by a resolution of our Board dated July 21, 2025. The Audit Committee is in compliance with Section 177 and other applicable provisions of the Companies Act 2013 and Regulation 18 of the SEBI Listing Regulations. The Audit Committee currently comprises:

| S. No. | Name                        | Designation                                                   | Position in the Committee |
|--------|-----------------------------|---------------------------------------------------------------|---------------------------|
| 1.     | Alok Chandra Misra          | Independent Director                                          | Chairperson               |
| 2.     | Anup Wadhawan               | Independent Director                                          | Member                    |
| 3.     | Dinanath Mohandas Dubhashi  | Independent Director                                          | Member                    |
| 4.     | Dhirendra Nalin Mahyavanshi | Chairperson and Managing Director and Chief Executive Officer | Member                    |

The Company Secretary shall act as the secretary to the Audit Committee.

#### ***Scope and terms of reference:***

The Audit Committee shall have powers, including the following:

- 1. to investigate any activity within its terms of reference;
- 2. to seek information from any employee;
- 3. to obtain outside legal or other professional advice;
- 4. to secure attendance of outsiders with relevant expertise, if it considers necessary as may be prescribed under the Companies Act, 2013 (together with the rules thereunder) and SEBI Listing Regulations; and
- 5. such other powers as may be prescribed under the Companies Act and the SEBI Listing Regulations.

The Audit Committee shall be responsible for, among other things, as may be required by the stock exchange(s) from time to time, the following:

The role of the Audit Committee shall include the following:

- (1) oversight of financial reporting process and the disclosure of financial information relating to the Company to ensure that the financial statements are correct, sufficient and credible;
- (2) recommendation to the Board for appointment, re-appointment, replacement, remuneration and other terms of appointment of auditors of the Company including the internal auditor, cost auditor and statutory auditor and the fixation of the audit fee;
- (3) approval of payment to statutory auditors for any other services rendered by the statutory auditors;
- (4) examining and reviewing, with the management, the annual financial statements and auditor's report thereon before submission to the Board for approval, with particular reference to:
  - (a) matters required to be included in the director's responsibility statement to be included in the Board's report in terms of clause (c) of sub-section 3 of Section 134 of the Companies Act, 2013;
  - (b) changes, if any, in accounting policies and practices and reasons for the same;

- (c) major accounting entries involving estimates based on the exercise of judgment by management;
  - (d) significant adjustments made in the financial statements arising out of audit findings;
  - (e) compliance with listing and other legal requirements relating to financial statements;
  - (f) disclosure of any related party transactions; and
  - (g) qualifications and modified opinion(s) in the draft audit report.
- (5) reviewing, with the management, the quarterly, half-yearly and annual financial statements before submission to the Board for approval;
  - (6) reviewing, with the management, the statement of uses / application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilized for purposes other than those stated in the Offer document / prospectus / notice and the report submitted by the monitoring agency monitoring the utilisation of proceeds of a public issue or rights issue or preferential issue or qualified institutions placement, and making appropriate recommendations to the Board to take up steps in this matter;
  - (7) reviewing and monitoring the auditor's independence and performance, and effectiveness of audit process;
  - (8) approval of any subsequent modification of transactions of the Company with related parties and omnibus approval for related party transactions proposed to be entered into by the Company, subject to the conditions as may be prescribed, by the independent directors who are members of the Audit Committee:
    - (i) Recommend criteria for omnibus approval or any changes to the criteria for approval of the Board;
    - (ii) Make omnibus approval for related party transactions proposed to be entered into by the Company for every financial year as per the criteria approved;
    - (iii) Review of transactions pursuant to omnibus approval; and
    - (iv) Make recommendation to the Board, where Audit Committee does not approve transactions other than the transactions falling under Section 188 of the Companies Act, 2013.

**Explanation:** The term "related party transactions" shall have the same meaning as provided in Clause 2(zc) of the SEBI Listing Regulations and/or the applicable Accounting Standards and/or the Companies Act, 2013.

- (9) scrutiny of inter-corporate loans and investments;
- (10) valuation of undertakings or assets of the Company, wherever it is necessary;
- (11) evaluation of internal financial controls and risk management systems;
- (12) reviewing, with the management, performance of statutory and internal auditors, and adequacy of the internal control systems;
- (13) reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;
- (14) discussion with internal auditors of any significant findings and follow-up thereon;
- (15) reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board;

- (16) discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;
- (17) looking into the reasons for substantial defaults in the payment to depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;
- (18) recommending to the Board the appointment and removal of the external auditor, fixation of audit fees and approval for payment for any other services;
- (19) reviewing the functioning of the whistle blower mechanism;
- (20) monitoring the end use of funds raised through public offers and related matters;
- (21) overseeing the vigil mechanism established by the Company, with the chairperson of the Audit Committee directly hearing grievances of victimization of employees and directors, who used vigil mechanism to report genuine concerns in appropriate and exceptional cases;
- (22) approval of appointment of chief financial officer (i.e., the whole-time finance Director or any other person heading the finance function or discharging that function) after assessing the qualifications, experience and background, etc. of the candidate;
- (23) reviewing the utilization of loans and/or advances from/investment by the Company in its subsidiary(/ies) exceeding ₹1,000,000,000 or 10% of the asset size of the subsidiary(/ies), whichever is lower including existing loans/ advances/ investments;
- (24) review the financial statements, in particular, the investments made by any unlisted subsidiary;
- (25) considering and commenting on rationale, cost-benefits and impact of schemes involving merger, demerger, amalgamation etc., on the Company and its shareholders;
- (26) approving the key performance indicators (“KPIs”) for disclosure in the offer documents, and approval of KPIs once every year, or as may be required under applicable law; and
- (27) carrying out any other functions required to be carried out by the Audit Committee as may be decided by the Board and/or as provided under the Companies Act, 2013, the SEBI Listing Regulations or any other applicable law, as and when amended from time to time.

The Audit Committee shall mandatorily review the following information:

- (a) Management discussion and analysis of financial conditions and results of operations;
- (b) management letters / letters of internal control weaknesses issued by the statutory auditors;
- (c) internal audit reports relating to internal control weaknesses; and
- (d) the appointment, removal and terms of remuneration of the chief internal auditor; and
- (e) Statement of deviation in terms of the SEBI Listing Regulations including quarterly statement of deviation(s) including report of monitoring agency, if applicable, submitted to stock exchange(s) where the Equity Shares are proposed to be listed in terms of the SEBI Listing Regulations; annual statement of funds utilized for purposes other than those stated in the offer document/prospectus/notice in terms of the SEBI Listing Regulations and such other information as may be prescribed under the Companies Act and the SEBI Listing Regulations.

#### ***Nomination and Remuneration Committee***

The Nomination and Remuneration Committee was constituted by way of a Board resolution dated July 21, 2025, and reconstituted by way of a Board resolution dated November 18, 2025. The composition and the terms of reference of the Nomination and Remuneration Committee are in compliance with Section 178 and other applicable provisions of the Companies Act 2013 and Regulation 19 of the SEBI Listing Regulations. The Nomination and Remuneration Committee currently comprises:

| S. No. | Name                       | Designation          | Position in the Committee |
|--------|----------------------------|----------------------|---------------------------|
| 1.     | Dinanath Mohandas Dubhashi | Independent Director | Chairperson               |

| S. No. | Name                        | Designation                                                   | Position in the Committee |
|--------|-----------------------------|---------------------------------------------------------------|---------------------------|
| 2.     | Dhirendra Nalin Mahyavanshi | Chairperson and Managing Director and Chief Executive Officer | Member                    |
| 3.     | Alok Chandra Misra          | Independent Director                                          | Member                    |
| 4.     | Anup Wadhawan               | Independent Director                                          | Member                    |

*Scope and terms of reference:*

The Nomination and Remuneration Committee shall be responsible for, among other things, the following:

- (1) Formulation of the criteria for determining qualifications, positive attributes and independence of a director and recommend to the board of directors of the Company (the “**Board**” or “**Board of Directors**”) a policy relating to the remuneration of the directors, key managerial personnel and other employees (“**Remuneration Policy**”);
- (2) For every appointment of an independent director, the Nomination and Remuneration Committee shall evaluate the balance of skills, knowledge and experience on the Board and on the basis of such evaluation, prepare a description of the role and capabilities required of an independent director. The person recommended to the Board for appointment as an independent director shall have the capabilities identified in such description. For the purpose of identifying suitable candidates, the Committee may:
  - (a) use the services of external agencies, if required;
  - (b) consider candidates from a wide range of backgrounds, having due regard to diversity; and
  - (c) consider the time commitments of the candidates.
- (3) Formulation of criteria for evaluation of performance of independent directors and the Board;
- (4) Devising a policy on Board diversity;
- (5) Identifying persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, and recommend to the Board their appointment and removal and carrying out evaluation of every director’s performance (including independent director);
- (6) Analysing, monitoring and reviewing various human resource and compensation matters;
- (7) Determining the Company’s policy on specific remuneration packages for executive directors including pension rights and any compensation payment, and determining remuneration packages of such directors;
- (8) Whether to extend or continue the term of appointment of the independent director, on the basis of the report of performance evaluation of independent directors;
- (9) Recommend to the board, all remuneration, in whatever form, payable to senior management;
- (10) Carrying out any other functions required to be carried out by the Nomination and Remuneration Committee as contained in the SEBI Listing Regulations or any other applicable law, as and when amended from time to time;
- (11) The Nomination and Remuneration Committee, while formulating the Remuneration Policy, should ensure that:
  - (a) the level and composition of remuneration be reasonable and sufficient to attract, retain and motivate directors of the quality required to run the Company successfully;
  - (b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
  - (c) remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

- (12) Perform such functions as are required to be performed under the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021, as amended, including the following:
- administering any existing and proposed employee stock option schemes formulated by the Company from time to time (the “Plan”);
  - determining the eligibility of employees to participate under the Plan;
  - granting options to eligible employees and determining the date of grant;
  - determining the number of options to be granted to an employee;
  - determining the exercise price under the Plan; and
  - construing and interpreting the Plan and any agreements defining the rights and obligations of the Company and eligible employees under the Plan, and prescribing, amending and/or rescinding rules and regulations relating to the administration of the Plan.
- (13) Frame suitable policies, procedures and systems to ensure that there is no violation of securities laws, as amended from time to time, including:
- the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015; and
  - the Securities and Exchange Board of India (Prohibition of Fraudulent and Unfair Trade Practices Relating to Securities Market) Regulations, 2003, by the trust, the Company and its employees, as applicable.
- (14) Carrying out any other activities as may be delegated by the Board of Directors of the Company, functions required to be carried out by the Nomination and Remuneration Committee as provided under the Companies Act, 2013, the SEBI Listing Regulations or any other applicable law, as and when amended from time to time.

### ***Stakeholders’ Relationship Committee***

The Stakeholders’ Relationship Committee was constituted by a resolution of our Board dated July 21, 2025. The composition and terms of reference of the Stakeholders’ Relationship Committee are in compliance with Section 178 of the Companies Act 2013 and Regulation 20 of the SEBI Listing Regulations. The Stakeholders’ Relationship Committee currently comprises:

| S. No. | Name                        | Designation                                                   | Position in the Committee |
|--------|-----------------------------|---------------------------------------------------------------|---------------------------|
| 1.     | Alok Chandra Misra          | Independent Director                                          | Chairperson               |
| 2.     | Anand Rohidas Prabhudesai   | Executive Director and Chief Operating Officer                | Member                    |
| 3.     | Dhirendra Nalin Mahyavanshi | Chairperson and Managing Director and Chief Executive Officer | Member                    |

### ***Scope and terms of reference:***

The Stakeholders’ Relationship Committee shall be responsible for, among other things, as may be required by the under applicable law, the following:

- considering and looking into various aspects of interest of shareholders, debenture holders and other security holders;
- resolving the grievances of the security holders of the Company including complaints related to transfer/transmission of shares, non-receipt of annual report, non-receipt of declared dividends, issue of new/duplicate certificates, general meetings etc.;
- giving effect to allotment of equity shares, approval of transfer or transmission of equity shares, debentures or any other securities;
- issue of duplicate certificates and new certificates on split/consolidation/renewal, etc.;

- (5) review of measures taken for effective exercise of voting rights by shareholders;
- (6) review of adherence to the service standards adopted by the Company in respect of various services being rendered by the registrar and share transfer agent;
- (7) review of the various measures and initiatives taken by the Company for reducing the quantum of unclaimed dividends and ensuring timely receipt of dividend warrants/annual reports/statutory notices by the shareholders of the Company; and
- (8) carrying out any other functions required to be carried out by the Stakeholders' Relationship Committee as contained in the Companies Act, 2013 or the SEBI Listing Regulations or any other applicable law, as and when amended from time to time.

### ***Risk Management Committee***

The Risk Management Committee was reconstituted by a resolution of our Board dated July 21, 2025. The composition and terms of reference of the Risk Management Committee are in compliance with Regulation 21 of the SEBI Listing Regulations. The Risk Management Committee currently comprises:

| S. No. | Name                        | Designation                                                   | Position in the Committee |
|--------|-----------------------------|---------------------------------------------------------------|---------------------------|
| 1.     | Anup Wadhawan               | Independent Director                                          | Chairperson               |
| 2.     | Alok Chandra Misra          | Independent Director                                          | Member                    |
| 3.     | Dinanath Mohandas Dubhashi  | Independent Director                                          | Member                    |
| 4.     | Dhirendra Nalin Mahyavanshi | Chairperson and Managing Director and Chief Executive Officer | Member                    |

### ***Scope and terms of reference:***

- (1) Review, assess and formulate the risk management system and policy of the Company from time to time and recommend for an amendment or modification thereof, which shall include:
  - (a) a framework for identification of internal and external risks specifically faced by the Company, in particular including financial, operational, sectoral, sustainability (particularly, environment, social and governance related risks), information, cyber security risks or any other risk as may be determined by the Risk Management Committee;
  - (b) measures for risk mitigation including systems and processes for internal control of identified risks; and
  - (c) business continuity plan;
- (2) Ensure that appropriate methodology, processes and systems are in place to monitor and evaluate risks associated with the business of the Company;
- (3) Monitor and oversee implementation of the risk management policy, including evaluating the adequacy of risk management systems;
- (4) Periodically review the risk management policy, at least once in two years, including by considering the changing industry dynamics and evolving complexity, and recommend for any amendment or modification thereof, as necessary;
- (5) Keep the Board of the Company informed about the nature and content of its discussions, recommendations and actions to be taken;
- (6) Review the appointment, removal and terms of remuneration of the chief risk officer (if any);
- (7) To implement and monitor policies and/or processes for ensuring cyber security;
- (8) To coordinate its activities with other committees, in instances where there is any overlap with activities of such committees, as per the framework laid down by the Board; and
- (9) Any other similar or other functions as may be laid down by Board from time to time and/or as may be required under applicable law, as and when amended from time to time, including the Securities and

Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

In addition to the above, our Company has also constituted an IPO Committee.
