PERFORMANCE

Industry overview

FY2020 was a year of extreme volatility with the NIFTY 50 index hitting an all-time high in January 2020 followed by one of the sharpest monthly declines in March 2020 due to fears of COVID-19 impact on the economy. Sharp correction in March 2020 resulted in large-caps giving up their modest gains and ending FY2020 with a decline of 26% (NIFTY 50) while the NIFTY midcap 100 and NIFTY smallcap 100 Indices fell by 36% and 46% respectively.

FY2020 started on a positive note for equities although the market continued to remain polarised with a handful of stocks contributing to the bulk of the performance. Risks of global slowdown started building up as the US yield curve inverted and the US economy entered the longest period of economic expansion in history in the backdrop of an escalating trade war and other geo-political risks such as Brexit.

Acknowledging the risks to global growth, most central banks such as the US FED, ECB and PBOC turned dovish in the second half of calendar year 2019, thereby improving the outlook for interest rates and liquidity. Improving outlook for global liquidity resulted in a pick-up in Emerging Market equities including India from the beginning of third quarter of FY2020. Rising risk appetite also resulted in a pick-up in broader markets in the form of mid and small caps until March 2020 crash.

For FY2020, Domestic Institutional Investors (DIIs) were net buyers of US \$ 17.9 billion of equities while Foreign Institutional Investors ('FIIs') sold US \$ 645 million. FII buying saw a reversal in the last quarter of FY2020, as FIIs sold equities worth US \$ 6.6 billion.

In FY2020, capital markets witnessed mixed bag of activities. While Initial Public Offerings ('IPOs') saw traction in the first half of the year, it remained muted to almost non-existent in the second half with limited issuances. For the full year, IPO issuance (including InvITs) was almost flat at ₹ 226.56 billion against Rights issue mop-up which was however up 28 times to ₹ 560 billion. Offer for Sale aggregate fell ~20% to ₹ 173.3 billion in FY2020.

Overall ₹ 1.5 trillion was raised in FY2020 against ₹ 569 billion in FY2019.

Mutual Funds (Equity) witnessed ~10% growth in Average Assets under Management ('AAUM') in FY2020 despite market volatility primarily due to steady SIP inflows, surge in Arbitrage inflows and increase in assets of Direct Plan. The AAUM of equity Direct Plan increased by ~24%, higher than the overall industry and its contribution to total equity assets increased from ~16% in FY2019 to ~18% in FY2020. Average monthly gross inflows in equity category in FY2020 were at ₹ 336.4 billion, up by 13% from FY2019. The average monthly net inflows in equity category were at ₹ 58.0 billion in FY2020, falling by 40% as compared to FY2019.

Average monthly SIP inflows in FY2020 was at ₹ 83.4 billion - 8% higher than FY2019 and SIP AAUM in Equity category witnessed increase of ~23% in FY2020, faster than overall equity assets. At the industry level, number of folios across all categories of Mutual Fund continued to rise steadily – from a monthly average of 77.1 million in FY2019 to 84.8 million in FY2020 registering a growth of ~10%.

Our Board oversees our risk management and has constituted a Risk Management Committee, which frames and reviews risk management processes and controls. A comprehensive system for risk management and internal controls for all our businesses has been established to manage the risks we are exposed to. The objective of our risk management framework is to ensure that various risks are identified, measured and mitigated and also that policies, procedures and standards are established to address these risks and to ensure a systematic response in the case of crystallisation of such risks.

The key risks associated with our business have been classified into implied market risk, market risk, operational risk, information technology/cyber security risk, liquidity risk, credit risk and reputation risk. The policies have been framed with respect to such risks which set forth limits, mitigation strategies and internal controls. These policies include a corporate risk and investment policy, a liquidity risk management policy, an operational risk management policy, an outsourcing policy, a fraud risk management policy, an information technology risk management policy, an information security management policy, a cyber security & cyber resilience policy, a business continuity policy and a surveillance policy.

We particularly are sensitive to risks emanating from the introduction of new products and services. All new products are approved by the Committees constituted by the Board. In case a product entails taking credit risk or market risk on the Company's books or entails offering margin based products to clients, then, the risk management framework for such products is approved by our Risk Management Committee. In case of all other new product offerings, approval is sought from our Product Committee which is a Committee constituted by our Board. Before we launch a new product or service, it is also reviewed and approved by

our Risk Management Group, Compliance and Operations Groups and the Process Approval Committee set up for this purpose. These Groups and Committees review the product/service through the lenses of regulatory compliance, risk management and integration with the existing risk management systems.

The Board also carries out an evaluation of the working of the Audit Committee, Nomination & Remuneration Committee, Stakeholders Relationship Committee, Corporate Social Responsibility Committee and Risk Management Committee. The evaluation of the Committees is based on the assessment of the compliance with the terms of reference of the Committees.

The evaluations for the Directors and the Board were done through circulation of questionnaires for evaluation of the performance of the Board, the Committees of the Board and the individual members of the Board, which assessed the performance of the Board on selected parameters related to roles, responsibilities and obligations of the Board and functioning of the Committees including assessing the quality, quantity and timeliness of flow of information between the Company management and the Board that was necessary for the Board to effectively and reasonably perform their duties. The evaluation criteria for the Directors (including Independent Directors) was based on their participation, contribution and offering guidance to and understanding of the areas that were relevant to them in their capacity as members of the Board.

With respect to the Whole-time Directors, the NRC has oversight over payment of compensation. The NRC defines key performance indicators ('KPIs') for Whole-time Directors and the organisational performance norms. The KPIs include both quantitative and qualitative aspects. The NRC assesses organisational performance as well as the individual performance of the Whole-time Directors.

POLICY/CRITERIA FOR DIRECTORS' APPOINTMENT

The Company with the approval of its NRC has put in place a policy on Directors' appointment and remuneration including the criteria for determining qualifications, positive attributes and independence of a Director. The NRC evaluates the composition of the Board and vacancies arising in the Board from time to time. The NRC, as and when required while recommending candidature of a Director, considers the requisite special knowledge or expertise possessed by the candidate. The NRC assesses the fit and proper credentials of the candidate. The NRC also evaluates the prospective candidate for the position of Director from the perspective of the criteria for independence prescribed under the Act. The NRC based on the above assessment makes suitable recommendations on the appointment of Directors to the Board. The NRC evaluates the performance of the Executive Directors of the Company on an annual basis.

Remuneration policy for non-Executive Directors

The remuneration payable to non-executive/independent Directors ('NEDs') of ICICI Bank Limited is governed by the provisions of Banking Regulation Act, 1949, RBI guidelines issued from time to time and the provisions of the Act and its applicable rules to the extent it is not inconsistent with the provisions of the Banking Regulation Act, 1949/RBI guidelines. Key features and objectives of Compensation Policy

The Compensation Policy of the Company is applicable for the Whole-time Directors, Key Managerial Personnel, Senior Management and all other employees of the Company. The Compensation Policy is framed under the guidance of the Nomination & Remuneration Committee ('NRC' or 'the Committee') to ensure effective governance and drive meritocracy under a prudent risk framework.

The Committee defines Key Performance Indicators ('KPIs') for the organisation based on the financial and strategic plan approved by the Board. The KPIs include both quantitative and qualitative aspects. The NRC assesses organisational performance as well as the individual performance of Whole-time Directors. Based on its assessment, it makes recommendations to the Board regarding compensation for Whole-time Directors, Key Managerial Personnel and Senior Management along-with bonus and long term incentive plan (LTIP) for employees. Eligible employees are covered under the ICICI Bank's Employee Stock Option Scheme (ESOS) and/or under ICICI Securities Limited - Employees Stock Option Scheme - 2017 as governed by respective Scheme details.

The Company follows a philosophy of meritocracy, which is the relative differentiation of employees based on performance delivered. The design of the variable pay is linked to individual employee's performance rating which is arrived at basis assessment of performance delivered against a set of pre-defined performance objectives. These objectives are a balanced mix of financial, customer, process and compliance related objectives. To ensure effective alignment of compensation with prudent risk parameters, the Company will take into account various risk parameters along with other pre-defined performance objectives of the Company. Acts of gross negligence and integrity breach and reasonable evidence of deterioration in financial performance shall be covered under the purview of the Compensation Policy. ANNEXURE A

Dividend Distribution Policy

1. Introduction

ICICI Securities Limited (the "Company") has been paying dividends in accordance with the Companies Act, 1956 and Companies Act, 2013. This policy documents the guidelines on payment of dividends, and sets out the key considerations for arriving at the dividend payment decision. The Board will have the flexibility to determine the level of dividend based on the considerations laid out in the policy and other relevant aspects.

2. Statutory and regulatory requirements

The company while proposing equity share dividend will ensure compliance with the provisions of Companies Act, 2013 and the rules made thereunder to the extent applicable, the Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure Requirements) Regulations, 2015 and guidelines provided under the section titled "Dividend Policy" in the Articles of Association (AOA) of the Company. Following are some of the brief provisions governing the declaration of dividend by the Company:

a) The Companies Act, 2013

As per the provisions of the Companies Act, 2013, the Company may declare interim/final dividend and has the option to transfer such percentage of its profits for that financial year as it may consider appropriate to the reserves of the company. In case of inadequacy or absence of profits in any financial year, the Company may declare dividend out of the accumulated profits earned by it in previous years and transferred by the company to the reserves, such declaration of dividend shall not be made except in accordance with such rules as may be prescribed in this behalf.

In case the company has incurred loss during the current financial year up to the end of the quarter immediately preceding the date of declaration of interim dividend, such interim dividend shall not be declared at a rate higher than the average dividends declared by the company during the immediately preceding three financial years.

b) Requirements under Articles of Association

In addition to the regulatory requirements, the payment of dividends would be as per the guidelines provided under the section titled "Dividends" in the Articles of Association (AOA) of the Company.

3. Approval process

The Board of Directors of the Company would take into account the following aspects, including the financial parameters, while deciding on the proposal for dividend:

1. Profitability and key financial metrics;
2. The interim dividend paid, if any;
3. The auditors' qualifications pertaining to the statement of accounts, if any;
4. Whether dividend/coupon payments for non-equity capital instruments have been made;
5. The applicable regulatory requirements.

The decision for declaration of dividend would also be subject to consideration of other relevant internal and external factors, including, for example:

- External factors including state of the domestic and global economy, capital market conditions and dividend policy of competitors and tax implications including applicability and rate of dividend distribution tax;
- Internal factors like shareholder expectations.

The decision regarding dividend shall be taken only by the Board at its meeting and not by a Committee of the Board or by way of a Resolution passed by circulation. Final dividend shall be paid only after approval at an Annual General Meeting (AGM) of the Company. Shareholder approval is not required for payment of interim dividend.

4. Utilisation of retained earnings

The Company would utilise the retained earnings for general corporate purposes, including organic and inorganic growth, investments in subsidiary and/or appropriations/drawdowns as per the regulatory framework. The Board may decide to employ the retained earnings in meeting the Company's future growth plans, other strategic purposes and/or distribution to shareholders, subject to applicable laws.

5. Parameters for various class of shares

Currently, the Company has only one class of equity shareholders. In the absence of any other class of equity shares and/or equity shares with differential voting rights, the entire distributable profit for the purpose of declaration of dividend is considered for the equity shareholders.

6. Circumstances under which the shareholders may or may not expect dividend

The Board of the Company may vary the level of dividend or not recommend any dividend based on

the regulatory eligibility criteria for recommendation of dividend, including any regulatory restriction placed on the Company on declaration of dividend. There may also be obligations that the company could have undertaken under the terms of perpetual non-cumulative preference shares or debt capital instruments pursuant to applicable laws which might prohibit the Company from declaring dividend in certain circumstances. The Board of the Company may vary the level of dividend or not recommend any dividend based on the capital position of the Company. The Board may recommend lower or no dividends if it is of the view that there is a need to conserve capital. The Board may recommend higher dividends in any form, including special dividend, subject to applicable laws, if the capital and reserves position supports a higher distribution to the shareholders.

7. Review

The dividend policy of the Company would be reviewed annually, or earlier if material changes take place in the applicable laws.

Annual Report on Corporate Social Responsibility (CSR) Activities

1. A brief outline of the Company's CSR policy, including overview of projects or programmes proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programmes:

Corporate Social Responsibility ('CSR') has been a long-standing commitment at ICICI Securities Limited ('the Company'). The Company's objective is to pro-actively support meaningful socio-economic development in India and enable a larger number of people to participate and benefit in India's economic progress.

Further, the Company has articulated its CSR philosophy as supporting the causes of education, healthcare including preventive healthcare, skill-development and sustainable livelihood, creation of job opportunities through technology incubation of start-ups and financial inclusion.

During the year, the Company undertook several initiatives in addition to the initiatives undertaken by ICICI Foundation for Inclusive Growth in providing sustainable livelihood through vocational skill development projects. The initiatives were directly or through partners in the areas of skill-development and sustainable livelihood, creation of job opportunities, healthcare including preventive healthcare, empowering women and senior citizen welfare.

I. Creation of job opportunities

Creation of jobs is one major area that is required in our country and this is one of the key focus areas in our CSR initiatives.

The growth in the financial intermediation using technology and digital inventions, Fintech has the potential to increase economic growth through greater market participation, new and improved products and services, lowering costs, improving productivity and better experience, thereby it has the potential to usher more competition, innovation and job creation in our economy.

With the immense potential of the Fintech space to be a key element in the creation of jobs and

economic growth, the Company has partnered with NS Raghavan Centre of Entrepreneurial Learning ('NSRCEL') of the Indian Institute of Management, Bangalore ('IIMB') which is one of the oldest incubator cells in the country.

The programme will involve a structured end-to-end approach, broadly entailing reaching out to individuals having ideas, screening of applicants, mentoring by academicians and industry experts and incubating these ventures.

The initiative commenced in January 2020 and is expected to be completed by FY2021, wherein over 25 start-ups would be part of the initiative and of which ten selected ventures would receive the seed funding.

II. Healthcare and preventive healthcare

a. Coronavirus protection kit

In view of the spread of the Corona Virus (COVID-19) and its declaration by the World Health Organization (WHO) as a pandemic and our Country's effort to control the spread of the virus, the Company as an immediate preventive measure, through ICICI Foundation for Inclusive Growth provided protective kits consisting of sanitisers (532 litres) and N95 masks (1,550 in number) to the police personnel in Mumbai and other places in Maharashtra.

b. Old age healthcare

The Company associated with Vision Foundation of India ('VFI'), a non-government not-for-profit charitable trust. The Company contributed to VFI for 1,389 free cataract surgeries for senior citizens below poverty line. The initiative commenced in January 2020 and is expected to be completed by FY2021. The initial progress has started with 10 consultation meetings with Self Help Group ('SHG') members in 17 villages in Uttarakhand area reaching out to the women and representatives of the earlier SHG and discussing their experiences and way forward.

b. Siddhika – IFA

The Company trained 435 women candidates in financial knowledge to facilitate helping them clear NISM exam for becoming a Mutual Fund Distributor. The activity was carried across 3 cities - Mumbai, Vadodara and Surat. 261 candidates passed the NISM exam and the Company initiated Association of Mutual Funds in India (AMFI) registration process for them.

IV. Senior citizen welfare

The insight being that while most old age homes may have decent basic facilities like clean rooms, bed, food, drinking water and shelter, the Company also realized that these senior citizens miss an opportunity of "Active Ageing", because of the limited or zero outdoor facilities. The initiative commenced in December 2019 and is expected to be completed by FY2021. An old age home has been identified in Gurdaspur, Punjab with a plan to build an open gymkhana and a vegetable garden. The objective is to be able to make a model old-age home that can be replicated across other old-age homes in the country.
